ANNALS OF MENDON.

1659. The first notice relating to the settlement of Mendon may be found in Vol. 4, Part 1, p. 376 of the Massachusetts (printed) Records, and is as follows:—

At the Second Session of the General Court, held at Boston May 28, 1659—

“In ans^r to the peticon of the towne of Braintrje, humbly desiring some releife relating to sev^l persons brought by the owners of the iron works, y^e are likely to be chargeable to them, especially in relation to Jno. Francis, his poore condition calling for present releife, &c., this Court refers this part of their peticon to the next County Court in Suffolke, where all partjes concerned may have liberty to present their respective pleas and evidence; and in reference to their desire of *a new plantation*, the Court judgeth it meete to graunt them liberty to seeke out a place and presente their desires wth the names of such persons as will engage to carry on such a worke, vnto the next sessions of this Court.”

“In answer to the peticon of Samuel Basse, (the Towne of Braintrje having peticoned for a new plantation), it is ordered, that the petitioner, wth his sonnes, may have liberty to joyne wth those of his neighbors w^{ch} will carry on such a worke, wth allowance of one hundred and fifty acres wthin the bounds of the sjad plantation, *more* than his just proportion wth the rest of his neighbours.”

The next session of the General Court was held Nov. 12; but no mention is made, in its records, of any action upon the “petition of the towne of Braintrje,” except the following, which may be found on p. 398:—

“In answer to y^e peticon of Gregory Belcher, it is ordered that, whereas, at the last session of this Court there was a plantation granted to severall of the inhabitants of Braintry where they could find it vgranted in this jurisdiction, that the petitioner shall be accomodated, together with his neighbors wth such a proportion of land as shall be thought meete by those y^t have the dispose thereof.”

Why Samuel Basse should have “one hundred and fifty acres more than his just proportion with the rest of his neighbours,” cannot, at this late day, be very certainly determined. He was a Deputy from Braintree in 1654, and served on a Committee in 1665, with Capt. Thos. Savage, Eleazer Lusher, Mr. Colicott, Mr. Wm. Parks and Thomas Dyer, to see about building a cart bridge over Neponset river in some place near Capt. Stoughten’s mill, and was a Deputy again in 1657 and 1659. We find, not unfrequently, in the early history of the Colony, that the General Court made grants of land to those persons who had been serviceable to the public, and when we reflect that the members of the General Court did not, in those times, vote themselves five dollars a day, the grant of one hundred and fifty acres of wild land, with the Nipmuck Indians for neighbors and fifteen miles from the nearest settlement, will not be thought a very exorbitant remuneration for services performed at the bidding of the General Court.

1660. From this time nothing more is heard of “the petition of the *towne* of Braintrje;” but, at an adjourned session of the General Court held in Boston, October 16, 1660, we find a petition from “*such persons* as will engage to carry on such a work,” and to which the General Court made the following response:—

“In answer to the Peticon of the inhabitants of Braintry, i. e., Gregory Belchar, James Penneman, Th^o Mekins, Moses Pagne, Edm^o Quinsey, Robe^t Twelves & Peter Brackett, the Court judgeth it meete to encourage the petitioners to proccede in thiere setling themselves, & *an able minister* with them, in the place desired for a new plantation, wthin thiere time ljjmited; and that those that beginne the sjad plantation may not want due encouragement in thiere accomodation, & yett the place preserved from vnecessary wast, it is ordered, that Capt Dani Gookin, M^r W^m Parkes, Left Roger Clap, Ephraim Child, & W^m Stiltson, or any three of them, shall be & hereby are appointed a comittee & hereby impowered to appoint vnto each inhabitantt here, any time w^{ain} this three yeeres, as they shall see meete, & that when a full number of persons appeare, this Court will, on the comittees imformation, order them due bounds. In further ans^r to sayd Braintry peticon the Court declares, that they judge meete to graunt a plantacon of eight miles square, and that the persons named have liberty to enter there vpon & make a beginning thereof, and to take such persons into thiere society as they shall judge meete & that Major Humphray Atherton, Left Roger Clap, Capt Eliazer Lusher & Deacon Parkes,

or any three of them, shall & hereby are appointed Comissio^{rs}, & impow-
ered to make a valid act there.”

Of the *committee* above mentioned, Gookin was of Cambridge, Parkes of Roxbury, Clap of Dorchester, Child of Watertown and Stiltson of Charlestown. Of the *Commissioners*, Atherton and Clap of Dorchester, Lusher of Dedham and Parkes of Roxbury.

Peter Brackett, one of the petitioners, was a Deputy in the General Court, this year, from Braintree.

So far as is known the Commissioners above mentioned held no meeting until May 22, 1662; when a meeting was held, and the following rules and regulations, “in regard to the settle-
ment of the Plantation granted at Netmocke” were ordained, as follows, viz:—

“DORCHESTER, 22: 5: 1662.

Wee whose names are hereunto subscribed, being the Committee Impow-
ered by the General Courte to assist the ordering and settling the Plantation
granted at Netmocke, doe agree and declare as followeth, viz:—

1. That the Divisions of land there shall be by these ensuing Rules, that one hundred pounds estate be granted one hundred and fifty acres of Land, viz: Thirty acres to the house Lott & tenn acors of meadow and five acors of Swampy or low land, being capable of being made meadow, and more, one hundred and five acors for the greate lott; and according to this proportion for all estates be they more or lesse, and this to be the Rule for the division of all the lands of the Plantation that shall be devided before the place or the people there shall be allowed to be a Townshipe and enjoy the priviledges thereof.

2. That the public charges allready disbursed, or that shall be disbursed before the time of Town priviledges aforesaid shall be borne and defrayed according to the proportion of Alotm^{ts} provided as before said.

3. The persons whose names are presented being (as wee understand) of honest and good report are accepted and allowed to take up alotm^{ts} in said Plantation.

4. That it shall not be in the power of an Inhabitant now accepted or hereafter to be accepted before the time of priviledges aforesaid, to sell, lease or alienate his said Alotmt. or any part or parcell thereof to any person whatsoever wthout the consent or approbation of the major part of the Inhabitants, or of those then chosen to regulate the affairs of the Plan-
tation upon penaltie of forefeiting to the said Plantation all and every pte. and pcell so sold or alienated.

5. There shall be an able and aproved *Minister* settled wth them there according to the order of Courte in that case made and provided.

6. That whereas experience shows it not to be the best Expedient for Transaction of Publick worke to be left to the whole Number of Inhabi-

tants, wee therefore advise that the said Inhabitants now accepted should in their first opportunity make choice of 5 or 7 meete persons for the management of ther said occasions for the space of one year and that Mr. Peter Brackett and Ensigne Moses Paine be 2 of them, and the men so chosen should have the whole power of accepting Inhabitants and disposing Lands according to the Rules above written.

7. And whereas it appears that the sd Mr. Brackett & Mr. Paine hath already taken much paynes and ben at charges to premote this Plantation, and wee suppose must yett continue theire assistance therein, wee judge but iust and equall that each of them be gratified wth convenient ffarmes of uplands and meadow proportionable to the quantities of each in the plantation to be layed out to them at convenient distance from the seat of the Towne, that is, not less than two miles, and in such places as they shall accept and that the quantitie of these be not above 300 acors to each of them.

8. It is also further agreed and ordered that each of the persons now accepted to allotm^{ts} there and all others that shall be so accepted before the time of obtayning Town priviledges shall be settled at the said Plantation before the end of the 7 month 1663 wth these persons and estates.

The names of the persons now accepted are as followeth, viz:—

Inasmuch as the "Plantation at Netmocke" had no corporate existence at this time, the Indian deed of the "eight miles square," which, it seems, had been already granted by the Gen-

eral Court, was made to Moses Payne and Peter Brackett, who afterwards, in 1670, assigned their rights to the Town.

The Indian deed was partially executed on the 22d of April, 1662, a few days before the meeting of the Committee above mentioned; but was not fully completed until Sept. 8, 1662, when "Great John set to his hand and seal and delivered the deed to Moses Payne and Peter Brackett."

A Seale  and noe hand.

1662. Moses Paine and Peter Brackett, for some reason, withheld the assignment of the foregoing Deed to the Town until directed, by the General Court, so to do; when we find endorsed upon the deed the following instrument:—

Wee Moses Payne and Peter Brackett doe assigne over all our right, title and Interest in this Deed unto the Selectmen of the Town of Mendon for the use of the said Towne, as wittnes our hands

PEOTER BRACKETT
MOSES PAYNE

May y^e 12, 1670.

The above is believed to be a true copy of the original Deed; as it was entered in the first volume of the Town records as early as 1667, by the person who was especially deputed by the Committee to enter “the public acts from the beginning of the Plantation.” The original was very probably lost at the desertion of the Town, during King Philip’s war in 1675.

1664.

Boston the 24th. of March 1664

The Committee for Nipmug being met the day above written the former grant of John Gurney is renewed. Goodman Jipson is received an Inhabitant.

It will be remembered that the "Committee for Nipmug" met at Dorchester May 5, 1662, and, among other rules then made, directed that those persons who had been accepted to allotments of land, as well as those who might thereafter be accepted, should be settled at "the said Plantation" before the end of the seventh month, 1663.

In accordance with this order of the Committee, as near as can be ascertained, John Moore, George Aldrich, Mathias Puffer, John Woodland, Ferdinando Thayer, Daniel Lovett and John Harber, were the pioneers in the settlement of Mendon, they having removed to the plantation "before the end of the 7th. month 1663." After this date and before the 24th of March, 1664, so far as can be gathered from the records of the town, John Gurney, Walter Cook, Joseph White, John Thompson, Abraham Staples, Joseph Aldridge, John Jepson and John Rockett had removed to the settlement and joined their fortunes with the first comers, making, in the whole, fifteen families.

Nathaniel Hareman, Alexander Plumly, Josiah Chapin, John Saville, William Holbrook, Goodman Bolton or Boltor, Jr., Samuel Pratt, Thomas Bolton or Bolter, Jr., Jonathan Basse, the young man from Seeconcke, Goodman Derifeld and his kinsman and David Hime, who had severally been accepted, did not remove by the time specified, nor had allotments of land been made to any of them at the breaking out of King Philip's war, except to William Holbrook, who did not remove to the town until 1669.

Of Henry Adams, John Frary, Edward Adams, Poet. Adams and John Warfell, who "desired further time to consider of it," none came to the settlement but John Warfell, who came from

Dedham, and was the *first schoolmaster* and a Deacon in the church.

Of Samuel Parker, Ralfe Freeman, Ad— Lovell or Lovett, John Blakeman, James Risinge, Willi Skant, Nicholas Rockwood, Henry Neale, Zachary Thayer, John Bowers, David Walsby, Thomas Kingman and John Metcalf, who desired acceptance, nothing is heard further.

Samuel Spencer, Grizel Gurney, ancestress of Gov. Jewell, of Connecticut, Thomas and Joseph Juell, her sons, were here before 1675.

The last act of the “Committee for Nipmug” was as follows: viz:

“ROXBURY, 5th, 2: .64

Agreed by the Committee (appointed by the General Court) to grainte for the encouraging of erecting a Corne Mill at Netmocke as followeth

To Benjamin Alby, one twenty acor house lott in the Town situation conveniently layd out according to the quantity of that place and the accommodations pperly belonging to such a lott according to the Rule of Division here Settled, only whatever the quantity of Meadow to such a lott Accordinge to Common Rule but yett this lott shall have twelve acors layd out in a convenient place.

Neere the place where the said Mill shall be erected on that side of the River that is farthest from the Towne is granted fifty acors of upland of such land as may be near & convenient for improvement.

Subscribed by the Committee,

ELEA: LUSHER
ROGER CLAP
WILLIAM PARKE.

Although this instrument was undoubtedly executed at the time it purports to be dated, and probably delivered to Benjamin Alby, it was not brought to the notice of the town until Sept. 10, 1672, as stated in the record of that date. The Mill was probably built in 1672, and was erected on Mill River a short distance above the bridge that crosses that stream, at a little to the east from the house of Lewis B. Gaskill.

Of what transpired from 1664 to 1667, when the town was incorporated, neither tradition, legend or official record furnish us with any information. No record was left by those who were set apart “to order the prudential affairs of the plantation,” or if left, has long since been lost. As the power of accepting to

allotments of land such persons as might apply had been surrendered by the Committee to the inhabitants, it is presumed that they to whom they had delegated the power admitted such persons into their company, as, in their discretion, they saw fit.

We, of the present generation, must remember that the pioneer settlers of this place held, in this direction, the farthest outpost of civilization; that they were surrounded by Indians who were daily growing jealous of a race which, since the landing at Plymouth, had taken no step backward, and that they were in the midst of a wilderness and fifteen miles from Medfield, the nearest place of succor in case of distress or disaster.

Considering the circumstances of their situation, we may properly suppose that most of their time must have been occupied in providing shelter for themselves and their animals, and in raising the crops upon which they must mainly depend for sustenance and support. Something had been done, however, by way of improvement. A noble street, two miles long and *ten rods wide*, had been located, and upon which the settlers had fixed their homesteads. This street extended from near the present line between Mendon and Upton to Mill River.

Another road was also laid out, for the most of the way, nearly parallel with the main street; beginning near the house of Austin A. Taft and passing through to near the house of Gilbert Gaskill, thence over what are now Emerson and Washington streets, and connecting with the Main street near the house (since burned) of the late Watee Davenport.

It will be seen that the persons signing above style themselves the *Committee*, &c. By reference to the page just quoted it will be seen that they were appointed as *Commissioners* "to make a valid act there."

The settlement at Netmocke and the Plantation of Squinshepauke having come to an end, the Town Clerk began his record with the following preamble:—

"The Honoured Generall Courte was Pleas'd to make this Plantation a Towne the 15th day of May 1667 and named it Mendon and adorned it wth severall large Priviledges and confirmed their Lyne and y^e land wth in the bounds thereof to the present Inhabitants and their successors, as by the said Courte's Act doth appeare w^{ch} land before was purchased of the Indians then in possession as by their Deed will appeare.

TOPOGRAPHY OF THE "EIGHT MILES SQUARE."

At the date of its incorporation the town was covered with a heavy growth of oak, pine, chestnut and cedar, save a few acres, in the vicinity of the rivers and brooks, used by the Indians for planting grounds.

RIVERS AND BROOKS.—The principal streams are the Blackstone, Mumford, Mill and Charles Rivers, flowing generally in a southerly direction following the similar trend of the hills.

The Blackstone river came in upon the northwestern portion of the town and flowing southeasterly left the town near its southeastern corner. Its first tributary was the Mumford river, coming from the west, a little below the present centre of Uxbridge. Its name, as related to me by the late Judge Joseph Rawson, of Barrington, R. I., was derived from the following incident: A man by the name of Mumford, belonging to Brookfield, coming to Mendon, was drowned while attempting to ford the river. A coroner from Mendon was called to view the body, and he directed it to be buried. A coffin was readily improvised by cutting down a chestnut tree, removing the bark whole and binding it strongly about the body with withes. It was buried on the site of the present public house in Uxbridge, the remains being discovered when digging the cellar.

The Rivulet, a small affluent, falls into the Mumford just below the Mills at North Uxbridge. Another small stream comes in from the west at Ironstone.

The Branch (formerly known as the Monhegin river) empties into the Blackstone from the southwest, just above the Blackstone factory, while Fox brook, from the north, comes in just below.

West river comes in from the north and, flowing southerly, empties into the Blackstone in Uxbridge.

Misco hill, Fairbanks and Wigwam brooks empty into West River from the east; Fairbanks brook being the outlet of Mendon Pond. Andrews' brook, coming from the centre of Upton, empties into West river some mile or two below.

Mill river rises in Hopkinton and, flowing southerly, empties into the Blackstone below Woonsocket, R. I. Its affluents are Muddy, Grave Meadow and Hop brooks, and Quick stream.

School Meadow brook rises near the east declivity of Misco hill, and, after passing the Saw mill of Putnam W. Taft, takes the name of Rock Meadow brook and flows westerly into West river.

Charles river rises in Hopkinton and runs southerly through the centre of Milford to the southern boundary of that town, soon after which it makes a sharp turn to the left and flows northeasterly to the sea between Boston and Charlestown.

Second brook, sometimes called Daly's brook, emptying into Muddy Brook from the west, is the outlet of Little Pond. Deer Brook, in the northeast part of Milford, flows into Charles river from the east.

THE BLACKSTONE CANAL.

As early as 1796 there was a project for connecting Providence and Worcester by means of a canal. Under the direction of John Brown, of Providence, the route was surveyed, and a charter for the organization of a company was granted by the General Assembly of Rhode Island. The General Court of Massachusetts refusing its co-operation, the project was, for the time, abandoned.

In 1822 the subject of a canal was again taken up by the leading men of Providence and Worcester. A charter for its construction was granted by Massachusetts in March, 1823, and by Rhode Island in the following June. The work was begun in 1824, and July 1, 1828, the "Lady Carrington" started on her

initial trip from tide water. The first through boat arrived at Worcester Oct. 6, 1828.

The five Commissioners who had the oversight of its construction were Edward Carrington, Moses B. Ives and Stephen Smith of R. I., and John W. Lincoln and Sylvanus Holbrook of Massachusetts.

Its cost was \$700,000, \$500,000 being raised in Rhode Island and the balance in Massachusetts. In Providence, so sanguine was the expectation that its stock would prove a profitable investment, that, when they had subscribed for their portion of the capital, a messenger was dispatched in hot haste to Worcester to take up any portion of the stock not subscribed for there.

Not unlike many enterprises of a later day, the Blackstone Canal was no bonanza for its stockholders. As the river was improved in many places as a portion of the canal, not unfrequently the boats would, from low water, be unable to enter the locks, thus causing vexatious delays. Some years the canal would be closed by ice, four or five months in the year.

It is understood no dividend of profits was ever made; and the last toll for the passage of boats was paid Nov. 9, 1848.

Much good, however, resulted to the public at large by the construction of its feeders and reservoirs, as, by their economy, the volume of water in the Blackstone river was, for manufacturing purposes, largely increased and utilized.

PROVIDENCE AND WORCESTER RAIL ROAD.

The Charter for the Providence and Worcester Rail Road was granted by the Legislatures of Massachusetts and Rhode Island in 1844, and the commencement of regular trips began Oct. 25, 1847.

Not long after the completion of the road the Canal Corporation obtained permission to surrender its charter.

PONDS. Shokolog Pond is situated in the south part of Uxbridge. It was about this pond that "in ye olden time," certain squatters from Providence undertook to establish themselves, claiming to be within the limits of the Rhode Island colony. Captain Chapin was sent, with a force of eleven men, to dislodge them, but we hear no report of the killed or wounded, and

only two were made prisoners. They were carried to Providence, but after a short captivity, were allowed to return to Mendon. The controversy with the intruders was afterwards amicably adjusted.

Mendon Great Pond lies a short distance westerly from the centre of the present town, and contains 107 acres. It was originally called Nipmug Great Pond.

In 1870 the Commissioners of Inland Fisheries leased this pond for twenty years, "for the cultivation of useful fishes," at a rent of \$650, payable in instalments.

Little Pond is situated south from the road leading to Millville, and west from the farm owned by Rev. Carlton A. Staples, of Providence. Its outlet is Second Brook.

HILLS. The hills of note are Magormiscok (its northern and highest part now known as Silver Hill,) and Bear hills, now in Milford; Candlewood, Waterbug and Chestnut hills in Blackstone; Goat and Wolf Hills in Uxbridge, while Misco, West, Wigwam, Caleb's, Pond and Neck hills are within the present limits of the town. Wigwam and Misco hills were occupied as stations for observation in the Trigonometrical Survey of the State, made, for the construction of a State map, by Simeon Borden, Esq. Caleb's hill was so called because Caleb, the Indian, to whom the town paid bounties for killing wolves, had his wigwam there. Hungry Hill is mentioned once or twice in the early records, but its location is not definitely known.

SOIL. For the purposes of agriculture the original grant contained a large area of excellent land, a large portion of which lies in the valley of the Blackstone.

THE FIRST TOWN MEETING.

"The freemen and the rest of the Inhabitants Mett, June 7th. 1667 and then did choose for their Selectmen to order their Prudentiall affairs,

Coll. Willi Crowne, Goodman Benjamin Alby, fardinando Thayre, Dan: Lovett and John Thompson, seniour

& Coll. Crowne, Register.

Pursuant to the advice of the "Committee," contained in the 6th Rule, upon p. 3rd, except in the matter of granting land to new comers or to those already here, the Selectmen were in-

trusted with the management of all other matters relating to the affairs of the Town.

Hence, at a meeting of the Selectmen held June 8, 1667, they appointed Goodman John Woodland and Joseph Aldridge as Fence Viewers, and Abraham Staples, Hog Reive.

They also made orders that all swine should be "cyther yoaked, kept up or otherwise secured and looked toe," and, provided the fences were good against "great cattle," that double damages should be paid for all damage which the swine should do to "corne fields, orchards, gardens or meadows."

Abraham Staples was ordered "to take care that this order about swine be duly observed, and for his paynes and care herein he shall have fower pence for each animal he may find doing damage."

They also provided that any person who should bring any one to reside in the town without the consent of the present townsmen, (selectmen) should be liable for their support, in case they could not provide for themselves, and their estates were to be held responsible for such support. The selectmen also agreed that this last order "is to be set up that all persons may take notice at their perills."

THE NAME OF THE TOWN.

If not to general readers it may, to those fond of antiquarian research, be thought of sufficient importance to justify an inquiry into the origin of the name of the town.

Did the General Court, in the Act of Incorporation, change the orthography of *Mendham* to *Mendon*? For the affirmative side of this question the following reasons may be offered.

Because, up to this period, every town in the colony bore the name of some city or town in England.

Because, in the counties of Norfolk and Suffolk, in England, which are only separated by the small river Waveny, we find the familiar names of Medfield, Framingham, Ipswich, Needham, Sudbury, Attleboro', Wrentham and *Mendham*.

Because no town by the name of Mendon can be found upon any map of England, or in any description of its territory.

Because we find that, for some years after its incorporation, it

was a common practice for letters to be dated at *Mendham*. Letters written at this town, during King Philip's war, were so dated by Capt. Henschman, Capt. Sill and by Lieuts. Gorum and Upham.

The Parish of Mendham, as it is called, is situated on the south bank of the river Waveny, and is a place of great antiquity. Its earliest record dates back to the reign of Edward, one of the Saxon Princes of England, about the year 950. In or about that year Bishop Theodred, by his will, gave to the church in Mendham "several lands in that and the adjacent towns." This will of the Bishop, it will be seen, carries back the history of Mendham to one hundred and sixteen years before the conquest of England by the Normans under William I. In 1135, in the reign of Stephen, the grandson of the Conqueror, a Priory for Cluniac Monks* was founded in Mendham, by William De Huntingfield. He bestowed the whole of Mendham, including a small woody Island in the river Waveny, on the monks of Castle Acre Priory, on condition that they should erect a church of stone, build near it a monastery and place in it, at least, eight of their brethren. The church and monastery were undoubtedly built, because we find, at the suppression of the monasteries, that the site and revenues were granted to Charles Brandon, Duke of Suffolk. Some remains of the Priory were standing a few years since and a part of it has been converted into a farm house.

In 1281, being the ninth year of the reign of Edward I., we find Mendham belonging to the demesne of the Earl of Oxford and Roger Fitzwilliam, and, not long afterward, to the demesne of Roger De Huntingfield, who died in 1297, in the twenty-fifth year of Edward I. From Roger the estate descended to his son William, whose son Roger, leaving his kinswoman Alice, his heir, it passed by her into other families.

About 1422 we find it in the possession of John, Earl of Oxford, in the reign of Henry 6th. In the war of the roses, between the Houses of York and Lancaster, the Earl of Oxford was a firm partizan of the house of Lancaster, and so, when the battle of Barnetfield had decided the contest in favor of York, the Earl of Oxford was attainted and, being forced to fly, his

estates were confiscated and granted to Richard Duke of Gloucester, (afterward King Richard 3rd,) brother to the then reigning monarch, Edward 4th. This was in 1461. In 1463, in the second year of the reign of Edward 4th, the estate of Mendham was entailed upon the Duke of Gloucester by a special entail; but in 1485, upon the accession of Henry the 7th to the throne, thus uniting the houses of York and Lancaster, the estate in question was restored to the Earl of Oxford.

Mendham is situated upon the south bank of the river Waveny, in the County of Suffolk, and, seventy-six years ago, contained five hundred and forty-one inhabitants.

July 14. A division of "all the meadows wthin their lye" was voted, and Goodman White, Goodman Cook, Goodman Harber and Goodman Puffer were "to joyne wth the Selectmen" to make the division.

At this meeting granted to Col. William Crowne and to his assigns, and the *present minister*, their shares of Meadows.

The following are the names of those who had shares of Meadow allotted them:—

Col. William Crowne	John Jepson
John Rayner	Abraham Staples
Benjamin Albee	Peter Brackett
Ferdinando Thayer,	George Aldrich
John Rockwood	Danell Lovett
Thomas Barnes	John Moore

REV. JOHN RAYNER, THE FIRST MINISTER.

Up to a recent period it has been supposed that Joseph Emerson was the *first* minister of Mendon. While he was the *first settled* minister, a fact recently discovered shows that he was not the *first* minister.

When we remember that one of the rules made by the "Committee for Nipmug" was that the first settlers should have "an approved minister settled with them at the Plantation by Nov., 1664," we can hardly suppose they would neglect to comply with this condition.

The only evidence that there was any minister here in 1767, to be found in the town records, is the single expression that the *present minister* had his share of Meadow allotted him. The following extract from a petition to the General Court, praying for some parcels of meadow “found outlyinge The Town Bounds of Mendon,” we think, conclusively establishes the fact that John Rayner was the *first* and, in May, 1669, the *present* minister of Mendon. The extract is as follows, viz:—“And now God having given us good hope to enjoy the gospel & gather a church by the help of *Mr. John Rayner*, whose labors we have had comfort of this winter & trust hee will *settle* with us, besides severall good people, members of churehes, tender themselves to come to us had wee meado to supply them.” The petition from which this quotation is taken is dated May 16, 1669.

Mr. Rayner graduated at Harvard College in 1663, and hence it may be objected that a year was too short a time to qualify him for the ministerial office. But we must remember that, in those early days, there was no long training to be gone through with in theological schools, no lengthened curriculum of metaphysical study to qualify one for the acceptable discharge of parochial duties. True and practical piety, a knowledge of the bible, the command of language and a resolute will (as they should be at the present day,) were the essential elements of success.

John Rayner, senior, came from England, (having entered the ministry previous to his emigration,) and was settled at Plymouth about 1636. How long he remained there is not known. In November, 1654, he was recommended by the General Court to a church in Boston, as will appear by the Colonial Records, Vol. 4, (1650 to 1660,) p. 210:—

“The Court, reminding the case of the new Church, in Boston, and being sensible of the uncomfotableness of theire present condition, for want of a teaching officer amongst them, and being very willing to afford the best help they cann in this case, do therefore propound the Reverend Mr. Rayner unto the sajd church, to be by them treated wthall, as also made choice of and called to office in case of agreement between them.”

This recommendation, it seems, did not succeed in inducing the church to call Mr. Rayner to Boston, and in 1657 he is found

settled at Dover, N. H., where he continued to discharge the duties of minister until his death in 1669, 21 2nd mo.

Benjamin Eliot, son of the apostle to the Indians, was invited to settle at Mendon in 1668; and, it may be asked, why was not Mr. Rayner, then living at this town, called to the ministerial offices? It may be that his father might have been in failing health, as he died in 1669, and the son, hoping to succeed him, might not choose to enter into an engagement that would stand in the way of his being called to Dover should the death of his father create a vacancy there.

Be that as it may, we find that Mr. Rayner was settled at Dover in 1671, and that he died in 1676.

From the manuscript memoranda in the interleaved almanacks of Judge Sewall, we find the following entries:—

“Dec. 29, 1675. Mr. Rayner came in the evening to our house, (and) delivered me a letter. Lodged here; in bed we had much and varied discourse.”

“Dec. 30. Mr. R. goes on his journey. Gave him letters of Dec. 28 for Boston.”

In the Almanack for 1676 the following memorandum is found:—

“Dec. 21. Rayneres occumlict—28. Sepelitur.”

This record establishes the time of the death of Rev. John Rayner, the *first* minister of Mendon, to be Dec. 21 1676, and that the burial of his body occurred on the 28th.

The elder John Rayner married in England for his first wife a lady by the name of Robinson, and for his second Frances Clarke, of Hull.

There was some difficulty in settling the effects of both the father and son, as will be seen by the following petition:—

June 11, 1679. Consented to by the Magistrates.

EDWD. RAWSON, Secy.

Sept. 10. At a meeting held this day the Town granted Col. Crowne's forty acre house lot in the *Pond* field, and, if the measure fell short of the forty acres, then to take up the balance in the adjoining field, called the *Fort* field. They also granted him the *island* in the pond.

Joseph White and John Thompson, sen^r, were ordered to lay "A Carte way to goe to the South Meadows for hay and drift of cattle, through this Pond field and this Fort field." This was the beginning of the road now leading to Chestnut Hill and Millville, in Blackstone.

They were also directed to lay out a road through John Jepson's land "for the Collonell, or his assignes, to goe to his Meadow as is needfull, of 4 Rodd wide in the Most convenient place." This was the beginning of the road through Pond Hills, by what is now known as the Doctor's Dam, coming out to the meadow a little north from the house of Davis Bills. At the laying out of the Boston and Hartford Turnpike (now a County Road,) a portion of this road fell into disuse from the Town pound to the Brook by Mr. Bills.

"Then ordered to build A Minister's house for the first that shall be settled heere And a 40 acor house Lott layd to it of Land wth all other proffitts and Privilidges and Meadow proportionable as any other 40 acor lots shall have to him and his heyres confirmed to him, and to sett it in the most convenient place in Towne."

A Glebe Lot of 20 acres was also granted "with proffitts and privilidges as other 20 acre House lots have." This was for the ministry.

Sept. 17. At a Town meeting, held this day, Goodman Thompson was chosen a Surveyor "for this end of the towne," and John Barnes "for the other end of the towne." John Harber was chosen Constable and Daniel Lovett "Clarke of the Writts."

The office, "Clarke of the Writts," was created by the General Court Dec. 10, 1641. The statute is in the following words, viz:—

“It is ordered that in every towne one shall bee appointed to grant sumons & attachments in all civil actions; & attachments are to bee granted when the pty is a stranger, not dwelling amongst us, or for some that is going out of o^r jurisdiction, or that is going about to make away his estate to defraude his creditors, or when psns are doubtful in their estates to the plaintiffe; and the psns to grant replevy, they are to take bond wth sufficient security (of the pty that desireth replevy) to psecute the suite; & they are to have for warrants 2d. a peece, for replevy or attachments 3d. a peece & for bonds 4d. a peece. These are to be directed to the constables in towns where there is no marshalls; the same pty to grant summons for witnesses. These have power to send out pces to any towne, & to bee called Clerks of the Writtes.”

This last record closes the municipal history of the town for the first year of its corporate existence.

COL. WILLIAM CROWNE was appointed the *first* Town Clerk of Mendon by the “Committee Respecting the prudentiall affayres of Mendon,” as by their certificate, heretofore recorded, dated Dedham 2, 2, 1667.

The first mention I have found of Col. Crowne may be seen in a French publication, as quoted by Hazard in his Historical Collection, page 616, entitled *Memoires de L’Amerique*, Tom. 2, p. 511. In this document, which is a grant from Cromwell, we find that “Olivier, Seigneur, Protecteur de la Republique d’Angleterre, de E’cosse et d’Irelande,” conveyed to Charles de Saint Etienne, (la Tour) Sir Thomas Temple and Col. William Crowne the territory of Acadie in Nova Scotia. The concession was dated August 9, 1656. From this fact it is presnmed that Crowne had held the commission of Colonel in the army of Cromwell.

That Col. Crowne came to New England in 1657 is quite probable; as we find, from a note at the bottom of page 206 of Hutchinson’s History of the Colony of Massachusetts Bay, that Sir Thomas Temple came over in that year, “having, with *others*, obtained from Oliver a grant of lands in Acadia or Nova Scotia, of which he was made governor.”

By the treaty of Breda, Acadia was restored to France, and thus Col. Crowne lost his interest in the grant made by Cromwell. In 1660 Col. Crowne was in Boston. Whaley and Goffe, two of the regicides, who had arrived July 27, were, soon after, visited by him at Cambridge, as we learn by the diary of Goffe. At this time he is set down as a noted royalist.

Upon the restoration of Charles 2d, complaints were directly made against the Colony by its enemies, and in 1660 orders were received from him "that persons should be sent over to make answer." Upon this, Simon Bradstreet, a magistrate, and John Norton, one of the ministers of Boston, were chosen by the General Court as Agents to plead the cause of the Colony before the King.

In the meantime Gov. Endeott had written the following letter to Col. Crowne, who was then in England. This letter may be found in the Mass. Archives, Political, vol. 106 p. 50, and is as follows, viz:—

"To Colonell Crowne,

Your readiness to speak in behalf of the churches & people of God in this wilderness (for which the good Lord requiete you) doth Imbolden us to desire your farther favor that way as opportunity may be ministered who may truly say the Lord in his Saints and Servants here have need yr of. Our adversaries, you know, are many & wee by means of our great distance not in capacitie to make our defence and so hath the only wise disposer of all things been pleased to frustrate our hopes & the expectations of the General Court & countrie by his hand of visitation on our & yr mch esteemed Mr. Norton, who wth Mr. Bradstreet was appointed by the General Court to appear before his Majestie & to pfr their petition & take off the charge made agst us: although the shipp was stayed for some space of time in hope of his recovery, to some considerable charge of the countrie and hazard of the shipp and voyage, so that we are necessitated to send without them that w^{ch} was prepared to send by them, the commission being made to both & the extremitie of the season is such that the General Court can not be convened to Appoint others in their stead. These are therefore to request you to excuse us what you may for this seeming neglect of ours who could neither foresee nor prevent the same. And whatever you or our other friends shall doe for the promoting the cause of Christ in our concernments will be pleasing to God & profitable to his church and people both here and elsewhere & both for present and future generations. Thus committing you to God & the word of his grace who is able to present & preserve you blameless at the coming of his dear son & our alone Saviour we rest in him.

7th Feb. 1661."

At the same time Sir Thomas Temple, who was in Boston and a true friend to the Colony, had written to Lord Manchester, Lord Say and Seale and other persons of note, for them to intercede in behalf of the Colony.

The following letter, to be found in a foot note in Hutchinson's History of the Colony of Massachusetts Bay, p. 220, will testify to the value of Col. Crowne's services to the Colony:—

“ LONDON 11th. July 1661.

Gentlemen and honored friends,

Having so safe a hand and so true a friend to convey a line to you as the bearer Mr. Crowne, I was loth to omit writing, because it may be my last, my glass being almost run out, and I retiring home.—You have had several appeared against you, and have been examined against you, as Captain Breedan and others, of whom and about what, this bearer can more particularly inform you than I will at this time; and I must say for Mr. Crowne, he hath appeared, both here in the council and to the Lord Chamberlain and others as really and cordially for you as any could do, and had allayed the ill opinion of your cruelty against the quakers, willingly neglected his passage to stay here to serve you, and by his means and information of the state of your government, as it now is, I hope you will have no governor put upon you but of your own liking; wherefore I must request you will really own and accordingly requite Mr. Crowne his love, care and pains for you, of which I have been an eye witness. I have brought him to the Lord Chamberlain and others, and requested their Lordships to assist him in your behalf. I have not been wanting, both to the King and council, to advance your interest; more I cannot do, but earnestly to pray the Lord to stand with you and for you.

I remain your assured loving friend to serve you.

W. SAY & SEALE.

For his ever honored friends, the Governor of the Massachusetts Colony in New England, for the time being, to be communicated to the rest of the magistrates and deputies there.

Col. Crowne continued to reside at Mendon up to or about the time of the Indian War in 1675. In 1674 it seems that some “unpleasantness” had arisen between the Col. and some of the people here, as we find that, at a town meeting held Sept. 4, 1674, “ther was a Loving Agreement between the Colonell & our selves; all differences about Colonell's accounts & that those lotts which are concerned shall pay to the Colonell as followeth, 25 shillings for a 35 acer Lott and so others proportionabell, only what every one has paid shall be deducted provided they can Clerely prove it.”

I have learned nothing of the residence of Col. Crowne from this time until 1682, when he is found, in feeble health, in Bos-

ton, in reduced circumstances. Previous to reciting his petition to the General Court for aid; in order to its clearer understanding, the following is inserted:—

“ To the Honoured the General Court sitting at Boston,
The Humble Petition of William Crowne

Sheweth

That about six years since y^r petitioner resolved to lease out his Township in y^e East w^{ch} Coll. Temple, since Knight & Baronet, by his Articles of Agreement made upon o^r division of o^r several parts, confirmed and settled y^e same upon him and his Heires for ever wth all y^e priviledges thereunto belonging, as by those Articles may appear. Yo^r Petitioner made his tender of y^e lease first to Sir Thomas out of his love to him & y^e peace of o^r future tranquillity, but he refusing it, Capt. Corwin & Ensign Scottoe tooke y^e lease for several years at an hundred & tenn pounds per annum, clear rent, to be paid in Boston. But within one yeare after it so came to pass that Sir Thomas and they fell out & troubles increased and nothing would compose it but that I must turn them out and put him into y^e lease; and the chief ground was y^r Petitioner verily believeth y^t Mr. Scottoe gave out they cleared 300£ y^t year & so by over persuasion of all hands & to compose y^t difference; Capt. Breedan & Mr. Usher pressing also & offering their bond to pay me the rent constantly in Boston, during the tearme, Capt. Corwin and Ensign Scottoe surrendering up to me y^e lease, I made it to Sir Thomas for y^e remaining parte of their tyme, w^{ch} was 4 year & took Capt. Breedan & Mr. Usher's bond for y^e rent and they paid me y^e first year, upon Sir Thomas his order upon y^e bond, but they refused to pay me any more. Upon w^{ch} yo^r Petitioner complained to Sir Thomas, who very ingeniously confessed to me before Lient. Cook, it was my due, but his hands were tied up by Capt. Breedan & company y^t he could not dispose of a skin and wished to sue them and gave me full leave; upon which I commenced a suite against them in y^e County court upon y^e bond for what rent then due & had a verdict but y^e honoured Magistrates not accepting it, it fell in course to y^e Court of Assistants and then neither jury nor Magistrates found for him & so by y^r law y^r are pleased in such cases, when they have run y^o progress in other Courts, to seek reliefe of you, therefor I humbly crave the benefit of y^t law and for that also there is no other Court to be appealed to but this Honoured Court. There is now due to y^r Petitioner £330 certain rent besides four years forbearance w^{ch} maketh near £400.

Premises considered y^r Petitioner doth humbly beseech this Honoured Court to appoint him a day for hearing the whole case & to do therein as y^e justness thereof in y^r grave wisdom you shall see fitt. For justice is God's work & you are his Agents in that worke, so a just sentence is God's sentence, soe y^r Petitioner commits his cause to God & you.

And shall pray,

WM. CROWNE.

The Magistrate judge meete to grant the petitioner a hearing of the case mentioned in his petition at the next session of this Court, the petition-giving the parties concerned timely notice thereof, their brethren the deputies consenting thereto.

EDWARD RAWSON, Secy.

28 May 1666. Consented to by the deputies.

"Honoured Magistrates,

I hould it necessary to lay before you y^e particular service I did the Country in England, w^{ch} my Lord Say's letter to you doe but hint it leaving it to me to informe y^m y^e more than he would write at y^t time. When I came to London to his Maj^{tye}, which was two weeks after Breedan (for he took post at Dover) I was informed at Court by severall of my old acquaintances, of a great Charge given unto the King and y^e Lord Chancellor, against this country and Government & Mr. Bellingham. That Goff and Whalye, two trators declared by Parlam^t were very kindly entertained here and that Mr. Bellingham would not deliver y^m up to, Breedan, although by a letter required in his Maj^{tyes} name to doe it. And the business was referred to a Committy of y^e Lords to examine; upon which I presently sent to my Lord Say into y^e Country, my old worthy friend, beseeching him, if he ever had love to New England or to Mr. Bellingham, y^t he would come up to London, he being one of y^e Councill, and if I were examined I did not doubt but to cleere this charge both concerning y^e Country & Mr. Bellingham and take off y^e charge they lay under. His Lordship returned this answer, y^t he could not come up until y^e parlement set, he being old and crasye, which was about 3 weekes after, but wrote a letter to my Lord Chamberlayne, requesting to moove the Committy to stay their proceedings of examination of y^t case untill he came up, leaving y^e letter open for me to seale and deliver which I did. Y^e Councill stayed these proceedings & now a demur of this business & how it was presented by Capt. Breedan to y^e Lord Chancellor, I prevailed wth a noble person, a favourite with his Ma^{ty}, to goe to y^e King and see how his Maj^{tye} felt about New England. He brought me this answer; he had been with y^e King about it and he sayed he wondered y^t that they would take Traitors parts against him y^t never did y^m wrong; he looked upon New England to be a nice people and numerous and a jewell in his Crowne and would be better informed of y^e reporte before he gave indgt all which I sent my Lord Say word of, so encouraged him to Come up which he did at his time appointed, and came to me before he went to y^e King. He entreated me to remoove my Lodgings neare him to Whitehall y^e better to joyne to gether to carry on this business with y^e Councill, which I did and Cost me for 2 monthis seventeen shillings and six pence y^e weeke, before I was dismist by y^e

Councill; and then I had an order sent me by y^e Councill to be examined and to attend de die in diem.

I was examined of all things of weight y^t Concerned both Church, Government and Country, and having given satisfaction to y^e Councill of what they examined me about and about Goff & Whalye, my Lord Chancellor came to y^e Councill and brought in a copy of your Patent, y^e King being present, which Coppye he sent out by my Lord Say, requiring me in y^e Kings name to appeare that Day sennit to answer in behalfe of y^e Country y^e particular forpituures of y^e Patent which he had marked in y^e Coppy of y^e Patent. I appeared y^e day appointed & sent y^e Coppy of y^e patent by my Lord Say (y^e King p^rsent) with this answer. That I lookt upon his Lordship's person of Honour and wisdom and would not put upon me w^{ch} y^e Common Law would not doe, for I was noe Agent for New England, but as a stranger saving that I had wintered there two winters about my business of Nova Scotia which was before y^e Councill. He sent me out word againe y^t should not serve my turn. Hee would make mee speeke, I could speake enough for New England and now I should, which my Lord Say brought me out word. Then I requested my Lord to goe in with this answer from me, I humbly desired Common justice for New England y^t neither Law or Equity could deny them, for all the Magistrates when I came from thence were born in this Land, soe had a proper birthright to y^e Common Law here and ought to have their Charge given them in writeing under his Lordship's hand of what he would charge y^m in y^e forfeiture of their Patent and coppys of all depositions y^t had been taken against them, I conseeded there were many, and one year given me to return it to y^m and another for y^m to return an answer to his Ma^jty & his Lordship, and I did not doubt but that they would approve y^mselves faithful subjects to his Ma^{ty} and that they had not infringed their Patent in y^e least, upon which his Lordship expressed himself, he did not intend to waite two years for an answer, for under y^t time he thought they could not send it, therefore as his Ma^{ty} had pardoned his subjects in y^e land of farr greater offences than he had to charge New England with, therefore he desired his Ma^{ty} to pardon y^m all in a lump, for he had done; with y^t my Lord Say came off y^e Councill and told me all which is certainly true.

So when I had satisfied y^e Councill of all things they examined me of, I tooke my leave of y^m and came for this Country, and having a Bond of two men in Boston to pay me 440 pound by 110 pound p^r an^m until y^t sum was paid, and part of it due I was inforced to sue them for what was due to me and entered my action in y^e County Court. Y^e persons bound appeared & owned y^e debt, y^e verdict passed for me, Deacon Parkes y^e foreman, but y^e Court would not warrant it, soe it fell to y^e Court of Assistants where I met with y^e same hard measure, and with much difficulty I got my petition to y^e General Court in May and referred me for a hearing to the October Court, where I was thrown out, not tryable—this kindness I met with. Soe I lost 110 pounds a yeare for above seven yeares which y^e persons bound received my profits and could never get anything of it be-

cause of y^e General Court's order. Then in y^e time of y^e Indian warrs, I being at Prudence Island by Newport, having lent Mr. John Paine 90 pound upon a tract of land in Mendon for two years, the warrs being ended, Mr. Payne drowned and y^e Mortgage out and y^e land forfeited to me I came to show Gov^r Leverett about it who told me Mr. Payne had forfeited it to y^e Country for not coming to Mendon to assist y^e Towne against y^e Indians, and y^e order of y^e Councill required him upon y^e forfeiture of it, but when I showed him my Mortgage, acknowledged before Mr. Bradstreet, he sayd I should have it when y^e County Court did sit to have an order to enter upon it. So I went then to my son Henery's to y^e Eastward; but before my return y^e Gov^r Leverett was dead, and I having a chapman here in towne to buy refused to proceed with me till I had recovered it by law, upon which I sent and attached y^e land forfeited to a tryal to y^e next County Court and Summoned in Mr. Knight, Mr. Payne's administrator made by y^e Court to appear and answer my action, but when y^e day of tryal came, and had entered my action, I desired to be heard when y^e Gov^r stood up and sayd he did not think it meete to be tried. Then I prest my mortgage, acknowledged before him, might be read. It would not be granted. So I lost all my charges y^e 10 shillings for entrance and before I got possession of y^e land mortgaged I was damified above 4 pound. Soe these seeming unkindnesses lye very heavye on my Spirit, when I think of the service I have done for y^e country. And God having laid his hand heavy on me these 7 or 8 months hath brought me so low y^t I am scarce-able to stir out of my bed, do therefore humbly pray y^t you would take my condition into your Serious consideration and doe y^t justice that y^e law of God and man requires. And for y^t 500 acres of Land y^t y^e General Court granted me, considering y^e charges in looking it out and laying it out and y^e Indians demanding pay for it of me, all things considered, it will be little worth to me.*

Soe humbly desiring your answer I remaine

Your Humble Servant

WILL. CROWNE.

June 10, 1682.

In answer to this request of Coll. Crowne's the Councill have agreed that five pounds be given him at the p^rsent and that it be sent out of the contribution in the Gov^rs hands; withall they have agreed that his case be presented to the Gen^l Court for a more full consideration of his case.

Signed by Sam^l Nowell, per order.

July 13, 1682."

*The 500 acres here referred to was granted to Col. Crowne at a General Court held Oct. 8, 1662, in the following words: "This Court as an acknowledgment of the great paynes of Col. Wm. Crowne in behalfe of this country when he was in England, judge meete to graunt him five hundred acres of land in any place not legally disposed of." This grant was laid out 25. 3. 1665 by Thomas Noyes, Surveyor on a branch of Sudbury river, at a place called by the Indians Magnagaucock Hill. The present village of Ashland is said to be located on this grant.

Of those mentioned as "accepted" in 1662, it is not found that Nathaniel Hareman, Alexander Plumley, Josiah Chapin, Joseph Penieman, John Small, of Brantree, or Goodman King, sen^r., Walter Cook, William Holbrook, Goodman Bolter, sen^r., Samuel Pratt and Thomas Bolter, of Weymouth, had lands granted them up to the close of 1667. Lands were granted this year to Benjamin Albee, with whom the "Committee" had bargained (for fifty acres of land,) to build a grist mill, Ferdinando Thayer, John Gurney, Mathias Puffer, John Harber, George Aldrich, Daniel Lovett, and John More of Braintree, and to John Thompson, Joseph White, John Rayner, the Minister, and Abraham Staples of Weymouth. Lands were also granted to Col. Crowne, John Rockwood, Thomas Barnes, John Jepson, Samuel Read, Joseph Juell, Thomas Juell, and Samuel Spencer, whose places of former residence were not mentioned, and to Moses Paine and Peter Brackett of Braintree, who held the Indian deed of the township.

1668. January 27. At a meeting of the Selectmen it was ordered "that noe Inhabitant shall cutt downe any Chestnutt Trees, standing upon the Common Land, but shall forfeit to the use of the Towne five shilling for every tree, there having been soe great A Spoyle already Made thereby, meerey for the Nutts sake, and will yet be more (if not hereby prevented) w^{ch} will in tyme prove A great wronge to ye Towne."

Jan 28. At a general town meeting held this day, were chosen for Townsmen (Selectmen) Col. Wm. Crowne, Deacon Hide, Gregory Cook, Ferdinando Thayer and Daniel Lovett. For Register (Town Clerk) Col. Crowne.

In the early history of the towns the Selectmen were clothed with powers, that, at the present day, would be thought extraordinary. In fact they transacted most of the business of the town.

Feb. 2. The Selectmen met this day and made the following orders:—

"Wee takinge into consideration the great Necessity of Mendinge all

highways About this Towne we^{ch} hath been so long neglected doe order and Appoint the Surveyors speedily to gitt all the highways well mended both for cartes and cattle and passengers, and the way by Walter Cook's house to Joseph White's first repaired, and the way to the Mill we^h was to be layd out by those men chosen before; and the Surveyors call to their Assistance the Several Inhabitants of this Towne to worke, and (they) that have 4 oxen to work A day at A tyme, and soe all the rest doe work proportion(al) to their tyme, And soe to continue their labor soe long as the Surveyors shall see cause. And upon 4 days notice to each Inhabitant to worke, and he shall refuse or neglect it shall pay for his contempt 3s. 4d. per day for A man and 6s. per day for 4 oxen, a man and a carte, and 5s. a day for 2 oxen a man and carte. And where any trees are lying in the highways to Remove them out that noe Damage or hurt may come to any person thereby. And that A bridge be set up wheree the first bridge was formerly, goeing to Medfield in the most fittest place to be found for the public good and care of traivelers."

At the same time Goodman (George) Aldrich had a grant of land "in lew" of land taken to widen the road, and Goodman (John) Harber had a grant for the same purpose.

This road to be widened was not the main road, now (1880) the Main street; but a road leading from near the house of Austin A. Taft to near the house of Gilbert Gaskill, (long since discontinued,) and so continuing through Emerson and Washington street to the northerly terminus of the latter street, and from thence to the road over Misco Hill, not far from the homestead of the late Watec Davenport. This section last mentioned was also soon discontinued.

From the foregoing order of the Selectmen we should, at first sight, see no good reason why there should have been any poor roads in the early days of the settlement, so long as everybody was required to work as long as the Surveyors should deem it proper; but, as the Surveyors were directed to remove rocks and trees from the road and the roads were *ten* rods wide, we can readily see that it would be unreasonable to expect such roads as would command the acceptance of the County Commissioners of the present day. At any rate, had this rule been continued, we should have been spared the recent outlay of seven thousand dollars upon a single mile of our roads, with five or six hundred dollars for damages sustained by a "traiveler" during its construction. This was for special repairs on the line of road lead-

ing from the house of Silas Dudley to Milford line, ordered by the County Commissioners in 1871.

At a General town meeting, held April 24, house lots were granted to "Deacon Hide and his son Job, with the privilege that other house lotts of that bigness have only the *former* inhabitants must be first supplied their several shares of Meadows." From this we learn that Deacon Hide and his son Job were *new* comers, and that they were the first who came to settle in the Town after its incorporation.

At this meeting it was also "Ordered to give Mr. Benjamin Aliot a Call, with his father's leave, and A letter sent to that effect."

This Mr. Benjamin Aliot was undoubtedly a son of the Apostle to the Indians, as he was most appropriately called, but whether the father withheld his "leave," or whether the son did not see fit to accept the call we have, at this late day, no means for determining. Perhaps the fact that "A Minister's house for the first that shall be settled here," which had not yet been erected, and the further fact that no movement had been made for a meeting house, may have had something to do with the decision of Mr. Eliot.

At the same meeting, after the call had been voted, it was "Agreed on then alsoe by y^e Maior pte of y^e Inhabitants at this Towne Meeting that the Meeting house shall be sett on the highest side or pte of the land w^{ch} is a High way neere to Joseph White's saw pit, in his howse lott, and to erect it with all speed."

Joseph White's house lot was bounded westerly by the present road leading from Milford to Uxbridge, and extended from Muddy Brook to the little run west of the house of Gustavus B. Williams, and was of sufficient width to contain forty acres. As the meeting house was to be built upon the highest side of the way, (the Main street now,) it must have been located somewhere near the brick building formerly used by the Mendon Bank, now the Hall of Records.

April 26. "Steven Cooke was granted a 20 acre house lot to ioyn to John Harbor his house lott with the proviso that, when God shall make way for his goinge for England, not to putt it

off to any but to such as the present Townesmen or Towne shall approve of." Whether Mr. Cook ever went for England is, we think, a matter of doubt, as we find his name attached to the settlement of Mr. Emerson in Dec. 1669, and afterwards in the division of lands in 1672.

Under date of Sept. 6, the selectmen offered a bounty of 20s. to any inhabitant who should kill a wolf within the limits of the town, and they further ordered that the Constable "shall gather it and paye it them, having a warrant under our hands to doe it."

Gregory Cook also had a grant of a forty acre house lot upon the same terms as "Deacon Hide and his sonn Jobe had theirs, for all things," only there is to be a highway, if need be, through his lot.

Deacon Hide had the meadow called the School Meadow (the meadow near the present residence of Putman W. Taft,) for two years at one pound yearly, "in such pay as will answer the Towne's ends."

"Ordered againe by us that all ffences about corne fields and orchards be Made good and Sufficient according to law, and, if, upon vew by those that are to vew y^m, they are not, the damages are to lay upon the owners of y^e fences, or, if good, upon the owners of the Cattle or Swine y^t doe y^e Damage."

At this time we find the Selectmen taking care that the town should not trespass upon the lands of their Indian neighbors, as we learn by the following order:—

"Ordered to send to the Indian Plantation called Assonomsit to ther Magistrate to send some of those Indians that know ther Bounds to us to consider if we have Runn into their lyne, and to Alter it wthout any wrong to them or us, and, if need be, to Rectifie it before the next General Court."

Joseph White was appointed Surveyor, and "Goodman Albe, if he will, May Measure any Man's howse lott y^t desires him, 2 townsmen with him."

Sept. 25. "Att a Generall Towne Meetinge It is ordered that the Selectmen doe take care to gett the Meetinge house Erected in the Place formerly

agreed on upon the best And cheapest Tearmes they can for the good of the Town; the breadth 22 foote square, 12 foote studd, the Ruffe gathered to A 7 foote square wth A Turrett.

October following we gave Job Hide an order to goe on wth the work w^{ch} is here incerted, the Towne then gave Deacon Hide leave untill May the first 69 to settle with his family and Job also."

1139008

"AGREEMENT WITH JOB HIDE.

It is agreed on by the Selectmen for the more ease of the People heere and the speedie carring on of the buildinge that Job Hide doe undertake the whole worke for the well Managine of the frame of the Meetinge howse, and for his Paynes and severall dayes work that hee shall doe at it shall be allowed 2s. 6d. pr day, but not to deduct it out of his or his ffather^s pay for theirre lotts, but to receive it as wee can Make it. And every person in Towne that can work, doe assist him as much as shall come to their rates as shall hereafter be Agreed on for each lott to beare; whose affection to soe good A work will be known, thereby Carringe for God's glory and the Publique good, faithfully and speedily to perfect it as the season will permytt."

During this year the Nipmuck Indians submitted themselves to the government of the English, as will be seen by the following document, to be found in the Massachusetts Archives, "Indians, Vol 30, p. 146."

"To the Honer^d Govern^r, Dept^y Governor, Magistrates and Deputies now sittinge in the General Court at Boston, April 29, 1668:

The humble submission and subjection of the Native Indian Sagamore & people of Nipmuck, Inhabiting within the bounds of the Patent of Massachusetts and neare adjoining unto the English Townes settled of Mendham and Marlborough.

We the Inhabitants of Quanutussett, Monuchogok, Chaubumakongkomok, Asuhodnæog, Ressessnogus, Wabuquoship, and the adjacent parts of Nipmuck, being convinced of our great sins & how good it is to turn unto the Lord and bee his servants by praying and calling upon his name: We doe solemnly before God and this Courte give up ourselves soe to doe.

Also wee, finding, by experience, how good it is to live under laws & good government & finding how much we need the protection of the English, doe freely out of our own notion & voluntary choice submit ourselve to the Government of the Massachusetts.

To the Honor^d General Court: to the Honor^d Governor, Deputy Govern^r

Whether the Nipmuck Indians submitted to the English because they were “convinced of their great sins,” and intended “to turn unto the Lord and be his servants,” or because they had come to feel the need of protection against enemies of their own race we cannot, at this late day, fully determine. When however we find that the eloquence of Philip soon after persuaded them to confederate with him in his contemplated extirpation of the English, we can hardly believe that Matoonas, whom the Apostle Eliot had converted from heathenism, and Major Gookin had made a Constable at Quinsigamond, would have led the attack upon Mendon in 1675 had he entirely shaken off the old Adam.

1669. Jan. 1. “It was agreed, at a town meeting, that the same townsmen that were the last yeare shall be for this yeare,

unless Deacon Hide doe not come to Inhabitt by the first of May next then it is resolved to choose another in his Roome."

The Selectmen for 1668 were Col. Crowne, Deacon Hide, Gregory Cook, Ferdinando Thayer and Daniel Lovett. As no mention was made of a choice for a Register it is presumed that Col. Crowne continued to discharge the duties of that office. Samuel Read was chosen Constable, John Woodland, sen., and Samuel Hayward, Surveyors of Highways, and Col. Crowne, Benjamin Alby and Gregory Cook, Commissioners.

Col. Crowne was also chosen "to be Returned to the General Courte to gaine power to take the verdict of the jury upon y^e death of John Lovett, (killed by an unruly horse), to marry and to give the present Constable his oath."

Most of the transactions of the town, in the early settlement of the place, like all the new towns of the olden time, related to the division of land among those already removed hither, the granting of homesteads to new comers and the establishment of roads.

In regard to the land it will be understood that it was held in fee by those who were settled upon its soil, and that no title could be acquired without the consent of the inhabitants. When, in the allotment of land to new comers, the expression "with privileges such as lots of that bigness have" was used, the grantee acquired a right in the unappropriated lands—he became a *proprietor*. Without this expression he had no interest beyond the number of acres specified in his grant. The Proprietors kept records apart from the town records, and had occasional meetings until a late period. Pearly Hunt, of Milford, was the last Proprietors' Clerk. By a decision of the Supreme Court the town of Mendon was made the custodian of these records.

"The fifty acres of upland wch the Honered Committee before did designe to Benjamin Alby about his labor concerning the Mill, together wth y^e 20 Acor House lott, and the 20 Acor house lott that his Sonn in law Thomas Barnes Dwells on is to have all privildges in the Towne as other 20 Acor house lotts shall have is confirmed."

This fifty acres to Benjamin Alby was laid out on either side of Mill River "against the Dwelling House by the Mill." The *grist mill* has long since disappeared and a shoddy mill has

taken its place. Lewis B. Gaskill is the present owner of the Alby place.

The fifty acres and the twenty acre house lot above mentioned were granted to Benjamin Alby by the Committee "for ordering and settling the Plantation at Netmocke," as will appear by their grant dated "at Roxbury 5^m. 2. 64," and heretofore recorded on p. 9.

Feb. 2. "Agreed on that the Townsmen together wth Goodman Alby, Goodman Harber & Walter Cook doe see that the Minister's house be speedily sett forward in gettinge all things in A readiness To build it and erect it where the Place is Agreed on wth the length, breadth, height wth all dementions formerly agreed to to compleat it wth speed. And to finish it to be carryed in A way of A Rate w^{ch} is thought the best way to ease charges and speed y^e worke."

At this meeting Joseph Stevens, the Smith, had a thirty acre lot granted, and which land was formerly reserved for a Smith's lot.

Matthias Puffer had his thirty acre lot surveyed by Benjamin Alby, the northeast corner being a "A great Rocke wth A Springe Runninge from under it into Muddy Brooke." Puffer's house stood a little south from the house of the late Daniel Thurber. At the same time Benjamin Alby surveyed the house lots of John Rockit, (Rockwood) John Gurney, Samuel Hayward, Gregory Cook and John Jepson.

March 18. A notice was received from the Selectmen of Dedham that they intend "to Runn the lyne between them and our towne" the 23d day of this month, and they had appointed the two Fishers and old Goodman Thurston of Medfield. The Selectmen of Mendon appointed Goodman Thayer, a Townsman, Matthias Puffer and John Rockett to meet the committee of Dedham, and "to settle the bounds between them and us."

Wee whose names are subscribed beinge Deputed by the Towns of Dedham and Mendon to Run the lyne between them. Wee Mett accordingly upon the lyne at the bent of the River where Lieutt. Fisher begun the lyne To Nipmug River and New Marked it and Raised up heapes of Stones according to law.

May 10. The Minister's house, voted to be built last year, is not yet completed, as we find by the following orders of the Selectmen:—

“Ordered the speedy carring on the fframe of the Minister's howse and that Thomas Juell doe provide 400 of good Clapboards upon his owne account and bring them to the frame as Goodman Barnes and Goodman Read shall approve of, and he is alsoe to bring 212 more clapboards upon Gregory Cook's accompte good and Marchantable as y^e said former persons shall judge, wthin one Month after this day.

Ordered that Gregory Cook doe pay in Nayles in p^{te} of his lot seventeen shillings and eight pence in eight penny and the rest as the workmen shall see best, being in full of his purchase.

Ordered that the Constable doe take care to see that the orders about the Minister's house be complied wth.”

The Selectmen having completed their orders about the Minister's house, concluded their session by repealing the bounty of 20s. for killing a wolf.

It will be remembered that in April, 1668, the town sent a request to the Magistrate of the Indian Plantation of Assonomsit “to send some of the Indians that know their bounds to consider if we have run into their line.”

In consequence of this doubt about the correctness of the boundaries of the town, it seems the inhabitants of Mendon petitioned the General Court for redress, as will appear by the following copy from the Mass. Archives, “Towns, Vol. 112, p. 190.”

“To the ever honer^d Generall Courte Sittinge at Boston, May 19, 1669.

Pursuant to the recommendation of the General Court, a town meeting was held Dec. 9, 1669, at which "a full and final ending of all differences" between Mr. Moses Paine and Mr. Peter Brackett, of Braintree and Boston, and the Town was happily accomplished. The Town confirmed all former grants of land made to Mr. Paine and Mr. Brackett, and agreed that the land should be free from all charges until improved by them. Mr. Brackett and Mr. Paine agreed "for y^e encourage of the Ministry," to give thirty shillings a year, each, to the Minister of the Town, at Boston, in goods, and to surrender the Indian deeds and all other writings belonging to the town when Mr. Emerson, the Minister, shall call for them.

This agreement was signed by Moses Paine for himself and Peter Brackett, and in behalf of the Town, by John Thompson, Grigory Cook and William Crowne.

Neither Mr. Paine or Mr. Brackett removed to Mendon, and finally disposed of their interest here to other parties.

July 5. Notwithstanding the previous orders which had been given, the Minister's house was not yet completed, as we find,

"The Selectmen met and ordered that the Seller under the Minister's house be forth wth digged and that Goodman Steven Cook, John Gurney and John More wth Joseph Juell doe it, and two work at a time until it bee finished and that Gregory Cook and Peter Alderidge doe carry Stones to the Seller w^{ch} are digged."

The Selectmen, it seems, were as careful to look after the spiritual as well as the temporal welfare of their constituents in the olden time, and it is believed it would be of some service, in the present day and generation, if "the enforcement of the

laws" were more punctually executed now. To this end the Selectmen issued the following order:—

"Ordered by us to Reade the law to y^e youth to exhorte them to the due & carefull observation of the Lord's Day, and that their parents be desired to doe their duty herein for the promotinge God's glory theres and their children's good."

One Job Tyler, it seems, had "carried himself so unworthily" that the Selectmen felt bound to notice the matter, and in order that the authority of the magistrate should be sustained and the laws enforced,

"July 14. The Selectmen Mett and ordered to send to the Constable to Summon before us Job Tyler the next fryday at one of the clock at Gregory Cook's house to answer his contempt of our orders and alsoe why he refuses to worke aboute the Selor at the Minister's house, at y^t tyme y^e Constable Retourne his answer to us.

July 16. The Selectmen met accordingly and the said Constable made his Retourne that he had warned in Job Tyler before us; his answer was he could not nor would come, but if the Selectmen had more to say to him than he to them they might come to him. Upon this answer of Job Tyler's the Townsamen (Selectmen), Resolved to make their complaint to the Magistrates of his contempt of several of the Selectmen's orders and of his Miscarriages of the Lord's day & at Publique assemblies if he doe not Submytt, w^{ch} he did not."

Whether the Job Tyler here spoken of was the same Job Tyler who was arraigned before Major Gookin in 1665, cannot now be determined.

In the Mass. Archives may be found the following:—

Sept. 11, 1665. Owannamaug, Indian Chiefe, neere Marlborough complained of Job Tyler, of Roxbury, for cutting and carrying off hay from his meadows.

Fined two shillings and six pence & cost ten shillings.

Attested by me DANL. GOOKIN.

John Elliott certified Sept. 22, 1665, that Job Tyler had paid fine and costs.

I should be sorry to lay anything at Job's door that he did not deserve, but his obstinacy about digging the Minister's cellar and his small reverence for municipal authority make it not very improbable that he who feared not to say to the Constable that "if the Selectmen had more to say to him than he to them they

might come to him," would also, feel not any great compunction in raiding a load of hay from the Indians. What makes the supposition the more probable, that Job Tyler of Mendon and Job Tyler of Roxbury were identical is, that Hubbard, in his History of the Indian Wars, says that some of the people of Roxbury removed to Mendon in the early days of its settlement.

But it seems Job Tyler's short comings were readily condoned, as we find his name among those who, in December following, confirmed the settlement of Mr. Emerson as the Minister of the Town.

"Ordered then that the Assessment be made for 10s. to pay Caleb, the Indian, for killing the woulfe neare the town, and alsoe an other Assessment of seaven pounds for seaven wolves by the Inhabitants according to former order, which were killed and another Assessment for 200[£] to discharge all Publique charges belonging to the town to y^e 25th day of March next ensuing to be layd equally upon all lotts and *not upon personal estate*, to discharge expenses aboute runninge the lyne of y^e Towne bound, and Passinge all our Graints in the Generall Courte, building of the Minister's house, his dyett, and masuring of all the lands and meadows, and what else hath been disbursed for the Towne or shall be to the sd 25th day of March, and Mr. Brackett's lot and Ensign Paynes land is to be assessed to all these Publique charges as other 40 Acor lotts."

The Minister's house is not yet completed, as others, if not so obstinate as Job Tyler, are still slow in discharging their obligations for its completion, as the following order sets forth:—

"Ordered alsoe to allow all that find clap board to y^e Minister's house five shillings for each hundred shaven and brought to the house, good and Marchantable, and that Thomas Juell provide 200 and bringe them to the house within three days after notice upon y^e penalty of 20s, because he hath so long delayed it; and that he bring 200 more well shaven good and Marchantable wth all convenient speed, being his due towards the house as is charged upon his lot to allow."

We learn from the following record that Malthus was not the only philosopher who feared the earth, at an early day, would be overstocked with inhabitants:—

"Ordered then to take into this Towne but *six more families*, such as are godly and fitt to carry on the Publique worke in y^e Towne for the Glory of God and the Publique good of this place."

What becomes of Malthus when we find upon the same terri-

tory which in 1669, it was solemnly adjudicated would hold but six more families, the homes of twenty-five thousand people, with ample room for more.

REV. JOSEPH EMERSON, THE SECOND MINISTER.

Although the Minister's house was not yet completed, it was concluded not to defer the settlement of Mr. Emerson any longer, and accordingly the Rev. Joseph Emerson, of Concord, became the *first settled* minister of the town. Mr. Rayner, who had been with the people from the beginning, it is supposed, on account of the failing health of his father, declined a settlement.

Mr. Emerson was settled in true Congregational order, as the following extract from the Town Records will show:—

“Proposals by Mr. Bulkly (of Concord) to the Towne of Mendon in the behalfe of Mr. Emerson, his Sonn in law to be settled to him.

first. To give him forty five pounds y and for the two first years payment As followeth,

Tenn pounds at Boston y and at some shope there, or in Money at this Towne—the Remayninge of the halfe yeere To be made up Two pounds of butter for every Cow, the rest in Porke, wheat, barley and so to Make up the yeares pay In warke, Indian Corne, Rey, Pease & Beefe.

2. ffor the third yeare after he is settled, to be paid fifty five pounds y and so on as God shall Inable them.

3. The howse to be Made fittinge to come into wth all convenient speede wth two fire places and a little leanto of fifteen foot in length wth A chimney as a Kitchen Towards Goodman Cook's howse, for Mr. Emerson to contribute something to it the Towne being not willing to do it alone.

4. To gett for him Twenty Corde of wood yeerely.

5. Then if Mr. Emerson come and Inhabitt, dyinge in the Towne or enter into office then to have the said howse and the forty acor lott and Meadow to it wth all other privileges and Divisions Made or to be Made to that lott as all other lotts of that bignes shall have settled to him and his heyres for ever and soe Recorded in the Towne Booke. This being assented to by the Inhabitants of Mendon Mr. Emerson will settle with them.

Lastly, it is Agreed that if the Maior pte of the People Inhabitinge heere shall carry it soe unworthilie Towards Mr. Emerson as that there cannot be A Reconciliation Made amonge themselves Then it is hereby unanimously Agreed to Refer the difference to the Churches of Metfield, Dedham & Roxbury to heere and Determine it. And if it shall be by the said Churches Judged for Mr. Emerson to leave and Depart the Towne, yett he shall

enjoy the house and land Above expressed to him and his heyres forever; otherwise he is not to leave the Towne and his labors heere Duringe life.

JOSEPH EMERSON.

Mr. Emerson had been *settled* in Wells, now Maine, in 1664, and came from thence to Mendon. In 1675, soon after the Indian attack upon Mendon, he removed to Concord, where he died June 3, 1680.

Dec. 6. The town voted that the parochial year should begin on the first day of January, and that Mr. Emerson's salary was to be reckoned from that date.

From the settlement of the town until a recent date the *Proprietors*, being those who were owners of the soil, by the grant of the General Court and the extinguishment of the Indian title by purchase, acted in all matters relating to the disposition of the land independently of the town, keeping a book of records and having their own Clerk.

After the grant of the ninety acres of Meadow "without our line" by the General Court, May 19th, the town chose Dea. Simon Peck, Josiah Chapin, Joseph White, Ferdinando Thayer, Abraham Staples, Samuel Read, James Lovett and Samuel Hayward to *purchase* the Meadow of the Indians with lands adjacent for convenience to said Meadow. No copy of this deed is found upon the town records. This meadow was afterward called the Great Meadow.

1670. Jan. 1. "Att a Generall Towne Meetinge all these severall Acts and orders made weare Read by the Colonell to the Towne And then Approved of.

Then chose for Townesmen this yeare, Colonell Crowne, William Holbrook, Joseph White, ffarthn. Thayer & John Harber.

The Coll. for Register,

GREGORY COOK, Constable."

The only recorded transaction of the Town, during this year, is the following:—

April 18. Att a General Towne Meeting was granted a 20 Acor house lott unto Mrs. Tappinge, of Boston, Sister in law to Mr. Emerson, Minister heere, wth all rights of the Divisions of land and Meadow to be taken up in course as other lotts of that bignes shall have, and to pay for it five pounds in money or shope goods, and to beare yearly all Publique charges eaquall wth other lotts of that bignes in the same pay in her shopp until she or her husband shall build on it or Improve it, and not to sell it to any person, or put any person on it to Dwell but such as shall be of good Report and quality, w^{ch} lott is to be laid by the Glebe land lott, if it fall out to be pte of that land w^{ch} was once Deacon Hide's howse lott layed out for him but Resigned up by him to y^e Towne againe."

Although the town records make no mention of the fact, we shall see by the following petition that the grumbling about taxes is not a modern invention. The following, like all petitions to the General Court, at this early day, has the universal preamble, that the petitioners are exceedingly grateful for past favors and do not see how they can get along if their present application for succor should be unsuccessful:—

EDWARD RAWSON, Secy."

This year seems to have been a very quiet one, as we find the only business transacted was the choice of officers and the grant to Mrs. Tappinge.

Perhaps the "Acts and Orders" heretofore made by the Selectmen and read to the town, by the Colonel, at the annual meeting, furnished sufficient subjects for consideration to satisfy them for the year. It was during this year, probably, that the "onpleasantness" between the Colonel and the Town's people began, as we find that it found an open expression at the ensuing annual meeting.

1671. Jan 1. . The Selectmen chosen for this year were Col. Willi. Crowne, John Thompson "y^e elder;" Walter Cook, Matthyas Puffer and Daniel Lovett.

The said Lovett, Recorder.

Abraham Staples and John Sprague, Constables; John Harber and Sam'l. Read, Surveyors of the Highways for "y^e yeare."

The trouble with Col. Crowne, which undoubtedly had been

for some time brewing, manifested itself at this meeting, as will appear by the following extract from the records:—

“This day Col. Crowne had a vote passed for every 35 Acor lott to give 25 shillings and all other lotts proportionable and soe quitt all Damages between the Towne and hee. Some for it Many against it. John Thompson, John Woodland, and Samuel Hayward did then oppose it as a very uniuist thing and that (they) would never Yield to it; and many did decline to vote and many absent; for it was a day sett to choose men for to do service for the town, and only such came as were capable According to Law to act.*—there was noe warning nor doe not use to bee the Tyme being sett from yeare to yeare.”

Jan. 3. The Selectmen sent to William Holbrook, of Weymouth, for the pay for his lot, “for the town had need of it.”

Jan. 20. A vote was passed “by all the Inhabitants”* that Sergent Whitmarsh, of Weymouth, should be employed to measure the meadows and some other lands, and that Fardinando Thayer and Mathias Puffer “should judge of the Meadows and carry the line or chain.” They were to have 2s. & 6d. per day “for their faithful care and pains about the warke.”

To defray the expense of this survey the Town voted that John Sprague and Samuel Hayward should have, each, a 20 acre house lot with all privileges belonging to such lots. They were “to pay Tenn pounds apeece each of them, a third pte in Money and the other two thirds to bee paid in English Goods at A current shope in Boston; and they are here wth to pay the Survayor and those that assist him in the work of Measuringe the Meadows and other lands, and that they are to retourne the remainder of the pay to y^e Towne in the same kinde before expressed.”

June 14. “Severall of the Towne drew lotts for the dubling of their house lotts, as followeth, to be taken in two plains.” The plains designated were the Mill plain, south of Benjamin Alby’s land, and the Pine plain.

The following persons did not draw lots for the Plains, but under the same date had lands allotted them in other places, viz:—John Woodland, Samuel Hayward, Daniel Lovett, John Rockett, John Alderidge, Hope Tiler, William Crowne, Matthias Puffer, John Gurney, John More, Abraham Staples, John Jepson, Benjamin Alby and Grizzel Gurney, (the mother of Joseph and Thomas Juell).

Thus it will be seen, at this period, there were thirty-six *persons* who had taken up lots, making, with the *Ministry*, which were entitled to future divisions of land, thirty-seven share holders in the undivided land of the township.

November the last '71. The Selectmen met and made this order:—

“ Wee takeinge into due consideration the great charges that lay upon the Towne for pay to the Minister and the Meetinge house compleatly wth other charges of great concernment, Doe order that all the lotts of land lately sold to Samuel Hayward, John Sprague & Mathyas Puffer, (it was for him to build a Meetinge house), shall be new Assessed to all the Rates, beginninge from the day of their Bargaynes wth the Towne for them, As alsoe William Holbrook's land he bought of Moses Paine.

If the cedars of Lebanon have disappeared it is not much to be wondered at that the cedars of Mendon have failed. The few that remain in Mr. P. W. Taft's swamp, we suppose, are but feeble and stunted specimens of the ancient forest which the Selectmen wisely sought to protect.

In regard to the wise and humane order of the Selectmen, that the "Chiefe Trees," in the highways, should be left "for the shelter of cattell in the heat," we find that Mr. Bergh was not the first who cared for the "dumb animals" if this order had been continued in force to the present day we cannot doubt that the dumb animals, at least, would have been thankful to the conscript fathers for their beneficent thoughtfulness for their comfort of a hot day.

Inasmuch as the municipal regulations of the town, in its early history, were mostly intrusted with the Selectmen, it is supposed that many of their acts do not find a place in the town records. The few acts recorded in the "town book," it is apprehended, do not comprise all the doings of the Selectmen. As

yet, notwithstanding the town had, this year, for the first time, chosen Highway Surveyors, we do not hear anything about repairs of the highways. The caution about the "chiefe trees" growing in the road, is all the recorded evidence we have that the condition of the highways had received any attention from the town. When we remember that the principal street in the town, upon which almost all the inhabitants were located, was ten rods wide, and that Mendon was a frontier town, it will be readily seen that the public travel would not require any great outlay of labor to render the roads passable from house to house. The day of iron plows, scrapers and stone crushers was to come a long way yet in the distant future, and probably the labor bestowed on the roads was principally bestowed for the removal of an occasional stone, stump or clump of bushes, somewhere within the ten rods so that an ox cart could be drawn along without the danger of being overturned.

It was not unfrequently the case, in the early history of many of the towns, that the management of affairs, both temporal and spiritual, gave rise to heartburnings and feuds which were not always allayed and settled by the local peace-makers. The General Court was sometimes called upon to act as mediator or umpire in the adjustment of these family quarrels.

Neither the "town book" or tradition furnish any clew to the following petition, unless the "unpleasantness" between some of the townsmen and Col. Crowne, as may be found in the doings of the annual meeting, may be taken as sufficient warrant.

The foregoing petition was evidently addressed to the Magistrates of the County of Middlesex, to which county Mendon was assigned at its incorporation. Having failed in an application direct to the General Court the year before, it was perhaps thought if they could enlist the support of the County Magistrates they would fare better in a second attempt. By the following Act of the General Court it will be seen that the prayer of the inhabitants of this "poore place" was granted:—

“The Courte beinge informed, by some of y^e Magistrates of Middlesex, that the Inhabitants of *Mendham* do labour under some disquiet in the managing of the Prudentials of the place whereby their welfare is greatly impeded and many other inconveniences do occur inevitably threatening the ruine of that Plantation; Do nominate and impower Major Eleazer Lusher, Mr. Wm. Stoughton and Mr. William Parkes a Committee for y^t place to take cognizance of the State of said place & do any act or thing for the regulating of their prudentiall affaires as to them shall seem meet, and w^t they shall do herein to make return thereof to y^e County Court of Suffolk & from tyme to tyme Maj^r Lusher to appoint y^e tyme and place of meeting and all persons concerned are required, upon notice given y^m to attend the said Committee accordingly, & to submit to their conclusions orderly made and declared. And henceforth Mendham to be and belong to y^e County of Suffolk, any former order or custome otherwise Not wthstanding.

The Magistrates have past this their brethren the Deputys hereto consenting.

"Att a Generall Towne Mettinge April 14, 1672. It was ordered, by Reson of the Neglect of persons not attending towne meettings, that, If any person or persons shall neglect Attending the towne metting, being Legally warned, they shall pay, as a fine to the town's use, two shillings a peece for Every neglect, with out it bee upon more than ordnery ocaation, and if any depart the metting before the metting bee dismissed they shall pay as aforesaid."

A good rule, we think; and, had it continued in force to the present day much saving of time would have been secured, to say nothing of the bickering and ill blood, (which the votes of a thin town meeting usually engender), that would have been avoided.

With all the voters present a free and full discussion, in ordinary cases, would settle matters at once. A public sentiment would be manifested that the minority would not care to challenge by calling another meeting.

At this meeting it was voted there should be a division of the swamps; "to goe by Lott for the deviding of it, and for quantity According to the Rule of y^e Cmitee." The rule of the Committee, (of July 22, 1662,) was that every thirty acre house lot should have five acres of swamp, and so proportionable to other lots.

At the same time a twenty acre lot, with all the privileges that other lots of that size have, was voted to be laid out for the School. It was to be located by the Ministry lot,

It will be seen that the names of John Sprague, Samuel Hayward, William Holbrook and Matthias Puffer occur twice, they probably being the owners of two proprietary rights each. Deduct one for each duplication, and with the School and the Ministry also deducted, we find the number of persons as proprietors to be thirty-four.

Of the above, Joseph Stevens was the Blacksmith, John Sprague was the son-in-law of William Holbrook, Samuel Hayward was the Carpenter, Mrs. Toppan kept store in Boston, Joseph and Thomas Juell were brothers and the children of Grizell Gurney, Mr. Brackett lived in Boston, Hope Tiler was the son of Job Tiler, James Albee was the son of Benjamin Albee.

A division of Upland and the Great and other meadows was also made this year.

1673. Jan. 1. Dea. William Holbrook, John Thompson, sen^r, Serg. Joseph White, Simon Peck and Samuel Read, Selectmen; Joseph Stevens, Constable, and Mathyas Puffer and Hop Tiler "Survuayors of y^e Hyways."

The only record of any transactions in the town during this year, are the following orders of the Selectmen:—

"Upon the 3 day of y^e 1 month 73 or 4, thos who ware Chosen for the yere doe agre and order that all fences a bout Corn feelds and gardins shall be mad sufficient by the 10th. of Aprill Next ethir five Rails or equivalent to 5 Rails fence according to y^e judgment of The vewers. It was also Agred upon that John Sprage and John Thomson junior shall be vewers of fence for the uper end of the Towne and that Abraham Staples and James Lovett shall be vewers of fence for the lower end of y^e Towne: and upon the just Complaint of any man after this date the vewers shall vew the fence.

We doe further agree and order that all Swine shall be wringed In the nose to prevent spoiling of the meadows and pastures, and further that they shall be wringed by the 10th. of May. Next upon the penalty of 6 pence for each swine that Is found un wringed upon the Common (land) till the Last of October, and If any man find any Swine upon the Common un wringed then to give the owners notis and If the said owners do not within 3 days wring them they shall forfeit 6 pence for each swine, one half to the Informer the other to y^e use of the Towne. This order was published and aproved by the Towne."

It will be remembered that Col. Crowne was appointed by the General Court, in 1669, to administer the oath to the Constable, take the "virdeet" of the jury in the ease of John Lovett, who was killed by falling from a horse, and to solemnize marriages. His authority was to continue until the Court should take further order.

It is supposed that, at this time, Col. Crowne had left or was about leaving the town. His frequent or continued absence was the occasion, quite probably, for the passage of the following order of the General Court:—

"At a General Court held May 7, 1673. There being no magistrate neere Medfield or Mendon, upon the motion of the Inhabitants of Mendon that some course may be taken for their ease and relief, it is ordered that Mr. Ralph Wheelock, of Medfield, shall & hereby is appointed to administer oathes to witnesses in or of either place, as also to solemnize marriage between persons belonging to either Towne, legally published, till the Court shall take further order."

1674. "Att a Generall Towne Meteing held att Mendon upon the first day of Janerery sixteen hundered seventy and fower, The Towne Chose for the towns men for the yere Insuing Dea. Stephen Cook, Danill Lovet, Farthenando Thayer, John Harber and John Thompson, junior, Riehards Post, Constable, Mathyas Puffer and Job Tiler, Survayors of hy ways."

INN KEEPER CHOSEN.

"John Thompson, senior, Chosen for to kepe an ordenery and publike Hous of Inter tainment."

This was the *first* public house in Mendon, and was located near the homestead of the late Hon. Charles C. P. Hastings.

At this meeting the town sold to Ferdinando Thayer twelve acres of land for five pounds and fifteen shillings. This money he was to pay to Samuel Read, for which sum said Read engaged to record all the lands granted to the Inhabitants whether by the "Hon^d Committee" or the town, including "the severall proportions granted to be Laid out at present," the inhabitants promising to bring in the return of the lands "In faire wrighting under the Surveyer's hand to the said Read." This was the beginning of what are known as the Proprietors' Records.

It was, at this meeting, voted to have a second Division of Meadow, four acres to a forty acre lot and other lots proportional; and if, upon one day's notice, any one should neglect to attend the Surveyor "he shall Luse his turn and the next man shall take his place."

April 6, '74, the Selectmen had full power "to act in all prudential affairs for the good of the Towne," except in the disposition of land.

15, 5, 1674. At a Generall Towne Meeting Daniel Lovett was chosen "Clark of the Writs."

Samuel Read was chosen "Clerk of the Town of *Mendham*."

On the same day "ther was a vote passed that all the Land that Lies between the Mill River and Muddy Brook shall Lye for perpetuall eomon for the towne except it be that Land all Ready granted."

Although we gather nothing from the records of the town in regard to any intestine troubles, except the difficulty with Col. Crowne, the following extract from the Colonial Records, Vol. 5, pp. 5, 25 and 26, show that the inhabitants were not exempt from occasional dissentions in the management of their civil affairs, but had fallen into "doubtful disputations" in regard to ecclesiastical matters:—

"The Court being sencible of the great distractions of the towne of Mendon, judge it most in order to a comfortable composure thereof to order that Edward Tyng, Esq^r, Mr. Wm Parkes, Capt. Daniel Fisher & Mr. Joseph Dudley shall be & hereby are appointed a comittee, and so fully impowred to repaire to Mendon & to call all parjes before them, and on a full hearinge and examination of their differences, to compose and setle the same; they- or the majo^r part of them whereof Mr Tyng to be one, who is to apoint y^e time of meeting, making their returne to this Court."

It will be remembered that in 1671, upon the petition of some of the inhabitants of Mendon, the General Court ordered Maj. Lusher, Mr. Stoughton and Mr. Parkes “to take cognizance of the state of said place,” and make return of their doings to the County Court of Suffolk. It is presumed that Maj. Lusher and his associates did not accomplish all that was hoped for by their mission of peace. Their diplomacy may have succeeded in establishing a truce for the time, but the difficulties were not wholly healed. Hostilities again broke out and, for their “comfortable composure,” the General Court chose a new Committee as before named, and said Committee, Oct. 7, 1674, made the following report:—

“In pursuance of an order of the General Court, dated 27th 3 mo, 1674, appoynting us subscribers to take cognizance of certaine matters of difference in the towne of Mendon, & make returne to this Court, wee repajed to the place 13. 5th, 1674, when, being no considerable appearance of the inhabitants a warrand, issued out, comanding their appearance at eight of the clock in y^e next following day, when they generally appeared; & though there seemed great dissatisfaction & differenc betweene severall of them referring to church matters as well a civil, yet after large hearing & discourses betweene themselves & from the comittee, the third after our appearance, & upon determiuation of severall differences by ourselves & read vnto them there appeared real remorse in severall of them, & vniversal thankfullnes for our pajnes and labour; their church differences were concluded by mutual confessions, appointing a solemu fast & sacrement, which afterward were mutually and peaceably attended; their civil differences were concluded by regulatig the manner of voating, and appointing voaters & choice of officers. Other matters of difference were publicly, at the same tjme, set in order of peace & referred some to ourselves, which since are issued to mutual sattisfaction; & by severall discourses & letters from them, since our returne, wee understand not of the remainders of any old differences or arising of any new disturbances vnless it be some particular disturbance from some strangers of Providence* which were apprehended and vnder bond of appearance at the next County Court, which Court, wee doubt not, will take effectuall order wth them to prevent further disturbance among them.

WM. PARKES,

July 8. At a town meeting held this day it was voted “that thos that could make it apere thay had wrongs In ther devition

* Squatters near Shokologue Pond.

of meadow all Redy Laid out should have satisfaction In the next devition of meadow." This vote was also confirmed before the "Hon^d. Committee."

Sept. 4, 1674. "A Loving agrement between the Colonell and ourselves, heretofore recited," was, without doubt, brought about by the advice of Mr. Parkes' Committee.

Job Tiler, it will be remembered, was called to an account by the Selectmen in 1672 for contempt of their orders and for certain miscarriages on the Lord's day. Proving contumacious, he was warned that charges would be preferred against him to the Magistrates. The probability is that Job did not find himself comfortable under the ban of the Selectmen, and so, remembering that sometimes discretion is the better part of valor, surrendered upon their own terms, as will be seen by the following record:—

"Whereas their has been complaint against Job Tiler, hertofore recorded, he has given satisfaction for that ofence."

It seems that, up to this time, there was some uncertainty about the bounds of the town, as we find, under date of Oct. 18, that Matthias Puffer was sent to Natick "to fech" John Anawasanauke to show the boundaries of the land he sold to Moses Paine and Peter Brackett.

The laying out the Schoolmasters' home lot, between John Aldrich's house lot and the ten rod highway that leads to the Mill, closes the transactions of the town for the year.

1675. The record of this year is taken up with the recital of a single transaction:—

"Att a generall Towne Meeting May the sixt day 1675 the Towne bargained and sold unto Mathias Puffer a tract of land Lieing between John Bartlett's hous lot and the Mill and also twenty akers of land In som other place where he shall choose, and for the said Traets of land Matthias Puffer doth Ingage to carry on and to manigge the work of the Towne In setteling the bounds and preambellations of the said Towne att the Generall Courte or Corts as ned may Require untill it be seteled unto us by the honered Cort and allso to pay and bare all the Charges that may be demanded or may be needful or necessary upon the said a Count and allso to free the said towne from all dewes or demands upon the said a count."

No record of any choice of officers is found, and as the above record is dated in May, it is presumed that the old officers held over. At any rate, we shall see, by the following record, that Samuel Read, who was chosen Town Clerk in 1674, signed himself as Town Clerk in 1675.

It must be borne in mind that it was the time of King Philip's war, and that, of course, the country would be filled with the rumors of Indian depredations and murders. It was not strange, we think then, that so little attention was paid to ordinary municipal affairs; especially, when we find that Mendon was to be the first town within the Massachusetts Colony that was to be attacked by the Indians, and which actually occurred on the 14th of July.

The only other record for 1675 is the following:—

“To the Selectmen of Mendon: Theas are to Informe you by us William fletcher and John Burge, both of us of the towne of Chelmsford, apointed by the Corts order to be gardians to the child of the widdow Gurney that was and Last of all wife to the a bove said John Burge, she being of a sound understanding did will unto her son Joseph Juell all that A Commodation that was there at the Towne of Mendon, Laid and given unto her the said widdow Gurney, with all the apurtenances and priveledges In any wise apertaining or be longing there unto, upon this condition that the said Joseph Juell do pay to Nathaniel Juell and Mercy Juell fifteen pound and Sherrabya Reby tenn pounds. Our desire and request is unto the Select men of the said towne of Mendon that ye would Record the said A Commodation to Joseph Juell for his security.

“This is a true Coppy of the lettre sente from William fletcher and John Burge to the Select men of Mendon and now Recorded by yr order 21, 4 month 1675

as Atest

SAMUEL READ.”

This widow Gurney, “last of all the wife of John Burge,” was first the wife of Thomas Jewell, of Braintree. Thomas Jewell was probably born in England; as, on the 24th of the 2d month, 1639, he had land granted him at Mount Miller, afterwards Braintree. He then had a wife and one child. He died in 1654, and administration was granted to his widow, Grisell, July 21, 1654. In 1655 she married Humphrey Griggs, and

Aug. 18, 1657, was appointed administratrix on his estate. Here the "Jewell Register" leaves her. In 1664 she was in Mendon, with her two sons, Thomas and Joseph Juell, as the widow Gurney. By her will we learn that she married John Burge for her *fourth* husband.

Of King Philip's war, which *commenced* within the bounds of the Massachusetts Colony, by an attack on Mendon July 14, 1675, the records of the town do not furnish a single item of intelligence. An hiatus of five years in the town records, covering the period from 1675 to 1680, is the only evidence that anything unusual had occurred. Not a single entry is found indicating the fact of an Indian war. The first volume of the town records were carefully preserved during the abandonment of the town, but still not a solitary entry was made in explanation of the fact. Passing strange is it that the Town Clerk, who must have known very many interesting facts, should have neglected to record a single one.

Of the names of the slain in the attack upon the town none are now known, except the wife and child of Matthias Puffer. These were discovered by the compiler of these annals in 1859, while searching for materials of this history among the archives of the State at Boston.

Among the contemporary historians of King Philip's war we find no special account of the assault on Mendon. Hutchinson, in his history of Massachusetts, p. 291, says the Nipnet or Nipmuck Indians killed four or five people at Mendon, in Massachusetts Colony, the 14th of July." Mather, in his *Magnalia*, p. 488, says "the rest were dispatched unto the relief of Menham, where, about July 14, the Nipmuck Indians, another nation of those who were well wishers to Philip's designs, began to *Phillippize* in barbarous murders." In another place, p. 493, he says "deserted Mendham was, this winter, (1675-6) laid in ashes." In a foot note, p. 294 of Hutchinson, may be found the following extract from a Letter to London: "Sept. 23, 1675, an alarm was made in the town of Boston, about 10 in the morning, 1200 men were in arms before eleven and all dismissed before twelve. One that was on guard, at Mendon 30 miles off, got drunk and fired his gun, the noise of which alarmed his neighbors, and soon spread to Boston."

Undoubtedly there was an alarm at Boston, but that the report of a musket could be heard by the *nearest* neighbor, fifteen miles off, at Medfield or Wrentham, seems rather apocryphal. But somehow the news of the attack on the town got to Boston during the day or night following, as we find, Vol. 67, p. 225, Military Archives: "At a Meeting of the Governor and Council 15th. July, 1675, an Order in nature of a warrant to Capt. Isaack Johnson forthwith to march out wth soldiers listed according to y^e orders of y^e Major Gen^l as also with such others from Boston sent him to relieve Mendon and Wrentham.
E. R. S."

This outbreak of the Indians was not, it seems, entirely unexpected, as we find, Vol. 67, p. 213, Military Archives:—

"At a meeting of y^e Governor & Councill, July 13, 1675.

For securing o^r frontier towns in the County of Suffolk, it is Ordered that y^e maior of the Regiment send forth his order to the respective committees of the Militia in y^e Shire to provide twelve men to be furnished with armes and ammunition and victuall for a weeke to join 5 or 6 Indians (our friends) to bee provided by Capt. Gookin. This party are ordered to scoute and range in the woods from Mendon to Hingham; and, if they find any armed Indians, to sease and disarm them, and if the number of such Indians are too many for them to ingage withal, then they are to hasten to the next towne and give information. It is further ordered that the Committee of militia of Roxbury make provision of victuall and ammunition what is necessary to supply those Indians from time to time, and to keepe account thereof which the Treasurer of the country is ordered to pay: these twelve Englishmen are to be divided into two companies, the one halfe to scoute one weeke & the other halfe another weeke successively, accompanied with the Indians aforesaid; the Major to appoint a time when they shall begin their motion & appoint the place of Rendezvous & this order to continue in force untill the Generall Court or Councill take other order.

"Mr. John Touton yours of 22d instant received before sunset, and thereupon you are hereby Impowered And Authorized forthwith to require Peter Sympkins and Isaac Pratt to attend you with all diligence for the relief of the wounded; that in case of their refusal, you are required, by the Constable, then forthwith to send them to Capt. Hudson, who is hereby required to send them to Boston to Appeare before the Gov^r and Councill

to answer their neglect, in which case the Inhabitants of _____ or the authority of that town are hereby required to afford the Chirurgeon assistance in such respect.

Dated in Boston this 22 July 1675

EDWARD RAWSON, Secy. By Order of the Council.”

This Dr. Touton was a refugee from France, as will be seen by the following extract from Vol. 4, Part 2, p. 67, of the Colonial Records:—

“In answer to the peticon of John Touton, of Rochell, in France, doctor Chirurgeon, in behalf of himself and others, that himself & other Protestants, inhabitants of Rochelle, who, for their religion's sake, are outed and expelled from their habitations & dwellings &c. might have libaty to come hither here to inhabitt &c. as in sd peticon on file appears, the Court judgeth it meete to graunt this peticon.”

GARRISON AT MENDON.

“26 July 1675. the Councill met.

The Council, on perusing a letter of Capt. Prentice & Capt. Johnson, Dated 22d. day of July 1675, judged it meet to order Capt. Prentice and his Troope be presently called home & y^t Capt. Johnson wth his souldiers be also sent to returne leaving _____ of his foot souldiers and the scoute to remayne as a Guard to *Mendon*, and _____ of his floote at Wrentham as their guard, Referring it to the said Captain to consult wth the Sarjent or other chief officer of each Towne how many to leave at each Towne with their Arms complete, and they to remayne till further order.”

Although the following order has no particular reference to the affairs of Mendon, still, as Mendon was in the midst of the Nipmuck Tribe, and, as we shall see, their fealty uncertain, the imminence of a second attack is regarded as a sufficient reason for its insertion.

Military Archives, Vol. 67, p. 228.

BOSTON July 27, 1675.

The Council being informed that the Narragansett Indians are come down with about one hundred men into the Nipmuck country,

Do order you, Capt. Edward Hutchinson, to take with you Captain Thomas Wheeler and his party of horse, with Ephraim Curtis for a guide, and a sufficient interpreter, and forthwith to repaire into those parts and there labor to get a right understanding of the motions of the Narragansett Indians & of y^e Indians of Nipmuck; and for that end to demand of y^e leaders of y^e Narragansett Indians an account of y^e grounds of their marching into y^e country, and require to understand the order of their Sachems.

And also to demand of the Nipmuck Indians why they have not sent down their Sagamore, according to their promise unto our Messenger, Ephraim Curtis.

And further let them know y^t wee are informed that there are some among them that have actually joined with our enemies in the murder and spoyle made upon the English by Philip: And that Mattoonas and his complices who murdered and robbed our poeple at Mendon are now among them. And that we require them to deliver up to you or forthwith bring to us these our enemies, otherwise wee must look at y^m to be no friends to us, but ayders and abettors: And in prosecution of this affayre if you should meet with any Indians that stand in opposition to you or declare themselves to be your enemy, then you are ordered to ingage with them (if you see reason for it) and endeavour to reduce them by force of arms."

Before this time the Apostle Eliot had organized bands of praying Indians at Waentug, (now Uxbridge) Hassanamisco, (Grafton) and at other places. In view, probably, of their belief that some of the Indians had been truly converted to Christianity and fearing they might be ill treated should they refuse to side with Philip, Mr. Emerson, the then minister of Mendon and others, petitioned the Governor and Council to allow some of these praying Indians of Hassanamisco to remove to Mendon, as well "for the security of the Indians as the English," as will appear by the following action of the Governor and Council:—

"At a meeting of the Council held at Boston Sept. 17, 1675.

Upon the motion and request of Mr. Emerson, Minister and Ferdinando Thaire, husbandman, messengers sent to the Councill from the Towne of Mendon, in the County of Suffolk, declaring their willingness in behalf of said Towne, that the Praying Indians, Belonging to the Church and Towne of Hassanamisco and such other civil Indians that shall joyn with that company, being accepted and approved by the English of Mendon, shall and may be admitted to live and sojourn in said Towne among the English and build a fort there neere or about the house of the said Thaire, and then to continue this winter or longer, if the English & Indians agree to it and the Councill approve thereof, which course is conceived will conduce both for the security of the English and Indians in these dangerous times.

The Councill having considered of this motion and desire of Mendon do allow and approve thereof and do order the said Indians (who have manifested their consent) to remove thither with their families as soon as they have gathered their corn and provisions any order to the contrary hereof respecting these Indians notwithstanding; and it is further ordered that Seriant White and Ferdinando Thaire, with the advice of Mr. Emerson,

shall so inspect the said Indians and look to them that they may not do any wrong to the English, or sustain any wrong or prejudice from the English, and furthermore if it be thought expedient, by the said Committee above mentioned to employ and incourage the said Indians, or any of them, to range and scoute in the woods to discover and surprize or destroy any of our skulking enemies, the Councill do order and appoint the said Committee always to send some one or more English man or men in their company both for the preservation of the Indians from danger, by any of our forces as also to see that the said Indians demean themselves truly and faithfully to the English interest.

And for the accomplishment of the ends aforesaid it is ordered by the Councill that Lieftenant Rudduck and the rest of the Committee of Militia of Marlborough do forthwith deliver unto the above said Serjent White or Ferdinando Thaire, or such other Englishmen as they shall send in the company of some of those Indians, for all the arms and ammunition seased by them of Marlborough, belonging to these Indians, which arms and ammunition shall be kept and Improved for the use and defence of the sd Indians, the owners of them, and of the English among whom they sojourne at Mendon.

past by ye Council

E. R. Sec."

All this negotiation came to naught, as we learn that the Indians soon after this deserted Hassanamisco, and, most probably, many of them cast in their fortunes with Philip.

The following letters and orders of Council, with the petition of "Mathyas Puffer," so far as can be ascertained, furnish all that is known of the history of Mendon for the year 1675.

Mass. Archives, Vol. 67, p. 276.

"From Mendon ye 1st of Oct. 1675.

Honer^d Goviner & Counsell

These are to certify to your worshipp that Capt. Gorum with myself and our soldiers of both companies are in good heath at pt. through mercy.

And to give your Honer an account of our severall marches, first we came to Mendum on the sixt day of the weeke at night, being the 24th. of September and on the 25th. day we marched from Mendum unto Hassanamesitt (Hassanamisco) hoping there to have had a Indian for our guide butt the Indians were all gone from thence and wee thereby disappointed of our expectations, on the next day wee marched to Pachachoag where we found a field of corne and well fenced, which wee did not think convenient to destroy, concluding, for aught we knew, some of the ueerest Inhabitants would be willing to save it, but we could not find any Indians, neither the signe of any being there of late, and wee marched from thence to Man-

choag and Chabanamaguncok where we found some Corne fields and some wiggwams, corn and wiggwams wee burnt and destroyed, but could not find any of our enemies which was a great discouragement to us, having taken so much paynes to find them. Then we returned and marched to an Indian Plantation called Shockologue where we could not find any Indians, butt a considerable quantity of good Corn which we did not destroy butt preserved itt at the request of some of Mendum who think to fetch it home for themselves, and from thence wee came to Mendum on the 30th of September. Now, seeing, in all our marches, wee find no Indians wee verily think that they are drawne to gather into grate bodyes farr Remote from these parts.

If your Honers please to send us on any further service I hope we shall nott be unwilling butt forward to doe our uttermost endeavour withall, desiring that you would be pleased to add unto our number seeing thatt, besides the Garrison men which must be left here in Garrison, wee have but 30 men besides myselfe, Capt. Gorum being on his march to Mount Hope; and, if wee goe further wee desire wee may have a Surgeon and sum others that may be acquainted with the woods where you shall send us, the want of which hath been a discouragement to our men.

And as for the towne of Mendum I am desired to commend the desolate condition of them to your Honers. Severall of these Inhabitants being Removed from thence and those in Garrison being butt poor helps in divers Respects, and in number butt 12 men with their ams very defective. This plantation is very Remotte and therefore soe much the more stands in neede of helpes. It is very likely to be a prosperous place if it please God to putt an Issue to this trouble, and therefore it is the more pittty to have it deserted by these people, who think it must be if they have not some assistance; they hope that 20 men well fitted, with their own returned, might be sufficient, if your honers see cause; and further they desire to acquainte your Honers that y^e Indians of Hassanamissett, which your Honers apoynted to sitt down with them, have deserted their own town and come not to Mendum.

And soe nott having any more to trouble your Honers with

By this letter it will be seen that Lieut. Upham (who was of Malden and one of the first settlers of the city of Worcester, and who was mortally wounded in the attack on the Narragansett fort, Dec. 19, and died soon after in Boston,) visited what are now the towns of Grafton, Auburn, Sutton, Oxford, Webster and Douglas.

MENDUM Oct. 1675.

Much Hon^d my servis with all dew Respekts humbly presented to your-
selfe and unto the Rest of the Counsell, hoping of your helths. I have
made bold to trouble you with these few lines to give your honners an
account of our progress in your jurisdiction. I arrived at Mendum with
fifty men and the day following Leftenant Upham arrived with Thirty
Eight men and the next day wee joyned our forces together and marched
in persute to find our ennimy, but God hath been pleased to denigh us an
oportunity therein, though with much labour and travail we have endeav-
oured to find them out, which Left. Upham hath given you a more par-
ticular account: our Soldiers being much worn out, having been in the
ffield this foreteen weeks, and little hoops of finding the Enimy wee are
this day Returning towards our Generall, but as for my own part I shall be
Redy to serve God and the Country in this Tuft war soe long as I have Life
and helth. Not else to trouble you I Rest yours to serve what I am able.

JOHN GORUM."

As the Indian war had now been commenced within the
bounds of the Massachusetts Colony, and, as neither its continu-
ance or cost could be definitely settled, instead of casting its
burden upon posterity, the General Court proceeded at once to
levy a tax upon the several towns to meet the necessary expense
of the same, as follows:—

Mass. Archives, Military, Vol. 68, p. 29.

“The Courte havinge taken into theire Consideration the great and
daylie growinge charge of the present warre against the Indians & the ab-
solute necessity there is of a further supply & recruit of armes and of
Ammunition for the service of the Country and having also picularly the
present state and ability of the several towns & plantations in this jurisdic-
tion, doe hereby order and Enact that for the defraying the charges afore-
said there shall be Levied seven single country rates, three of the said rates
to be paid at or before the last of November next, and the other four rates
at or before the last of March next: the prises of all sorts of corn (grain)
paid in said rates to be as floth, i. e. Wheat at 6s. Rye 4s. 6d., Peas 4s, In-
dian 3s. 6d. Barley 4s. and Oates 2s. pr. bushell. And the said Levie to be
delivered to the Treasurer without charge to the Country, and such as
make payment in money to be abated one fourth part.

And the Treasurer of the Country (Colony) is hereby required accord-
ingly, to issue forth Warrants to the Constables of the several towns, who,
together with the Selectmen of the place, are required to levy the said rates
upon the Inhabitants that they may be duly paid as abovsd.

The Deputies have past this in steed of that sent downe by our Honored Magistrates, desiring their consent thereto.

By this time, about Oct. 1, it seems that many of the inhabitants of the town had removed, and the few (19) who remained had, without doubt, become somewhat disheartened. Indians to the south of them, Indians to the west of them, Indians to the north of them, and fifteen miles to their nearest neighbors, could not furnish any very flattering guaranty for succor in case of another attack. But that Sergeant White would not have the fence pulled down if it was necessary, or that the town's people, generally, would not aid in fortifying the town, as is affirmed above, seems hardly probable.

Surrounded as they were, on all sides, by the Indians, they must have lived in daily fear of a second assault, and, from the tone of the preceding letter, one can hardly doubt that the soldiers as well as the inhabitants were quite ready to be relieved from their duty of holding the place longer.

Whether in consequence of this letter or not, on the 3d of November the General Court, after ordering "that Major Clarke forthwith strengthen Mendon Garrison by adding ten more unto them and that forthwith," also "further ordered that all such persons as have already quitted their habitations at Mendon and doe not forthwith returne, or shall hereafter leave their habitations, license being not first obtained of the Generall Court or Councill, they shall forfeit their interest in that place, for the defraying the charge of the garrison soldjrs."

Capt. Daniel Henchman, (afterwards one of the first settlers of the City of Worcester,) having been ordered to scout in the neighborhood of Mendon and Marlborough, was at Mendon in the beginning of November, as the following letters will show:—

Military Archives, Vol. 68, p. 32.

MENDAM, Novb. 2, 1675.

Hon^d Sr

About four of the clock this afternoon we came all safe to Mendam & found the town in like condition, but cannot at all better my Intelligence about Hassanamesit. ffour horses are prest for scouts to thither at moon rising till when they cannot with certainty find the place, and will be back again, I hope before tomorrow morning with somewhat in order to our further expedition.

The Inhabitants of this place are drawn into two houses and in a pestered condition; and in relation to it as a garrison there are several things of moment to be considered of, the which I shall state and dispatch to your Honer with what shall be discovered as before and would have done all together at the return of the scouts, but that Mr. Parin tells me he has express order to send away a post, as soon as we came hither, of the state of the Towne. The which having presented as before, crave leave to subscribe myself

MENDAM Nov. 3. 1675.

Hon^d Sr

The Scouts, in my last mentioned, now returned, report that the old Wigg-

wams of the Indian Towne are standing and their doers fast as left by the Indians when they went to their new place to plant, being about a mile from the other, and that in a field there is about 60 bushels of Indian Corn in barns, and at the new place one wiggwam matted and others begun: in the first an Indian had but just before them gone out, by an apple they found roasting and a tobacco pouch. Having the opportunity of Mr. Gardner's going now to Boston I send what yet I have, and am considering whether presently to march to the Indian field, or, in the night, to goe with some men to see if any of them can be taken, so at present conclude, subscribing myself Sr Y^r Hon^{rs} Humble Servant,

D. HENCHMAN.

MENDHAM Nov. 5, 1675.

Hon^d Sr

Since my last by Mr. Gardner, I marched to Hassanamesit where we found nothing more than what the scouts, as formerly, discovered. The Indian not returned by his tobacco still laying and no signs of an enemy that had been there; but a flight of Indians, I fear, real or feined, by apples, corn, nuts and other things lying up and down, besides the corn and apples lodged up, the first of which I would have endeavoured to convey to this place, by help of the Inhabitants here, but was objected against by some of them. This march for despatch (not hearing from Capt. Sill) I judged might be safely performed, and intended, this morning to have sent all the Troopers, being 8, and three files of my post to Boston, reserving six files here to dispatch my first instructions about this Garrison, and then come also; but, at my return hither yesterday about four afternoon, I received the Hon^d Councill's further orders by Messengers from Capt. Sill, who intends this night to be at Magoncok (now Ashland) within 14 miles of Hassanamesit, at which place I sent him word I would meet him this day at 2 of the clock at farthest (the Lord assisting) although my men want rest and are ill clad and shod for marching, so that I was faine, by inability and otherwise in my last march, to change a file with the Garrison: and which is more our provisions are even at an end, severall bringing not any forth with them, but hope we shall shift with some flesh a little bread & boyled corn procured in this distressed place, which, in their contracted room of two houses, have not fire and lodging places to answer the poeple's necessities and which is more their spirits, by all they suffer, work not kindly in them.

I have spent much of my little time in meeting with them about a settlement for their safety, but in vane: Most say they cannot subsist if they stay, and a few the like if they goe. At length they proposed to apply themselves to the Hon^d Councill. I, being now to march away and left the command with Sergeant White, having prest the sad consequences of Braking up a Town, Rending a Church, Dismantling a Garrison and Encouraging the Enemy.

My humble thanks to the Hon^d Counsell for their Instructions relating to Dependence upon the Lord, faith towards him and prayers for us presented.

from S^r Your Hon^s

Humble Servant

D. HENCHMAN.

Capt. Henchman

Understanding that you and your soldiers may want victuall, the Council have ordered five hundred Biskett to bee lodged at Mendon & the like quantity at Marlborough, unto either of which places you may have recourse for recruits and we desire and order that you will be vigilant to prevent the enemies many attempts upon those parts. Wee had notis this morning that y^e enemy seased a boy & man and carried y^m away that were at Peter Bent's mill in Marlborough, this was done last evening being 5th of November. Four of the English escaped but left the horses, meal and arms, so y^t the enemy is in those parts: these recruits are ordered to prevent your so speedy return: if there be any thing of moment or y^t you should discover the enemy to be numerous to give us a speedy notice y^t more force may be sent: these supplys and directions are for Capt. Sill as well as yourself, to whom and yourself wee commend o^r love, desiring the Lord to guide, direct and protect you & all y^r men & so remane,

MENDHAM NOV. 10, 75

Hon^d Gentlemen.

The last night in the close of it, I marched to Hassanamest with 22 men mounted, believing that some of the enemy were there, discovered their fire, dismounted and marched to it in two files, headed the right myself, the other led by my Lt. Zekill Curtis, but as we hasted to it their dogg gave than an alarum when wee in less than musket shot; wee stopped a little and moved againe but the dogg increased his barking & least they might draw in to the thicket to fire on us, I ordered some to fire, hollered and ran on as fast as wee could: my Lt. first got to the wiggwam & received a mortal shot at the dore: I hasted to surround them in getting close beyond it, expecting my men had followed, but all that both of us had was not above five men; one of them, my corporall, Abiel Lamb,

whose strength outstrips me, and by reason of a fall I had in my running on: one soldier more was wounded & fell, his name, Thomas Andrews, who cried out exceedingly disheartening: them wth me at the wiggwam together with no more men coming up to us, I called upon my men to fall on & shute into the wiggwam, which no more doing, them up with me fell off, I cryed to them, for the Lord's sake to stay, for in retreating as wee did I gave up myself and them with me for lost, and it was a peculiar Mercie we were not all slaine, for the Indians issued out and fired on us: the Marl brow man also shot but not dangerous: One of my old soldiers kept with me as I think, Jonathan Dunninge, and a horse so soon as mounted, I would have had my men ride up and fire to get off the wounded and to secure the reare; but all were upon flight though I threatened to run them through, but availed not: some few horse kept with me & by my oft running back in hopes to save all I could, discovered two on foot, who said that they also had been lost. At our return we find only the two first wanting. And although this is a sad frown for I had as likely to fight as ever here. They soon hollowed and we drew off our horse & by the shout seemed to be about fifty & the wiggwam seemed to be thronged full, and a second hollow soon followed, some judge from a second party, for two other fires were seen at a distance: yet the enemy scaped not for 3 of them at least were slain without, besides those wounded and slain, as well might be, in the wiggwam.

If the body of them draw this way the Town may be in distress, for divers times I have put them to severall things needful and will assist with all my men, I hope they will now bestir themselves. My Lt. Zekill Curtis is a great loss to me and have not to supply his place. I cannot inlarg but begging a sanctified use of this and former frowns, for we might have had an opportunity to kill all in the wiggwam.

I rest Hon^d Gentlemen

Y^r Humble Servant

D. HENCHMAN.

It is ordered by the Councill y^t Major Willard forthwith issue forth his orders to Capt. Prentiss, to send forthwith twelve troopers well fitted and furnished with arms, Ammunition and provisions for 10 days & to march to Mendon or else where Capt. Henchman is or may be and there to be under his commands and order for the service of the country.

This past by y^e Councill,

12th Novembr 1675.

Cotton Mather and others say that four or five persons were killed by the Indians in their attack of Mendon. Until recently none of the names of the slain were known. The following petition is here inserted because two of the four or five persons

who lost their lives on the 14th of July are clearly made out. It will be remembered that on the 3thd day of November, 1675, the General Court “ordered that the people of Mendon should not remove from the place without leave, and that those who had done so should immediately return.”

It appears that Matthias Puffer had left the place and returned to Braintree without leave from proper authority. Fearing that he should be compelled to return to Mendon is, undoubtedly, the reason why he addressed the following petition to the Governor and Council:—

Towns, Vol. 112, p. 208.

“To the Honored Councill now Sitting in Boston, the humble petition of Matthias Puffer humbly sheweth:

That whereas your petitioner hath been complained of for being absent from Mendon to y^e discouragement of those that remaine, my answer is that I departed, at first, with y^e consent of the Town provided I carried away the Widdow Gurney at my own charge, which I accordingly performed, and since the Majors warrant to summon me to go againe, I have returned thither againe and have been helpful to them by procuring them ammunitiion and otherwise.

Indeed I have been forced to return to Braintree to take care of my children who are left. *My wife was slaine by the Indians and my eldest son;* severall of the best of my cattell killed to maintaine the Garrison, many more of them I have left; my estate is lost; my Condition is desolate and I not in y^e capacity that others are whose families are not broken. I humbly beseech the Honored Councill to consider my case & not expose my poor children to ruin, for I have not Estate to maintain my Children without my labor and care. To him that is in affliction pittty should be shewed. I think my case is the case of the Widdow if not worse. My humble petition is that I may be suffered to Continue at Braintree that I may be a succor to my children which else will be exposed to ruin and your petitioner will ever pray.

MATTHIAS PUFFER.”

Matthias Puffer's house was not far from the residence of the widow Hannah Thurber, and some forty years ago the site of the cellar was pointed out to me by elderly people. As the attack of the Indians must have been sudden and unsuspected, it seems probable that Mrs. Puffer and her son were killed in or near the house. Mr. Puffer married Rachel Farnsworth, of Braintree, March 12, 1662, and hence their oldest son could not be more than eleven or twelve years of age. Whether the Council gave

an affirmative answer to the petitioner or not is not known. There is no date to it and so, as the General Court forbade the removal of the people from Mendon, on the 3thd day of November, and, as Mather says, the town was burned by the Indians in the winter of 1675, under the circumstances of his case we may reasonably conclude that Puffer continued to remain at Braintree.

Puffer had leave, by consent of the town, provided he "carried away the widow Gurney without charge to the town," to go to Braintree. Mrs. Gurney's maiden name was Rachel, and before 1683 she had married a man by the name of Bundy and was again a widow. She was first the wife of John Gurney, who was one of the first settlers of the town. John Gurney must have died while living in Mendon, but no record of his death can be found. Might he not have been one of the persons who were killed on the 14th of July?

The only tradition relative to King Philip's war that has survived to the present day is, that the Indians, when they burned the town, spared the house of Joseph Aldrich, because he was a *Quaker*. As no mention of any Quakers in Mendon is made for many years after this event, this tradition may be set down as of questionable authority.

Although no municipal government was organized until Jan. 3, 1680, there is evidence, I think that, not long after the close of King Philip's war, which was essentially terminated by his death, Aug. 12, 1676, *some* of the inhabitants returned to Mendon. In the record of births I find that six children are recorded as being born in Mendon between Oct. 1, 1677, and Jan. 28, 1680. From this record it is supposed that some of the inhabitants had returned as early as 1677.

At the breaking out of the war the following persons were owners of Lots and were presumed to be heads of families, viz:—John Aldridge, John Parris, John Thompson, sen^r., Joseph White, Walter Cook, Samuel Read, John Rockit, Peter Aldridge, Samuel Spencer, John Thompson, jr., Ferdinando Thayer, Stephen Cook, Abraham Staples, Job Tiler, Wm.

Crowne, John Harber, John Woodland, Matthias Puffer, Joseph Aldridge, Thomas Juell, Benjamin Albee, John Jepson, John More, Thomas Barnes, George Aldrich, Joseph Juell, John Gurney, Daniel Lovett, Samuel Hayward, Stephen Cook, James Albee, Wm. Holbrook, John Sprague, Simon Peck, Joseph Stevens, Hope Tiler and John Bartlett, making with the minister, Rev. Joseph Emerson, thirty-eight.

The names of those who returned after the war are as follows, viz: John Thompson, sen^r., John Thompson, jr., Joseph White, Walter Cook, John Rockitt, Peter Aldrich, Samuel Read, Ferdinando Thayer, Abraham Staples, Matthias Puffer, Joseph Aldrich, George Aldrich, Samuel Hayward, Job Tyler, Hope Tyler, Daniel Lovett, James Albee, William Holbrook, John Sprague, Simon Peck, making twenty in all. Others returned afterward.

1676. In the Massachusetts Archives the following petitions may be found, and are here inserted as a part of the history of Mendon relative to the Indian war.

Military, Vol. 68, p. 124.

“To the Honored Council sitting in Boston the humble desire and request of John More, formerly of Mendon.

Whereas y^r petitioner, when he lived in Mendon, for y^e supply of y^e soulders under y^e command of Capt. Daniell Henchman, had three hundred and twenty pounds of Beef, one bushell of Pease and a bag of three shillings price taken from him, as per y^e account under y^e Constable's hand will appear; as also myself and horse impressed to go to Marlborough, and by reason of my being belated in that expedition, so as in y^e night coming home, being very dark, so that I was much bruised and also fell into the river, since which time I have been very sick and weak, being deprived also of any comfortable subsistence, by reason of y^e present insolency and outrage of y^e heathen: having had my horse pressed to Narragansett, with other reasons, y^r petitioner's present desire is that he may be ordered to have some present pay, to supply him with necessaries in his present condition, and y^r petitioner shall dayly pray for y^r prosperity.

JOHN MORE

11th. 9th month 1675.”

CERTIFICATE OF THE CONSTABLE.

To whom it may concern, that these things mensioned ware taken of John More, by order of Capt. Henchman for y^e use of his solders, three

hundred and twenty pounds of beef, one bushell of peas and a bag of three shilling price, himself and horse to Marlborow, his horse to Hassanamest. As atest SAMUEL READ, Constable of Mendon, 20th. 11th mo. 75.

The second petition is as follows, and is to be found in Military, Vol. 68, p. 247:

To the Hono^{ble} Governor and Council now assembled at Boston May 1, 1676:

“ The Petition of John More late of Mendon,

Humbly sheweth, that y^r Petitioner is now attained the age of ninety five or thereabouts, and that, after Mendham was deserted he came to Medfield where he was severely wounded by the Indians, and by reason of his age is now disinabled to labor, whereby he may get a livelihood for himself and family, and having lost all his estate at Mendham, he is reduced to a very low condition having not any thing left to buy him food and clothing, and Capt. Henchman when he was at Mendham with his company, received from your petitioner a Cow and some peas and corn, for provision for his souldiers and hath not given your Petitioner any satisfaction.

Your Petitioner therefore humbly requests the favor of y^r Hon^{rs} to consider his age and his low and afflicted condition and to allow him something for his cow, corn and peas delivered to Capt. Henchman as aforesaid, as also to grant him a small pension for his reliefe in that little time he hath to live in this world, that so he may be freed from those extreme wants that otherwise he must inevitably suffer, so shall he ever pray, &c.

JOHN MORE.”

As will be seen, the first petition was dated Feb. 11, 1675-6. The attack upon Medfield by the Indians, was made on the 21st of the same month, and in this attack More received the wound, as mentioned is his second petition, and for which he petitioned the Governor and Council for aid. I do not learn that any action was taken upon either petition; although, from the facts in his case, some aid may have been granted, the record of which cannot now be found.

I close the annals of the present year with an account of Mattoonas, who commanded the attack upon Mendon in 1675.

In September, 1674, the apostle Eliot and Major Gookin, who had been appointed Superintendent of the Indians, visited the several bands of *praying* Indians; and, at Pakachoag, they constituted John, the Sagamore, and Solomon to be co-ordinate rulers, with the authority of the English government, and Mattoonas, a grave and sober Indian, as Constable. But notwith-

standing this, Sagamore John, with his tribe, gave way to the persuasions of Philip and joined with him in his attempted extermination of the English. The death of Philip soon convinced John that the continuance of the war would only end in the disruption of the confederacy and the ruin of his tribe. John now voluntarily buried the hatchet, and resorted to diplomacy to save himself and friends from further disaster. To this end he, with Mattamuck, Sam. Sachem, Simon Pottoquam and Upanippaquem, other Nipmuck Sagamores, signed a letter to Governor Leverett, "Mr. Waban and all the chief men our brethren, praying to God," suing for peace. This letter may be found in Drake's Indian Chronicle, p. 131, and was dated July 6, 1676.

About this time the Governor and Council put forth a proclamation of pardon for all Indians who should voluntarily come in and surrender.

Sagamore John, taking advantage of this, came to Boston July 13, and gave himself up to the English. He expressed much sorrow for joining with Philip, claiming that he only did so through fear of his life. He guaranteed, for himself and tribe, hereafter to be faithful and true friends to the whites.

Promising to give further testimonials of his fidelity, with assurances of protection, he was allowed to depart. July 27 he returned with an hundred and eighty of his followers and, as a peace offering, brought in Mattoonas, with his son Nehemiah, bound with withes. A military necessity was supposed to exist for the immediate trial of Mattoonas. After a short examination he was adjudged guilty and condemned to immediate death. To further propitiate the favor of the English, John begged, for himself and followers, the privilege of executioners of the sentence of the Court. Mattoonas (who had undoubtedly led the attack upon Mendon at the dictation of Sagamore John) was accordingly led out, tied to a tree on Boston Common, and shot by the Indians. Afterwards his head was cut off and mounted upon a pole, opposite that of his son, who was executed for a murder committed in 1671.

Although Hubbard, in his History of the Indian War, speaks of Mattoonas as an *old malicious villain*, and Increase Mather, in a sermon on the *prevalence of prayer*, puts himself on record

with equal bitterness, are we quite sure that the Indian of two hundred years ago acted under a rule so very different from the martial code of the present day? To King Philip and his allies it must have been plainly seen, by this time, that the white or the Indian race must be exterminated at no distant period of time; and is it strange then that the instinct of self-preservation should lead him and his followers to an attempt to avert the imminent danger they so clearly comprehended.

1680. Jan. 3. The following is the record of the first town meeting since the abandonment of the town, when "Dea. Steven Cook, Sergant Joseph White, Ferdinando Thayer, Robert Taft and Samuel Reed were chosen Selectmen, John Cook, Constable, John Thompson jr. and John Rocket, Surveyors of Highways, and Samuel Read, Clark of the Writs."

At this meeting no other business was transacted, but as another meeting was held Jan. 12th, it is supposed that, either there was some informality about the choice of Selectmen and Constable, or that those first chosen had resigned. Be that as it may be, we find that Deacon Steven Cook, John Thompson, Sgt. Joseph White. Abraham Staples and Samuel Read were chosen for Selectmen and James Lovet, Constable.

During this month we find that the Town inaugurated measures for the erection of a Minister's and a Meeting House, as follows, viz:—

"Jan. 13. Att a generall Towne meeting It pased by A Clere vote to build A hous 26 foot in Length 18 foot In bredth, 14 foot between joynts, a girt hous and a gabell end In the Roofe and a Leantowe att one end of the hous the bredth of it; twelve foot wide 6 foot between joynts, for the Minister that shall first settle with us."

For the erection of the Minister's house the town voted, Jan. 22, "that they would give twenty pounds, four pounds would be paid in money and Indian corn at 2 shillings a bushel when it should be raised, and the remaining sixteen pounds to be paid in pork at 2 pence per pound and Indian Corn at 2 shillings per bushel, on or before the 25th day of November following."

A Meeting House was contracted for as follows, viz:—

“Articles of Agreement between Samuel Hayward on the one party and the Townsmen (Selectmen) on the other.

The said Samuel Hayward doth ingage to beginne and manige the frame of a Meeting House 26 foot in length and 24 foot in breadth, a girt house, 14 foot between Joynts. From the beginning to the raising of it caling in what helpe hee sese convenient, and giving A true A count to them of the days work that are done both by himself and others, and what time they and how they perform the work, both by carting and other labour, allowing the said Hayward 3 shillings a day for his labor and care in maniging of this work, to be paid in currnte pay as will pas betwen man and man, and to procure him a Cow with a calf or a calf by her side, as soon as the frame is raised, as part of his pay. Abraham Staples ingaging to pay the cow if no other be procured, the said Hayward ingaging to have the frame redy to rais by the last of May next insuing. If help fail him then to make his order to us and to have pay produced to procure help, and the remainder of his pay to be paid at or before the 1st. of January next insuing, and to take the Cow at the price that 2 indifferent men shall prize her.

In the performance hereof we set our hands this 17th Jan. 1680.

SAMUEL HAYWARD.

Steven Cook
Abraham Staples
Samuel Read.”

As is generally the case in fixing upon a site for public buildings, it is supposed that there was some disagreement in the present case, as we find, in accordance with the advice of the Honored Committee, (Eleazer Lusher, William Staughton and William Parke, who had been appointed by the General Court a committee for regulating the affairs at Mendon,) a town meeting was held on the 14th of July “to settle matters about the meeting house,” and Ferdinando Thayer and Samuel Read were chosen a committee to carry the result, whatever it might be, to the Hon^d Committee “the last fryday of this Instant July.” What was done towards settling the meeting house affair is not known, but, as we hear no more of this matter, it is believed an amicable adjustment of the differences was arrived at.

Aug. 10. Joseph Aldrich was chosen “sealler of waights and mesyours and to keepe the town standers,” being the first person chosen for that purpose.

“Att a Generall Towne Meeting 4 October 1680 the towne Agreed and it pased by a Clere vote that they would give Mr. Grindall Rawson a Call

to the work of the ministry for this yere In order to his further settlement; and all so that they would give him twenty pound In corrent New England mony and his bord and a hors to be kept for his servis. Tenn pound of the said money to bee paid att or before the 25th of March the other tenn pound att or before the 25th, of September next Insuing."

Oct. 21. Samuel Read agreed to board Mr. Rawson for one year for thirteen pounds, in country pay, at the prices following, viz: Wheat at 5s., Rye 4s., Indian Corn 3s. a bushel; butter 6 pence a pound, pork 3d., mutton 3d., beef 2d. half penny, and 12 pound of tallow besides the thirteen pound. Joseph White agreed to keep his horse one year for forty shillings in town pay.

Edward Rawson, the father of Grindal Rawson, was born in Gillingham, Dorsetshire, England, April 15, 1615, and married, in England, Rachel Perne, grand-daughter of John Hooker, the celebrated divine, whose wife was a Grindal, sister to Edmund Grindal, Archbishop of Canterbury in the reign of Queen Elizabeth. Edward Rawson came to this country and was one of the grantees of the town of Newbury as early as 1637. He was the first Town Clerk there, and held that office by successive annual elections until 1649, when he was elected Secretary to the Colony. This office he continued to hold until the usurpation of the Government by Sir Edmund Andross, in 1686, when Randolph succeeded him. Mr. Rawson, on his removal to Boston, lived in Rawson's lane, so called, it is presumed, out of compliment to him. Rawson's lane is now known as Bromfield street.

Grindal was the twelfth son of Edward Rawson, and was born in Rawson's lane, in Boston, Jan. 23, 1659, and died at Mendon Feb. 6, 1715, aged 56. He married Susanna Wilson, daughter of Rev. John Wilson, the first minister of Medfield, and grand-daughter of Rev. John Wilson, the first minister of Boston. The year of his marriage is not established, but as he graduated at Harvard College in 1678, began to preach in Mendon in 1680, and the town voted "to transport his goods free of charge in 1682," it is reasonable to suppose he was then married.

The names of Edmund, Grindal, Perne, Hooker, Wilson, Edward and Secretary are, to this day, favorite names among the widely scattered and numerous descendants of Edward Rawson.

1681. Jan. 2. The town officers for this year are as follows, viz: Deacon Steven Cook, Serg. Joseph White, John Thompson, Sen^r., Abraham Staples and Samuel Read, Selectmen; John Rockit, Constable, and James Albee and Elizer Wheelock, Surveyors of the Highways.

Feb. 2. It was voted that, “*if Mr. Rawson settle with us, he shall have his great Lot laid out before any others that are not already laid out and his Doubling Lot before any others.*”

By a vote of the town, passed April 14, 1672, it was decreed that every forty acre house lot shall be made up, two hundred acres of upland, besides swamps and meadows, as was settled by the Committee 22d of July, 1662. The land taken up beyond the house lot to make up the two hundred was called the Great Lot and the land by future divisions the Doubling Lot.

It seems the minister's house was not yet finished, and Walter Cook, Robert Taft and Samuel Hayward were chosen a committee to see that it should be completed by the 25th of November next.

John Bartlett, it is supposed, was the contractor for building the minister's house, from the fact that, Nov. 14, it was voted that a *rate* for the sixteen pound “*dew to John Bartlett*” should be made to be paid “*the one half In Indian Corn att 2 shillings a bushell and the other half in pork at 2 pence a pound.*” this being the sum that was to be paid when the house was finished.

The foregoing items comprise all the matters of interest recorded in the town records.

The two following petitions, to be found in the Archives of the State, will complete the historical memoranda for the year:

“To the Honourable General Court now sitting in Boston:

The Humble Petition of Samuel Read, late Constable of Mendon,
Humbly Sheweth,

That in the summer of 1675, in July, there were two rates committed to your Petitioner to gather, and in the same month the Indians fell in upon us to our ruin, therein some were slaine, others fled to Rhode-Island & their rate cannot be had. Your Petitioner with great Paines hath gathered all the said rates except three pounds twelve shillings, which cannot possibly be obtayned nor myself able to pay it.

I humbly therefore pray this Honoured Court will pleas to remitt the same, there being no fault on my part why the same cannot be had.

And y^r Petitioner shall pray

To the Hon^{ble} Court Now Sitting at Boston.

The Humble Petition or Address of the Inhabitants of the Township of Mendon.

Much Honoured,

As y^e deplorable and desolating effects of y^e late Indian Warre (wherein many Townes were wholly ruined and depopulated by y^e prevailing and overhearing of y^e Insulting Foe,) have made, we doubt not, impressions on y^r minds soe deep and abiding that they can not easily be forgotten, or erased, so also have we no cause to question that you can in y^e least wise be ignorant that your poor petitioners were great sharers in those Public Calamities. Our great and speaking losses (which we groan under to this very day) enforced us to make an Application to y^r hon^{ed} selves formerly, for reliefe and succor from under y^e heavy pressures of our sad & lamentable conditions: Wee then experienced both a readiness to hear & a willingness to relieve us when our case was almost hopeless and helpness also, had not God stirred up your hearts to pittie and commiseration. It was then your pleasure, much Honoured, not only to take our condition into y^r prudent consideration, but also to make us y^e objects of y^r compassion & y^e subjects of y^r pious care, Ordering and Enacting that we should be freed from Public Rates for three years, and also, that all Proprietors whether resident or non-resident should bear their equal proportion in Town Charges y^e like space, for y^e advancement & encouragement of our undertaking y^e settlement of y^e place & Rebuilding of our Ruined habitations; neither can we ever be so ungrateful as to bury in forgetfulness, much less to pass by in silence without due and deserved thankfulness & acknowledgments, so great and good a favor, that you were pleased to desire & Appoint y^r much honored Joseph Dudley Esq., Capt. Daniel Fisher & Mr. Thomas Weld to be a Committee over us for y^e more comfortable and prudent management of o^r public concerns, that peaceable order & orderly peace, might be continued & maintained amongst us, (y^e want of which doe most commonly prove y^e overthrow of new Plantations) whose pious care and zealous pains for our best good and welfare we have largely experienced, and desire, with thankfulness and gratitude, to be reminded of our former experiences of your forward Inclinations to pittie & commiserate y^e low condition of such as make their Address unto y^r honer^d selves for succor, embolden us to make our further suite for

your wonted favour and invite us to spread our lamentable condition before your Honours.

May it please you to consider

That when we made o^r petition formerly for such favors as we then obtained (although with a restriction unto the tearme of three years) we doubted not but that after we had broke through and had underwent y^e first brunt & heat of y^e day we should have been seconded by others in y^e undertaking and that most if not all of y^e Proprietors, would have repaired to their lands to have built and settled upon y^e same. But many understanding that they were to bear Town charges no longer than three years & hoping that, afterwards, their lands should be free of charge, have deferred their coming up, so that, when this time shall be expired (which will be in May next Ensuing) we shall be in as bad if not worse condition than ever, utterly unable to carry on anything, either for y^e good of Towne, Church or Commonwealth to affect. Your were pleased to give it to o^r Honer^d Committee as one of their instructions (and that none of least weighty & difficult) to endeavour the settlement of a Minister amongst us, who have earnestly and faithfully laboured to see your godly desires effected, so far as that we are att present possessed of so great a Mercy, yet not without fears of a bereavement in y^t we are not of ourselves, without y^e help of other Proprietors, able to procure him a comfortable subsistence. Wee are bold to presume that, as you have solicitously desired our greatest welfare in that respect, you will also endeavour the continuance of it & not suffer us to be bereaved, because our shoulders are too weak, alone, to sustain so great a burden. Wee desire earnestly not to be (and hope we are not) of y^e number of those who dwell in their ceiled houses & yet say the time is not come that y^e Lord's house should be built. We have gone to the outside of our strength & have so far laid aside our private concerns that our Meeting and Minister's house are raised, yet, notwithstanding, must they, of necessity, lie and rot for want of ability (not will) in us to carry them on to a finishing, unless others, who are proprietors as well as ourselves (y^e price of whose lands is much rayed by our carrying on public work & will be nothing worth if we are forced to quit the place) doo beare an equal share in Town Charges with us. Those who are not yet come up to us are a great and far yet abler part of our Proprietors, without whose aid and assistance the work and worship of God must lye wast amongst us we ourselves being unable to carry them on. Many, as we understand, would come up and settle amongst us were they but assured of the continuance of y^e publick worship of God amongst us by y^e ministry of his word, of which we shall most assuredly be bereaved unless your reasonable authority be interposed & prevent such a fatall calamity.

Our Request therefore is, That it will please your Hon^d selves to take o^r condition so far into your consideration as to establish and Enact y^e continuance of your gracious order for all Proprietors bearing their share in Town charges, that so we may not be forced to quit our houses and lands & desert y^e place, which otherwise we shall be necessitated to doe unless

we will be contentd to live like Heathen, without hearing y^e word preached & so entail a curse instead of a blessing upon ourselves and posterity. And how can we endure to see the evil that will come upon our posterity & see y^e sad destruction of such dear relations? Our Honoured Committee who are in no wise ignorant of our condition, can sufficiently acquaint your Hon^d selves with y^e deplorableness of our affairs, and that it will be rather more lamentable (if that can be) than we have expressed, unless your timely favour prevent it. Dunstable, Marlborough, Lancaster & Groton (as we understand) enjoy the privilege we petition for, and we are not willing to neglect any means to obtain y^e same, least we should be accused as y^e blameworthy cause of our own miseries.

Let it therefore please your Honour^d selves by your clemency to prevent such great calamities as will otherwise befall us & Ensue, namely y^e loss of y^e means of Grace or else our deserting our habitations to y^e utter undoing of ourselves & children.

And your poor Petitioners shall ever pray,

Stephen Cook,
Joseph White, Sen^r,
Ferdinando Thayer,
Saml. Read,
John Thompson, Jr.,
Robert Taft,
Samuel Hayward,
Eleazer Wheelock,
John Thompson Sen^r,
Walter Cook,

James Lovett,
Abraham Staples,
John Rockett,
John Cooke,
Saml. Cooke,
Dennis Darling,
Jona. Thayer,
Peter Holbrook,
John Dayley.

In answer to this Petition the Magistrates judge Meete to continue their late order referring to y^e proprietors of lands in Mendon who are not resident nor do improve their sd lands, to be rated in Town Charges as those that are present upon the place for the next three years after y^e former time, and y^e Committee of this Court for y^e managing of the affayrs of y^e Towne Continue their Care and Government as formerly.

The Magistrates have past this their brethren the deputies thereto consenting.

EDWARD RAWSON, Secy.

Consented to by y^e Deputies

WILLIAM TORREY, Clericus.

1682. Jan. 1. The first business transacted was the adoption of instructions to the Selectmen. In the first place they were to make such orders as should clear the town from the penalty of the law. Among other directions they were to see

that the minister was promptly paid, that the bounds be sought out and established between the common lands and those of proprietors, between man and man, and that the boundaries of the highways be settled. They were to see that the boundaries were recorded and that each proprietor had a good right and title to the land he claimed.

Having completed their instructions the town then chose for Selectmen, Simon Peck, Sergt. Josiah Chapin, Abraham Staples, James Lovett and Samuel Read. John Rocket for Constable, and Ferdinando Thayer and John Thompson, Jr., Surveyors of Highways.

THE FIRST SAW MILL.

At this meeting it was voted to grant Josiah Chapin (who had bought the lot and land of Joseph Juell,) eighty acres of land on the east side of Muddy Brook, if he would build a saw mill on that stream. At the present day one would hardly think of investing his money in a saw mill on Muddy Brook. But we must remember that the face of the country has become very much changed since the days of Sergeant Chapin. The water shed, which supplied the brook above the contemplated mill in 1682, was undoubtedly covered with the primeval forest. This would so retard evaporation that during the late fall, winter and spring months a sufficient supply of water would be furnished for the proposed water power. At this time but little remains to mark the spot where the *first saw mill* in Mendon was erected.

Jan 5. Ferdinando Thayer, Simon Peck and Abraham Staples were chosen a committee to "Rectifie M^r Rawson's Chimneyes." It is supposed there was some radical fault in them, as they were to be wholly taken down and rebuilt.

Jan. 18. "Att a general Towne meeting It pased by a Clere vote that Mr. Rawson, for the yere in being shall have forty five pounds for a Consideration of his Labours amungst us; fifteen pounds money starling of New England, y^e Rest in such other Country Commoditys as wee Pays amungst us, and, if he shall desire at a sixt part abatement of the Country prise as it goes between man and man; for the next yere fifty five pounds, fifteen In Corent mony of New England, the Rest in the same specie above, and afterwards as his Necessity shall apparently Call for, and In case any Inhabitant shall see Reson he shall have liberty to pay all his wholl proportion in mony upon y^e same abatement."

July 21. Joseph White, Josiah Chapin, Simon Peck, Samuel Hayward and James Lovett were chosen a committee "to Renew our hold of Mr. Rawson for his continuance with us for the futer, and doe give them full power to acte in the behalf of the Towne, as If themselves ware present, and to Rest satisfied In what they doe."

Ministerial candidates were not so numerous at this time as with us of the present day, nor were the people then so readily blown about by every wind of doctrine, consequently our ancestors were saved from the usual wranglings and heart-burnings which, in modern times, too frequently grow out of the settlement of a new minister.

Oct. 25. Sergeant Josiah Chapin was chosen Surveyor, and Dennis Darling, John Rocket and Edward Lineford had grants of land.

The Selectmen at the beginning of the year made rules that all swine over eight weeks old should be "yoked and wringed" before the 25th of March; that "stone horses," going at large, should be "aproned off according to law;" that horses "that Continually Keep and feed in the road," shall be sufficiently shackled or clogged; that all fences should be repaired before the 25th of March, and that all trees felled within half a mile of any house should be cut up within three months, under a penalty of five shillings for every tree. The danger of leaving combustible matter in proximity to the buildings is supposed to be the reason for this last rule.

1683. Jan. 1. Josiah Chapin, Simon Peck, Ferdinando Thayer, James Lovett and Samuel Read were chosen Selectmen; Samuel Cook, Constable, and Josiah Chapin and Ferdinando Thayer, Surveyors of Highways.

At this meeting a committee of nine were chosen, of which Joseph White was chairman, "to purize the Town book and to see what there was upon Record that might bee prejudyshall to the peace of the town, and allso to take a draught oute of the Town Booke of all those Records that doe Interfere one upon another and present them to the towne."

It was voted that none but those who have allotments of land should have the privilege to cut trees for wood or timber or other ways upon common lands, without liberty from the town.

Sept. 17. The Selectmen were instructed to draw up an instrument to convey to Mr. Rawson "that land which was formerly Common Land & that Land which was formerly y^e Ministreyes Home lot together with all Meadows belonging to y^e Ministreye's Lott & y^e Lott called y^e Schoole lot with all rights and privileges belonging to y^e same."

The Selectmen were also instructed to appoint Surveyors of the Highways who, according to their discretion, shall mend the same. They had power to call upon any man for work, and upon four days notice should any refuse to work, they were to pay a fine of five shillings, and if summoned with a team, ten shillings.

"The Returne of Mr Rawson's Home Lott, containing forty Acres.

Butting North East upon a small piece of Common Land Lying between y^e said Lott and the hyway Leading to Simon Peck's; south east upon the north side of Mr. Emerson's Home lott, Returning upon a southeast line heading Mr Emerson's John Harber's and, partly George Aldrich's Home Lott; thence upon a south west line of marked trees partly upon a piece of common Swamp and partly upon the north end of Mr. Emerson's second division; westerly and northerly upon a hyway Leading by Philip King's Lott to Common Land and partly upon a hyway leading to the South Meadowes."

In consideration that the town could not give a good title to the ministry lot, they voted him thirty acres of land where he shall choose it, and also the improvement of the ministry lot, he to be paid for any betterment he shall have made, "as Rashonall men shall judg" which shall be reimbursed to him or his heirs.

Oct. 23. A survey of the town was made, Serg. Ellis, of Dedham, being employed as Surveyor, and was settled as follows, viz:—Starting upon Charles River and running four miles, wanting forty rods, to the northeast corner at a stake and stones in Hoppin's meadow; thence turning and running westerly to the northwestern corner one hundred rods beyond the Great River (now Blackstone,) eight and one-half miles; thence turning and running due south eight miles to the southwest corner to a

chestnut tree, upon the northern side of a great hill; thence turning easterly about three miles to the Monhegin river, (now the Branch,) crossing it several times, and so on to the Great River, upon the south side of the Falls, (Woonsocket) and then with said river to Dedham line; thence turning and running northerly four miles and forty rods. This last line, not mentioned in the description, is taken from the original survey. From this we learn nothing about starting from the Dedham Tree and running one mile east to the point where *this* survey began.

Nov. 18. The Selectmen ordered that all timber cut down in the pine and cedar swamps should be removed on or before the last day of February next, upon the penalty of forfeiting the timber and five shillings a tree to the informer; and if in the future any trees or butts for clapboards or shingles shall remain longer than six days, they shall be subject to the same penalty, one half to the informer and one half to the town.

The following items complete the town record for the year 1683:—

Nov. 19. Those whose names are underwritten were found to be indebted to the town for unpaid taxes and grass, viz:—

Peter Aldrich, for 1680—1681 & 1683.....	£1.08.02
Mrs. Elizabeth Browne, for 1683.....	2.00.00
Wid. Ruth Bundy, for 1680, 1681 & 1683.....	6.08.01
John Aldrich, for 1682, for Grass, per Walter Cook.....	0.12.10

Mrs. Elizabeth Browne was the relict of Rev. Joseph Emerson, the *second* minister of the town.

The widow Ruth Bundy, as she is recorded as the relict of John Gurney, formerly of Mendon, was, without much doubt, the widow Gurney that Matthias Puffer took from Mendon when the town gave him liberty to go to Braintree to look after his children, in 1675; and the fact of her marrying and again becoming a widow, and no mention made of John Gurney since that time, seems to corroborate the truth of the supposition that he was among the slain in the Indian attack upon Mendon in 1675, as heretofore inferred.

1684. Jan. 9. Simon Peck, Josiah Chapin, Abraham Staples, James Lovett and Samuel Read were chosen Selectmen; Jonathan Thayer, Constable, and John Rockett and Samuel Read, Highway Surveyors.

When the town was burned in the winter of 1675-6, Benjamin Albee's grist mill was embraced in the general calamity. During the four or five years since the return of the inhabitants there was probably no mill nearer than Medfield or Wrentham, and with no means of transportation but the cart and oxen, or a bag and boy on a horse, the privilege of "going to mill" could not be regarded as a sinecure, especially when the journey must have occupied two days and a night.

To remedy this inconvenience the town entered into the following

.. CONTRACT TO BUILD A CORN MILL.

Articles of Agreement made and concluded (Jan. 9, 1684) between Matthias Puffer and the Town of Mendon

First, that y^e sd puffer doth agree to and with the Inhabitants of Mendon, to build a sufficient Corne Mill in some convenient place for the town's use upon the same stream the former Mill stood upon, and in case y^e sd puffer build y^e Mill below y^e place y^e former Mill stood and thereby pond in the Country Road, then the sd puffer by these presents dus bind himself to make and maintain a sufficient Cart bridge for the Country's use.

2ndly. In case y^e sd puffer build the said Mill above the other mill pond upon the Town's land, then y^e said puffer shall have y^e land that he ponds and also Ingress and Egress to the Mill during the time of the Mill's standing and Remaining serviceable for the town's use; afterwards y^e sd Land Returne to y^e Town again.

3dly. The sd puffer dus Ingage to maintaine the sd Mill twenty years for y^e town's use and to provide a Miller from time to time as may be satisfactory to y^e mair part of y^e towne.

4thly. The said puffer doth Ingage to erect y^e sd Mill and furnish the same att or before the last of October Next insuing the date hereof.

MATTHIAS PUFFER

Signed in presents of us
James Albee
Joseph White, Junr.

Upon the performance of every part and particular specified, the town contracted to pay said Puffer the sum of fifteen pounds,

ten pounds in current money of New England, and five in merchantable country pay.

It will be seen that Puffer was to build the mill, keep it in order and provide a miller for twenty years, and for the due fulfillment of these covenants he bound himself in the penal sum of thirty pounds to pay back the fifteen pounds, "ten pounds in money and five pounds in Country pay." This bond was dated April 16, 1685.

Mendon Nov. 2, .84

Although Mr. Rawson was not *settled* until the present date, we have seen that he had been preaching here since October 4, 1680, when he received a call from the town to be their minister.

Then and there Reconed with y^e Selectmen for y^e three Last years past and all accounts betwen myself and them as they stand Engaged on the townes's behalf to see the severall payments for that terme discharged upon the receipt of which payments allready made I acquitt them, and y^e town by them, of every part and persell hereof, as witness my hand y^e day and year above Expressed.

GRINDAL RAWSON.

20:11:84. Y^e Selectmen do order and agree that the orders of 1683 shall continue in force, and that John Rockett and James Albee be fence viewers for the south end of the town and John Thompson jr. and Joseph White jr. for the north end of the town, Jacob Aldrich and John Cook to look after stone horses and swine.

The committee heretofore chosen to examine the bounds of of the highways very probably reported about this time, as we find the town voted "that all thos that any ways had Intrenched upon the hyways are to leve sd lands and make the hyways strait y^e full breadth of *ten Rod.*"

It is supposed the *pine plains* were not at this time considered so valuable as in the early settlement of the town, as we find this year that a number of the inhabitants had liberty to *leave* land "in y^e pine plain and take it elsewhere."

Simon Peck, Abraham Staples and Samuel Read were chosen a committee to have seats made in the meeting house, which, as no mention is made of any other location, is supposed to have been erected on the site of the one burned by the Indians.

The following petition is inserted to show the method in

which Probate business was transacted in early times, and the minuteness of the inventory:—

To the Honer^d General Court now sitting in Boston This 8th. of May 1684, The Humble Petition of Sarah Stephens of Mendon, Humbly Sheweth,

That whereas Your Poor Petitioner, a Distressed Widdow having been left with three small Children (all of them Daughters) by her late husband, Joseph Stephens, who deceased in the Time of the late Indian war, Intestate. Your poore petitioner, according to law, brought in a true Inventory of her said husband's estate, as by said Inventory sworn in Court Dec. 3. 1677 doth appear. The substance of the Moveables (Therein Mentioned) consisting of things Necessary for family use are, for the most part, spent upon your petitioner and her children, save only such as could not be any ways by her improved. The other part of his estate, viz, Lands amounting (according to apprizement) to about thirty pounds, which is, at present, the substance of what is left for your poor petitioner and her children to live upon. Your Petitioner having Administration granted upon the estate hath hitherto, for the most part, provided for herself and children, viz, for her owne and their wearing apparel & most of their provision; likewise your poore petitioner humbly prays that this Honer^d Court would, according to their wonted favor to such in her condition, please to settle the land aforesaid upon your petitioner, who Desires that said land may be bound over to respond whatever your Honers shall see cause to settle upon them, either upon the coming to age or dayes of marriage (besides what your Honers shall see cause to allow your petitioner for their education until the aforesaid times) your petitioner desiring still to extend that motherly care which, hitherto, she hath not been wanting in, being through God's goodness in a capacity to let out said land to some advantage, not only for discharging what rates and dues may arise there upon but also producing some bread corne for herself and Children.

Your Honours granting your petioner's request will still oblige her to pray as in duty bound &c

The following petition, besides giving an account of the condition of the town at the time, also establishes the fact that a large number of the proprietors had not returned, although nine years had elapsed since their abandonment of the town in 1675.

To the much honered generall Cort now Sitting in Boston the 10th September 1684 the humble address of the Selectmen of Mendon, in behalf of the Inhabitants there at present Residing.

much honered.

three years are not yett fully expired since the pressing necessity of our low condition enforced us to crave Relief from this honorable Cort, from whose hands we experienced such favor & acceptance as doth still embolden us, yet continuing in the like condition, to spread our State before yower honers, not at all doubting but the justice of our cause will avayl with yower selves so far that our following request and desire shall receive yower answer of peac expected by us. May it please your Honers to consider that the *one half* of our proprietors, two only excepted, are dwelling in other places, we are inforced (the Birthen of the day lying upon so few of us) to petition yower Honers that an order might be issued out where by they might be oblidge to be helpful to us in maintaining the ministry of the word & other town charges with us which hitherto they have don, but the time being almost expired and our case as bad as ever, we have no other way left us save this, to give the honorable (Court) a narrative of our present condition, a thorow consideration whereof wee doubt not will give your Honers cause to continue your order longer and oblidge, by such a continuance, to a contribution of relief to us, by whose abiding upon the place, thayer Land Receive considerable advantage. Wee desire to bless God who, in the riches of his boundless grace, hath seen cause to advantage us with an able, faithful, prayerful minister of the word, by whose labors wee doe heare the ioyful sound, a famine whereof we hope is esteemed by us a more fatal punishment than a famine of bread; therefore we doe and are willing to doe to the outside of our ability, to main tain our minister, and God hath so far owned our endeavours, that we farther hope that this church will be resettled in this place, not only in the faith but the order of the gospell, the maintenance of which is impossible for us without help from our fellow proprietors, for our inhabitants pay to the outside of thayer abilities to raising of public charges, and, in particular to the maintenance of the minister. Wee pay at least ten singall country rates, besides other charges, notwithstanding what Relief wee have had by our

fellow proprietors, who have bourn with us a bout twenty five pounds annually, there being twenty-two of them to do it. If they are freed from it, and it be laid on the present inhabitants, it is plain how unable they be to bare it. They must of necessity quit their stacion and leave the town, as a place that eateth up her inhabitants: or how soone wee and our poore children must be again deprived of the means of grace and live like heathen, doth both amaze and grieve us to consider, which wee hope will stor up so much pity from your Honers, that it may be redressed. Our proprietors abroad object that they see no reason why they should pay as much for thayer lands as we do for our Land and stok, which we answer that if there be not a noff of reason for it, we are sure there is more than enough of necessity to supply that if wanting in reason, but because we study peace and a good conscience that the objection may be removed.

We are willing to the valem of two single country rates for our stock trusting God will appear for us, who desire the churche's settlement, our soul's good and that things may be carried on amongst us to God's glory, our condition being so sadly circumstanced causes fears to many least we should be deprived of the means of grace, which we desire not only to call but accompt our Benjamin, unless our fellow proprietors bee still inioyned to sett too their blessing hand with us in the way and manner proposed, as we hope your Honers will see sufficient ground & reason. We further implore and crave a further order for the continuance of what we have all redy, by your favour, enjoyed, that we may be enabled, by thayer help, to the maintenance of our dispencer of the word unto us and to carry on other town charges amongst us that there may be no complaining in our gates.

So shall your petitioners dayly pray.

In 1669, it will be remembered, that the General Court granted the town some meadows “without their line,” and hence the reason that May 25, 1685, the town chose Joseph White, Ferdinando Thayer and Samuel Hayward a committee “to purchase the Indian title” to the same. This deed was given by the Indians and was afterwards lost.

June 6. For the payment of Mr. Rawson’s salary and all other public charges, it was voted to rate the inhabitants “head and ratable estate as the law directs,” and what falls short “to raise it upon y^e lands of y^e Inhabitence and proprietors, as formerly.”

The only remaining entry for this year is the following assessment:—

The widow Elizabeth Browne was formerly the wife of the Rev. Joseph Emerson.

The foregoing assessment amounts to £36.14s, and as nothing is said about "country pay," it is supposed to have been paid in money. This sum was to pay Mr. Rawson's salary for the half year and other public charges. Mr. Rawson's salary for the half year was £27.10s, which taken from the assessment would leave £9.4s. as the amount which was required to liquidate the whole indebtedness of the town. Happy that town when so small a sum would extinguish its municipal obligations.

We learn by the following that the burden of taxation is not a grievance of modern times. It will be borne in mind that the Selectmen, under some general instructions of the town, transacted most of the business.

Much honored, not withstanding the help granted to us upon our last petition that our fellow proprietors non resident should help carry on public charges in our town, yeat our number is so small and Rates so great that we cannot comfortably sub sist under them without som Respite, who want not will but purses to help beare all public assessments with the rest of our brethren. The following petition will explain itself, and is recorded as the

FIRST TEMPERANCE MOVEMENT IN MENDON.

To the Honored General Court now assembled at Boston May 27, 1685.

The petition of the In habitants of Mendon Humbly Sheweth that about two years since your petitioners applyed themselves to the much honored General Court then assembled, for relief from the Indians, by reason of whose great Intemperance wee considered ourselves in noe small danger, from time to time. The order that wee thereby received being, by sad experience, found ineffectual to the end proposed, and our bliefe of your Redynes to Rectify such disorders, gives birth to a *second* petition. Much Honored, notwithstanding those good and wholesome laws that are In force against selling of drink to the Indians and our care to detect such men as are transgressors of them, yet the prevailing of that sin is such, being practiced by some Amongst us, who drive a trade with the Natives out of a designe of gain from that source, that we are in continual fears what the dismal effect thereof will prove. The glory of God is not a little wronged by the almost dayly Drunkenes of the Heathen and Religion much disgraced, but also our lives and the lives of our wives and children In dayly Hazard. Tis not a month since there have been three murderous attempts by Drunken Indians amongst us, so that if some effectual Care be not taken there will be no comfortable abiding for us unless we will expose our selves and ours to the Rage and fury of such as are not masters of their weapons, but are ready to murder all that stand in their way. Our Ernest petition is that all Indians whatsoever, may be prohibited from coming within our township or pass threow our towne without order from Authority and that their Arms and Ammunition may be forfeited to any person that shall apprehend them so doing, and that any amongst ourselves who give entertainment to or trade with them may be laid under severe penalty for the same, and that all licenses may be called, or such who trade under others prohibeted the same; or some other way as God shall direct in wisdom, which shall oblige your poor supplience to pray.

In this petition reference is made to a *first* petition, and which was lost, as it cannot be found among the archives of the State.

In regard to the *first* petition, it seems the inhabitants prayed for an abatement of taxes and that something should be done about the drunkenness of the Indians and about Robert Taffe for "irregular trading with them."

The following is the answer of the General Court to the *first* petition:—

"At a General Court held May 27. 1682, In answer to the petition of the Inhabitants of Mendon craving the Court's favor for abatement of country rates for this year, 1682, which the Court judgeth meet to grant: and as to that part concerning Indians the petitioners may take notice that the Court hath provided in this case, by a law made in October last, in which they may rest satisfied. Touching Robert Taffe, the person complained of 'for irregular trading with the Indians,' that matter is wholly left with the County Court of Suffolke, to doe therein as they shall judge meete, unto whom the petitioners may apply themselves for relief."

The law of 1681, to which the petitioners were referred, authorized the Selectmen to apprehend any Indian found at large and commit him to the House of Correction or to prison until he should engage to go to and abide in the Indian towns of Natick, Punkapauge or Wamesit, which had been set apart by the General Court as homes for the Indians. Robert Taffe is supposed to be Robert Taft, but whether any complaint was preferred against him, or if preferred, whether any proof of his "irregular trading with the Indians" was made out or not, is not known.

1686. Jan. 3. Chose for Selectmen, Dea. Simon Peck, Ser. Joseph White, Ser. Josiah Chapin, Ferdinando Thayer and Samuel Read; Constables, Angell Torrey and John Andrus; Surveyors of Highways, John Rocket and Sam'l Tiler.

It was voted at this meeting that the first Monday in January, the first Friday in April and the first Tuesday in July and October should be public town meetings. It was also voted that the injunction against transporting timber out of town be repealed.

March 12. The Selectmen appointed John Thompson, Sen.,

Joseph White, Jr., John Rocket and James Albee fence viewers.

April 19. Perambulated town line with Sherborne; Edward West, Jonathan Morse and Jonathan Fairbank for Sherborne, and Ser. Joseph White, Ser. Josiah Chapin, Ferdinando Thayer, Saml. Hayward and Saml. Read for Mendon.

Notwithstanding the votes which had been passed from time to time, the width of the highways was still a troublesome subject, as we find a report of the Selectmen certifying that abutters had encroached upon the highways in seventeen different places; that Abraham Staples' house stood two rods and Sammel Read's barn six feet over the line of the road. In consequence of this report the Selectmen were directed to remove all the fences that stand upon the highways or on the town's common land. Thus it seems the town was determined to have the roads everywhere ten rods wide.

June 31. It is supposed the Selectmen did not succeed very well in their effort to remove the fences as we find the town voting "that any one who does not remove his fence from the road at or before the last of March, 1687, should pay a fine of five shillings a rod annually, and appointed Saml. Hayward, William Holbrook and Saml. Cook for that affaire"

Joseph Stephens, who died during the Indian war, was the *first* blacksmith, and although the town had got along without one up to this time, it was now found necessary to make provision for another.

Nov. 15. To this end at a town meeting it was voted that James Bick should have a ten acre lot, with all the privileges belonging to the same, "provided he doe the town's smithery work for the next ten years upon reasonable conditions, unless death or disablement hinder." And if for any other reasons he should remove from the town, or fail to do the smithery work, then the land was to revert to the town, unless he chose to pay £15 lawful money. He was, as a condition precedent, to bring letters of recommendation "as shall be accounted, by the Selectmen, in being, sufficient encouragement for his entertainment amongst us."

The committee chosen in 1683 "to view the towne book of what they apprehend will be prejudyshall to the town," reported

that many mistakes had occurred relative to the highways and laying out of land; that the highway through Jepson's lot for Crowne's use, and the grants of land to Mr. Stoughton and Mr. Dudley were "prejudyciall" and should be disallowed.

Pursuant to the recommendation of the committee the town voted that all votes, grants and records referred to by the committee, "that hence forward they nor any of them shall be of noe force nor vallee."

1687. Jan. 2. The Selectmen were Ser. Joseph White, Dea. Peck, Ensign Josiah Chapin, Saml. Read and James Lovett; Constable, Samuel Tiler, and Surveyors of Highways Ferdinando Thayer and John Thomson, Sen.

It will be remembered that Mr. Rawson's salary was to be paid punctually, "the one half on the one day and the one half on the other day," but somehow the town found itself in arrears, and chose Deacon Peck, Ens. Chapin and Ferdinando Thayer a committee "to Recon with Mr. Rawson and to do their utmost to se y^t all y^e Arcers of y^e Rates dew to him for his salery be gathered and paid to him with in one month by those persons from whom it is dew in the towne."

At the same time a road was laid out between Goodman Winter's lot and the pine swamp.

John Puffer was granted a "Neck of Land" near the mill in full satisfaction for whatever was due his father, Matthias Puffer, from the town, and that he would build upon the land and maintain a miller in it during the time his father was bound to maintain the mill.

The following petition is inserted because Mendon was situated in the Nipmuck country, and was entirely surrounded by territory claimed by the Indians:—

1688. May 21. Chose for Selectmen, Townesmen or Overseers, Ser. Joseph White, Ensign Josiah Chapin, Ferdinando Thayer, Samuel Read and John Thomson; for Commissioners, Peter Holbrook and James Lovett; for Constable, Jacob Aldrich.

James Bick, who had covenanted to do the town's "smithery work," having neglected to comply with his agreement or to pay the £15 for his short-coming, and the town growing impatient at his delay, the Constable was directed "to warn James Bick forthwith to take off his frame and fence from the town's land, and no more to In Comber the same." Nevertheless, James proved contumacious, taking, as we shall see, no notice of the official warning.

July 2. The Selectmen gave orders to the Constable to provide town brands, to renew the half bushel and peck measures, and see that they agree with the country standard, and one ale quart and one wine half pint for town standards.

The Country Rate (State tax) this year was £9.06.10, as receipted for to Jacob Aldrich, Constable at Boston, Dec. 12, 1688, by Michael Perry for John Usher, Esq., Treasurer.

1689. Jan. 24. Selectmen chosen were Capt. Joseph White, Left. Josiah Chapin, Samuel Read, Sen., Ser. James Lovett and Ser. Peter Holbrook; for Constable, Samuel Tiler, and for Surveyors of Highways, Timothy Winter, Angel Torrey and James Albee.

In April of this year the people, tired of the usurpation of Andros, which had continued about three years, rose in arms, and in a few hours the Governor and some of his principal advisers were made prisoners without bloodshed. The rumor (which came at this time by way of Virginia) was soon confirmed that William, Prince of Orange, had succeeded his father-in-law, James II. as King of England, and thus the arbitrary and despotic rule of Andros was terminated without further difficulty.

The Government of the Colony was then assumed by William Stoughton and his associates. Dudley Bradstreet was chosen President; Isaac Addington, Clerk of the Council; Wait Winthrop, Commander-in-Chief of the Militia, and John Foster and Adam Winthrop, Treasurers.

Feeling, it may be supposed, the need of a more secure settlement of government, as they were holding no delegated authority, and having, no doubt, as Hutchinson says in his History of

Massachusetts Bay, received advice of the Convention called by the Prince of Orange in England, to settle the form of government there, they recommended to the several towns in the Colony to choose delegates, to constitute an Assembly to meet for consultation on the 9th of May.

Pursuant to this call, sixty-six persons met, and after due deliberation, it was agreed that the whole Council should continue to exercise the functions of government until the 22d of July, when there should be a meeting of delegates of all the towns in the Colony, who were to be specially instructed by the towns.

Pursuant to the foregoing invitation of the Council,

“Att a publike Meeting of y^e Inhabiteance of Mendon May y^e 6th 1689,

Ensign Josiah Chapin was, by a full vote chosen by s^d town and by them fully Impowred to consult, advise, joine and give his assistance with the the Honorable Councill for the Safety of the poepell and conservation of the peace, In their Consultations tending to direct unto the exercise of that power and authority which shall direct be judged necessary in y^e present exigent and to signify their Cordiall acknowledgments of their worthy servis for y^e public safety.”

This meeting (for consultation) was held in Boston, May 9th, and sixty-six persons were present. It is reasonably presumed that Ensign Chapin was one of that number. They recommended that those who had assumed the government should continue to exercise authority, and that a meeting of the representatives of all the towns should be held May 22d, to hear the instructions given by the towns to their delegates.

May 17. The town gave the following instructions to their representatives:

“The town being orderly convened the day and year above, at their usual place of meeting, it was their unanimous desire that the Honored Governor Deputy Governor and assistants, chosen and sworne in y^e yeare 1686 (the year of Andros' usurpation) together with such other Worthy Gentlemen, who by the Generall concurring votes of the Respective Towns, as above s^d (to make up the number 20) shall be chosen and elected, would accept of and enter upon y^e Government of s^d Colony so far as shall be Requisite and expedient for the Common Safety, and the Consirvation of the peace, and exercise such Acts of Authority as shall be necessary in the exigence and emergency as shall occur, untill there can be a more orderly settlement of Government for the which, with all due submission we shall Humbly waite.”

Upon the 24th of May, the Governor and Magistrates chosen in 1686, consented to exercise authority until an orderly settlement arrived from England. This they contrived to do until the union of the Plymouth and Massachusetts Colonies by the Charter of 1692, and the arrival of Sir William Phipps, as Governor, on the 14th of May.

Rev. Record, vol. 107, p. 153.

In accordance with a declaration, which had been adopted by the convention, which met for consultation, the Governor (Simon Bradstreet, now 87 years of age) and Council and House of Representatives assembled at Boston, June 14, 1689, for the reinstating and confirmation of all such officers of the several companies and regiments within the Colony, who were standing in commission upon the 12th day of May, 1686, and for filling up of all vacancies forthwith, according to said declaration.

“At a meeting of the Householders and Soldiers of Mendon above 21 years old 24th. of June, it was unanimously agreed on by them to nominate Joseph White for their Captain, Josiah Chapin Sen^r for their Lieutenant and Samuel Read Sen. for their Ensign, and to present them to the Governor and Council and Representatives for their Allowance and Confirmation.

By Order of the Householders and Soldiers of Mendon.

By the following record, it would seem that great danger from the Indians was apprehended at this time; but whether the fear of an Indian outbreak or the fears that the recent deposition of Andros might lead to serious trouble, predominated in sending out an urgent call for 300 men, “to be at their places of rendezvous by fryday next,” we cannot, at this late day, determine.

Mass. Arch., Rev. Vol. 107, p. 161.

“Ordered that 300 men be forthwith rayseed and detached out of the several Counties, in proportion following, viz.—Boston Regiment, sixty; Suffolke South Regiment, sixty; Essex Lower Regiment, seventy; Essex

Upper Regiment, sixty and Middlesex Lower Regiment fifty to be put under meete conduct for the Security and Safeguard of the out Frontier Towns (Mendon had been declared a frontier town) as well with this Colony as the Eastern parts, and for the distressing and destruction of the Indian enemy, as they shall have orders and opportunity. 1690. Jan. 6. The day being short and cold, "the town met the sixteenth of sd month, and chose for Selectmen Dea. John Warfield, Sergt. James Lovett, Timothy Winter [illegible]; Joseph White, Jr., Constable, and Timothy Winter, John Rocket, and Angel Torrey, Surveyors of Highways."

James Bick still proves contumacious, as he paid no attention to the warning of last year. The patience of the town was getting exhausted, so they ordered the Constable to pull up a portion of his fence, which stood upon the town's land, and (as a peace offering, it is supposed) then chose Mr. Josiah Torrey and Angel Torrey a committee to see if they could not come to some agreement with Bick to leave the land without further trouble.

Bick left some time after this, and was the owner of land and resided upon territory now comprised in the town of Woonsocket.

April 6. 1690. It was ordered "that every soldier should

forthwith, at his own charge, provide himself with one pound of powder, twenty bullets and six flints, and produce them to the Captain in ten days, upon penalty of ten shillings for every default."

The reason of this preparation was, undoubtedly the fear of the French and Indians upon the easter frontier of the Colony. The Pennicook Indians had murdered Maj. Waldron at Cocheo, June 27, 1687, taken the fort at Pemmaquid, and murdered the garrison, after capitulation, and taken another fort at Casco with an hundred prisoners.

In 1687 the collections, for Mr. Rawson's salary, fell short £7.10s and which sum he remitted to the town provided a like amount "be improved in the next public work or building."

In 1680 it will be remembered that the *second* Meeting House was built (the first one having been burned by the Indians in the winter of 1675-6) and that its size was twenty-six feet by eighteen with fourteen feet posts. It was now determined to build the *third* Meeting House and it was to be thirty feet square with sixteen feet posts. It was "let out at a price to John Andrus of our town," but at what price is not known, as no further mention is made of its cost.

It was built by subscription as Lieut. Josiah Chapin, Lieut. Josiah Torrey, Samuel Read, Ser. James Lovett, Ser. Peter Holbrook, Robert Taft, John Rocket, James Albee and Thomas Thayer were chosen to collect the *subscriptions* and had the entire control of the work. It was understood that portions of the work were to be done by the inhabitants and the committee were instructed to consider the convenience of the people in letting out the work and especially that "poor persons be not unnecessarily burthened." If no one would take work at the prices agreed on by the committee then they were to do it themselves or hire it done, at the fixed price. This committee were to keep an accurate account of their subscriptions and of their disbursements. The subscriptions were to be collected by the 15th of May, "so that y^e work may not be obstructed or letted for the want of nails and glass." The committee were also instructed to consult and advise with the Pastor in regard to the seating of the house and in placing the doors, windows and alleys.

It is presumed that the doings of this committee were sat-

isfactorily discharged as no further mention is made of the Meeting House.

The location of the house cannot now be determined. It was not, as some have supposed, erected upon the site of the old one; for we find that, in 1694, John Thompson, sen., bought the *old* Meeting House for four pounds.

1691. Jan. 5. Selectmen, Lieut. Josiah Chapin, Mr. Josiah Torrey, Serg. James Lovet, Serg. Peter Holbrook and Samuel Read. Constables, Nicolas Cook and Thomas Thayer. Surveyors of Highways, Angel Torrey, Timothy Winter and John Rocket.

When the inhabitants laid out their land, after a division had been granted, they made very crooked lines, in order to inclose only good land. By and by, when the number of inhabitants had increased, and the lands had become improved, it was found necessary to build fences "on account of the damage from neat cattle and swine in the meadows." In building the fence about his lot a man, "to straighten his fence," could take in "such corners and necks of land," as might be necessary, not to exceed four acres.

THE SECOND SAW MILL.

It was voted that Josiah and Angel Torrey have liberty "(without any molestation)" to build a dam upon the town's land between School and Rock meadows and so much land as shall be thought necessary for damming, laying timber or boards, &c. And also to have ingress and egress to and from the same. They were also allowed "to drown so much of the pine swamp and other lands" as their dam would cover and to keep the same constantly flowed for four years. After that the water was to be drawn off on the first day of April and not to be flowed again before the twenty-ninth of September following. They and their "heirs, executors, administrators and assigns" were to enjoy the grant so long as they maintained the mill or mills. The saw mill now standing upon or near the original dam is now the property of Putnam W. Taft.

The following assessment for Mr. Rawson's salary was made in two half rates and committed to the Constables Thomas Thayer and Nicolas Cook to collect and pay to Mr. Rawson.

For the above rate it was voted that one-third part should be levied upon "y^e Lotts proportionably," one-third part upon "y^e heads of y^e severall persons Rate abell and one-third part upon Chatels & Improved Land" as the law directs. The Selectmen were to take a new valuation forthwith.

Eleazer Wheelock was granted a piece of land on the backside

of his now dwelling house provided "y^e said Wheelock shall not debar any person from fetching stones out of said land."

Land was granted this year to Eleazer Wheelock, Robert Hall, *Mr. Rawson and Capt. John Smith. Mr. Rawson had the south part of a pond (north of Wheelock's factory in Uxbridge) "as a full Allowance for what land the other part of said pond doth take up of his land," his line running through it.

April 7. The Selectmen with Dea. John Warfield, Jacob Aldrich and Nicolas Cook, a committee chosen by the town, laid out the highways to the North meadows, one by Hope Tiler's cellar and the other through Josiah Torrey's great lot.

1692. Jan. 4. Selectmen chosen were Capt. Josiah Chapin, Mr. Josiah Torrey, Samuel Hayward, James Albee and Samuel Read. Seth Chapin and Samuel Thayer, Constables, and Timothy Winter, John Rocket and Angel Torrey, Surveyors of Highways.

The instructions to the Selectmen, passed Jan. 1, 1682, were, by a vote of the town, still continued.

Feb. 12. The Selectmen ordered that "no person shall cutt or peal any pine trees upon y^e Towne Common, In order to y^e making of Rozen, upon y^e penalty of one shilling a tree, one-half to the Informer y^e other half to y^e use of y^e town."

March 11. The Selectmen laid out a highway to Eleazer Wheelock's house near the Great (Blackstone) River, also a way by Abraham Staples' house towards said river and also a four rod way to go into the neck of land below Mr. Rawson's farm. From this we find that Abraham Staples and Eleazer Wheelock lived in what is known as Rist's city in the northeasterly part of Uxbridge.

March 28. In consideration of ten acres of land and a small swamp, Mr. Rawson discharged the town of four pounds, due from William Holbrook and Edward Pratt, on the rate for his salary. A convenient way of settling parish taxes while the common lands held out, but as all things come to an end, the common land was finally used up. The parish tax came to be paid like all other taxes.

* The Minister.

THE NORTH PURCHASE.

It would seem that fifty families, for some time, at least, would have been content with the eight miles square, the original grant, but, like larger communities, we find them, thus early, eager to extend their jurisdiction as well as to enlarge their borders. To their credit, be it said, they acknowledged the Indian title to the desired tract, and by their committee, amicably negotiated with them for its purchase. Lying upon the *north line* of that part of Mendon, now Milford, to this day it is familiarly known as the North Purchase.

The following deed, supposed to be authentic, is copied from a record in the Proprietors' book:

“TO ALL CHRISTIAN POEPLLE to whom these presents may come, KNOW ye that John Awassamog, Amos Awassamog and Peter Ephraim heirs to John Awassamog, late of Natick deceased, for good and valuable considerations them thereunto moving, and especially for & in consideration of the sum of three pounds Sterling money to them in hand paid by Ferdinando Thayer, Joseph White, Josiah Chapin, Abraham Staples, Samuel Hayward, James Lovet and Samuel Read, seniour, Committee for the Town of Mendon in the County of Suffolk in the Colony of Massachusetts in New England the receipt whereof they do acknowledge themselves by these presents and thereof and of every part and parcel thereof, doth exonerate, acquit and discharge the said Ferdinando Thayer, Joseph White, Josiah Chapin, Abraham Staples, Samuel Hayward, James Lovet and Samuel Read, their heirs and assigns forever by these presents have given, granted, bargained & sold, enfoeffed & confirmed, unto Ferdinando Thayer, Joseph White, Josiah Chapin, Abraham Staples, Samuel Hayward, James Lovet and Samuel Read their heirs and assigns forever by these presents have given, granted, bargained & sold enfoeffed and confirmed and do by these presents give, grant, bargain, sell, enfoeff and confirm unto Ferdinando Thayer, Joseph White, Josiah Chapin, Abraham Staples, Samuel Hayward, James Lovet and Samuel Read of Mendon aforesaid their heirs and assigns forever. The record of this year is closed by a copy of the rate made for the payment of Mr. Rawson's salary from the 25th of October 1691 to the 25th of October 1692. On it I do not find the names of Robert Corbit, Estate of Samuel Sheperd, Capt. John Smith, George Sumner, Saml. More, John Jones, Savill Simpson, Widow Harber, Ruth Bundy, Steven Lazell, Sarah Fairbanks, Saml. Chapin, Lineford's Lott and John Dick's, which appeared on the assessment of 1691; and Saml. Read, Jr., and Nathaniel Fox are found on the assessment of 1692, and not on that of 1691.

1693. This year the Selectmen and other town officers were not chosen until March.

At a meeting, Jan, 2, the town voted that "every person listed in the train band shall give one days work, annually, for cutting and carting wood to the Minister." The Selectmen to give one day's notice of the time and place.

March 1. For Selectmen, Ensign James Lovet, Serg. Peter Holbrook, Thomas Lewis, Robert Taft and James Albee; Town Clerk, Samuel Read; Commissioner of Assessments, Timothy Winter; Constables, William Holbrook and Angel Torrey; *Clerk of y^e Market*, Capt. Josiah Chapin; Tything Men, Benjamin Wheelock, Samuel Hayward and Samuel Tiler.

This is the first time mention is made of the Commissioner of Assessments, Clerk of the Market and Tything Men.

The Commissioner of Assessments was chosen to assist the Selectmen in taking a valuation of the ratable property with the number of polls.

The poll tax for this year was ten shillings, and all were to be taxed except members of the Council, settled ministers and grammar-school masters and others devoted to the ministry and students of the college. The feeble-minded to be free of the poll tax, at the direction of the Selectmen. This act, by which towns were authorized to choose a Commissioner of Assessments, was, by its closing section, only to remain in force for the year 1692. The tax upon property was one-quarter part of the income for the year, and it was granted "their most excel-

lent majesties" (William and Mary) to carry on the war with the French and Indians.

Tithing Men were to present all idle and disorderly persons, profane swearers or cursers, Sabbath-breakers and disorderly persons, that they may be duly punished and discouraged. They were also to look after the licensed houses. Their badge of office was a black staff, two feet long, tipped at one end with brass about three inches.

The Clerk of the Market was principally engaged in looking after the assize of bread.

"The undersigned having been chosen a Committee by the town for the purpose of giving the Selectmen instructions, have agreed upon the following:

1. That they make such orders which may clear or secure the town from the penalty of the law.

2. That they take care to make a Rate for Mr. Rawson's salary and see the same discharged according to the town's Agreement.

3. That they make effectual orders for the preservation of woods and timber upon the town's commons.

4. That they see that all bounds be kept up and maintained between all particular persons and the town's commons, and where any have taken and broken up any part of y^e highways that they see that y^e first stated bounds be still continued and kept up till y^e towne take further order.

5. That they take order, as the law directs, for the making and issuing forth a Town Rate as whereby all such of the town's debts as shall appear to be justly due from the town to any particular person or persons since the year one thousand six hundred eighty and five may be discharged.

6. For the Encouragement of keepin Sheep, that they make such an order as may be effectual for the cleaning such highways as lie within the towne, so as that the bushes may be thoroughly subdued; provided they do not impose or require more than six days in a year upon a single poll or head about clearing of bushes.

7. That they Impower the Surveyors of Highways to repair all such Bridges that stand in need of Reparation, for the Town's use and for mending of highways.

JOSIAH TORREY."

March 16. Deacon Warfield had his parish tax foregone, "provided that he take care of y^e Meeting House, to sweep and take care of the dores that they be not damnified."

May 1. Capt. Josiah Chapin had a grant of "four score and ten acres of land" for services as Representative, and Samuel Read had forty-five acres for a like purpose.

Capt. Chapin was chosen in 1689 "to advise with the Counsel for the Safety of the Poep^{le}," at the time of the deposition of Andros; but no mention, in the town record, is made of the election of Samuel Read as Representative.

This year Mr. Rawson's salary was raised by an assessment of half a crown upon the poll and the rest upon land and stock "from a year old and upwards."

May 23. Timothy Winter was chosen Representative to the General Court, and Josiah Chapin, Saml. Read, Saml. Hayward and Josiah Torry were chosen a Committee to give him instructions.

The Committee met and agreed upon the following instructions.

"Imp^r You shall take effectual care to represent to the General Court the great wrong we doe Conceive is done to us by the County Commissioners In Returning that for our Town's proportion to the thirty thousand pounds granted Their Majes^{ties}, which is far greater than Law or Reason Requers; and to evince this You are to lay before them these severall things, Inserted in the Law entitled an Act for regulating y^e former Assessment, which law, as all others, looke we upon to bee a parte of our Inheritance and Eaqually binding to all.

1. In the law passed Dec. 15, 1692, it is Enacted that the Country Commissioners shall pass into y^e several Towns of such County for which they shall be chosen, at or before the twenty-second of February, 1692, and there joyn themselves to the Selectmen and town Commissioner of each town who made the former list and doe all further things with them, as in said section are Required, which thing was never don although we Expected their coming and ware prepared to Intertain them.

2. That in order to their being insolved into a grand Committee to take an account of y^e sum to tall* off of each list, they must first have y^e second List of each Towne In y^e severall Counties examined, regulated & perfected as y^e former law directs and therefore wee, who thought ourselves well defended by that which each English subject accounts his right and privilege, are surprised to see ourselves Doomed Contrary to Law and Reason, especially considering that y^e Law as their Rule Is all along referred unto, and therefore wee cannot look upon ourselves as any ways Concerned In what Acts the sd Commissioners, of Suffolk have made as a Comittee, having been noe ways transacted According to Law, and further then soe wee take not ourselves obliged.

* Contraction of tallar (Spanish) to cut off.

3. In case that the Bridg over Nipmuck River (the Blackstone) should be brought into Discourse In the Generall Assembly then you are to goe to the Secretary and take out of y^e Records a Copy, If not gotten before, of what was done by the Court In y^e year 82 or three, Concerning a bridg over sd River and Labor what possibly you can that it may be continued a County bridg, and If need further direction or Assistance from the Town In this or any of your Instructions then you are by the first opportunity to signify it to the Committee.

JOSIAH TORREY.

The reasons for these instructions were based, undoubtedly, upon the following considerations: June 24, 1692, the General Assembly, as we have before seen, passed an act for raising money to prosecute the French and Indian war, and set forth the mode and manner in which it should be assessed and collected. The act mentioned no definite sum to be raised, but fixed the poll tax at ten shillings and the property tax at one quarter part of the tax payer's annual income. Certain defects were found to interfere with the assessment and collection of the tax, and Dec. 15 of the same year another act was passed intended to be explanatory of the first, and fixing the sum to be raised at £30,000. Under this act two Commissioners of Assessments for each County were chosen by the General Court; who were to visit each town in their respective counties and, with the Selectmen and Town Commissioner of Assessments, review the assessments made under the first act and revise and correct the same. It is understood, from the instructions, that the County Commissioners did not come to Mendon before the new assessment was made and the town was *doomed* for its proportion of the £30,000. Hence it was held that the assessment was invalid and the Representative to the General Court was instructed to procure a redress of the grievance.

The County tax made July 15, was for forty shillings, as will appear by the following receipt:

“Rec this 27 October 1693 of Mr. William Holbrook forty shillings in Current money for Mendon County Rate

£2:00:00.....pt. Jer. Dummer, County Tresyer.”

In the rate for Mr. Rawson's salary we miss the names of Dea. Warfield, (tax commuted by taking care of the meeting house) John Andrus, Job Tiler, Seth Chapin, Nicolas Mead, Nathaniel Fox and Samuel Pecok, and find the names of Isaac Thayer, John Lovet, Thomas Taft, Elicksander Bogle and Isaac Linerson not before assessed.

1694. Jan. 1. It was voted at a town meeting held this day, that John Thompson should have the "old Meeting House," he paying for the same the sum of four pounds in current money of New England on or before Jan. 1, 1695, and Capt. Chapin was chosen to receive the same and "improve it towards the finishing of the new meeting house."

At this meeting the inevitable James Bick is still "master of the situation" in his controversy with the town about the "smithery work," as we find Mr. Josiah Torrey, Timothy Winter and Samuel Hayward were chosen a committee "to agree with him, *if it may be*, or other wayes to prosecut In Cors of Law untill the Controversy be Issued and that they doe it within six months."

It was also voted that the annual meeting for the choice of officers should be held on the *first* Monday in March.

It seems, this year, the town was determined to have a correct valuation, as they directed the Selectmen and the Commissioners of Assessments "to go from house to house so as to arrive at a true and correct valuation," and in case any one did not answer truly "he to pay duple for y^e same, one half to the In- former and one-half to the town."

March 5, being the *first* annual meeting held in March, Capt. Josiah Chapin, Samuel Read, Sergt. Staples, Sergt. Holbrook and Thomas Thayer were chosen Selectmen; Eliazer Wheelock and John Darling, Constables; Ensigne Lovet, Commissioner, and Samuel Read, Clerk. Surveyors, Fence Viewers and Tithing men were also chosen.

Notwithstanding the labours of the committee, chosen Jan. 1, James Bick is still refractory. He won't do the blacksmith work nor quit the town's land; and so Mr. Josiah Torrey was to have

a letter of attorney; in the name and behalf of the town, to bring the controversy to an end by due course of law.

It seems the training field was not in a proper condition for any very extensive military evolutions, as it was, at this time, leased to Peter Holbrook for seven years, in consideration that he should clear it of *bushes* and have it "fitt for Pastur."

It was voted that any of the proprietors of the town might improve a portion of the highway against their own land for six years, in consideration that they should clear the other part, at the beginning of the six years, and at the end, lay down the part they had improved, and leave the road at its full breadth as it was originally, that is, ten rods wide.

Up to this time we do not learn that any labor had been bestowed on the highways, except to keep the bushes down, so that a way for a cart and oxen could be found somewhere, within the ten rods wide, by shunning the trees and rocks.

This year the office of assessors is mentioned for the *first* time. In pursuance of a warrant from the Province Treasurer, the town assembled July 17, 1694, and chose Capt. Joseph White, Jacob Aldrich and William Holbrook as Assessors for the year ensuing. Capt. White declining to serve, James Lovet was chosen in his stead, and the *first Board of Assessors* was then sworn into office, as the law directs:

It was voted that Jacob Aldrich might improve the whole tract laid out for "a burying^e place," for a pasture (only excluding all swine) so long as he shall keep it inclosed with a five-rail fence, and allow Deacon Warfield the privilege of a passage to the brook for water, he, the said Aldrich, "to subjoine his Ingagement under his hand In the publick Records."

No engagement of Jacob Aldrich being found upon record it presumed that he found pasturage elsewhere, and that Dea. Warfield continued to cross the graveyard for water without let or hindrance.

In a settlement between Elizabeth Parker, relict of John More, formerly of Mendon, and the town, it was found that the balance of the accounts due her was £1.02.04. Among the items with which the town was charged was one of £1.15.00, "for making y^e pound and stocks." By this it will be seen that

the town early provided the means of restraining damage feasant whether committed by man or beast.

BOUNTY ON WOLVES.

Although the order of the Selectmen offering a bounty of 20 shillings for killing a wolf was repealed May 10, 1669, "upon Goodman Thayer's motion and reason he gave," we still find, by the following memorandum, that a price had been again set upon his head.

"WOLVES KILLED.

Eliazer Wheelock: one woulf killed Jan. 25, 1664.....	£1.00.00
William Holbrook, two wolves; one Apr. 13 & one May 1, 1694....	2.00.00

John Thomson, one wolf May 4, 1694.....	1.00.00

	£5.00.00"

A rate was made this year to defray the indebtedness of the town from y^e year 1685 until 1693, and delivered to William Holbrook then Constable, "with an order upon the back side" to pay the several sums to the persons whose names where there-upon written and which are as follows, viz:

The above accounts were for services rendered to or money paid for the town. They were audited by the Selectmen and directed to be paid, as above, without being reported to the town. Happy the town whose aggregate indebtedness for nine years could be liquidated for the sum of twenty-six pounds ten shillings and ten pence.

Two rates for Mr. Rawson's salary and one for £8.10.03 "to procure a town stock of ammunition as the law directs" complete the record for the year.

1695. This year opens with the closing of the controversy with James Bick (the Town Clerk always spelled his name with a small b), who, for some reason, had failed to fulfil his contract with the town to do "the smithery work."

His ten-acre lot, with all the rights and privileges belonging to it, was sold by the town to Samuel Cook for twenty-five pounds, "Current money of New England;" and Mr. Josiah Torrey was empowered by the town to give a deed in behalf of the town, and take security of Cook for the purchase money.

By the law of Nov. 16, 1692, any person coming into town and residing there for the space of three months without being properly warned out, gained a settlement therein. In accordance with this law, Jan. 24, Thomas Fuller, his wife and child, were "duly warned to Departe the town." They came into the town Dec. 11, 1694.

Josiah Chapin, Robert Taft and Samuel Read were chosen a committee, in 1693, to ascertain whether Timothy Winter had enclosed any of the town's land within his fence. January 24th they reported that he had taken in one acre and thirty-two rods, and to which they set up definite metes and bounds. The matter was amicably adjusted by Mr. Winter for the trespass, he

paying the sum of fifteen shillings; "and which fifteen shillings is to be allowed to sd Winter for part of his wages for attending the General Assembly."

This one acre and thirty-two rods, being situated in the vicinity of Pond Hills, may have been the identical tract of land, for the ownership of which, some thirty years ago, there was carried on a protracted and expensive course of litigation.

March 4. At a "Generall Towne meeting," Capt. Josiah Chapin, Samuel Read, sen., Sergt. Staples, Sergt. Holbrook and William Holbrook were chosen Selectmen; Robert Taft and Josiah Thayer, Constables; Samuel Read, Clerk; and Ensign Lovet, Commissioner of Assessments. Tithing Men, Surveyors of Highways and Fence Viewers were also chosen.

At this meeting it was voted "that all persons that have taken in any of the highways or town's common and do not, at or before the fifteenth of March Instant, Lay downe the same for Common and move there fences off the same, (or Come and Agree with the Selectmen for the same at a price, and have the same entered upon the towne Record, att or before the fifteenth of April Next Insuing the date hereof.) shall pay to the towne, as a fine, the sum of twelve pence per rod, for every Rod so Improved or In combered for the space of one month after the fifteenth of April Afore said and so from month to month untill laid downe againe." It will be remembered that the early roads were laid out "to the full breadth of ten rods wide," and up to this time, the record shows that the towns were disposed to keep their ancient limits,

In the olden time, as well as at later date, the good people of Mendon, it seems, sometimes complained of the doings of the County Commissioners. In 1693, Timothy Winter was chosen Representative to the General Court, and was instructed to represent to the General Court the wrong done the town by the County Commissioners of Assessments, in rating them too high (dooming them) for their proportion of the £30,000 granted to William and Mary to carry on the French and Indian war.

It seems the Representative did not meet with success in his endeavors to abate the grievance complained of, for at this time, 1695, we find the town voting as follows, viz:

"Att a publicke towne meeting, the towne beinge Legaly Convened to

take notice of and act upon A Warent Received by the Select men from the Treasurer Comanding the payment of sixty five pounds, said to bee y town's proportion to y^e two last payments of the thirty thousand pounds."

"That they saw noe Reson to proceed to a New Valuation, It being in their apprehension, Contrary to y^e Act Intituled an Act for Regulating the former Assessment and for granting an Addishanall supply, which Act they fully acquisce in & doe hereby declare their Resolution to stand by, and that If the Tresurer shall pleas Transmitt a list qualified According to sd Act they will Redely yeeld them selves obliged to pay their Respective Assessment determinable thereby."

For the security of the Selectmen "for not acting according to any other method" in the premises, and in case they should be put to cost, they were authorized "to reimburse themselves, ther heysrs, Executors or Administrators by making a town rate to be paid to them or their order forthwith."

Thomas Thayer, Abraham Staples, Joseph White, Jr., Josiah Thayer and Samuel Read agreed with the Seleetmen "to take in portions of the highway adjoining their several estates, not exceeding five rods in width, provided they cleared up Y^e other part of y^e highway for y^e space of six years and then laying it down for y^e town's use."

At the same time a piece of land was granted Robert Taft between the four-rod highway leading to the South meadow and the Pond, being one half an acre, more or less, not to intrench upon the road, nor come within four rods of the bank of the pond, and so leaving a way, straight, from the four-rod highway by his house to the pond, of six or eight rods wide.

The Selectmen "filed a bill No. 40" to pay the bounty on wolves this year.

"Two killed by Eleazer Wheelock, 1 March 12 and 1 April 10.

One killed by John Thomson May 6."

The two semi-annual rates for the payment of Mr. Rawson's salary were made as usual, in one of which were two columns. The first column was country pay, such as the town raised (see Mr. Rawson's Settlement), and the second was money, as follows:

From this assessment we find that the "Country pay" amounted to £23.03.09, while the "Money" amounted to but £8.00.00. The country pay was comprised in the items of pork, wheat, barley, Indian corn, rye, peas, beef and work, and two pounds of butter from every cow. The different articles were to be taken at the mean price of the market. The minister's salary for 1695 would hardly supply the means for a flying visit to Europe, or even a lengthy travel at home. The minister of 1880, it is supposed, would have no objection to the two pounds of butter for every cow.

A Country tax was also levied of £4.05.11, four pounds of which was to be paid to Jeremiah Dummer, Esq., Treasurer, and the balance to the Town Clerk.

1696. March 2. Capt. Josiah Chapin, Lieut. Josiah Torrey, Samuel Read, Samuel Hayward and Samuel Cook were chosen Selectmen, Benjamin Wheelock and William Hayward Constables, and Samuel Read Town Clerk.

The selectmen were to be governed by the instructions given for the Selectmen of 1693 (to which, reference may be had), thus leaving to the people but few subjects for municipal action. The *occasional* orders of the Selectmen, recorded in the town book, it is presumed, furnish but few of the doings of the Selectmen; and hence we are left in ignorance of many transactions which would be matters of interest in the present day and generation.

There are but few recorded transactions of the town during this year. "Deacon Warfield was to have fifteen shillings for sweeping the Meeting House (thirty feet square & no pews) the past year and the same for the year to come, to be assessed with Mr. Rawson's salary."

The controversy with James Bick, the blacksmith, was finally closed this year, by choosing Capt. Chapin, Ensign Lovet and Samuel Read, sen., a committee to adjust the account of Mr. Josiah Torrey, "for his pains and truble about y^e land James bick was possessed of," and to receive the balance of the money which may remain in his hand "after his charg is responded;" and also to receive the bond which Samuel Cook gave for the payment of the purchase money for Bick's land. As Mr. James Bick would not do "the town's smithery work," nor pay for the land according to his agreement, it is probable that there was no amicable adjustment made with him, but that the matter was settled by "process of law."

The following Power-of-Attorney is copied from the Town Book, to show a more excellent way for settling controversies about the division of land, or reconciling the disagreements about boundaries:

"Know all Men by these presents that I, Thomas Lewis of Bristoll, Doe Constitute And Appoint my well beloved friend Capt. Josiah Chapin, of Mendon, In my Roome and stead for to Joyne with sergent Abraham Staples, of Mendon aforesaid to Devid A percell of medow that belonged to John Parris's Lot in Mendon Now Eaqually belonging to me the said Lewis and y^e Above sd Staples, and doe by these presents bind myself my heyers, Executors, administrators and Assignes to stand to their Agreement about y^e devison of sd medow, and after the decision is made to cause the same to be recorded, as witnes my hand this 9th of January 1695-6.

THOMAS LEWIS."

How many costly and vexatious law-suits that, not very infrequently, drag their slow length along, engendering strifes and bitterness through two or three successive generations, might be avoided by referring the issue to the kindly arbitration of neighbors and friends.

Happy the town that can conclude its transactions for the year by a record of equal love and good will with the above.

I find that Thomas Lewis was taxed in 1691, 1692 and 1693. He was chosen one of the Selectmen in 1693, but declined serving, and Samuel Read was chosen in his stead. From whence he came is not known.

The following petition, although dated in 1695, was not inserted in the transactions of that year, from the fact that it was not acted on by the General Court until 1696:

Town's, Vol. 113, p. 130.

“To the Much Honoured General Court Now sitting In Boston this fourth of December 1695. The address of Josiah Chapin Peter Holbrook & Josiah Torrey, Selectmen for the Town of Mendon, for this yeare, beinge in behalfe of said Town.

Humbly Sheweth,

That by virtue of an order of the Honorable Council your petitioners were ordered to attend upon this Honored Assembly to answer for Contempt or Neglect of attending a warrant Sent by the Treasurer, by order of the General Assembly, for the assessing of Sixty-five pounds upon our towne. In obedience to which Your Petitioners made their appearance and made answer that no such warrant ever came to their hands; nor did wee (considering what steps the regulating that tax required) ever judge that sum due from us, but being assured that the order of the General Court, since that Law enacted, must be complied with, we are bold to represent the low and extraordinary afflicted Estate of our town to your honered selves, hoping that we shall find that relief in your mercy, which we are out of hopes of obtaining In any other way. May it therefore please your Honers to be informed that our town, being a Frontier Town, hath, for diverse years past, for two months together, and that the chiefest time in y^e year, been enforced to spend our time In watching and warding for the security of our lives and estates, which beside all the losses we sustain by being driven into heapes, amounts to a great deal more than the sum demanded of us; unto which we take y^e liberty of subjoining that, by reason of y^e blast on y^e English grain & the frost taking the Indian Corn there is not enough left to us as will (we are fully assured) serve the Town till y^e end of May and how we shall be able to subsist we know not. There is nothing but a small stock of cattle left to us, the most being already enforced to sell a considerable part of y^e stock to answer their assessments. For our own part, we dread to think what will become of us and how we shall be able to uphold y^e Ministry of y^e word amongst beings so extraordinarily reduced & most every way unable to assist themselves,

Our humble request is that the sum above expressed may be remitted to us & that, for the future, we may be considered with respect unto those yearly troubles that have been upon us & which we cannot but be in expectation of, that we not be inforced to spend our time in securing other towns who are, having such an outwork, following their business without any such diversions and troubles & yett have small charge to grapple with, which will force us to pluck up stakes & seek relief and shelter where God shall open a door for us.

Not further to trouble your Honers we subscribe our selves,

Your Honours bounded Servants.

JOSIAH CHAPIN

PETER HOLBROOK

JOSIAH TORREY,

June 16. 1696. Read in the House of Representatives.

In answer to said petition, voted that the sum of twenty pounds be abated

to the sd Town out of the tax of sixty five pounds assessed upon said town as their two last parts of the tax of £30,000 and sent up to the Lt. Governor & Council for Concurrence.

PENN TOWNSEND, Speaker.

Read in Council & Voted a Concurrence,

ISAAC ADDINGTON, Sec."

1697. March 1. Capt. Josiah Chapin, Samuel Read, Sen., Peter Holbrook, William Holbrook and Thomas Thayer were chosen Selectmen: Samuel Read, Sen., Town Clerk, and Samuel Read, Jr. and Joseph Rocket, Constables.

At this meeting it was voted that "Mr. Rawson's salary should be raised according to our former law and 9 pence upon the head, and then double the whole until it makes up the sum." How this *doubling* was effected, no explanation is found in the record. The modern tax-payer sometimes thinks the modern assessor has discovered this process of doubling the whole until it makes up the sum.

It was also voted "that the £18 demanded of us by the Colonial Treasurer should be raised the same way as Mr. Rawson's salary is raised."

Dec. 3. 1697. Amy Staples, with her child, was warned "to Leve and Depart the Towne," by John Rocket, one of the Constables.

"Mendon 22d. December. Then Received of Lieutenant Samll. Read the Ten pound Ordered to me by the town vote as above to the end therein specified, I say Red.

£10.00.00.

pr. me, GRINDAL RAWSON."

These ten pounds were probably the last payment of Samuel Cook for the James Bick lot, as we have seen that Samuel Read, as Town Clerk, held the bond of Cook, and that the last payment was to be made on or before the 25th of December, 1697.

The record of the two semi-annual rates for the payment of Mr. Rawson's salary completes the doings of the year. In both rates fifty persons were taxed. In the first one the amount of the assessment was £25.12.04, of which £20.10.04 was to be in "country pay, such as the town raiseth," and £5.02.00 in money.

The renewing the line between the Ministry and School meadows and Mr. Emerson's meadow, completes the transactions for the year.

1698. March 7. Chose for Selectmen, Capt. Josiah Chapin, Samnel Read, Sen., Ensign James Lovet, William Holbrook and Samuel Thayer; Town Clerk, Samuel Read, Sen.; Constables, James Albee and Thomas Taft.

It was voted at this meeting that Mr. Rawson's salary should be made in one rate, and in the month of September, and also that he should have forty cords of wood yearly, to be assessed as a tax and paid in at or before the 25th of October annually, and "if any person fail to pay his proportion, then to pay after the rate of four shillings a cord In marehantable pay."

Some difference, we see, between the price of wood (4s.) in 1698 and the price of wood (9.00) in 1875. Few parishes, we think, would be willing to employ a minister, nowadays and add forty cords of wood to his yearly salary.

At this meeting it was voted "to grant a Streame for the In-coradgment of a Corn Mill within the bounds of the town;" and Capt. Chapin, John Rocket, Robert Taft, Sen., John Tiler and William Holbrook were chosen a committee "to view the streams and pich upon a place for that purpose and make Return of y^e same." The records do not show that this committee made any report.

The town now reconsidered the vote about Mr. Rawson's salary, and then voted there should be two half rates, and said nothing about the wood.

"SAW MILL AT WOONSOCKET FALLS.

MENDON, 21. November 1698.

The Selectmen met and by virtue of a Towne vote upon a Training day, y^e seventh of November instant (no record of any meeting on this day), whereby y^e Towne Impowered y^e Selectmen to give proprietors, now In-gaging to Erect a Saw Mill att the Falls upon the Great River, free liberty to Cutt timber upon the Town's Common to Erect a Saw Mill att the sd place, We y^e subscribers Doe give Samuel Comstock, in behalf of the Proprietors, free Liberty to Cutt so much timber as will be necessary for their use, viz. to build the saw mill and dam.

The following account of Josiah Chapin is inserted here, as showing the manner in which accounts with the town were dis-

posed of. Finding it among the recorded transactions of the town, it is presumed that it was presented and read in open town meeting, and there became the subject of inquiry and criticism, by any one who might be disposed to doubt the truthfulness or accuracy of its items:

If all public accounts had always been stated as clearly and fully as the above, and brought as plainly to the knowledge of the tax-payers, we should have heard but little of the venality of the modern office-holder, and the millions which have been stolen and squandered by corrupt “rings” would have remained in the pockets of the tax-payers or been profitably and economically expended for the public good.

The transactions of this year were brought to a close by the record of the location of three roads.

The *first* was named the Wrentham road, and is, substantially, the present road leading from the Third District School-house over Mill River to Bellingham, in the direction of Wrentham. This road was two rods wide.

The *second* road was laid out from Dedham line, between Peter’s River and our Mill River, it being the road to Rehoboth, and was four rods wide. It is a portion of the present road to Providence, R. I., through the easterly part of Blackstone.

The *third* road began at the “Iron works at the Falls,” and was laid out northerly until it came to the Rehoboth road at Grave Meadow Brook. This road, with little alteration, is the

present road from Mendon to Woonsoeket, by the way of the Five Corners (so called) in Blackstone.

Grave Meadow Brook was so named from its proximity to an Indian burying place; and is the brook whereon Solomon Pratt's trip-hammer shop once stood. Possibly the site of this burying yard may have been the same with the location of the present burying place near Blackstone line.

1699. Jan. 16. At a town meeting held this day, our pastor, Mr. Grindal Rawson, Deacon John Warfield and Samuel Read were chosen a committee "to seat the Meeting House." From this vote it is presumed that the pew had not yet found its way into the meeting house, and that there had been no permanent appropriation of seats. The duty of this committee, it is supposed, was to assign the seats, for the time being, so that each family should readily find its allotted place.

March 6. It being the annual meeting, Capt. Josiah Chapin, Samuel Read, Sen., Peter Holbrook, Thomas Thayer and John Bridges were chosen Selectmen; Samuel Read, Town Clerk and John Rocket and Samuel Cook, Constables.

At this meeting various tracts of land, varying in extent from one acre to thirty, were granted to Nicholas Cook, Samuel Cook, John Cook, John Tyler, Joseph White, Benjamin Albee, Samuel Read, Benjamin Wheelock, Ferdinando Thayer and Jonathan Hayward.

The grant to Nicholas Cook was "two acres of land or swamp In the corner of the pine swamp next to *brak neck hill*." This tract must have been located upon the north side of the county road (formerly the Boston and Hartford turnpike), and adjoining the woodland of John G. Metcalf on the west, and the woodland of H. P. Butler on the south, across the road.

A ten-acre lot, with all the rights and privileges, was sold to Jonathan Richardson for twenty pounds. The "rights and privileges" constituted Richardson a co-partner in all the land yet unappropriated. It was laid out by Josiah Chapin, on a hill the east side of the Great River, adjoining lands of James Walling and John Bollcom.

April. The line was run and the bounds (trees) new marked between Mendon and Sherborn by Peter Holbrook, Joseph Rocket and Jacob Aldrich for Mendon, and Liéut. Jonathan Morse and William Rider for Sherborn.

June 26. "Att a generall Town meeting Legally warned," it was voted that the next division of land (formerly agreed on) shall be forty acres to a twenty-acre house lot and in like proportion for all other lots.

Sept. 5. "It was voted that, for this present year, from the 25th. of March 1699 until the 25th. of March 1700, that the Towne will give Mr. Rawson fifty-five pounds, the one half in current money of New England, the other half in current pay, such as the Towne Raiseth, vict: wheat 4 shillings per bushel, Rye 3 shillings, Indian Corn 2 shillings, Pork att 2 pence half penny per pound, beef at 2 pence per pound good and marchantable, the whole to be paid to Mr. Rawson Att his house In Mendon att or before the 25th of October next Insuing the date hereof."

Oct. 10. A rate for Mr. Rawson's salary, as above, was made, including the forty cords of wood, a copy of which is here sub-joined:

William Danser came into town in July and was warned out

Sept. 6, 1699, and return made to the General Sessions of the Peace Oct. 3, 1699.

The last record for this year is as follows:

“ BOSTON 13 December 1699. .

then Received of Samll. Read forty shillings mony in full for Mendon County Rate In y^e year 1696.

Received per Jer. Dumer.

By an Act of the General Court passed March 20, 1699, Wells, Kittery, York, Amesbury, Haverhill, Dunstable, Chelmsford, Groton, Lancaster, Marlboro, Brookfield, Deerfield, *Mendon* and Woodstock* were declared to be “ *Frontier Towns.*”

Of those who were settled in Mendon, up to the present time, and were supposed to be heads of families, the following persons had died, viz:

1700. March y^e 4. Chose Samuel Read, sen., Ensigne James Lovet, Sergt. William Holbrook, Samuel Thayer and Benjamin Wheelock, Selectmen; Samuel Read, sen., Town Clerk; Sergt. Peter Holbrook and John Bridges, Constables.

“ Att the above-said Meeting It passed by vote that the five pound that is In Capt. Chapin’s hands Received y^e last May shuld be Improved for the use of procuring a new drum and a burying cloth and the Remainder If any be for procuring Amunition for A town stock.”

John Cook was granted leave to exchange his land at *Magor Miscok* for land elsewhere, “ provided he dns it within a fortnight.”

Mr. Rawson was allowed to leave his land upon West Hill, on the road to Eliazer Wheelock’s house, and take it up on the other side of the Great River.

Capt. Chapin and Ensigne Lovet were chosen a committee to give allowance and lay out the next division of land.

* Now in Connecticut.

Jonathan Richardson was granted ten acres of land "adjoining to the Great River upon the east side, wheare the Mill River Emptys Itself In to the Great River."

When it is understood that the Mill River empties into the Great River (now Blackstone) below Woonsocket Falls, it will be seen that the town virtually claimed jurisdiction beyond any of the three surveys which had, at that time been made. The southern boundary of the Colony was then, and for a long time afterwards, unsettled, and, perhaps, remembering that possession is held to be nine points of the law, our shrewd ancestors considered it the part of wisdom to set up a claim sufficiently large enough to cover what, in the final adjustment of the boundary line they might be obliged to surrender.

About this time beds of iron ore had been discovered in that part of the town now Blackstone, and the inhabitants, fearing, it is supposed, the supply for home consumption would run short, on the 17th of September voted "that noe person should carry any mine or iron ore out of or from the Town's Commons upon the penalty and forfeiture of twenty shillings a load, the one half to the Informer, the other half to y^e use of y^e Towne." The iron works at the Falls, which have been mentioned before, were probably furnaces for smelting the ore.

At the same time the timber supply became a matter of consideration, and as their eyes had been opened in regard to the value of things *under* the earth, it was quite natural for them not to forget the prospective value of things *upon* the earth, and hence at the same meeting they enacted "that noe person shall fall, Cut or Carry away any Trees, Logs or any other sort of timber Either wrought or un wrought off of or from the Towne's Commons upon the penalty and forfeiture of twenty shillings a tree, the one half to the Informer and the other half to y^e use of y^e Towne."

Oct. 14. Samuel Thayer had liberty to dispose of or carry away the iron ore that had been dug near Jonathan Richardson's land, he paying twenty shillings to Capt. Chapin within three months, for the town's use. Capt. Chapin was to settle with those "who made discovery and Report of the digging and Remove of sd mine or Iron ore," and "the overplush to be Returned to the town if any be."

This year William Holbrook killed five wolves and had their ears cut off by the the Constable.

Oct. 8. A County rate for forty shillings was made, and John Rocket, the Constable, was directed to collect and pay the same to the County Treasurer, at Boston, before the last of December next.

Nov. 28. The usual rate for Mr. Rawson's salary, including the forty cords of wood, was made this day, completing the recorded doings of the town for the year.

1701. March 3. Selectmen for this year were Capt. Josiah Chapin, Samuel Read, Sergt. Peter Holbrook, Sergt. William Holbrook and John Darling; Town Clerk, Samuel Read; Constables, Thomas White and Ebenezer Staples. Besides Tithing Men and Fence Viewers, Joseph Rocket and Jacob Aldrich were "to take care that the law about swine be put in execution."

Ensign Lovet, Benjamin Wheelock and John Tyler were chosen a committee to give the Selectmen instructions, and which were as follows, viz:

1. Imprimis. That they make a Rate seasonably for the payment of Mr. Rawson's salary, according to the town's agreement.

2ly. That they forthwith take care to examine all men's claims of debts owing to them from the town and lay them before the town, at a general town meeting warned by them, or the major part of them, and, upon the town's allowance of them, to emit a rate for the discharging them.

3ly. That they make orders and present them for allowance and confirmation, as the law directs, for the preservation of wood and timber growing on the town's commons and for the preventing of carrying out of town or transporting timber or iron ore from the town's commons.

4ly. That they make effectual orders for the preserving and keeping up the bounds of particular men's lands that abut upon the town's commons and take care that if any person or persons have transgressed by mowing or tilling the town's commons, without towne order, that they be effectually proceeded with and made to lay them down.

It would have been well had instructions like these been continued to the present day. Honest disbursing officers would have no objections to such scrutiny, and dishonest ones should be watched for the public good. Had this watchfulness been continued until the present day our ears would not be so frequently pained

with the startling revelations of defalcation and embezzlement so often brought to our notice by the daily papers.

At this meeting the Selectmen, with Mr. Grindal Rawson, were instructed—

“To Treat with Deacon Warfeeld, upon his refusal, with sume other person whom they shall Judge sutable, to be A schoole Master to Teach the Children of the Towne to Read: and for this or any other person's Encouragement In said work the Town shall pay ten pounds In good Current pay att money price, and each person sending children to schoole to pay one penny A Week.”

THE SECOND TOWN POUND.

May 27. The Selectmen agreed with Joseph Plumley—

“To erect a Pound for the Town's use, of thirty foot square, of six rails, all square posts and the Rails tenanted In to the posts, and a cap framed on upon the head of the posts, and a gate of four feet wide, to hang the gate and finish the work on or before the last of May next Insuing, for which he is to be paid forty shillings out of a town rate.”

The Pound was to be set up between Joseph White's and Sergt. Staple's “by or in the ten rod highway.” This designation would locate it in the neighborhood of the present Methodist meeting-house.

At the above-said meeting (March 3) the Selectmen agreed with Deacon Warfield—

“To keep scool half a yeaere and to begin on munday y^e 14th of April Next, and for his pains to have five pounds In good Current pay att money price, and one penny a week for Every Child that Coms to scoolle.”

So Deacon Warfield was the *first* public-school master, and by the terms of his contract, he was simply to teach his pupils to read. Nothing was said about writing, arithmetic or grammar.

April 18. The Selectmen met and gave the oath, as the law directs, to the Town Clerk, Samuel Read; Thomas Thayer, Surveyor of Highways; John Bridges and Joseph Plumley, Fence Viewers, and to Samuel Thayer and Thomas White, Constables.

This is the first *record* we find that the town officers made oath to the faithful discharge of their duties.

March 17. The Selectmen, at a town meeting held this day, presented a schedule of claims against the town, and after they were considered, Ensigne James Lovet, John Tyler and Joseph

Rocket were chosen "to goe about the town and Take a valuation and bring it to the Selectmen In order to ther making of the towne Rate."

Nov. 21. Those persons who had neglected, until now, to bring in to Mr. Rawson their proportion of wood, were directed to do so by the first day of December next, or in default to pay after the rate of four shillings a cord in current pay.

Capt. Chapin declaring his inability to go on with the measuring of the lands, Thomas White was chosen a surveyor "to lay out Either with Capt Chapin or without him."

At this meeting it was voted that—

"Samuel Read, sen. for his service in keeping of the towne booke and Recording Towne votes, Rates and other transactions of the towne, from the first beginning of his keeping them (1680) until the beginning of March next Insuing the date hereof, shall have six pounds in money or marchatable pay at money price, and the price of wheat was fixed at 5s. per bushel, Rye at 4s. and Corn at 3s. per bushel."

The record for this year closes with the entry of the account of Samuel Read and the annual rate for Mr. Rawson's salary.

SAML. READ, debit.

To forty-five Acres of Land Granted to the sd. Read by the town at a General meeting May y ^e 1. 1693.....	05 00 00
of William Holbrook, Constable 1693 as part of a towne rate.....	01 16 00
	£6 16 00

The *black staff* for which Mr. Read paid ten shillings was for the Constable. By law he was to have his staff with him when in discharge of the duties of his office, "so that none could plead ignorance." What its length and size were cannot now be determined, but as it sometimes proved "inconvenient by giving oppertunity to delinquents to escape," by an act passed May 12, 1675, it was allowed to the Constable "when he acted by virtue of a warrant to him directed from authority," to carry his staff or not as he might choose.

The money paid Mr. Addington was probably for recording the deed of the North Purchase. The twenty-three days at Court, he was probably serving the town as Representative, although no record is found of his election. The money paid to Capt. Chapin and Serg. Holbrook was when they were summoned before the General Court for contempt about the assessment of the sixty-five pounds.

In the rate for Mr. Rawson's salary this year, the forty cords of wood were included, each man being assessed the proper number of feet.

1702. March y^e 2. Selectmen, Josiah Chapin, Samuel Read Sen., James Lovet, John Tyler and Joseph Rocket; Samuel Read, Sen., Town Clerk; John Cook and Thomas Thayer, Constables; Haywards and Field Drivers chose for the first time, viz: John Rocket and Joseph Plumley.

It will be remembered that in January, 1684, the town made an agreement to put up a grist mill, with Matthias Puffer, upon the site of the mill burned by the Indians, being the mill built by Benjamin Albee.

By the following proceedings it is supposed that Puffer had failed to keep the mill or dam in proper repair for *twenty years*, according to the terms of his contract with the town. It is probable that the dam had failed and that the pond had disappeared, as the town voted "to prohibit any person from taking up y^e Land or Pond upon any Accounte."

For building the mill, Puffer was to have fifteen pounds, which he was to refund to the town if he failed to fulfil any portion of the agreement, under a penalty of thirty pounds. Josiah Chapin and Simon Peck were chosen to see that the agreement with Puffer was fulfilled. In the meantime, Deacon Peck, having deceased May 27, 1688, Samuel Read was now chosen "to Joyne with Capt. Chapin in the Management of y^e Agreement with Matthias Puffer about the Grist Mill."

Whether Puffer refunded the fifteen pounds, or whether he repaired the dam or mill is not known.

Denice Darling, William Holbrook, Thomas Taft and Peter Holbrook had liberty to leave land in one place and take it up in another.

Jonathan Richardson had land laid out on Quick Stream, where it empties into Mill River, a portion of which is now overflowed by the factory pond of the late Edward Harris, of Woonsocket.

Dec. y^e 11. The Selectmen agreed with Samuel Read to take care of Ephraim Peck, who, it is supposed, was feeble-minded.

This year William Holbrook killed two wolves, and Ebenezer Thayer one, and their ears were duly cut off by the Constable, "in the presence of sum of y^e Selectmen."

A schedule of the town's debts, which had accrued between the 18th of January, 1694, and the 21st of January, 1702,

amounting to £27.19.05, was presented, and a rate was ordered for their payment. Upon the back of the Constable's warrant was written the names of the creditors and the amount to be paid to each.

A County tax for £06.01.04 was also assessed this year, as well as the usual one for Mr. Rawson's salary.

Besides these, a *second* County tax was assessed, pursuant to a warrant from Addington Davenport, Clerk of the Court of the General Sessions of the Peace, for the sum of £02.00.00. The warrant was dated Boston, November 14, "In y^e first year of her Majesty's (Queen Anne) Reigne annoque Domini 1702." In this rate, sixty-two persons were taxed in various sums, ranging from one shilling and eight pence to two pence.

1703. March 1. Capt. Chapin, Samuel Read, Ensign Lovet, John Darling and Samuel Thayer were chosen Selectmen; Samuel Read, Town Clerk, and William Holbrook and John Farnum, Constables.

In 1674, the town had voted that all the land between Muddy Brook and Mill River "shuld lye for *perpetuale* comon," but at different times the town had allowed land to be taken up within the prohibited limits, and the attention of the town having been now called to the fact, it was voted that the title to the lands already granted should not be disturbed, and that, for the purpose of straightening their fences, they might take in such quantity of land as the Committee on Allowance for the Fourth Division should deem proper.

John Jones, of Hull, was granted twenty acres of land near to Seth Chapin's land, provided he improve it for *his house lot*. Here he built his house, upon the east bank of Mill River. It was the *first* house in what is now known as Hopedale, in the town of Milford. This grant remained in the possession of the Jones family until a late period, and the house was taken down in 1874.

At this meeting the Selectmen, with Mr. Taft and James Albee, were chosen a committee to devise a way "for the Inlargement of y^e seats and making more room for the present conve-

nience of y^e poeple in y^e meeting house," and they were to see that the matter was speedily attended to.

William Holbrook or any other person or persons had liberty to build horse sheds near the Meeting house, in the highway, provided they build them on the east side of the way, "close to the fence." Close to the fence, indicates that the ten-rod highway was not to be embarrassed by obstructions.

Although there is no record of the *choice* of a Representative to the General Court, Capt. Josiah Chapin served the town in that capacity, as the following record will show: April 23, the town voted that "Capt. Chapin should have his pay for his services as Representative to the General Court for the Town in March 1703, it being £3.10s, out of the money in his hands that came from Jonathan Richardson towards his Lott."

A committee was also chosen to ascertain the total indebtedness of the town and present the same for audit and adjustment.

May 24. The town voted that horses and sheep *that are not unruly* "might goe att Liberty this yeare," and that the Haywards should be indemnified for any costs resulting from the abeyance of their official duty. The principal difficulty about this arrangement seems to be the *unruly* horses and sheep.

Sept. 27. A country rate (State tax) was assessed for £36.15.00, and "John Arnold and y^e rest of y^e owners in y^e saw Mill" were taxed three shillings. This was the saw mill, without doubt, built by Samuel Comstock at the Falls on the Great (Blackstone) River. Another country rate for the same amount was also made, as well as a county rate for twenty-six shillings and two pence, in which Capt Josiah Chapin was set at nine pence, and Benjamin Albee at one penny.

The usual rate, for Mr. Rawson's salary, was also made, including a separate rate for the forty cords of wood.

1704. Jan. 14. The following accounts were audited and allowed, viz:

Capt. Chapin to have the balance in his hands paid him by Jonathan Richardson, for a part of what is due him for services at the General Court.

The Selectmen to have forty shillings for their expenses for 1702 and 1703.

Samuel Read, Ebenezer Staples and Christopher Winter to have seven shillings "for caring Kitt Portengall to Marlborough." Kitt must have been a hard customer to require the services of three men to transport him from Mendon to Marlborough.

John Rocket and Daniel Lovet to have four shillings and six pence for running the line between us and Sherborn in 1702.

William Holbrook to have ten shillings for his "jurney" to Boston as Commissioner (of assessment) in May, 1703.

John Darling and Samuel Thayer to have five shillings "dewe to them" for repairing the seats in the Meeting house in 1703.

Joseph White to have twenty shillings and ten pence for sweeping and taking care of the Meeting house in 1702 and 1703.

The town then voted to raise and appropriate, to pay these debts, the sum of eight pounds four shillings and eight pence, and ordered the same to be paid "in Marchantable Corn; wheat at four shillings per bushill, rye att three shillings and Indian corn att two shillings per bushill."

March 6. Chose Capt. Chapin, Sergt. William Holbrook, John Cook, Thomas White and Samuel Read for Selectmen; Samuel Read, Town Clerk, and Ebenezer Thayer and Daniel Taft, Constables.

It was voted the Selectmen should have twenty shillings annually for their time and services.

March 6. William Holbrook was paid for four grown wolves.

The following copy of an official record will explain the status of Ephraim Peck:

Suffolk ss. Anno Regina.

Att her Majesty's Superior Court of Judicature Begun and held att Boston, for and within the County of Suffolk Aforesaid on Tuesday the second of May, Anno Domini one thousand seven hundred and four, upon Reading the Petition of the Select Men of Mendon, Therein showing forth that Ephraim Peck, son of Simon Peck, Deceased, an In habitant In there Towne is so Defective in his under standing as that he is incapacitated to Manage his Estate and in no sort Able to take care for himself, so will soon become a Towne Charge, If not timely prevented. And further that the said Ephraim Peck hath sune Real Estate in sd Towne, the Income of

which is In considerable, that it will doe little Towards his subsistance:— Wherefor Pray that they may be Impowered to make sale of the Real Estate of the sd Ephraim Peck In order for his maintenance and Paying the Charges on that be halfe all Redy Expended. Its Therefore Considered by the Court (Pursuant to an Act for the Relief of Ideots &c.) That the Select Men of Mendon be and are hereby Impowered to make sale of the Real Estate of the sd Ephraim Peck for the ends and uses Aforesaid and Pass and Execute good and sufficient Deeds and Conveyances In the law for the same.

December. A County rate for £01.06.02, and a Town rate for £04.10.00, as well as the usual rate for Mr. Rawson's salary, was made and committed to the Constable.

It seems the recent rate for the payment of town debts did not comprise all its indebtedness, as the Selectmen met the 25th day of December and issued their warrant (the first one of which mention is made, though not recorded) "to Constable Thayer to warn *all* the Inhabitants to meet on the 29th instant, and to bring in their demands against the town, so that a town rate could be made to discharge the same."

This "recent rate" was made Jan. 17, and as no further assessments are found matters of record, and as new names are being added and familiar ones dropped out, the rate is here inserted, with the names of the several persons among whom the Constable was to distribute the amount of the rate.

The General Court, by an act passed June 14, published June 30, 1704, entitled "An act directing that the militia of the frontiers be provided with snow shoes," "for the more ready and better pursuit after the Indians in the winter, upon the snow," provided that so many of the soldiers in each company in the frontier towns (of which Mendon was one), as the commanding officers shall judge most able and of best estate (being not less

than one-half of the company), shall, each of them, at his own charge, be provided with a pair of good serviceable snow-shoes and mogginsons at or before the 10th of November next, under a penalty of ten shillings and ten shillings for every three months' neglect afterwards, and the fines, in case of neglect, to be levied by distress.

The soldiers were to keep the snow-shoes and mogginsons in good repair and fit for service, and if upon inspection, they were found in good order, they were to be reimbursed three shillings out of the next poll tax.

This act was to continue in force during the present (Indian) war, and not afterwards.

The "present Indian war" was with the eastern Indians, when Major Waldron was killed and the fort at Pemmaquid, with a hundred prisoners was taken by the Indians.

Since 1699, when the known deaths of the early settlers were noted, it is found that Abraham Staples, Sen., Abraham Staples, Jr., Christopher Winter and Samuel Thomson had died. Christopher, the son of Timothy Winter, and Samuel, the son of John Thomson. Probably some others had died, but whose deaths were not recorded.

1705. March 5. At a general town meeting, Capt. Josiah Chapin, Samuel Read, Ensign James Lovet, John Darling and Josiah Thayer were chosen Selectmen; Town Clerk and Treasurer (the latter for the *first* time), Samuel Read; and Ebenezer Read and Benjamin Thayer, Constables.

At this meeting it was voted that Benjamin Wheelock and his successors should "enjoy the Mill Pond" so long as he should keep it in repair and serviceable for the town's use and no longer, and keep within fence.

By the following it will be seen that Mendon claimed jurisdiction to the Blackstone River, as its southern boundary, for they granted Samuel Cook six or eight acres of land near Dedham (now Bellingham) line on the east side of the Great River.

William Cheney had liberty to leave some land on Magor Miscok and take some instead, "Neer to Seth Chapin house Neer the

Road Leading to Sherborn." Magor Miscok is the ridge of land on the east side of the valley of Mill River.

June 6. Robert Hall and his "heyres" forever had forty acres of land, bounded easterly by Androses brook, northerly upon Mendon north line, and westerly and southerly upon the town's common land; provided he should once in two or three years run the bounds with some of our town from our North Meadow to y^e Northwest corner. This corner was one hundred rods west of the Great (Blackstone) River, in what is now the town of Northbridge.

The Selectmen having met a Committee of Providence, and conferred with them about their claim on the west side of the Great River, made their report to the town September 11th, upon which the town directed Capt. Chapin "to transmitt y^e above Report or Complaint to the General Court and to transact that Affair with sd Court."

Rev. Mr. Rawson was granted fifteen acres of meadow upon the *third* branch of Charles River, that we pass over in going to Medfield: *provided*, at his own charge, he defends the claim which Sherborn makes to the same, and carry the same from Court to Court until the title shall be confirmed.

The closing record for the year was the allowance of an account of John Darling, in which was a charge of four shillings and six pence "for hewing timber for y^e wach hous."

1706. March 4. Chose Samuel Read, James Lovet, Sergt. William Holbrook, Sergt. Peter Holbrook, and Sergt. John Darling, Selectmen; Samuel Read, Clerk, and Samuel More and Jacob Aldrich, Constables.

March 21, In pursuance of an order from the Superior Court, at Boston, the Selectmen met at John Peck's house to divide the land devised by the will of Simon Peck, to John and Ephraim, his sons. To John was adjudged the south side, next to Samuel More's lot, with the house, barn and orchard. To Ephraim was given the north side, next to George Sumner's lot, thirty rods wide, and in length from the ten rod highway to Joseph Plumley's and John Bridges' home lots. The division of some out lands, and the agreement of John to keep his brother, Ephraim,

from April 8, 1706, to April 8, 1707, for forty shillings, closes the record for the year.

1707. Jan. 6. At a town meeting held this day the following accounts were audited and allowed:

Sergt. William Holbrook for serving as the Town's Representative 61 days and money expended.....	£09 05 00

FIFTH DIVISION OF LAND.

The *first* division of land was without recourse to the drawing of lots for choice. The *second*, heretofore tabulated, and the choice decided by lot, was for a division of swamp land. The *third* was for completing the amount of upland, and the *fourth* for taking up the meadows.

In the *fifth* division two hundred acres were granted to a forty-acre lot, and all other lots in like proportion. Previous to this division, large tracts were voted to lay "for perpetual common." Certain rules were adopted to govern the division, as that the proprietors should draw lots, "as it shall be, by Divine Providence, Disposed to them" that the land should be be taken in not more than two places, that care should be taken to lay out their lands in manner and form "as may not Spoill the Lands and make it In convenient for such as follow," and for poor land the Committee were authorized "to make It up In Quantity by giving two acres for one or Les If they Judge It suffieient." The committee were to take care that convenient highways were to be left, and alter the line "wheare the way Cannot so conveniently ly by the sides or ends of the Lotts." When one's turn, by lot, should come, he shall, in three days, if in town, or upon one week's notice, if out of town, proceed to lay out his share, and should he so neglect, he shall lose his turn, and so on so long as he neglects. The Surveyor was to give each man timely

notice of his turn, so that the *devidant* may not be hindered from proceeding, and proprietors, by needless delay, kept from their right. Any two of the Selectmen, with the Surveyor, were constituted a committee to oversee the division.

The meeting was then adjourned to the next day, Feb. 4, 1707, when the lots were drawn as follows, viz:

Previous to this division the town set apart large tracts of land "to Lye for perpetuall common for the town's use," as follows, viz:

1. All that land from the West River at Abraham Staples' meadow to Wigwam Hill, then to Chestnut Hill, including both, then to the lower end of Hopp brook meadow and then home to the Mill River, "to lye for perpetuall common for the use of the Proprietors, their heyres and snek sissors, except that land is all Redy granted," home to the centre of the town.

2. All the land between the several places before mentioned and the Great River, except land already laid out or may be taken up, in the fifth division.

3. All the land from Mill River to Quick Stream and from thence, by our line, to Dedham tree at Second Bridge (Charles) River and so home to the town, except what is already granted.

4. All the land from Second Bridge River, at the mouth of Beaver Pond brook to the upper end of Beaver Pond meadow, thence, taking in Bare Hill, to the upper end, then home to Sherborn road, by Ensigne Lovet's plain, home to the centre of the town, except what is already granted.

5. All that land east from the Mill River, at John Jones' house, one-half mile wide, to the town line; also, all the land from the Mill River at the upper end of the North Meadow over to the south side of Hungry Hill, thence to the falls upon the saw mill brook, then home to the West River, then down said river to Abraham Staples' meadow, home to the centre of the town, except what may already be granted.

March 3. For Selectmen, Saml. Read, Robert Taft, John Darling, Saml. Thayer and Josiah Thayer. Clerk, Saml. Read. Constables, Ephraim Chapin and Benjamin Wheelock, jr.

It seems the contract made with Mr. Rawson (the minister) to prosecute and defend the Sherborn claim against a piece of meadow, had been annulled and set aside; (probably by mutual agreement) and, in consequence, the town took action upon the matter, as follows viz: "Voted that Capt. Chapin shuld In the behalf of the towne discourse with and, If he think It be for the Town's Interest, to Retaine a Lawyer to Manig our Afaire with Sherborn concerning the Claime they make to our Meadow Within their Line." This dispute, without doubt, arose from the Gen-

eral Court's grant, May 19, 1669, of ninety acres "without our line." How the controversy was terminated neither record or tradition informs us. As the coveted meadow was within the territorial limits of Sherborn it is not probable the matter was adjusted without resort to the law.

At this meeting the Selectmen were instructed "to take account of the *former* Treasurer of what money he had disposed of of the town's."

The only record we have of the choice of a *Treasurer* is in 1705, when Saml. Read was chosen Town Clerk and *Treasurer*.

While Sherborn men were vexing us on the east side of the town other troubles were brewing on the west side, as is learned by the following action of the town. Oct. 17th, it was voted "that Capt. Chapin shuld have money out of the Towne stock for the carrying on of the Afaire about our Land on the west side of the Great River, that is now in controversy with the Providence men."

Oct. 20th. A road was laid out from the country road, a little beyond the School meadow brook, to the land of Saml. More, on the pine plain, on this side of West River. The old Streeter road.

The road from Nathan R. George's old house over Muddy Brook and Neck Hill to the road leading to the mill, near where Lewis B. Gaskill now lives, as also the road now known as Gaskill street were laid out this year.

1708. February 6. At a town meeting held this day Capt. Josiah Chapin was chosen Commissioner of Assessments and Ensign Lovett, William Holbrook and John Tyler, Trustees to take a valuation.

At the same meeting the town debts were found as follows, viz:

To Sergt. William Holbrook for service at the General Court, seventy-five days.....	£11 07 00
To Joseph White for sweeping the meeting house, 1707.....	00 15 00
To Selectmen the Towne's allowance for y ^e yeare 1707.....	01 00 00

	£21 14 06

The Selectmen were ordered to make a town rate to pay the debts above stated.

The charges of Capt. Chapin and of Robert and Joseph Taft undoubtedly had reference to the then existing controversy about the boundary line between Massachusetts and Rhode Island. Inasmuch as Robert and Joseph Taft were to be *recompenced* for the carrying them away into Rhode Island, it is presumed they were made prisoners during the campaign about Shokalog under Capt. Chapin. How long they were held in durance vile, over the border, we do not know, but, as their charges for the indignities they were subjected to were moderate, we presume their sojourn in the enemies' country was not of long duration.

March 1. The town chose for Selectmen, Ensigne James Lovet, Sergt. John Darling, Thomas Thayer and Saml. More; Town Clerk, Saml. Read; Constables, Robert Taft, jr., and Isaac Thayer.

About this time, it is supposed that the increasing number of the inhabitants led them to the consideration of the timber supply for the future. One would suppose that the extent of territory which must, at this period, have been covered with forest would not be likely to impress upon the people the danger of a timber famine. Be that as it may the town voted "that no more Cedar swamp should be laid out in any division of land, and also that any one transporting shingles or clapboards out of town, or selling them to any one out of town, should forfeit three shilings and six pence for each hundred of clapboards and five shillings for each thousand of shingles so transported or sold."

Capt. Chapin, William Holbrook and Thomas White were chosen to give the Selectmen instructions for this year.

John Peck was to have fifty shillings for keeping his brother, Ephraim, from Feb., 1707, to April 8, 1708.

MENDON, Sept. 27, 1708.

Received of the several Constables, or their order, According to Town Agreement, the whole of the Annual Salarys due to me by the town vote, untill the twenty-fifth of March one thousand seven hundred and five for which this is the discharge of,

GRINDAL RAWSON.

1709. Jan. 8. At a public town meeting it was voted to erect a school house twenty feet in length, sixteen feet wide and seven feet between joints.

This was the *first* school house built, and was situated upon the hill below Deacon Warfield's house, being, as near as can be ascertained, upon the site of the family cemetery of the Messrs. George. Serg. Peter Holbrook, John Tyler and Saml. Thayer were chosen as the Building Committee and were instructed to have the house finished by the last day of June next.

March 7. Selectmen, Deacon Peter Holbrook, John Tyler, John Darling, Saml. More and Saml. Read, jr.; Town Clerk, Saml. Read, sen.; Constables, James Emerson and John Albee; Town Treasurer, Ensigne James Lovet; Highway Surveyors, Tithing men, Fence Viewers and Field Drivers were also chosen.

This year the assessment for wood for Mr. Rawson could be paid in wood or money at the option of the tax payer.

The persons living on Mr. Rawson's farm had liberty "to build a place for their Relief upon the Sabbath day, between the meeting house and the town pound." Mr. Rawson's farm was in what is now Uxbridge, a little to the north of the mills of C. A. & S. M. Wheelock. The place of Relief was what, in later times, was called a *Noon House*. It consisted of one room with a large hearth in the centre and a square hole in the roof immediately over the hearth. When the weather required it a fire of charcoal was kindled upon the hearth in the morning, and the baskets and pails containing the dinners were arranged upon its outer edge. At noon the room would be found warm and comfortable, and the occupants, having eaten their frugal meal, returned to the meeting house to partake of the spiritual food

furnished by the afternoon service. As riding upon horse-back was the principal mode of conveyance, the inevitable horse-block always stood near the door of the Noon House.

Deacon Warfield was installed as school master in the new school house this year, and was to be paid (salary not stated) out of the first town rate.

March 10. At an adjourned meeting from March 7th, it was voted to "Inlarg the present Meeting hous the full breadth of sd house, and ten feet down street and ten feet up street, the full hight of the body of the house. A Roof to cripple on upon the Ruff of the former house att each end." Galleries were to be built in both the new ends with stairs. To cover the expense an appropriation of fifty pounds was made.

Whether the carpenter was to have the fifty pounds in addition to "what is useful of the timber and bords of the present house," the record furnishes no intimation. The following was the vote of the town:

"That what is useful of the timber and bords of the present house should be his that doth the work, by finding Nails for the whole, and Remove and sett up the windows to be Removed In the places In sd New ends and find sleepers & bords for and Lay the floores and to Carry the body of the seats so far as to make it flush at the outside of y^e present house and to make the seats in both new ends below."

A LATIN SCHOOL MASTER.

"Where as A scoole Master is wanting to teach the Children to Reed, writ and cifer, as the Law Diricts; and Mr. Rawson offering the Towne that if the Towne would Retain A *Latin* Scoole Master for *four* years he would give said Scooll Master his bord all the said time, therefore voted that the Towne accept of sd offer and doe Resolve to Retaine a Latin scoole Master for sd Towne for four years and to give Twenty pounds A year for that service."

Whether a *Latin* school master was *retained* by the town is a matter of some uncertainty as no further mention is made of the subject.

Aug. 29. Further alterations were directed to be made in the meeting house. The front gallery was to be removed to the same breadth with the new gallery and new floored, seated and fronted as the new ones are to be and that Mr. Evans was to have ten pounds and sixteen shillings for making the alteration.

Mr. Rawson and Mr. Coffin each had liberty to build a pew in the meeting house.

Nicholas Cook had liberty to leave two acres "Near Brak neck hill." This Brak Neck Hill is now called Pond Hill, and lies upon the north side of Mendon Pond, formerly called Nipmuck Great Pond.

1710. March 6th. For Selectmen the town chose Lieut. James Lovet, Samuel Thayer, Saml. Read, jr., Seth Chapin and Samuel More; Town Clerk, Saml. Read, sen., and *Saml. Read, jr., to take care of the Day Book in his father's absence*; Constables, Danil Hill and Eliazer Daniels; Treasurer, James Lovett.

The absence of Saml. Read, sen., was occasioned by being Representative at the General Court, at Boston, where he served fifty-six days, for eight pounds and eight shillings.

It seems that there was something unusual in the conduct of swine, this year; as the town voted they should be "yoked and wringed as the law directes," and then, fearing their vote would not be duly observed, or that, being yoked and wringed, would not afford sufficient protection against their depredations, a committee of thirteen good men and true were charged with the faithful execution of their order. The names of this committee were Samuel Cook, Seth Chapin, Danil Taft, Joseph Rockit, Eliazer Daniels, John Darling, jr., Francis Green, Alexander Plumley, Joseph White, jr., Timothy Winter, Nathan Tyler, Benjamin Albee and Benjamin Darling.

The practice of instructing the Selectmen was still kept up, and this year, Josiah Chapin, Esq., Robert Taft, sen., and Thomas White were chosen a Committee for that purpose.

For the first time we find that repairs of the highway were to be defrayed by a tax. By this we learn that "standing out the highway tax" is not an innovation of modern times; for, when the town voted the highway tax, they gave, as a reason, for the novel procedure, "that every man may know and doe his proportion of work seasonably."

1711. March 5. Lient. James Lovet, Samuel Read, jr., Samuel More, Thomas Thayer and Thomas Sanford were chosen Selectmen; Samuel Read, Town Clerk; James Lovet, Town Treasurer, and Danil Lovet and Ebenezer Sumner, Constables.

John Thomson, John Corbit and others, had liberty to build a saw mill on the town's common, "on Second Bridge (Charles) River," below the Dedham Tree. This tree was upon a bend of Charles River, a little north from the house of Ellis Bullard in Bellingham. Dedham trees were also mentioned at other points on the line between Dedham and Mendon. The saw mill was on the north bank of Charles River, a short distance to the northwest from the Bellingham Station on the Air Line Railroad.

George Pike had twenty aeres of land granted him upon the west side of Mumford's River, southerly from Ebenezer Read's grist mill.

The late Judge Rawson, of Barrington, R. I., gave me the following account of the origin of the name given to this river. A man by the name of Mumford, journeying from Brookfield to Mendon, in the spring of the year, was drowned in attempting to ford it during a freshet. This was before there was any settlement in the westerly part of Mendon, now Uxbridge. The body was recovered in due time, and, as the body was fast decomposing, and the weather warm, a chestnut tree was cut down and the bark removed, at a suitable length, for a coffin. In this the body was placed and strongly bound with withes. It was buried upon the site of the present public house in Uxbridge; and, many years afterwards, when a cellar was dug at the place, the remains of the coffin and the bones of Mumford were found. The mystery was soon explained, as a man, living in Mendon, remembered, when a boy, riding on a horse behind the Coroner to view the remains. The drowning of Mumford had already given the river its name and the finding these relics satisfactorily identified his place of burial.

It seems the controversy with Sherborn about the meadows had not been amicably adjusted, as the town voted "to stand by benjamin Thayer In the Defence of his meadow within Sherborn Line." Benjamin Thayer's meadow was undoubtedly a portion of the ninety aeres, "without our line," granted by the General Court in 1669.

Samuel Read was to have six acres of land "In y^e pine plaine or upon Mumford's river, in full for services as Town Clerk for three years, viz. for 1708, 1709 & 1710."

About this time the enlargement of the meeting house, we suppose, was nearly or quite completed, as the town chose a committee of nine "to seat the meeting house." This seating the meeting house undoubtedly meant the assignment of seats to the congregation, as no one had a pew except Mr. Rawson and Mr. Coffin. The seating the meeting house was probably a delicate matter, as we find this committee was made up of the leading men in the town, consisting of Josiah Chapin, Esq., Samuel Read, James Lovet, Robert Taft, William Hollbrook, Seth Chapin, Samuel Thayer, Joseph White and Thomas Sanford.

Mr. Rawson was allowed to build a pew for the use of his family, "between the two middle posts wheare the Great door is," the town to allow him thirty shillings for his present pew. Robert Evans was to have six acres of land for building two pews, one on each side of Mr. Rawson's pew. The forty cords of wood to be furnished Mr. Rawson, annually, were commuted by the addition of ten pounds to his yearly salary, thus lessening the *military* duty of the train band, by the amount of time and manual exercise it would take to prepare the forty cords for the fire.

Samuel Warfield had an acre and a half adjoining his other land, "near the old Saw Mill upon Fall brook." The name of Fall brook is not elsewhere mentioned in the records, and as the farm now (1876) improved by Richard G. Gaskill, had, until recently, long been in possession of the Warfield family, the most reasonable presumption seems to be that the "old saw mill upon Fall brook" stood near the machine shop of Mr. Westcott, familiarly known as Spindleville.

Abel Aldrich, Seth Aldrich and Jonathan Richardson were this year exempted from "the meeting house rate, and also their pole money to the minister rate for the future." As no reasons are given for this action of the town, we can only conjecture that they had become converts to the doctrine of the Friends in this regard.

From a settlement with James Lovet we learn that the

enlargement of the meeting house cost forty-nine pounds and ten shillings.

1712. March 3. Chose for Selectmen and *Assessors*, Josiah Chapin, Esq., Samuel Read, William Hayward, John Jones and Samuel More; Town Clerk, Samuel Read; Town Treasurer, James Lovet; Commissioner, William Holbrook; Constables, John Thomson and Alexander Plumley.

“In answer to a paper presented to the Towne att this time by William Hopkins bearing Date third day, Concerning sum Iron Mines wh sd Hopkins and Daniel Jenks call theirs, within our bounds, the towne att sd meeting pased A vote In answer to the sd paper, and forthwith sent them this Answer, that all the mines that was in the towne's Comon was prohibited from being transported att a public towne meeting Sept. 1700, and as for any that was In Impropriated Lands they might repair to the owners.”

These iron mines were in the south east part of what is now the town of Blackstone, in the vicinity of Mill River.

At this meeting the Cedar and other swamps to the amount of nine hundred acres it was voted should be divided by the following rule: A forty aere lot should have thirty acres, and other lots in the same ratio.

A road was laid out, this year, from the country road on the west side of the Great River to the saw mill and corn mill on Mumford river, being the present road leading from Taft's bridge to Uxbridge centre.

Jabez Bellows had twenty acres of land granted him in Shocolog Woods, near Shocolog Pond. This is in the southerly part of Uxbridge.

Deacon Warfield having retired from his position as the *first* school-master of the town, the following action was had in relation to

A NEW SCHOOL-MASTER.

“MENDON Nov. 12. 1712 the Select men mett In order to Procure a Scoole Master, the Towne being destitute of one, and being Informed of one Robert Husse att boston, who had been formerly Employed In that service att Eastham and of his termes: Agreed to Indeever the obtaining of him, ordered the Clerk, In their name, to send him word and desire him to be In Redynes when soever A hors was sent for him to come up, which was don the Next day; but, weather preventing, the hors was not sent until the 10th. of December and he came to Mendon the 12th. of sd Month: y^e 13th. the Select men mett to conclude of his farther proceeding and that his time shall begin the first of December and end y^e first of May, for which he shall have five pound paid him for his service and his Diet the sd time, and to begin at John Farnum’s and ther continue untill the 28th of January.”

1713. March 2. Chose Robert Evens, Thomas Sanford, Saml. Thayer, Saml. Cook and Ebenezer Sumner, Selectmen; Saml. Read, Town Clerk; Robert Evens, Saml. Cook and Thomas Sanford, Assessors, and Daniel Thurston and Seth Al-

drich, Constables. Seven Surveyors of Highways, four Tithing men and six Fence Viewers were also chosen.

March 23. Josiah Chapin, Esq., was chosen Commissioner of Assessments, and James Lovet Town Treasurer, and "to have ten shillings a year for y^e four years past."

Moses Aldrich had liberty to continue his shop upon the Common "so long as he Improves the Shop for Smithery work."

It seems the controversy with Sherborn about the "meadows without our line" had not yet been adjusted, as will appear by the following vote:—

"Whereas the Town of Sherborn, In the County of Middlesex, Pretend an Interest In Meadows Granted to this Towne, It is Necessary that A Tryall be made in the Law to Defend the Towne's Interest, other ways to accommodate the Difference being found fruitless, it was voted, that if Benjamin Thayer, who claims a portion of the disputed meadows would make a test case, the town would guarantee him their proportion of the costs of the law-suit."

The Committee of Nine, chosen in 1711, "to seat the meeting house," did not succeed in making satisfactory assignments, as we find that Deacon Tyler, Deacon Jones and Deacon Sanford were deputed to see if a more satisfactory arrangement could be devised.

Before proceeding to lay out the "Cedar and other swamps," it was voted to divide 300 acres of the Cedar swamps—ten acres to a forty acre lot and others in the same proportion. Every man was to lay out his proportion of Cedar swamps first, before "the other swamps"—to draw lots for choice—to notify the man who came next after him, and to lay out his share within three days after notice, or else stay "untill all other Lotts" are laid out, (except hindered by Providence) "then to fall in the next opportunity."

May 12. Josiah Chapin, Esq., was chosen Representative to the General Court "for y^e yeare Insuing." This is the *first* record of the choice of a Representative; but that others had been chosen before we learn from their accounts rendered to the town for such service. Timothy Winter, Josiah Chapin, William Holbrook and Samuel Read had already served the town in that capacity. William Holbrook, who served in 1707, was paid £11.07, for seventy-five days, that being the length of the session.

Rev. Grindal Rawson, for some time before his death, was unable to supply the pulpit. We learn this from the following record: "Nov. 23. 1713. Josiah Chapin Esq. was to have three pound paid him for bording Mr. Joseph Adams for one quarter of a year past and fifteen shilling for keeping of his hors." Deacon Tyler "was also authorized to take money out of the town treasury to pay Mr. Adams for his Labor the two last Sabbaths; and If sd money comes In by Contry bution, within one month, then to Return the same to the Treasurer, otherwise to be made up by the Towne."

Upon examination of the Cedar swamps they were found to fall far short of giving to each proprietor ten acres, as the town had formerly voted. In this dilemma Thomas White, the Surveyor, Left. Robert Evens, Thomas Thayer and Ebenezer Read were chosen a committee "to take a Cir cumferance of the Cedar Swamps" and to apportion to each of the proprietors their proper number of acres, according to their several rights as their lots are already drawn.

John Gardner's ear mark (the first one on record) was as follows, viz: "A fork in the Right Eare."

Nov. 23. The town's debts, incurred during the present municipal year, and for the payment of which a rate was made, was found to be as follows, viz:—

To pay the Scool Master,.....	20 00 00
To build the Scool house.....	15 00 00
To Josiah Chapin Esq. for serving as Representative.....	12 03 00

To the Assessors.....	01 12 09
To the Town Clerk.....	00 10 00
To Mr. Coffin for hinges for doors in y ^e Meeting house.....	00 06 00
To John Thomson for sweeping the Meeting house.....	01 00 00
Money In the Treasurer's hands.....	04 11 03
	£55 02 09

How long Mr. Adams supplied the pulpit is not known, and whether any one else was called to Mr. Rawson's assistance up to the time of his death, in 1715, the records are silent; but as his salary was voted in 1714, it is probable that he continued his ministerial labors to within a short time of his death.

A survey and plat of this grant was made by Thomas White, Surveyor of the town of Mendon, April 1, 1713, and the same may be found in the Archives of Massachusetts—"Ancient Plans, Grants &c. 1641 to 1715 p. 241."

Mumford's River and the west line of Mendon are designated upon this plat. The present village of Whitinsville is situated upon the northeastern portion of this tract. A road called the *French Road* passed the northeastern corner.

1714. March 1. Lient. James Lovet, Capt. Seth Chapin, Dea. John Jones, Dea. Thomas Sanford and Ebenezer Read were chosen Selectmen; Josiah Chapin, Esq., Commissioner of Assessments; Samuel Read, Town Clerk, James Lovet, Treasurer, and John Corbet and John Post, Constables.

March 3. The Selectmen agreed with Martin Pearse to keep school at seventeen pounds for one year, "with board and Dyett."

July 20. It was voted that the school be kept six months in the centre of the town and the other other six months "upon the out seirts of the town."

John Post was chosen Constable at the annual meeting, and then refused to serve; but, as such refusal subjected him to a fine of five pounds, as set forth in a Province law, passed Nov.

16, 1692, it is supposed that John Post reconsidered the matter and presented himself before John Chandler, Esq., one of her Majesty's Justices of the Peace for the County of Suffolk, and took the oath of Constable for the ensuing year.

At a town meeting held Sept. y^e 21. 1714, the following accounts were audited, and they were ordered to be paid. viz:—

Before this it seems that Thomas Taft had built a bridge over the Great (Blackstone) River, and attempts had been made to get a road laid out to it from the town. This bridge is supposed to have been in an easterly direction from the house of the late Hon. Bezaleel Taft, but the land damage demanded by Thomas Taft was thought to be excessive, and so the project of building a road to it was abandoned.

This year the town lines between Mendon and Sherburne, and Mendon and Sutton were perambulated by committees from each town. Between Mendon and Sutton for the first time.

1715. Jan. 11. The *Proprietors* held a meeting this day, pursuant to a warrant from Josiah Chapin, Esq., one of his Majesty's Justices of the Peace for the County of Suffolk, and chose Capt. Seth Chapin Moderator, and Samuel Read, Sen., for Clerk.

At the first settlement of the town, all were proprietors; that is, all the unappropriated land was held in common. Out of this common land, when a new comer desired a grant, if he were to become a proprietor, the words "entitled to his share in all future divisions of land," would be embodied in the vote of concession; if this phrase was not found in the vote, the grantee acquired no interest in the unappropriated lands—he did not become a *proprietor*.

Although lands were disposed of in *town* meetings, it is presumed that such votes were only passed by the proprietors.

It may be seen, from time to time who were proprietors, by consulting the record of the various divisions of land.

The Rev. Grindal Rawson, after a ministry of thirty-five years, died Feb. 6, at the age of fifty-seven years. From these figures we learn that he began to preach at the age of twenty-two.

Mr. Rawson was the twelfth and youngest son of Edward and Rachel (Perne) Rawson, and was born Feb. 1, 1659, according to the inscription on his grave stone, in the burying yard at Mendon. The Rawson Memorial, by E. B. Crane, gives Jan. 23, 1659, as his birth-day.

Edward Rawson was born in Gillingham, in Dorsetshire, England, and came to New England in 1636, or 1637, and settled in the town of Newbury, in the County of Essex. He was one of the grantees of that town, and its second Town Clerk, and which office he held, by successive annual elections from 1638 to 1647. He was chosen as Representative to the General Court in 1638, at the age of twenty-three. He was at other times also a member of that body until 1650, when he was elected Secretary of the Colony. This office he held until the usurpation of Andros, when Randolph succeeded him, in 1686. He removed to Boston, upon being chosen Secretary, and lived in Rawson's lane, afterwards known as Bromfield street.

Rachel Perne was a grand-daughter of John Hooker, whose wife was sister to Edmund Grindal, Archbishop of Canterbury,

in the reign of Queen Elizabeth. Hence the names of Perne, Hooker, Edward and Grindal often occur, as Christian names, in the families of the Rawsons.

Grindal Rawson graduated at Harvard College in 1678, and studied divinity with his brother-in-law, the Rev. Samuel Torrey, of Weymouth. He married Susanna Wilson, daughter of Rev. John Wilson of Medfield. He began to preach in Mendon, Oct. 4, 1680, and was permanently settled April 7, 1684.

At his graduation, President Oakes, when conferring the degrees, made special mention of John Cotton, Cotton Mather and Grindal Rawson. Mr. Rawson was an excellent scholar and a learned divine, as the General Court, it is said, sometimes referred grave and knotty questions of ecclesiastical polity to him for solution.

He published a work, entitled "Confession of Faith," in the English and Indian languages. He preached an Artillery Election sermon in 1703, and also an Election sermon before the Governor and the General Court in 1709, and they were both printed. In 1698, in conjunction with the Rev. Samuel Danforth, of Taunton, pursuant to instructions from the Commissioners for Propagating the Gospel, he made an extended tour among the Indians. An interesting report of this mission may be found in the First Series of the Massachusetts Historical Collections, vol. 10.

Mrs. Rawson long survived the death of her husband. She continued to reside at Mendon, and died at an advanced age.

The following epitaphs are copied from the tablets erected to their memories, in the old burying yard:

March 7. Thomas Sanford, Samuel Thayer, Sergt. John Thomson, Capt Seth Chapin and Samuel Read, Jr., were chosen Selectmen; Thomas Sanford Town Clerk; James Lovet, Town Treasurer; Justice Chapin, Commissioner; and John Holbrook and Benjamin Taft, Constables.

As usual, a committee was chosen to instruct the Selectmen, but their instructions were not, as formerly, made the subject of record.

March 28. Justice (Josiah) Chapin, Elder Read, Deacon Tyler, Samuel Thayer and Thomas Sanford were chosen a committee "to take care to provide a Minister for the Town, from time to time, until they shall provide a man, so far to the Town's acceptance, as to give a call to settlement." Whether this committee were sufficiently diligent in the discharge of their duty, we do not know, but up to September no one had been found to the town's acceptance for a call to settlement; and so, on Sept. 8, the town chose Sergt. Joseph White and James Emerson "to strengthen the Committee to provide a Minister."

At this meeting sixty pounds were raised to pay town debts and contingent charges "so far as it will extend."

Thomas Hill had his tax of seven shillings and six pence abated, "provided y^e sd Hill never Return into y^e towne again as an Inhabitant."

June 21. It was voted "for the first Minister that shall settle in this towne one hundred pounds, or the Ministry Lot, in said town, and for a yearly salary seventy pounds in money.

1716. Jan. 28. A town meeting having been warned for this day, the inhabitants met, and (for some reason not mentioned) without transacting any business, adjourned until the next day at 8 o'clock A. M., when the road and "the bridge that Taft built," being called up, the town voted that all directions heretofore given to the Selectmen to lay out said road "should be hereby Recalled and forever stand Repealed in the Town Book."

March 5. Thomas Sanford, Lieut. Robert Evens, Robert Taft, Jr., Josiah Thayer and Jacob Aldrich were chosen Selectmen; Thomas Sanford, Town Clerk and Treasurer; Josiah Chapin, Commissioner, and John Marsh and John Gardner, Constables.

This year, instead of choosing a committee to instruct the Selectmen, the town simply voted that those functionaries "should secure y^e towne from the penalties of The Law for y^e ensuing year."

A committee was also chosen "to view the accommodation of a way from the Iron Works to Dedham Line."

The Iron Works were situated in the eastern part of what is now the town of Blackstone, known as Lower Canada or East Blackstone. The contemplated road was undoubtedly the road leaving the main or Rehoboth road at the Seth Kelly house, and running to Bellingham.

It seems there must have been a contest about the road to Taft's bridge, as August 13th the town chose Thomas Sanford, Josiah Thayer and Jacob Aldrich a committee "to go to the Great River to view &, if They see cause, to lay out a way over the Great River and to agree with the owners of the land the Road may go through, Either over the Taft's bridge or Down stream by the Scull Rock, as they shall see fit."

This road left the old road to Uxbridge a little to the east of West River and ran southerly by the factory of Samuel Scott. It is wholly in the town of Uxbridge and Blackstone.

At this meeting the Selectmen were instructed to prefer a petition to the General Court "Relating to the Settling the Province Line."

Mr. Dorr was the youngest son but one of the Rev. Edward and Elizabeth Dorr, and was born in Roxbury about 1689 or 1690, the day of his birth is not found upon the Church Records of Roxbury. He married Mary, daughter of Rev. Grindal Rawson, his predecessor in the ministry, April 9, 1724, and continued in the ministry, at Mendon, until his death March 9, 1768, aged 79.

Mr. Dorr graduated at Harvard College in 1711 and received the degree of A. M. in course. His wife was the great granddaughter of the Rev. John Wilson the *first* minister in Boston.

Tradition corroborates the truth of the inscription on his tombstone in the ancient burying yard at Mendon, and which is as follows: "He was endowed with good sense. His temper was mild and placid. He excelled in the virtues of meekness, patience, temperance, sobriety, gravity, benevolence and charity; was a good scholar, a learned Divine and exemplary christian."

Sept. 6. At a town meeting it was voted to raise money by contribution to prepare for the ordination of Mr. Joseph Dorr, and that Deacon Nathan Tyler, Mr. James Keith & Nathaniel Rawson be men appointed by the town to take care of the provision & attend at Mrs. Rawson's thereabouts, &c.

Also voted that those "that went jorneys from time to time to provide ministers for the town, since Mr. Rawson's decease, should have their Reasonable expenses of money allowed them by the town."

At this meeting forty pounds were raised to defray town charges, and sixty pounds to build Mr. Dorr's house, and it was also voted that the Selectmen should repair the meeting house.

Mr. Dorr's house was built near the present house of James J. Nutter, nearly opposite the road leading to Northbridge.

The last record for the year was the doings of a Proprietors' Meeting, held Dec. 24, when they voted that all the Proprietors should furnish the Clerk (of the Proprietors) with an account of their several rights so as to have the same recorded by the middle of January next.

The falling short of the cedar swamps and the failure to enter at the Clerk's office many tracts already laid out, had hitherto prevented the laying out of the Sixth Division already voted. It was now decided that "none of the sixth Division should be Laid out untill the Next June Insuing the date hereof.

1717. It seems the Proprietors were careless in heeding the vote passed as above, for, at a meeting held Feb. 12, 1717, they voted "that all former Devisions of Land, that are not put upon the record before the Middle of May Next after this date, shal be Accounted for Comon and be Liable to be Laid out in the sixth Devison, to any of the Proprietors of sd Towne."

March 4. Lieut. Robert Evens, Thomas Sanford, Lieut. Saml. Thayer, Sergt. John Thomson and Samuel Read, jr., were chosen Selectmen; Elder Samuel Read, Town Clerk; Thomas Sanford Treasurer; Joseph Hayward and Jonathan Hayward, *of the town*, Constables.

"Hogg Constables" chosen for the first time, and Joseph Balkcom, Benjemin Taft, Thomas White, the third, Jonathan Thayer, John Thomson, jr., and Alexander Plumley were the successful candidates.

May 28. A Proprietors' meeting was held, and was adjourned to the 3d Tuesday in October next, at 8 o'clock, A. M., "upon the Consideration that the Province Line yett Remains unsettled."

Aug. 6. The Selectmen were instructed to lay out a road from Thomas Taft's house to Scull Rock and so over the Great River to the road, on the west side of the river, that leads to

the corn mill. This corn mill was at the centre of the present town of Uxbridge.

At the close of this year it is found that, since the year 1699, when a record of previous deaths was made, the following persons had died.

Serg. Abraham Staples,	Oct. 20, 1703.	Ebenezer Read,	Nov. 11, 1709.
Christopher Winter,	Jan. 9, 1704.	Dea. Peter Holbrook,	May 3, 1712.
Samuel Thomson,	Oct. 10, 1704.	Samuel Hayward, sen,	July 29, 1713.
Capt. Joseph White,	Mar. 23, 1706.	Ens. William Holbrook,	Nov. 19, 1714
Benjamin Thayer,	Feb. 23, 1708.		

It is not to be understood that the above were the only deaths which had occurred in the time specified, but that they were among the leading men of the town.

1718. Jan 24. A town meeting was held this day "To Chose a Town Clerk & Take care of y^e Town Books," Samuel Read, sen., the Town Clerk, having died January 10th.

Elder Read was first chosen Clerk in 1674 and, with the exception of two years, held the office to the day of his death, thus holding the office for the long period of forty-two years.

The Town Clerk's office was filled by the election of Thomas Sanford.

Lieut. Samuel Thayer, Ensign John Thomson and James Keith were chosen a Committee "to Receive and Take Care of, from y^e heirs of Elder Samuel Read, Dec'd, the Town's Book & wrightings of the Town's Concerns which were in their hands as Executors To Their Father's Estate, &c., and on the Receipt and over Looking Thereof to deliver to y^e Clerk for the Town's use."

Up to this time the divisions and sales of land were made by the Proprietors, who still retained the ownership of all the land yet unappropriated.

Town meetings were sometimes called "legal town meetings" or "town meetings legally warned," and, sometimes "general or public town meetings." The first were supposed to be meetings of the Proprietors; the latter were meetings of all the inhabitants for the transaction of the ordinary municipal business.

Feb. 10, at a meeting of the Proprietors it was voted "that

hence forth They Resolve Themselves into y^e way of a Town as They were originally, according to y^e town grant and To manage Their Proprietary Interest according to y^e Laws for the Regulation of Townships."

Sergt. Thomas White, Samuel Read and Lieut. Samuel Thayer were then chosen a Committee, with y^e Clerk "to Receive the Town's (Proprietors?) Books and such Loose papers as were in y^e former (Proprietors) Clerk's (Samuel Read) hands, not Recorded and examine all such loose writings if they ought to be Recorded & Them together with y^e Town's Books to Commit to y^e Town Clerk for the Town's use."

The town voted again to lay out the sixth division, and no lands were prohibited except the Mill pond the Burying place and the Training field.

The Surveyor was to have 3s 6d per day and each committee man 2s 6d per day, and all were to be sworn to the faithful discharge of their duties.

The inhabitants were still negligent in making return, to the Clerk, of the lands they had laid in former divisions, and so, as a last resort, the town voted "that all who did not make return to the Town Clerk should have no land laid on to them in the Sixth Division."

James Keith had liberty "to lay down eight score and two acres of land on y^e west side y^e Great River, after the middle of May 1718 provided the Colony Line be not settled Before That Time."

March 3. Selectmen for this year, Thomas Sanford, James Keith, Samuel More, Corp. John Holbrook and Serg. Thomas Thayer; Thomas Sanford, Town Clerk; Samuel More, Treasurer; Robert Taft and Samuel Rich, Constables, and they were severally sworn "before the Selectmen."

FISH TO COME UP PAWTUCKET FALLS.

March 17. William Sargent to have twenty acres of land, between the Little Pond and Caleb's Hill "when he hath finished his work at the Falls, so as the fish may come up Pawtucket (Blackstone) River, he bringing from John Arnold's hand that y^e work is Don at his judgment."

May 6. Josiah Chapin, Esq., was chosen Representative to

the General Court, and June 23, Jethro Coffin was chosen "granjuriman," being the first notice of such an election. He was the son of Peter Coffin of Dover, N. H.

At this time further regulations were made for the Sixth Division, and the titles of all lands, "according to y^e Records in y^e Town Booke" were duly confirmed. A Committee was also chosen to renew the bounds of the school lands and to see that the income derived from them "be Improved for y^e Ends for which sd land was granted." A wood lot of twenty acres was also granted to "our Pastor y^e Rev. Mr. Joseph Dorr."

The Selectmen were directed "to take care that four posts be set up at the Town's charge, viz: One at y^e parting of y^e ways by John Albee's, one at y^e parting of y^e ways by y^e School House, one in the Street Leading to Sergt. Joseph White's, a Little distance from y^e Country Road and one at the parting of y^e ways by Joseph Plumley's, and that a Notification by the Constables being set up on each of said posts, Ten days beforehand, according to y^e tenure of y^e warrant for a Town Meeting Committed to him to warn, shall be a sufficient warning for any Town Meeting." It was also voted that any person "have liberty to pull Down any Notification set up at y^e Meeting House Relating to Strays."

Aug. 20. Voted to take a valuation to raise money to pay the School Master and £35 to pay town debts and procure a town stock of ammunition.

Having settled with Thomas Sanford, Town Treasurer, for y^e years 1716 and 1718, the Selectmen then agreed with William Boyce to be "y^e Town's School Master from y^e day of y^e date hereof until y^e fourth Day of March Next, to keep sd school at y^e direction of y^e Selectmen and that y^e Selectmen pay y^e sd Boyce after y^e Rate of twenty-eight pounds a year, and likewise after that rate for the Time y^e sd Boyce has kept School in y^e said Town of Mendon from y^e Twelveth day of May last to y^e day of y^e date hereof; the sd Boyce giving account to y^e Selectmen what time he hath lost or shall Loose from sd School to y^e expiration of y^e Term aforesaid and to Deduct so much out of his wages, and the sd William Boyce is hereby obliged to keep y^e School as aforesaid.

THOMAS SANFORD, Town Clerk, in
behalf and by Order of y^e Selectmen.

WILLIAM BOYCE, Schl. Master."

Nov. 17. The Selectmen met and went and warned out of town sundry newcomers, viz: Daniel Macmains and his family and Joseph Wiley and his family, who came to sojourn in y^e town on y^e 19th day of September, 1718; and William Noble and family, Robert Patrick and his family, John Carmichel and family, Malkam Henry and family and Robert Malkam and family who came into the town Oct. 17, 1718. At this period, and for many years afterwards, a residence in a town for a year, without being warned out, gave the party a settlement there.

Dec. 22, 1718. Then Received of Deacon Thomas Sanford the sum of Two hundred and forty-five pounds which is in full of all sums due to me for my settlement and Sallery for the Years one thousand 700 sixteen and seventeen, I say received by me.

JOSEPH DORR.

In the early days of the settlement the roads were laid out in common land, or, when granted or sold, reservations for roads were frequently made.

The first claims for damages for roads were made this year. A road had been laid out, from the Rehoboth road, near Eleazer Daniels to Hop Brook, passing over lands of Eleazer Daniels, Josiah Thayer and Lieut. Samuel Thayer. They demanded damages and were paid in land, two acres for one taken up by the road, if the land was valuable, but in rough land not to exceed three acres for one.

1719. Feb. 16. Being a Public Towne Meeting Legally warned, Thomas Sanford was chosen Moderator.

This meeting was taken up in framing rules and regulations for completing the Sixth Division and in drawing lots for the Seventh Division.

March 2. Annual Town meeting for the choice of officers.

Capt. Robert Evans, Moderator, being the second man chosen to that office.

Chose for Selectmen, Sergt. Thomas White, Samuel Moore, Lieut. Samuel Thayer, Robert Evans and Robert Taft, Jr.; Town Clerk, Sergt. Thomas White; Town Treasurer, Samuel Moore; Constables, Sergt. Joseph White, Jr., and James Keith. Seven persons were chosen Tithing men, who, by the act of March 3, 1694, were to be fined forty shillings each if they refused to serve. They were to carry a black staff two feet long, tipped at one end with brass about three inches, as a badge of their office.

May 25. It is supposed that, at this time, there had arisen one of the periodical agitations about the boundary line between Massachusetts and Rhode Island; and that fears of a settlement of the question adverse to the interests of the town were entertained, as May 25. Thomas Sanford, Samuel Thayer and

Thomas White were chosen a committee to petition the General Court for a recompense for what the Province Line takes off from our Town.

INCORPORATION OF BELLINGHAM.

Nov. 17. The following petition was laid before the General Court:

To his Excellency Samuel Shute Esq. Capt. General and Governor-in-Chief in and over his Majesty's (George 1st.) Province of y^e Massachusetts Bay in Newengland, and to y^e Honorable Council and House of Representatives, in General Court, convened at Boston,

In the House of Representatives

JOHN BURRILL Speaker.

Mendon, however, did not consent to be shorn of a portion of her territory without a protest; as we find that, at a town meeting held soon after, they directed the Selectmen to petition the General Court, "for that part of our town they have taken from us and laid to Bellingham."

THE FARMS.

It may not be uninteresting to learn something of the history of "The Farms," mentioned in the above act incorporating the town of Bellingham. They were located in the northeastern part of the town, and were north of Charles River. They were purchased of the Natick Indians by Edward Rawson, Secretary of the Colony and father to Grindal Rawson, then the Minister of Mendon, as the following evidence will show.

In the 5th Volume of the Records of Massachusetts, 1674 to 1686, p. 531, may be found a power of attorney from John Awosomog, "now not likely to continue long before his decease," to Thomas Awosomog, his son, empowering him to sell "any of the land the Indian title of which do yet belong to me," to any English person or persons. This Instrument was signed by John Awosomog and witnessed by Obadiah Morse and Peter Ephraim, Dec. 1, 1684.

Jan. 21, 1685. John Awassomog, Samuel Awassomog, John Mooqua, Peter Ephraim, and Eleazer Pegan assigned to Thomas Awassomog all the right, title and interest claimed by the Natick Indians in "that tract of land lying between the bounds of Natick, Charles River, Marlborough and a point of Blackstone River, beyond Mendon." This assignment was signed by the Indians above-named, and witnessed by Edw. West and Benonj Learned, the day above written. It was acknowledged before a Court held at Natick by Daniel Gookin, Feb. 18, and recorded by Edward Rawson, Secretary of the Colony April 21, 1685.

April 21, 1685. Thomas Awassamoag and Abigail Awassamoag sold two thousand acres of this tract to Edward Rawson. The deed was witnessed by Hopestill Leland and Jonathan Fairbank, and acknowledged before Samuel Seawall, assistant, on the day of its date. It was recorded June 4, 1685, by Edward Rawson (the grantee), Colonial Secretary, having been, on the same day,

confirmed to him by the General Court, as may be seen in Vol. 5, Mass. Records, p. 485.

By the following, we shall learn that the administrators of Mr. Rawson's estate had sold the tract to different persons, as thirteen families were now settled there.

It seems that up to this time they had paid public and country taxes, but not county or town, as will be seen by the following petition:

“ To the Honourable the General Assembly of her Majesty's Province of the Massachusetts Bay now sitting in Boston May 31. 1710.

The Petition of the Selectmen of Mendon, In the Name and on the behalf of the said Town,

Humbly Sheweth,

That there are a few families settled on a large Farme, consisting of near two Thousand Acres of land and meddow, formerly Granted (purchased first of the Indians for fourteen pounds) to Mr. Edward Rawson, of Boston, deceased, by the General Court of the Massachusetts Bay, and purchased of the Administrators of his estate, which adjoins to us, and the said Families Generally attend the public worship of God with us, being nearer to our Public place of Worship than to any other where they can attend. They have paid publique and Country taxes with us, but as to County and Town charges are exempt. We have been forced to enlarge our Meeting House the last year, the Old one, being built by us, by reason of our Poverty, very streight and the public charge heavy on us, considering the disadvantage of our ffrontier & exposed Condition, We humbly (pray) they may be laid to us to the support of the Gospel Ministry amongst us and our other Country & Town charges; and if, at any time hereafter, they can be provided with better accomodations as to the means of Grace nearer, We shall, in no sort desire to obstruct their comfort therein & in the meantime rest

Ordered That the prayer of the above Petition be so far Granted as that the abovementioned Tract of Land shall be annexed to the Town of Mendon & be esteemed Part thereof until this Court shall order otherwise.

June 7, 1710 Sent up for Concurrence.

June 28, 1710 In Council Read and Concurred.

ISAAC ADDINGTON, Secy.

When the persons living on this territory were "better accommodated as to the means of grace nearer," the people of Mendon, it is presumed, "in no sort desiring to obstruct their comfort therein," quietly yielded the right of eminent domain, and the *Farm* became an integral portion of Bellingham.

JOSIAH CHAPIN'S TWO HUNDRED ACRES.

May 31, 1719. Josiah Chapin had two hundred acres of land laid out "on the west side of the township of Mendon, on the north side of the road leading to Killingly." These two hundred acres have a somewhat curious history. May 18, 1664, the General Court granted to Samuel Chapin, of Springfield, for services rendered the Colony, two hundred acres of land, "where he can find it not granted to person or towne." In the Massachusetts Archives, "Ancient Plans, Grants, &c., 164 to 1715, Vol. 1, p. 71," a plat of these two hundred acres may be found. It was laid out by Joseph White and Benjamin Alby, of Mendon, May 11, 1669, and included most, if not all, of the present site of the town of Woonsocket, R. I., north of the Blackstone River.

Samuel Chapin never removed from Springfield, and June 24, 1668, by a deed, gave his son Josiah Chapin, of Braintree, all his right and title to the grant above mentioned. This deed was witnessed by Elizur Holyoke and John Pyncheon, and acknowledged before John Pyncheon, Assistant.

In 1716 the General Court granted Josiah Chapin, of Mendon, liberty to lay down this piece of land, and to take it up elsewhere. May 31, 1719, Joseph White, Surveyor of Mendon, at the order of Samuel Chapin, laid out the same and made a plat of it. It was 200 rods long and 160 rods wide, and June 11, 1717 the General Court confirmed the title to Mr. Chapin.

1720. March 7. Being the annual Town Meeting, Lieut. Samuel Thayer, was chosen Moderator.

For Selectmen, Lieut. Samuel Thayer, Capt. Robert Evens, Jacob Aldrich, Daniel Taft and Jethro Coffin; Constables, Moses Aldrich and Saml. Thayer, Jr.; Town Clerk, Thomas White; Treasurer, Samuel Moore; Leather Sealer, Thomas Sanford, and School Master, William Boyce.

We have seen that the "Farms" had become incorporated in the new town of Bellingham (named after Gov. Bellingham), and at this meeting the inhabitants petitioned the town "to Reimbust or pay back to them the money they had paid towards Mr. Dorr's settlement, and the Town did not see cause to grant it att present."

At this time the inhabitants in the west part of the town (now Uxbridge) began to agitate the question of dividing the town or of being allowed to be a precinct by themselves; but upon their petition to that effect the town took no action.

In April, the Court of General Sessions recommended towns to choose collectors "to gather the Minister's salary distinct from the Constables," but the town voted not to follow the recommendation of the Court.

May 10. Josiah Chapin, Esq., was chosen Representative to the General Court, which met on the 25th day of May, and, after a session of five days, in which nothing was done, was dissolved by Gov. Shute.

June 13. Being a public town meeting to choose a Representative, "after desolving y^e Court," and chose Josiah Chapin, Esq., Representative, and Thomas White, Grand Juryman.

May y^e 19. 1720. the General Court having granted a part of Mendon in order to make another Town which was called Bellingham, on the day above sd the Selectmen of Mendon and the Committee of Bellingham mett and stated the line according to y^e Court's grant, Beginning at Deadham Tree so Running up stream, with Second Bridge River, one mile and an half to John Rockwood's ford way, thence Running East 31 degrees north to the norwest corner of the Farm at Mendon East line at y^e corner of Sherbond Township, which line was agreed on By Both Committees and Run by Robert Evens, Surveyor.

It seems the Province line between Massachusetts and Rhode Island had not yet been settled, at least to the satisfaction of the people of Mendon, as the following vote will show:

Dec. 10. Voted, that Thomas Sanford, Samuel Thayer and Samuel Read be a committee "to make search after the Court's

confirmation of our towne platt as itt was Returned by Joshua Fisher and to endeavour to gett Recompence for what the Province Line takes from our township.”

In pursuance of this vote the Selectmen petitioned the Legislature to *reverse* their orders on the petition of Samuel Comstock and John Foster, and to stay any further proceedings thereon until the petitioners be heard.

The Legislature then ordered that a hearing be had at the next session of the Court in May, 1721. “The adverse party being Served with a Copy of this Petition and order thereon Seasonably, *Provided* that the Town of Mendon be at the charge of a Skilful Surveyor to go to Mendon & make a Platt of the Township, conformable to the Return of Joshua Fisher on the General Court’s Grant to Mendon May 15. 1667 and then Confirmed; and that Capt. William Ward be the Surveyor.”

Nothing appears upon the town or colony records to show that the town put in an appearance at the time appointed for a hearing.

The town tax, including Mr. Dorr’s salary, for this year was £134 03 04.

1721. The annual town meeting was convened and forthwith adjourned to the 14th of March. No reason was given for this adjournment, and this meeting was adjourned to the 21st of March, also without any reasons given.

March 21. Thomas Sanford was chosen Moderator; Thomas Sanford, Samuel Read, Josiah Thayer, John Farnum and Daniel Lovet, Selectmen; Thomas Sanford, Town Clerk; Saml. Read, Town Treasurer, and Sergt. Seth Chapin and Nathaniel Rawson, Constables.

April 17. The Selectmen appointed Capt. Seth Chapin Sealer of Weights and Measures.

May 11. Perambulated the boundary line between Bellingham and Mendon, and renewed the bounds and marks.

May 17. Thomas Sanford chosen Representative to the General Court.

The act for “making and emitting” fifty thousand pounds in Bills of Credit was passed March 31. These bills were to serve

as “a medium of exchange in the merchandize, trade and business of the Province.” They were to be distributed among the towns in proportion to their respective proportion in the last Province tax, but it was optional with the voters of the town whether they would receive their proportion or not. Trustees were to be appointed in each town to loan out the town’s proportion at interest, on good real estate or personal security. The Trustees were to be sworn, and were to have a reasonable compensation for their services. As a fund for the redemption of these bills a tax of £50,000 was granted “the King’s most excellent majesty,” to be paid in annual instalments of £10,000 until the whole should be paid. These bills when redeemed were “to be burnt to ashes.”

In the schedule of distribution Mendon was set down at £313.10s., and, on May 17, they voted they would receive it, notwithstanding Joseph Taft, sen., Benjamin Taft, Joseph Taft, jr., Samuel Read, Seth Aldrich, Ebenezer Read and Nathan Tyler entered their protest against the measure.

Thomas Sanford, Cornet Josiah Thayer and Daniel Taft were chosen Trustees, and were directed to loan these Bills of Credit in sums of not above twenty nor less than five pounds, the rate of interest to be five per cent.

William Boyce was hired to keep a “Reading and Wrihting School during the year, unless the Town should be presented for want-of-a Grammar School, when he was to cease keeping at y^e Selectmen’s order.”

If the schoolmaster was not disturbed by the grand jury he was to keep through the year. If he kept constantly at the school house he was to be paid at the rate of £28 per annum; if he kept a moving school he was to be paid at the rate of £30 per annum, and if he kept the school throughout the year he was to be paid three-fourths in money and one-fourth in provisions at money price. Any lost time was to be “Reducted.”

Mendon Sept. y^e 8th. 1721 being a Town meeting Leagally warned to take an account of Town Depts and to agree about a Town Rate,

Thomas Sanford was chosen Moderator.

Then took an Account of and allowed the Several acompts hereafter specified, viz:

In 1709 it was voted that if Mr. Taft (Robert?) and his sons would build a bridge over the Great River to their land on the west side of sd river, they should be released from working on the highway "until other men's work Come to be proportionable to theirs in working on the hyways."

Up to 1721 Mr. Taft and sons had done no work on the highways save what they had done to the bridge, and, at this time, a Committee was chosen "to Discourse with Mr. Taft and sons with reference to their falling in with the Town to work on the highways, and to report to the Town their terms."

Sept. 21. The Surveyors were instructed to repair the bridge; "the Reparations to be done by hyway work as y^e Repairing of other hyways & bridges."

"The Town also proposed to y^e Tafts to Chuse a man to joyn with y^e Man the Town chuse to adjust the accounts with them about their building a bridge over the Great River, but said Tafts refused to choose as aforesaid."

Whereupon it was voted that Mr. Taft and his sons who had been freed by the town from working on the highways on account of building the above sd bridge, Do henceforth work at y^e highways Equal with the rest of y^e Inhabitants of y^e town, and that y^e Surveyors warn them to work at the

highways as other men, and on their refusal, to prosecute them for their Neglect as y^e Law Directs and that the town will stand by them in their prosecution.

1722. Jan. 9. It seems the Trustees of the town's proportion of the £50,000 of Bills of Credit had met with some difficulty in the discharge of their duties; as, this day, the town chose a Committee of seven to consider the subject. At the same meeting the Committee reported that the Trustees, "first, Let out none of said Bills to any man without sufficient security, and 2nd. that, in their opinion, it was Most Convenient to Let no sums of money above ten pounds nor under five."

Feb. 26. The road or allowance for a way, that leads out of the County road leading towards y^e Great River from the ten rod way by Joseph Plumley's, northward towards Deacon Tiler's, was discontinued. This road led from the northerly terminus of what is now Washington street to near the barn of Luther E. Taft, on what was, formerly, the estate of the late Watee Davenport.

After the warrant for the meeting had been disposed of, the following record was made by the Town Clerk "The aforesaid Moderator, viz: Daniel Taft, assumed to himself the power to appoint and warn a town meeting (without any writing from y^e Selectmen to order y^e same, which is contrary to law, nothing being inserted in y^e warrant for calling said meeting to that purpose) for the choice of Town Officers, which time he appointed to be y^e first Monday in March next, and calling for a vote thereupon obtained y^e same by y^e holding up y^e hand of the superior number of them that were present at said meeting."

As the next town meeting was held on the 12th of March it is plain the meeting was not held as it was adjourned by Daniel Taft.

March 12. At the meeting this day Daniel Taft was chosen Moderator and then adjourned to the 26th instant at 8 o'clock A. M.

March 26. Selectmen, Thomas Sanford, Dea. John Jones, Ebenezer Read, Lieut. Thomas Thayer, and Daniel Taft; Town Clerk, Samuel Read; Town Treasurer, Capt. Seth Chapin; Con-

stables, Peter Aldrich, who refusing to serve or pay his fine had his name referred to the General Sessions, and John Cook was then chosen for this end of the town and Thomas Thayer, jr., for the lower end of the town.

March 30. The school to be kept in four places viz: "at the school house, over the Mill River, at y^e south end of the town and about the Great River," William Boyce to be the school master.

May 16. Thomas Sanford was chosen Representative to the General Court.

July 19. Josiah Chapin, Esq., and Cornet Josiah Thayer were added to the Committee "to endeavour to defend the Town's Rights against y^e Providence Petitioners &c." The Selectmen were also instructed to repair the meeting house.

It seems that there was some uncertainty about the vote agreeing to take the allotment of the bills of credit assigned to the town, as we find a meeting was afterwards called by warrant of the Selectmen (being the *first* warrant upon record) "to Consider and Resolve what further to do" about the £313.10s of the bills of credit &c. At this meeting it was again voted to receive the £313.10s of the bills of credit and Thomas Sanford, Daniel Taft and Jacob Aldrich were chosen Trustees.

Sept. 5. Voted to raise £52 including the loan money being the interest on the bills of credit, to pay town charges.

Oct. 16. The inhabitants of the *western* part of the town objecting to being assessed for repairs to the meeting house, the town voted they would reimburse them *provided* they are set off as a precinct or a town within the space of three years.

William Boyce still continues the schoolmaster at £30 a year in bills of credit, one-half in November and one-half in March; and to keep the school one quarter at the south end of y^e town (now Blackstone), the second quarter over Mill River (now Milford) the third about y^e Great River (now Uxbridge) and y^e fourth at the school house.

Ebenezer Staples, John Darling and Josiah Chapin, Esq., were appointed by the Selectmen as guardians of Ephraim Staples, they adjudging him to be "non compis mentice."

1723. March 4. The annual town meeting was held and Daniel Taft was chosen Moderator.

Chose for Selectmen Daniel Taft, James Keith, William Boyce, Ebenezer Read; Town Clerk, Samuel Read; Town Treasurer, Capt. Seth Chapin; Constables, Ebenezer Cook and John Thompson.

March 5. The Town Treasurer was directed to call in the interest on the loan money (bills of credit) and give a discharge for it for 1722.

A committee of thirteen were added to the committee already chosen to make a new measurement of the township.

April 6, 1723. The town was surveyed by Samuel Thaxter by order of the General Court; and by his plan, as may be seen in "Ancient Plans, Grants &c 1716 to 1734, vol. 2, p. 97," the town contained 60,896 acres. By this plan the western boundary was 10 miles and 110 rods, while the eastern was 10 miles and 90 rods long, whereas the original grant was 8 miles square, giving 40,960 acres as the area of the town.

June 24. Jacob Aldrich was chosen grand juryman; and it was also voted "to build two new windows, one in each end of the meeting house and to have them set above the beams of said house."

It seems the action of Daniel Taft, Moderator of the town meeting held Feb. 26, 1722, and the record of the Town Clerk, at that time, had given rise to a controversy in the town as the following action of the town testifies.

"Whereas at a meeting of the freeholders and other Inhabitants of the Town of Mendon on the 26th day of february in the year 1722, Daniel Taft of said Mendon was chosen Moderator of said Meeting and a Record made thereof, together with an entry thereunto annexed and inserted in the Town Book by the Town Clerk of that year; said Entry tending to the Defamation of him the aforesaid Moderator, by saying that he unto himself assumed Power to Call for a Vote of the Town, which, in said entry is mentioned his obtainment of by holding up the hand, and it not appearing to the Town of Mendon afore sd y^t y^e Moderator did unto himself assume Power as afore sd expressed but by and at y^e motion unto him sd Moderator made by a considerable number of y^e persons at sd Meeting qualified and the Town having considered the dangerous Consequences that attend such an unordered Entry doth hereby disapprove of and Utterly Make Null and Void the afore sd Entry, Rendering the same to be improper and out of Joynt any thing therein to the Contrary Contained Notwithstanding."

Why the record of the Town Clerk should have been found fault with does not appear, as it is not charged that the facts were not as he recorded them. At any rate the town meeting appointed by Daniel Taft was not held, which goes to show that the meeting if held would not have been legal.

At a meeting held July 19th, "it was voted that the Town will agree to Confirm Ten Hundred Acres of Undevided Land Bounded upon the Province Line where it is now stated and upon the West Line in the southerly part of our Township unto Samuel Comstock of Providence and his Associates (William Jenks representing the same company) for the Nine Hundred Acres of Land granted by the General Court to be laid out in the Country Land, Provided it may put a final issue to all the Controversies that are or may arise Between Samuel Comstock and his Associates and the Town of Mendon forever about sd farms."

All the trouble with Samuel Comstock and Company arose from the error which the people of Mendon entertained that the southern boundary of the town was identical with the southern boundary of the Province, whereas there was, at least, the width of a mile between them.

A perusal of the action of the General Court in this matter, which will be found in the following extracts from the Colonial records, will set the controversy with the Providence petitioners in a clearer light than can be gathered from the records of the town. Believing that the truth of history should be verified, and that it will be interesting to know how such matters were conducted in the olden time, the doings of the General Court in the premises will be found in the following pages.

At a town meeting held June 6, 1705, the town chose a committee to confer with a committee of Providence, and "if they Com or send over concerning our Land they claim on the West side of the Great River take their account and present the same to the town."

Sept. 11, 1705. The Conference Committee made their report to the town, which we infer was not satisfactory, as they voted that "a Complaint should be made to his Excellency and the General Court, and Capt. Josiah Chapin was chosen a Committee to transmitt y^e abov mentioned Report or Complaint to y^e abov sd Court and to Transact that Afair with sd Court."

This complaint was, without doubt, based upon the claim of Samuel Comstock to the 900 acres granted him by the town of Providence, which, it was affirmed, encroached upon the bounds of the town.

The General Court's answer to the complaint may be found in the 8th volume, p. 253, of the Colonial Records:

“Nov. 6, 1706. Upon reading this day, at the Board, a Complaint exhibited by the Selectmen of Mendon of Encroachments and a Claim made by the Inhabitants of Providence, on Pretense of an Indian Deed, to near one half of the Township of Mendon and other lands lying within this Province.”

“Ordered that Nathaniel Byfield, Nathaniel Payne Esq., Mr. Nathaniel Blagrow, Major Samuel Thaxter and Capt. John Ware, or any three of them, be a Committee to go upon ye ancient stated line of the boundaries between this Province and the Colony of Rhode Island and Providence Plantations to the extent of the late Colony of the Massachusetts Bay, according to the Grant and the Royal Charter of this Province, and to renew the Bound Marks where they shall be needed; and that his Excellency, the Governor, be desired to write to the Government of Rhode Island and acquaint them with the Court's appointment of a Committee for the service afore said, that they may appoint persons on the part of that Government, if they see fit, to attend at the Time and Place, to be agreed upon by ours, to see and take knowledge of our Line, That their Government may give the necessary orders to restrain their poeple from Making any Encroachment or Disturbance. The said Committee to make Report of their Doings to this Court, at the next session. after they have performed the said service.

Wch Order being sent, the Representatives was agreed to by that House
And is consented to by

J. DUDLEY, Govr.

Maj. Thaxter, under the direction of the Committee, surveyed the township April 6, 1723. Upon his plat “Ancient Plans, Grants, &c., 1716, to 1734, vol. 2, p. 97.” we find, first, the Patent line between Massachusetts and Rhode Island; second, and north of this line, another line being the line as between Massachusetts and Connecticut, extended across Maj. Thaxter's plat, and still farther north a dotted line eight miles from the northern boundary.

Colonial Records, Vol. 12, p. 21.

“At a General Court held Nov. 7, 1723 It was voted that Samuel Comstock might have the 900 acres provided the Government of Rhode Island

and Providence Plantations quitclaim a mile northward of the Colony Line.”

Colonial Records, Vol. 12, p. 304.

“Paul Dudley, from the Committee of both Houses gave in their Report upon the Petition of William Jenks of Providence and his Associates, are of opinion that the Nine hundred Acres of Land mentioned in the petition should be confirmed to the Petitioners by the Court, Provided that this Government or those claiming by or under them be, in no wise, at any time hereafter, Defeated or Molested in their Rights and Possession of the Mile of Land, described in the Petition, which was formerly Granted to the Colony of Rhode Island but lately quit-claimed by them to this Government, in consideration of the Petitioners having their 900 acres confirmed to them by this Court, Provided also that the Petitioners make satisfaction to such persons as may have entered upon any part of the said 900 acres for any buildings, fences or other Improvements by them made upon the premises, the value thereof to be appraised by three persons, viz:—the Surveyor to be appointed by the Court and two others to be chosen by the Petitioners and Occupants respectively, and whereas it appears by a late survey (Major Thaxter’s) that the Town of Mendon have extended their Line beyond their original grant from this Court, and the platt of said Township is said to have been burnt in the Town House in Boston, for it cannot be found in the Public Records of the Province, wherefore some Difficulties and Controversies might arise in and to the Proprietors of the Town of Mendon, for the quieting & Remediying thereof it is proposed that the Southern Bounds of the said Township of Mendon should extend Home to the Colony Line Saving the property of the Nine Hundred Acres as aforesd to the Petitioners,

In the name by order of the Committee

PAUL DUDLEY.

In Council Read & Ordered that this Report be accepted.

In the H. of R. Read & Concurred.

Consented by WM. DUMMER, Govr.”

The burning of the plat in the Town House at Boston may have taken place; but as all the plats mentioned in the town records can be found in the Massachusetts Archives, it is supposed the report of the burning may have been a mistake.

There are *four* plans of the Township of Mendon to be found in the Archives at the State House. The *first* one is the original plan, by Joshua Fisher, of Dedham, and may be found in “Ancient Plans, Grants, &c., Vol. 1643 to 1715, p. 54.” The *second* was made by Joseph White and Samuel Read in Nov. 1674, according to the grant of the General Court *to mend our line*, and according to the direction of the man that sold the land, he being

present. (Ancient Plans, Grants, &c., 1643 to 1715, p. 93.)

The *third* was made by Samuel Thaxter, April 6, 1723, on account of the difficulty about Mr. Jenks' 900 acres, and the *fourth* was made (by whom not known) in 1727, at the incorporation of Uxbridge.

“In the H. of R. Ordered that John Chandler Esq be the Surveyor and he is hereby fully Authorized and Impowered to take a Survey of the Nine Hundred Acres of Land petitioned for by William Jenks, of Providence, and his Associates and granted to them by this Court, passed the Eleventh day of this Instant December, and to do all things Directed and Ordered to be done by the said Surveyor & by said vote

In Council Read & Con.

Consented to Wm. DUMMER.”

Colonial Records, Vol. 12. Friday, June 11, 1725.

John Chandler, Esq., gave in the following report of the survey of lands near Mendon, granted to Wm. Jenks and his associates, viz:

“Pursuant to an Order of the Great and General Court of Assembly of the 18th. of December last past, I, the Subscriber have laid out to Wm. Jenks Esq. and his Associates the Nine Hundred Acres of Land granted them within this Province on the 11th. day of said December; wch said Land lies in six pieces and were shown unto me by the Grantees. The said Tracts lay formerly (as was supposed) within the Township of Providence in the Woods called Shacanock (Shokolog) now in the Township of Mendon, the Surveys & Plans whereof are hereunto annexed. The work was performed on the thirtieth day of April and the first day of May following. There assisted the sundry persons who claimed the Lands, who brought with them from the Records of the town of Providence, Attested Copies of the former Surveys, also James Walling and Jona. Sprague Jr. who declared on oath that they were upon the original Surveys. And the sundry Tracts now Surveyed we laid out in the same place as formerly as near as may be. But the Measure being large the said Tracts were reduced to a just and true Measure. The said Jonathan Sprague and William Chaudler were appointed Chairmen & I put them on Oath for the faithful discharge of their Trust.

Four of said Tracts happen to have no improvement upon them viz:—John Arnold, Hezekiah Comstock, Capt Sylvanus Scott and Capt. Daniel Abbott. There are Considerable Improvements within the bounds of Daniel Comstock's Land but no house. The occupant of the Land brot no person to Set a valuation on his Labour, although Mr. Comstock brot one on his part viz: Capt. Foster, who was present for that service. But the parties concerned seemed induced to agree among themselves.

On Mr. Jenk's Tract there is a House built & Land under Improvement done by Mr. Seth Aldrich, whose son lives on it, and although Mr. Jenks sent word for Mr. Aldrich to come and see the Survey and bring a man to assist in valuing the Labour Yet we heard nothing from him & have as yet made no valuation, all which is respectfully submitted by

Your most Dutiful Servant

JOHN CHANDLER, Surveyor.

Boston June 2. 1725.

June 11. In Council Read & Ord. that this Report be accepted and that the Land Mentioned therein be confirmed to William Jenks and his Associates According to the Survey thereof made and Returned by John Chandler Esq.

In H. of R. Read and Non Concurred.

June 19, 1725 The H. of R. reconsidered their vote of non concurrence upon the Petition of William Jenks passed June 11 inst. and then concurred with the Council with this amendment, "If it do not interfere with any grant made to the Town of Mendon."

In Council R. & C.

Consented to Wm. DUMMER.

The controversy about William Jenks' nine hundred acres being brought to a close, the Town, like all parties at the end of a law suit, set themselves about the business of raising funds to defray its cost. To this end they sold to Seth Aldrich twenty acres at nine shillings per acre; to Peter Aldrich, Benjamin Taft & Solomon Wood ten acres each, at ten shillings per acre.

To Edmond Rawson, Ebenezer Read and Joseph White ten acres each at ten shillings and six pence per acre.

This year the boundaries between Mendon and Hopkinton were perambulated by Seth Chapin and Daniel Lovet of Mendon, and John How and Jacob Gibbs of Hopkinton, and "renewed what marks they could find."

1724. Jan 13. "A Committee was chosen to sue for and Receive Pay for Damage done or may hereafter be done to the Pine or Cedar Swamps belonging to the Town."

It was voted "that David How and his heirs and assigns should have the Improvement of the Mill Pond so Long as he or they shall keep and maintain the Corn Mills for the use of the inhabitants and to their satisfaction." The two corn mills were

probably two run of stones in the same building, and were located where Benjamin Albee built the *first* mill.

Robert Benham, William Rutter and Benjamin Hayward had their taxes *forgiven* them.

Feb. 3. A committee of nine were chosen to consider the subject of selling the ministry land, and, if thought expedient, in what way and manner to dispose of the same.

Feb. 17. Voted, that the Trustees of the Bills of Credit for the first year shall have twenty shillings for their service, and afterward "as the Town shall agree."

Then voted the Trustees should have one-fourth of the interest accruing from the loans of the Bills of Credit, they giving security "for Endemnyfying the Town from any Charge or Difficulty."

March 3. Chose John Brown, Thomas Thayer, Samuel Read, William Boyce and Joseph Taft for Selectmen; Capt. Seth Chapin, Town Treasurer, and Samuel Thayer and Joseph Taft, Jr., Constables. As no record is made of the choice of a Town Clerk, it is presumed that Samuel Read continued in that office.

Aug. 19. Oliver Collier and family and David Provender and family, and on Oct 19, *Felsha* were severally warned to depart and leave the town.

1725. Jan. 4. Being a "Public Town Meeting to Manage our Land Concerns," the town added four more to the committee already chosen to manage the land concerns against the Providence petitioners.

Notwithstanding the General Court had surveyed and confirmed the 900 acres to Jenks & Company, and notwithstanding Maj. Thaxter's survey shewed that the boundaries claimed by the town gave 20,000 acres more than the eight miles square in the act of incorporation, still the town did not give up the idea that William Jenks and his associates were interlopers, and were attempting to seize a portion of their goodly heritage, hence

Jan. 18. It was voted "that Capt. William Ward should be the Surveyor, with liberty to appoint the chain men, to New Run the bounds of the Town."

Whether any survey was made by Capt. Ward, the further records of the town furnish no evidence, nor is any plan, drawn by him, to be found in the Massachusetts archives.

March 7th 1st. Annual Meeting, John Brown chosen Moderator.

Chose, John Brown, Thomas White, Ebenezer Read, Eleazer Daniels and Daniel Taft, Selectmen; Thomas White, Town Clerk; Jacob Aldrich, Town Treasurer; and Wm. Boyce, Schoolmaster. No record of the choice of Constables.

July 19. A complaint was made by several persons living in the northwest part of the town, on the east side of the Great River, "about the place where a way was formerly laid out over the Great River," and a committee was chosen "to view sd way and the River thereabouts, att the charge of the nebourhood there dwelling, and so make Report to the town where they think the way may be most convenient for the Intrest of the Town and good of the nebarhood."

Aug. 3. The Treasurer acknowledges the receipt of £39.15s. in full for lands sold Seth Aldrich, Peter Aldrich, Benjamin Taft, Solomon Wood, Edmond Rawson, Ebenezer Read and Joseph White, to pay the costs arising in the Providence controversy.

Aug. 30. Voted to raise £42, to defray town charges this year.

1726. March 4. Being the annual town meeting, chose John Brown, Thomas Sanford, Thomas Thayer, Seth Chapin, Jr., and Ebenezer Read, Selectmen; Thomas White, Town Clerk; Daniel Lovet, Town Treasurer, and Thomas Tenney and Daniel Darling, Constables. John Boyce was continued as Schoolmaster.

March 26. "After debate concerning Mr. Dorr's salary," voted, not to alter his salary, but to make quarterly contributions for his relief this present year.

Voted to accept the road laid out by the Selectmen, from Seull Rock bridge to the iron works on the east side of the Great River.

Voted to allow a penny per head "for the great sort of birds,

that is so many as are killed between April 1st. and the middle of June."

May y^e 9th. John Brown was chosen Representative to the General Court.

Sept. 5. After taking the valuation of those who were present, "considering the great number of the inhabitants of said town who by reason of sickness could not attend," the meeting was adjourned to Oct. 18.

What this sickness was neither record or tradition informs us. During the supposed period of its prevalence the only *recorded* deaths were Ebenezer White, son of Joseph White, Benjamin Wheaton and Josiah Chapin, Esq. Quite likely other deaths may have occurred, but whose names were not recorded.

Sept. 16. After choosing Ebenezer Wood, Grandjuryman, the only other business transacted was to vote "that considering the great sickness which is now in the town, swine should be allowed to run at large the remainder of the year. being yoked and ringed as the law directs."

Sept. y^e 28th. Sarah Green and her son were warned "to depart & leave the town," and afterwards John Lindsey and wife, Oliver Watson and family, Elizabeth Dobbiuna, Frank Allen and Mary Cormick, "intruders in the town of Mendon," were warned out.

Oct. y^e 18th. Voted to raise £50 to defray town charges this year.

Dec. y^e 14th. Chose Josiah Thayer, James Keith and Seth Aldrich a committee "to see that the highways in our town are not ineroached upon or straitened by fences or other incombrances."

At said meeting, in auswer to our western inhabitants petitioning to be set off as a town or precinct, the vote passed in the negative. This was the first mention of the agitation which finally resulted in the division of the town and the incorporation of Uxbridge.

1727. March 6. Chose Thomas Sanford, Thomas Thayer, Joseph White, jr., Seth Chapin, sen., and James Keith, sen., Selectmen; Thomas White, Town Clerk; Benjamin Green and Benjamin Darling, Constables, and then adjourned till to-mor-

row morning, and then chose Daniel Lovett, Town Treasurer &c.

Although the disagreement between Bellingham and Mendon in regard to a portion of the boundary line between the towns has been recently settled by an Act of the General Court in favor of the claim of Mendon, that Charles River, from the bridge at Bellingham factory to the monument north of Ellis Bullard's (formerly the Dedham Tree), still it will not be uninteresting to know how that matter was regarded by the two towns one hundred and fifty years ago.

Bellingham April y^e 24th, 1727. Wee the subscribers Being apointed By the selectmen of Bellingham to preambulate with Mendon, we accordingly met Jacob Aldrich and Nathaniel Rawson, sent by the select men of mendon. We Began at the *farm* corner of Mendon line and so marked eight trees on four sides, y^e first a walnut tree, y^e second a white oak tree, y^e 3d a walnut, y^e 4th. a white oak, y^e 5th. a walnut, y^e 6th. a Black oak, y^e 7th a White oak and y^e 8th. a white oak near Second Bridge River Below John Rockwood's house and so *down* said River to Dedham Tree and from thence to the Great River, Renewing the Bounds upon said line.

JOHN THOMSON,
JOSEPH HOLBROOK,
JACOB ALDRICH
NATHANIEL RAWSON.

March 31. After debate concerning the Rev. Mr. Dorr's salary it was voted "to have a monthly contrybution for his supplyment the present year."

Also voted, after the reading of the petition of the western inhabitants of the town for a division of the town, that the boundaries should be as follows, viz: Beginning at the south-west corner of the town at the Province line, thence east four miles with said line, thence turning north and running parallel with the west line of the town until it comes to a small brook running westerly between West and Misco Hills, thence down said brook to the West river, thence up said river to Andruss's brook and thence up said Andruss's to the township line.

In the Massachusetts Archives "Towns vol. 113, p. 714," may be found the act for incorporating the town of Uxbridge, and which is in the following words:

Anno Regni Regis Georgii Decimo Tertio.

An Act for dividing the Town of Mendon and Erecting a new town by the name of Uxbridge.

Whereas the westerly part of the Town of Mendon, in the County of Suffolk is completely filled with Inhabitants who labour under great difficulties by their remoteness from the place of Public Worship &c., and have thereupon made application to the said Town of Mendon and have likewise addressed this Court that they may be set off as a distinct and separate Town and be vested with all the powers and privileges of a town; and the Inhabitants of Mendon having consented to their being set off accordingly:

Be it Therefore Enacted by the Lieutenant Governor, Council and Representatives in General Court assembled and by the authority of the same, that the westerly part of said Town of Mendon is hereby set off and constituted a separate Township by the name of Uxbridge, the bound of said Town to be as followeth; That is to say, Beginning at the South West corner of the Town of Mendon at the Province South Line, thence to run four miles east with the Province line, then North a parallel with the West line of the said Town until that line meets with a small Brook that runs between West Hill and Misco Hill, then y^e said Brook to be the bounds to the West River, then the West River to be the bounds to a brook known by the name of Andreu's brook, which brook shall be the bounds to the north line of the Township.

And that the Inhabitants of the said Lands as before described and bounded be and hereby are invested with the powers, privileges and immunities that the Inhabitants of any of the Towns of this Province are or ought by law to be invested; Provided the Grant of the sd Township be not construed to Affect the Rights and privileges of any Persons to lands within the same.

Provided also that the Inhabitants of the said Town of Uxbridge do within the space of two years from the Publication of this Act, Erect and finish a suitable House for the Public Worship of God and procure and settle a learned Orthodox Minister of good conversation and make provision for his comfortable and honourable support and that they set apart a Lot of not less than one hundred acres of Land in some convenient place in said town near the meeting House for the use of the Ministry and likewise provide a School Master to Instruct their youth in writing and reading.

In the House of Representatives, June 23, 1727.

Read a first time. The 24th. Read a second time and passed in concurrence with amendment.

Dele ~~XX~~ Sent up for concurrence.

WM. DUDLEY, Speaker.

Agreed.

The Council passed the bill with the following words inserted after "reading" at the end.

“And that thereupon they be discharged from any further payment for the maintainance of the Ministry and School in the said Town of Mendon for any estate lying within the said Town of Uxbridge.

This the Rep^s struck out by the Dele ~~XX~~”

The Lieutenant Governor, acting at the time of the passage of this act, was William Dummer. Gov. Shute, after a long and acrimonious quarrel with the General Court, suddenly left the country Jan. 1, 1723, and until July, 1728, when Governor Burnet arrived at Boston, Mr. Dummer acted as Governor.

At this period, for the first time, we find the *record* of a warrant for a town meeting.

Aug. 28. At a town meeting held this day the warrant contained the following articles:

1. To give in a valuation of the rateable estates.
2. To ascertain the Town debts and provide for their liquidation.
3. To choose another Selectman.
4. To settle the line with Uxbridge.
5. To see whether they would build a new meeting house.

At this meeting the town's debts, amounting to £5.16s., were found to be due to the following persons, viz:

Thomas Sanford.....	£0 13 00	Daniel Taft.....	£0 07 06
Thomas Thayer.....	09 00	Nathl. Rawson.....	04 00
James Keith.....	15 06	Capt. Seth Chapin.....	16 00
Thomas White.....	11 00	Nathan Tiler.....	04 00
Seth Chapin.....	03 00	Josiah Thayer.....	07 06
Jacob Aldrich.....	17 06	Seth Aldrich.....	07 06

One hundred pounds were raised and appropriated to pay Mr. Dorr's salary and the ordinary town charges.

Jacob Aldrich, Thomas Sanford and Capt. Thomas Thayer were chosen a committee to settle the line with Uxbridge.

Voted not to build a new Meeting House and then dissolved the meeting.

DAVID HOW'S PETITION ABOUT THE MILL POND.

The Petition of David How humbly sheweth as the Town of Mendon in times past hath Been pleased to propagate and incourage persons who have been officious in their service By gratuity &c, and your petitioner having a purpose to erect, set up and maintain another Grist mill near to where the present fulling mill now standeth which may render the matter convenient

for Grinding of corn in a scarcity of watter, that you Gentlemen would be pleased to grant your petitioner his heirs and assigns the full liberty and peaceable possession & improvement of the present Mill Pond which to the town is now appertaining so that he your said petitioner his heirs and assigns as aforesaid may draw off the aforesaid pond in the spring and summer time viz: from and after the first day of May until the first day of October and make improvement thereof for mowing if he or they shall see fit so to do, for such a time and not longer than your said petitioner his heirs and assigns shall do, well and truly keep up and maintain, at his and their own and proper cost and charge the aforesaid Corn mill or mills for the accommodable use of the town of Mendon aforesaid for the grinding of their corn, is the prayer and Request of your humble petitioner.

DAVID HOW.

This petition was dated in 1723, but whether it was then presented cannot now be determined. Following its record in 1727, the town voted that its prayer be granted and be entered upon the Record.

atest THOMAS SANFORD, moderator for sd meeting.

Nov. 29. The subject of building a new meeting house was again brought before the town, and, "after a considerable Debate," it was voted "to dismiss y^e article until a new summons."

At this meeting the rates of Capt. Robert Evens, the two Linsseys' rates and the rate of Joseph Emerson were foregone, *provided the Constables could not collect them*. The rates against the widow Brown, widow Rawson, Isaac Benson, Nathan Gaskill and Joseph Chilson were foregone *without condition*.

1728. March y^e 4. For Selectmen, Thomas Sanford, Capt. Thomas Thayer, Daniel Taft, Seth Chapin, jr., and Nathaniel Rawson; Town Clerk, Thomas White; Town Treasurer, Daniel Lovet, and Jonathan Thayer, sen., and John Tiler, jr., for Constables.

Voted, that sheep might run at large without a shepherd.

The Board of Assessors at this period consisted of the Commissioner of Assessments and a majority of the Selectmen. By the Act of the General Court, passed Nov. 16, 1693, a Commissioner of Assessments was to be *annually* chosen; but, since 1716, when Josiah Chapin, Esq., was elected to that office, we

do not find that the record of another choice was made. As Josiah Chapin died in 1726, it is presumed that some one was appointed in his stead.

Sept. 26. 1728. The Selectmen met and agreed with Mr. Grindal Rawson to keep school in and for the Town for six months from and after the 24th day of October next att the direction of the Selectmen, and to make up such time as he shall loose until the six months are completed, and as a recompence the Selectmen in behalf of the Town have ingaiged to pay him the sum of twenty-two pounds and ten shillings as witness our hands

acquiesed therewith.

THOMAS THAYER	
SETH CHAPIN	
NATHANIEL RAWSON	

The schoolmaster above contracted with was the eleventh child of the Rev. Grindal and Susanna (Wilson) Rawson, the third minister of the town. He was born Sept. 6, 1707, and was probably the first person to graduate from Harvard College. He graduated in 1728. He afterwards taught here in 1729 and 1730.

Mr. E. B. Crane, in his Rawson Family Memorial, was mistaken in supposing that Grindal Rawson taught the *first* public school in Mendon. John Warfield, William Boyce and others had taught the public schools for some years prior to the advent of Mr. Rawson, Deacon Warfield having been chosen schoolmaster many years before. According to the town records, neither Deacon Warfield, Mr. Boyce, or the others, instructed the scholars in any branch beyond reading and writing.

There being but one school-house as yet in the town, the schools were kept in different portions of the town, and were called *moving* schools.

Mr. Rawson, being the graduate of a college, was, without doubt, hired to teach something besides reading and writing; and so, if he was not hired to teach the *first* public school, his was the *first* of an advanced grade.

By this time the subject of a new meeting house was again agitated.

Feb. 9, 1728. The town voted to build a new meeting house and it passed by a clear vote to sett sd meeting house within twenty Rods of the place where the meeting house now

stands; this vote was tryed By dividing the house and numbering the poles.”

At this meeting a disagreement in regard to the line between Mendon and Uxbridge began to be mooted, and although attempts were made, from time to time, to settle the question of boundary, yet no final adjustment was made until 1754. At this meeting it was asked whether the town would grant the town of Uxbridge “sixt Rod for Sagg of Chain,” and the vote passed in the negative.

Thomas Sanford protested against the vote fixing a location for the meeting house, and James Keith protested against the whole doings of the meeting.

This meeting was adjourned to March 25, when the town met and, after “a considerable discourse,” about what does not appear upon the record, again adjourned to the 25th of August, and at that time “it passed by a clear vote that every article that was acted on by virtue of a warrant bearing date February y^e 19, 1728 is and shall Be and Remain for ever to be of no value nor virtue Butt shall forever be accopted to be of no force nor virtue.”

The General Court having voted to issue £60,000 in Bills of Credit, Capt. Seth Chapin, Jacob Aldrich and Nathan Tyler were chosen Trustees to manage the share of Mendon, which was £270.

May 15. Daniel Taft was chosen Representative to the General Court, and it was again voted “to build a new meeting house within twenty rods of the place where the meeting house now stands.”

July 12. Thomas Sanford, Thomas Thayer and Jacob Aldrich, a committee, met John Farnum, Solomon Wood and Joseph Taft, a committee of the town of Uxbridge, and run the line between the two towns, as is recorded by the town clerk. It is not found that this committee made any report of their doings, and so, it is supposed, the controversy was held still in abeyance.

August 30. Town debts were audited as follows:

Thomas Sanford.....	£2 01 00	Jacob Aldrich.....	£1 16 00
Capt. Thomas Thayer...	1 03 00	Thomas White.....	.. 1 10 00
Philip Leasurc.....	0 04 00	Capt. Seth Chapin.....	0 05 00

Voted to raise £40 to defray town charges the present year.

A committee was chosen to lay out 200 acres of land for the proprietors, but for what purpose does not appear, inasmuch as the proprietors owned all the unappropriated lands.

About this time a division of the County (Mendon still belonged to the County of Suffolk) began to be agitated, but Mendon "voted not to come in with Johnson's petition for a new county."

The interest for the school money this year was nine pounds, as receipted for by Daniel Lovet, Town Treasurer.

1729. March 3. Chose Daniel Taft Moderator.

Chose Samuel Thayer, Daniel Lovet, Capt. Thomas Thayer, Thomas Sanford and Nathaniel Rawson, Selectmen, and then adjourned until to-morrow at 11 o'clock A. M.. Deacon John Tiler and Thomas White, Town Clerk, protesting against irregularities in the choice of town officers.

March 4. The town met, pursuant to adjournment, when, "after some discourse and in a tumult," the Moderator (Daniel Taft) adjourned sd meeting until March 11th.

March 8. The following record shows that, although they usually kept the bonds of peace, the inhabitants did not always work together in the spirit of unity.

For some reason, though not stated, the Town Clerk refused to record the proceedings of the meeting held March 3d, as will be seen by the following order:

"March 8. Thomas White, Town Clerk of Mendon; these are to order you to record all the votes passed in our town meeting for the choice of Town officers on March y^e third current and continued by the town adjournment to March the fourth current and also by whom said meeting was ajorned to sd fourth day of March current and likewise Record this order therewith

pr us	THOMAS THAYER	} Select men of Mendon."

	NATHANIEL RAWSON	
	SAMUEL THAYER

March 11. At this meeting Capt. Seth Chapin, Daniel Taft, Capt. William Rawson, Jacob Aldrich and Nathan Tiler were chosen Selectmen; Thomas White, Town Clerk; Ebenezer Staples,

Town Treasurer, and James Wood and John Legg for Assessors. As showing the increase of the length of roads in town, *nine* Highway Surveyors were chosen.

March 18. At a town meeting "for completing the choice of officers &c" legally warned,

James Keith was chosen Moderator by 44 votes.

Thomas Sanford was then chosen Town Clerk by 40 votes; Daniel Lovet was chosen Town Treasurer by 36 votes; Nathan Penniman was chosen Constable for the south end of the town, and William Hayward, *Tershus*, for the north end of the town. All the minor offices were then filled.

April 4. The records of the General Court, Vol. XIV., pp. 212, 226 and 227, will set forth the end, if they do not explain the nature of the irregularities of the town meetings in March.

On page 212 may be found a reference to—

"A Petition of Thomas Sanford, Clerk of the Town of Mendon, complaining of sundry Irregularities Committed by Daniel Taft Esq., Moderator of their late meeting in March last and of others at the said meeting, as particularly set forth in said petition (Petition not found) by which means great Confusions are brought on the said Town Praying that this Court would please to interpose their Authority and direct to some proper method for Redress and Relief of the Inhabitants of said Town.

In Council Read and Ordered That the Petitioners serve Mr. Daniel Taft, Moderator of the late Town Meeting at Mendon and Mr. Thomas White (chosen Town Clerk on the 11th of March) with copies of this Petition so that they may put in their answer thereto on Fryday the 11th. current.

April 15. In the House of Representatives Read again the Petition of Thomas Sanford, Town Clerk of Mendon, with the answer of Daniel Taft Esq. and the same being fully considered, voted that the Proceedings of the Town of Mendon at their meetings on the *third* and *eighteenth* days of March last be and are hereby declared regular, legal and valid, and the Proceedings of the said Town on the *fourth* and *eleventh* days of March are declared null and void."

The irregularity of Daniel Taft, Esq., in part, at least, was his adjournment of the town meeting to March 11th without a vote of the town. What the other irregularities were that created the "great confusions" in the absence of the petition, we fail to discover.

May 17. Being a meeting for the choice of a Representative to the General Court, after four trials there was no choice, and the meeting adjourned.

August 27. Being a town meeting legally warned, Daniel Taft was chosen Moderator. After the meeting was opened there was some debate, but about what, the record is silent, and then the meeting adjourned for half an hour. Being called to order, after some debate (about what, is still in the dark), the Moderator offered to the town in order for a vote, saying, "You that are of a mind not to act any thing on the warrant, Signifie it by holding up your hands," which vote passed in the affirmative by them that were present, and then said Moderator withdrew and carried away the warrant, and so the meeting ended.

Dec. 3. The Selectmen agreed with William Rawson to keep school for three months, at the rate of forty-five pounds per annum.

CAPT. WILLIAM RAWSON.

This William (afterwards Capt. William) was the son of William and Anne (Glover) Rawson, and the grandson of Edward, for a long time Colonial Secretary. He was born in Boston, in Bromfield street, then called Rawson's lane, Dec. 2, 1682, and graduated at Harvard College in 1703. In 1689 he removed, with his father, from Boston to Dorchester, and, not a long time afterwards, to Braintree. In 1710 he married Sarah Crosby, of Billerica and settled in Mendon, and there died in October, 1769. He was the eighth of a family of *twenty* children. He was a cousin of Rev. Grindal Rawson, who was born Sept. 6, 1707, graduated at Harvard College in 1728, and settled, for life, in the ministry at East Haddam, Connecticut, where he died March 27, 1777, æ. 70. William Rawson succeeded him as the fourth school-master of Mendon.

He was chosen one of the Selectmen March 11, 1729, but the General Court declared all the doings of that meeting null and void. March 1, 1731, he was chosen Town Clerk.

The town granted £22.15s to cover the expense of the recent appeal to the General Court about the March meetings, and £50 to defray town charges over and above Mr. Dorr's salary.

It will be remembered that the Trustees for the town's share of the bills of credit, issued by the Province, were under bonds for a proper management of the same. They were to loan the money upon proper security and collect the interest. It seems

they had failed in their duty in this regard as the Town Treasurer was directed to sue the Trustees, their heirs, executors and administrators for the interest due on the bills of credit.

Dec. 10. It was voted to add ten pounds to Mr. Dorr's salary for the present year. It was also voted "that they that have any sheep in their Custody that are not their own shall bring such sheep to the pound on the first Tuesday of December, annually, or give the marks of such sheep to Jacob Aldrich on that day."

The subject of a new meeting house was again brought up as will appear by the following votes.

It was proposed to the town "whether they would Build a new meeting House for the accommodation of the town in General Both for a place of Public worship and also for a place for the Town's public Conventions to Manage their Civil affairs," and it passed in the affirmative.

"Voted to submit the fixing of a site for the new meeting house to a Committee of indifferent persons not residents of Mendon," and then adjourned to Monday, the 15th, current at 10 o'clock A. M.

Dec. 15. At the town meeting this day Dea. John Tiler, Eleazer Taft, Samuel Torrey and Daniel Hill entered their protest against choosing a committee "for stating the place for the Meeting House."

Notwithstanding the protest the town chose Mr. Ebenezer Stone, of Newton, Jonathan Ware, Esq., of Wrentham, Ebenezer Ward, Esq., of Southborough, Capt. Edward Clark, of Medway, and Capt. Nathan Brigham, of Marlborough, a quorum of whom were to establish the site for the meeting house.

Jacob Aldrich, Capt. Thomas Thayer, James Keith and Seth Chapin, jr., were chosen a Committee to notify the Committee above chosen and request them to attend, and also "to accompany them and Inform y^m of the Circumstances of the Town Relating to the Business."

To make the matter more sure the town "voted they would Stand to and Abide the Judgment of the Committee, or the major part of them that should attend said service."

The Committee were to meet "at the house of Thomas Sanford, on Wednesday, the 31st, current, in order to proceed to business, where they are to be entertained, at free cost to the

Town, the First night, the second night at Dea. John Tiler's, the third night at Capt Thomas Thayer's on free cost as the first night."

It seems various parties, in town, had incurred divers expenses about the matter of the meeting house and that the town had assumed the charges of those living at the *south* end of the town, but, for reasons not known had refused to assume the expenses of those living at the *north* end of the town.

The first Friends' Meeting House in Mendon was built this year.

By the kindness of friend Richard Battey, of Smithfield, R. I., I am enabled to give the following account of its erection and of its final removal.

In a note dated 12th, 22d, 1878, he says the *first* record concerning the erection of this house, dated 10th of y^e 7th mo 1729, is in the following words: "The Undertakers of Mendon Meeting House are desired to bring in an account to next Monthly Meeting of their proceedings therein."

The *second* and last record, relating to its building, is in the following words: "The 4th of y^e 12th. mo. 1729, Sannel Thayer having ballanced his account about Mendon Meeting House there is due him the sum of £9.12.7."

From the completion of the house "A Meeting for Public Worship was held there, at the regular stated times, until 3d mo. 1841, when it was discontinued by Smithfield Monthly Meeting."

This house was sold to Col. Israel Plummer, of Northbridge, in 1850, who took it down and with its timbers a depot was built on the line of the P. & W. railroad in Northbridge, at the granite quarry.

The present Friends' Meeting House in Blackstone (then Mendon) was built in the summer of 1812 and was known as South Mendon Meeting House.

The following "testimony," of Smithfield monthly meeting, concerning *Moses Aldrich of Mendon*, is in the following words: "He was born in Mendon 4th mo. 1690; united himself with Friends about the 21st year of his age and four or five years afterwards engaged in the service of the ministry, in which work he was well approved.

In 1722 he visited the Island of Barbadoes laboring in the work of the ministry. In 1730 he visited most of the Colonies on this continent going as far south as the Carolinas. In 1734 he again visited Barbadoes, and in 1739 crossed the Atlantic and spent the most of two years in Great Britain and Ireland, in the service of truth.

He is spoken of as a man of cheerful mind, pleasant in conversation, of exemplary life and endowed with a sound understanding as a man.

In his last sickness, noticing that his children were troubled at the apparent near approach of death, he said "mourn not for me, but mourn for yourselves: it is well with me and as well to depart now as to live longer." He retained his senses to the last and died the 9th of 9th mo. 1761, in the 71st year of his age. He was buried in Friends' Burying ground in Mendon.

He was the son of Jacob and the grandson of George Aldrich, who came from England, and was one of the First settlers of Mendon. The late Waitee Davenport was one of his granddaughters."

1730. Feb. 15. Upon a report of a Committee previously chosen for that purpose, the town "voted to Build the Meeting House fifty feet long, forty-five feet wide and twenty-four feet high and the house to be a studded house."

Mr. Joseph Sumner, Mr. Benjamin Wheelock and Mr. Nathaniel Rawson were chosen a Committee and "Impowered to agree with workmen to Build sd House and to have y^e over sight of y^e work until sd House be raised."

Voted also "to Raise by a Tax the sum of Two hundred Pounds, the one half to be paid into the Town Treasury on or before the last day of October next and the other half on or before the last day of December following; and to be drawn out thence by the above sd Committee or their Successors in sd Trust to be Imploied and Improved for and towards the Building and setting up the fraim of sd House and to provide Meterials for Covering, Enclosing and finishing sd House so far as sd Money will extend."

Upon the petition of certain inhabitants on the east side of

Mill River, provided that the land, or any part of the same, on the easterly side of said river, should be set off as a particular town within ten years, then the town voted "to Reinburst to the Petitioners so Much Money as shall be their part or proportion of money as shall be assessed on them for and toward Building the Present Meeting House for the Town."

At this meeting, at the request of John Tiler and others, it was put to vote whether the town should repair the old meeting house or the town be divided, and it passed in the negative; whereupon Samuel Torrey, Capt. Seth Chapin, Benjamin Green, Nathan Tiler, Daniel Taft, Esq., William Torrey, Eleazer Taft, Ebenezer Wood, Deacon John Joans, Samuel Moor, John Sadler, Deacon John Tiler, Robert Tiler, Thomas Beard, Jr., Thomas Tenney, John Perry, Abraham Jones, John Tiler, Jr., Joseph Tiler, Israel Taft, William Green, John Rawson, Thomas Beard, William Johnson, Ebenezer Wood, Jr., Moses Tenney, Samuel Wood and Samuel Nelson entered their protests against "Building a Meeting House on the Spot which the Committee had stated as the place and against any money to Build the same."

March y^e 2. 1730. Being a legal town meeting for the choice of town officers, &c., at said meeting Mr. James Keith, by a majority of votes, was chosen Moderator, and, after some demur, chose Capt. Seth Chapin, Jr., Moderator, and "after some further Demur the people went away and the meeting ceased."

March 15. Voted not to send a Representative to the General Court this year, forty-three to thirty-nine.

The Selectmen, it is presumed, presided at the choice of a Representative, as the Moderator was not chosen until after that question had been decided.

Jacob Aldrich was now chosen Moderator, and, after the warrant was *amended*, the following motions were submitted, and, seriatim, severally defeated: to build a new meeting house within twenty rods of the old one; to build two meeting houses; to repair the old one, and to divide the town.

March 16. Jacob Aldrich, Deacon John Jones, Joseph Sumner, Lieut. Daniels and David How were chosen Selectmen; Capt. William Rawson, Town Clerk; Daniel Lovet, Town Treasurer, and John Sadler and John Legg, Constables.

April 6. Voted, that five feet be taken from forty-five feet in the width of the new meeting house, and two feet from the twenty-four feet in the height, when the meeting was adjourned for the space of half an hour. After being called to order, it was put to vote "whether the Town would Alter the Scituation of the New Meeting House layd out by the Committee, and it passed in the Negative."

Mr. Grindal Rawson was again chosen to keep school for one year.

Notices for town meetings were directed to be set up, ten days before the meeting, at Philip Chase's, at Capt. Rawson's house, at David How's, and at Samuel Thompson's mill.

The town, it seems, was not satisfied with the failure to elect a Representative in March, as, July 3, they chose Thomas Sanford and Daniel Taft, Esq., "to Prefer a Petition to the House in order to obtain a Precept."

The subject of a new county again began to be agitated about this time, and, Aug. 27th, the town voted "to prefer a Petition to the Honorable General Court to grant a new County at the west end of our County, (Suffolk) and, if not granted, not to carry us out of our County."

Daniel Taft, Esq., and Lieut. Daniel Lovet were sent to treat with those gentlemen who were appointed to meet at Mr. Leland's, in Hasanamisco, concerning a new county.

Sept. 8. At a town meeting the question of a new meeting house was again brought up for consideration. Motions were made to build a new meeting house within twenty rods of the old one; to make void all votes passed contrary to the first vote concerning a new meeting house, and to divide the town, all of which were again defeated.

Sept. 17. Lieut. Daniel Lovet, Nathan Tyler and Capt. Thomas Thayer were chosen a committee to treat with the Uxbridge committee concerning the ministry and school laws, and report to them.

Oct 20. The new meeting house being still the subject for consideration, and Jacob Aldrich having been chosen Moderator, the town meeting was adjourned for *half an hour*, then to meet at the *old* meeting house.

The following motions, in succession, were then made and

severally failed of an affirmative vote, viz: To set the new meeting house by the heap of stones made by the committee chosen by the town; to set it up within six or eight rods of the same place; to build two meeting houses and give the minister liberty to preach in which he will, and to set off a part of the north end of the town to join with Hopkinton.

It was then voted to set the new meeting house at the westerly end of the burying place, where the timber lies.

Deacon John Tiler, Capt. Seth Chapin, Ebenezer Wood, Nathan Tiler, John Green, Benjamin Green, John Saddler, Deacon Samuel Moor, Joseph Tiler, Jabez Bellows, Thomas Beard, Jr., William Torrey and William Johnson, protested against building a meeting house any nearer the burying place than within twenty rods of the old meeting house, and against allowing anything more or less for raising the same, except it be within twenty rods of the old meeting house.

Notwithstanding this protest the town "voted that money be raised by a Rate to defray the Charges of raising the meeting house as to the provision part." No instructions were given as to the quantity or quality of the provisions to be furnished, except what may be learned by the following vote:—

Voted, that "the Town provide a barrel of *Rhum* towards the Raising the New Meeting House."

Capt. Thomas Thayer, Lieut James Lovett and David How were then chosen a committee "to take care of the Victuals and Drink & other materials Necessary for Raising the New Meeting House."

In the mean time the General Court had been appealed to by the opponents to the new meeting house, as by the following record will appear:

Dec. 1. Deacon Thomas Sanford, Lieut. Daniel Lovet and Nathaniel Rawson were chosen a committee "to answer Samuel Moor's petition, in defence of the Town."

Court Record, Vol. XIV., p. 441.

Oct. 28. 1730, A Petition of Samuel Moor and fifty others, Inhabitants of Mendon, Shewing that there are great divisions among them as to the Place for setting up their Meeting House; that a disaffected party have prevailed so far as to obtain a vote for setting it in a very inconvenient place, Therefore praying that this Court would appoint a Committee to re-

pair to Mendon and state the place they may think most convenient for erecting their Meeting House.

In Council, Read and Ordered that the Petitioners serve the Town of Mendon with a Copy of this Petition, that so they may give their answer thereto on the first Thursday of the next Session, and that they desist from raising the Meeting House in the mean time.

In the House of Representatives Read & Concurred.

Consented to J. BELCHER.

Notwithstanding this injunction of the General Court, “the disaffected party” (being a majority of the voters) stood upon their dignity, (another name for squatter sovereignty, we suppose,) to say nothing of the regard they might have for the “*victuals and drink*” to be provided for the occasion, forthwith raised the meeting house, whereupon Deacon Moore and others again appealed to the General Court, as may be seen in the Court Records, Vol. XIV p. 448.

Dec. 17, 1730 A Memorial of Samuel Moore and divers Inhabitants of Mendon complaining of the great Neglect & Contempt cast on the Order of the Court (passed on the 28th. day of October last,) for staying the proceedings of the said Town in building their Meeting House, by the Selectmen and others there, who have proceeded, notwithstanding said Order, to raise the said Meeting House.

In Council. Read and Ordered that the Selectmen of Mendon attend this Court on Wednesday the twenty third instant at ten of the clock in the Fore noon there to answer the Contempt (alleged therein to be) by them cast on the Order of this Court within referred to, and the memorialists notify them of this Order accordingly.

In the House of Representatives, Read & Con.

Court, Vol. XIV., p. 452.

Dec. 23. This Day being appointed for the Hearing of the Selectmen of Mendon to answer the Complaint of Samuel Moore and others for their Casting Contempt on an Order of this Court referring to the Meeting House there, and *only three* of the *five* attended, the other *two* neglecting to appear.

The following vote was passed in the affair, viz:—

In Council, Whereas David How and Joseph Sumner two of the Selectmen of the Town of Mendon have not attended this Court according to Order to answer a Complaint of Samuel Moore; Ordered that the said David How and Joseph Sumner, with Jacob Aldrich and Eleazer Daniels (two other Selectmen of the same Town,) attend this Court without fail on Wednesday the thirtieth Instant at ten of the clock in the Fore Noon then

to answer to the Complaint of the said Moore for Showing Contempt to the Order of this Court.

In the H. of R. Read and Con.

Consented to, J. BELCHER.

Court, Vol. XIV., p. 459.

Dec. 31, 1730. The Selectmen of Mendon having attended yesterday to answer the Complaint of Samuel Moore, the following vote was passed, on the said affair, at the Board and sent down to the House, viz:—

In Council, whereas upon a hearing had upon a complaint of Samuel Moore of Mendon, It appears that said Selectmen have been guilty of a Great Contempt of the Authority of this Court, Except Mr. Jones who fully acquitted himself thereof,

Voted that his Excellency, the Governor, be desired to Reprimand the said Selectmen for their said offence & that the said Selectmen pay the charge of this Complaint to Mr. Moore, the Complainant, and thereupon be discharged from their attendance.

1731. About this time warrants for town meetings began to be recorded, and they were issued “in his Majesty’s name.”

Jan 25. Seth Chapin Jun., was chosen a Deputy for the General Court to be held at Boston on the 10th day of February next.

Daniel Taft was then chosen Moderator.

Then voted that the town would *not* go on and finish the Meeting House; and when the vote was “scrupled” the house was divided, and the vote was still found to be in the negative.

After voting out the other articles, the Moderator dissolved the meeting.

March 1. Daniel Taft was chosen Moderator.

For Selectmen, Thomas Taft, Lient. Daniel Lovet, Ensign Seth Chapin and Capt. Thomas Thayer; Town Clerk, Capt. William Rawson; Town Treasurer, Capt. Seth Chapin, and for Constables, Thomas Thayer, Jr., and Samuel Warfield.

A motion was made to set off a part of the town known by the name of Mill River, and the motion was lost.

Although Mendon had once agreed to the creation of a new County, when it was found that a new county was to be created, they voted to petition the General Court that the town might continue to be a portion of the County of Suffolk; but as no further steps were taken in the premises, it is presumed the question was not further controverted.

THE COUNTY OF WORCESTER.

In the Massachusetts Archives, Colonial, Vol. VI. pp. 16 to 21, may be found the following record:

Anno Regnii Regis Georgii 2do Quarto.

The following Towns made the County of Worcester Feb. 18. 1730 (o. s.)

J. QUINCY, Speaker H. of R.

J. WILLARD, Secy. Council.

Worcester, Lancaster, Westborough, Shrewsbury, Southborough, Leicester, Rutland, and Lunenburg, all in the County of Middlesex; Mendon, Woodstock, Oxford, Sutton, including Hassanamisco, all in the County of Suffolk; Brookfield in the County of Hampshire, and the South Town laid to the Narragansett Soldiers, with all other lands lying within said Townships with the Inhabitants thereon, shall, from the 10th. day of July 1731 be the County of Worcester, with the Town of Worcester for the shire town.

May 18. Capt. Thomas Thayer was chosen Representative to the General Court.

Daniel Lovett was then chosen Moderator, when a motion was made to choose a committee and "Impower them to Agree with Uxbridge Committee and to conclude what Uxbridge shall have for their part of the School Money and it passed in the Negative."

The location of the new meeting house, although *raised*, was not yet satisfactorily settled, as a motion was made to apply for a committee of the General Court to state a place for the new meeting house, and said motion was lost.

A motion was then made to raise money to finish the new meeting house where it now stands, and the motion was "Tried by Hand Votes but not determined by reason Several of the House Scrupled y^e vote, which was further Tried by Dividing the House and it passed in y^e Affirmative for Raising Money to finish sd House."

June 21. Voted to allow Uxbridge two hundred pounds out of the money the school land sold for, with the interest of one hundred and fifty pounds already in their hands, in full, for their right in said land, to be improved by them for the use of their school, as it has been heretofore in Mendon.

The meeting house, in face of the injunction of the General Court, was raised some time in November, 1730, but as yet

nothing had been done towards finishing it. The opposition was not yet appeased, as we find.

Aug. 30. After *scrupling* the vote and dividing the House, it was voted to finish the house, and Lieut. Eleazer Daniels, Lieut. Daniel Lovett and Benjamin Darling were chosen a committee for that purpose.

As a last resort, other methods than dividing the House had been resorted to by some of the disaffected, as will appear by the following vote:

Voted whether the town would choose a committee "to See if they could find out who hath, by cutting, *damnified* the Meeting House, and it passed in the Negative." This last vote shows that the friends of the new meeting house were willing to "bury the hatchet;" and, it is believed, that it had the effect that acts of kindness usually have, as we hear of no more opposition to the completion of the meeting house. The *damnification* was made by an abortive attempt to cut off the southwest corner post, as was verified when the structure was taken down in 1846.

Sept. 13. The affair of the meeting house having come to a conclusion, the town, at this meeting, began to audit and allow accounts and bills that had been held in abeyance by the recent troubles. Capt. Thomas Thayer, Lieut. Daniel Lovet and Nathan Tiler were allowed three shillings each for treating with the Uxbridge Committee about the school lands; six others had eighteen pence each for laying out highways; Capt. Thomas Thayer, Capt. William Rawson and Ensign Seth Chapin had half a crown each for agreeing with the Trustees concerning the loan money; Daniel Taft, Esq., and Lieut. Daniel Lovett had four shillings each for meeting some gentlemen at Hassanamisco about the new County, and thirty pounds were added for school purposes.

After refusing to add to Mr. Dorr's salary for the present year, and foregoing a few taxes, among which was one against "y^e owners of the Saw Mill in Mendon adjoining to Providence Line," the transactions of the year were brought to a close.

1732. March 6. Chose for Selectmen, Jacob Aldrich, William Torrey, Daniel Brown, Benjamin Wheelock and Ensign

Seth Chapin; Town Clerk, William Rawson; Town Treasurer, Daniel Taft, Esq., and for Constables, Benjamin Green and William Hayward.

Mar. 7. Adjournment from yesterday. Voted against setting off about thirteen families with parts of other towns to be a new town. Where the thirteen families were located does not appear.

Voted not to allow the present Town Clerk to put a former vote on record presented by Mr. Thomas White. What subject was embraced in the vote does not appear. Collectors of taxes, in the olden time, were sometimes slow in their collection, as well as the collectors of later days, and hence the *former* Treasurers were directed to sue the *former* Constables (collectors) who were delinquent in completing their collections.

It will be remembered that the principal roads were originally laid out ten rods wide, so, it is inferred, that an ox cart could be driven in the road without hindrance from rocks and trees. But as times progressed, and the roads were improved, it was found that their width might be abated; and hence, about this time, the town began to sell off portions of the road to the abutters. A strip thirty-five rods long was at this time sold to Eleazer Taft.

May 15. Capt. Thomas Thayer was chosen Representative.

Daniel Taft, Esq., Lieut. Daniel Lovett and Nathan Tyler were chosen a committee "to finish that affair with Uxbridge about the school money according to the former vote."

One hundred pounds were raised to repair highways and bridges.

For work on the highways the town voted to allow eight shillings per diem to a man with a team of three cattle, from May 15th to the last of September, and to a single man four shillings per diem, within the time mentioned, and to begin at 8 o'clock in the morning. From October 1 to March 1 six shillings for a man and team and three for a single man.

Voted to choose "School Dames (for the first time) to keep School in the Out Skirts of the Town," and thirty pounds was raised for that purpose.

Voted that for every ram running at large, contrary to a town vote, the owner should pay five shillings, "*or not have him,*" and six pence a week for keeping him.

May 16. Joseph Haven and and Paul Langdon, Selectmen of Hopkinton, and Seth Chapin, Jr., and John Jones, Selectmen of Mendon, perambulated the line between the the two towns, beginning at a heap of stones near Deer Brook, at Mendon old town line, and so home to Uxbridge line.

At this time Samuel Thompson owned a grist mill on the island in the Blackstone River at what is now Millville, but there was no bridge from the east bank of the river to the island. Now, if the town would build a bridge on the east side, Samuel Thompson bound himself, his heirs and assigns forever, or so long as the town shall see cause, to finish and maintain a bridge from the island to the west bank of the river. Pursuant to this agreement, the town, Feb. 7, 1732, laid a road from the east bank of the river to the island; and thence to the common land on the west side of the river. On the east side the road was to be three rods wide, and on the west two rods.

June 1. The committee chosen to make a settlement with Uxbridge had a conference this day with the committee of Uxbridge, and which resulted in the following receipt in full.

Mendon June 1st. We the Subscribers being a Committee chosen by the Town of Uxbridge on April 4, 1732 to Receive our part of the School Money granted us by y^e town of Mendon June 21. 1731, Mett with Mendon Committee and Received said Money According to the true Intent of said Grant Which we have Received as our part in full of the school lands in Mendon and Uxbridge.

As witness our hands,

JOHN FARNUM } Com'tee.

July 3. The town voted to pull down the old meeting house, and chose Daniel Taft, Esq., and Mr. Nathan Tyler to be added to the former committee (Eleazer Daniels, Daniel Lovet and Benjamin Darling) to see the new meeting house finished.

Voted that the above committee—

“ Deliver to the Workmen to do the work for the Finishing the New Meeting House, Such part of the Old Meeting House as may or Shall be necessary for the Finishing the New Meeting House, and the remainder of the Old Meeting House the said Committee to Sell and Dispose of at the best advantage they can & the money arising by said Sale or Sales to be returned and paid in to the Town Treasurer for y^e use and benefit of the Town.”

Notifications for town meetings were to be set up ten days be-

fore the meeting at William Rawson's house, at Thomas Baker's, at William Sheffield's and at Samuel Thompson's mill for this present year.

dam is now (1880) improved by Perry Wood for irrigating portions of his land.

Oct. 27. Voted not to hire a minister, at the town's charge, or to have Mr. Terry* preach upon a free contribution, but to hire a minister, *out of town*, by a free contribution.

1733. Jan. 29. Capt. Thomas Thayer, Deacon Thomas Sanford and Mr. Thomas White were chosen a committee to look after the school money and make report to the town.

The Committee on the New Meeting House were instructed to report at the next town meeting "how the money voted for that purpose had been expended."

March 6. Selectmen chosen were Deacon Ebenezer Thompson, John Albee, Nathan Tyler, Ensign Seth Chapin and Robert Taft; William Rawson, Town Clerk; Ebenezer Staples, Town Treasurer, and William Torrey and John Sanford, Constables.

The Committee on Sale of School Lands reported that the sum amounted to £380.

The Committee on the Meeting House were instructed "to finish as soon as possibly they can; to ceil it with boards to the lower girt, below and from the upper girt to the bottom of the windows above."

Voted to repair the roads by a rate, and for this purpose raised £100. Voted that those who did not work out their highway rates last year might work them out this year at y^e bridge by Samuel Thompson's Mill (Millville) or pay in money.

Heretofore the money accruing from the sale of the school lands had been in the hands of a committee, but, for some reasons, it was now placed in the custody of the Treasurer, and he was authorized to sue for the same, if necessary, at the cost of the town.

It was proposed, at this time, to set off "part of the North End poeple to join with part of Sutton and part of Hopkinton," providing y^e General Court consent, but the consent of the town was not procured.

July 17. The school was to be kept the three summer and the

NATHAN TYLER.		

Consented: Samuel Terry.

Aug. 21. Voted to petition the General Court to lay them to a new county, petitioned for by Dedham, Medfield and other towns adjacent, if the General Court shall erect a county there. This was the beginning of the agitation for a new county which, in 1738, resulted in the creation of the county of Norfolk.

Sept. 11. Dr. John Corbet, of Bellingham, was allowed 16s. for services to James Thompson during his sickness; John Hayward 10s. for keeping James Thompson eleven days, during his sickness, and Daniel Brown 2s. 6, for conveying James Thompson out of town. So far as the records show these were the first bills paid on account of paupers.

The Rev. Mr. Dorr had twenty-five pounds added to his salary this year.

1734. For some reason, not stated, it was agreed by both parties that Samuel Terry, at the end of three months, “do not keep school and that he sink five pounds of what y^e agreement was.” This transaction was dated Feb. 13, 1734, and signed by both parties.

March 4. Chose for Selectmen, Ebenezer Thompson, Jacob Aldrich, Nathan Tyler, Daniel Brown and William Torrey; Town Clerk, William Rawson; Town Treasurer, Ebenezer Staples, and for Constables, Nathaniel Morse and Joseph Peniman.

May 21. Daniel Lovett was chosen Representative to the General Court.

By the following vote we learn that measures were being inaugurated for the incorporation of Upton.

Daniel Taft, Esq., Capt. Eleazer Daniels, Mr. Jacob Aldrich, Ensign Nathan Tyler and Mr. Daniel Brown were chosen a committee, one of which was to assist the Representative in the General Court in the matter of John Hazeltine's petition for a new town, afterwards Upton.

Aug. 27. It was voted that £25 be added to Mr. Dorr's salary this year; also, that Mr. Daniel Brown be allowed £3.14s. for a journey to and services at Boston to answer to John Hazeltine's petition for a new town.

Voted, that the town would not build pews in the new meeting house, or allow individuals to do so.

Oct. 7. Jonathan Hayward and Benjamin Green were chosen and impowered "to take care of the youth of this Town & to make complaint of any disorders, if any there be, on the Sabbath, till next March."

1735. Jan. 20. Lieut. Seth Chapin was chosen to attend the Inferior Court at Worcester on the 4th day of February next, to make answer to the petition of John Harwood, of Uxbridge. The petition set forth that Mendon was held liable to contribute towards the building and repairing of bridges in Uxbridge. From the fact that nothing further is heard of Harwood's petition, it may be reasonably inferred that its allegations could not be established.

Feb. 11. William Sheffield's request that he might be allowed to draw off his mill pond for five months in the year was denied.

March 3thd. Chose for Selectmen, Capt. Daniel Lovett, Capt. Eleazer Daniels, Lieut. Seth Chapin, Mr. Nathan Penniman and Capt. Robert Taft; Town Clerk, Thomas Sanford; Town Treasurer, Daniel Taft, Esq., and James Wood for y^e north end of y^e town and Benoni Benson for y^e south end of y^e town for Constables.

It seems the General Court, upon the petition of John Hazeltine, had chosen a committee to consider the matter and perhaps to visit the town, as we find that at this time (March 3,) the town chose Jacob Aldrich, Seth Chapin and Daniel Brown a committee to meet the General Court's committee, and "to give in their reasons why John Hazeltine's petition should not be granted."

May 25. Capt. Daniel Lovett was chosen Representative to the General Court, and Mr. John Field, the present schoolmaster, was continued for three months.

Lieut. Seth Chapin, Samuel Thayer and Benjamin Wheelock were chosen a committee—

“To Treat with William Sheffield with Respect to his Breaking up the Damm Enclosing the Town's Mill Pond and thereby Rendering the said Sheffield's Corn Mill unserviceable to Grind Corn for the Town's use; and for Instructions to said Committee the Town then voted that the said Committee as soon as they can Repair to the said Sheffield and Treat with him Relating to the premises and Advertise the said Sheffield to make a repair of the Breaches he hath made in said Damm & that he Do the Best he can to git his said Mill into a posture fit to Grind Corn for the Town's use, according to the ancient agreement made by & with the Town Relating to y^e said Mill and Milpond; and also to advertize y^e sd Sheffield that, at y^e next Town meeting he appear and make his peace with the Town for the Damage he hath Done in the premises, and, if said Sheffield refuse to hear y^e said Committee, then y^e said Committee forthwith make Report thereof to the Selectmen.”

UPTON INCORPORATED.

The opposition to Hazeltine's petition proved of no avail, for, June 14, 1735, the General Court, “setting forth that the outlands of the several towns of Mendon, Uxbridge, Sutton and Hopkinton *are completely filled with Inhabitants*, and by reason of their remoteness from the places of public worship in said town, thereupon incorporated a new town by the name of Upton.” By the act the whole of Nathan Tyler's farm was, although included within the bounds of Upton, to be and remain forever in the town of Mendon, as heretofore. The people of the new town were to build a place of public worship, and settle a learned orthodox minister within three years, and provide for his comfortable and honorable support.

Aug. 25. At this time there was but one school house in town, as it was this day voted that the school be removed some part of the time into some remote parts of the town.

A new committee was chosen to finish the meeting house; twenty-five pounds were added to Mr. Dorr's salary, and forty pounds were raised to pay town debts and the schoolmaster.

Oct. 3. Deacon Thomas Sanford, Capt. Daniel Lovet and Lieut. Seth Chapin were chosen a committee “to joyn with the

Reverend Mr. Joseph Dorr, to lease out the Ministry Land," and the following Quakers were exempted from ministerial charges, viz: Samuel Thayer, Moses Aldrich, John Cass, Benjamin Boyce, Ebenezer Cook and David Boyce.

The success which had attended the petition of John Hazeltine in procuring the incorporation of Upton, it is supposed, encouraged the inhabitants living on the easterly side of Mill River to apply to the General Court for another new town, as may be learned from the following record from the

Mass. Records, Court, Vol. XVI., p. 216.

Nov. 28. 1735. A Petition of Samuel Wheelock & a Great Number of the Inhabitants of Mendon living on the East side of Mill River, Setting forth the difficulty's these are under in attending the Public Worship of God at the Meeting House in said Town, by reason of the distance and the badness of the roads, and forasmuch as the said Town of Mendon is large. Therefore Praying that all the lands in Mendon on the East side of Mill River to the Country Road by Sheffield's Mill, and lying between the towns of Hopkinton, Bellingham, Holliston and Mendon may be set off and erected into a separate Township.

In the H. of R. Read and Ordered that the Petitioners Serve the Town of Mendon with a copy of the Petition that they Shew Cause on Thursday the 18th. day of December next, if the Court be sitting, if not, on the first Thursday of the next sitting of the Court, why the Prayer thereof should not be granted.

In Council Read & Concurred

Consented to, J. BELCHER.

The notice being served upon the town by the petitioners,

Dec. 10. The town chose Thomas Sanford, Jacob Aldrich, Eleazer Taft, Jonathan Hayward, Jr., and James Keith "a Committee who were to depute two of their number to go to Boston and joyn with Capt. Daniel Lovett, the Town's Representative, to make answer to the Petition of Sundry of the Inhabitants on the East side of Mill River with Reference to their being set off as a Town."

The parties were heard at the appointed time, and with what result the following doings of the General Court will show:

Dec. 20. 1735.

On the Petition of Samuel Wheelock and other Inhabitants of the East part of Mendon praying as above, Nov. 28th ult.

In Council. Read again together with the answer of the Town of Mendon, the Petition of Obadiah Wheelock and fourteen other Inhabitants on

the East side of Mill River and within the bounds mentioned for to be a Township, praying this Petition may be granted; and the parties being heard at the Board and the matter fully considered, the question being put whether the prayer of the Petition should be granted, and it passed in the Negative, and therefore ordered that the Petition be dismissed.

In the H. of R. R. & C.

Consented to J. BELCHER.

1736. March 1. Chose Capt. Daniel Lovett, Lient. Seth Chapin, William Torrey, Lient. Thomas Thayer and Capt. Robert Taft, Selectmen; Thomas Sanford, Town Clerk; Town Treasurer, Daniel Taft, Esq.; John Joans and William Thayer, Constables. Jacob Aldrich was chosen *Surveyor of Hemp*.

March 8. John Field was continued as schoolmaster for this year, and to keep six months in the town and six months in the outskirts of the town.

The meeting house was not yet completed, as the town voted to raise £100 to pay John Lyon, "when he hath finished the Meeting House."

For the accommodation of persons living at a distance, liberty was granted that stables might be built near the meeting house, at the direction of the Selectmen.

At the same time it was voted to enclose the burying place with a stone wall, and also to oppose the petition of fifteen of the inhabitants on the east side of Mill River to be set off as a separate *town*.

May 17. Chose Capt. Thomas Thayer Representative to the General Court.

At this meeting the petition of Thomas Tenney and fifteen others to have that part of the town east of Mill River set off as a *Precinct*, was denied.

At the same time a motion was made to choose a committee to join with a committee of Uxbridge to confer about the ministry land, and it passed in the negative, "nemine contradicente."

Mr. John Field, the schoolmaster for the present year, was to have £45 for his services.

Among other appropriations were the following, viz:—

For paying John Fish for hinges for the table.....	£00 05 00
do do William Torrey, mending the Pound.....	00 06 00
do do Daniel Darling for 1500 feet of plank for the bridge over the Great River, (sawing the plank,)	2 12 06
do do the Committee which made answer to the petition of Samuel More & others, in Dec. 1730.....	8 00 00
do do Mr. Dorr's salary, additional... ..	25 00 00
do do Town debts and contingent charges	50 00 00
do do do do additional.....	20 00 00
do do The Committee which made answer to the petition of Samuel Morse & others for a division of the Town.....	16 06 06

Oct. 25. Voted not to build pews in the meeting house, nor allow "particular persons to do so."

It was then voted to sell the Pew *Room* in the meeting house, and chose Benjamin Wheelock, Eleazer Taft, William Torrey, Benjamin Darling and Robert Taft a committee to appraise the *rooms*. "The Elderly men that Bear the most considerable Charge in Town to have the first offer to buy the same, and if the Elderly men refuse to Buy, then such persons as the Committee Shall judge proper and will pay for the same. The Committee to guarantee the sale and the money to be paid into the town treasury."

Nov. 26. Capt. William Rawson was hired to keep a grammar school for three months. This Capt. William Rawson was the son of William Rawson, and graduated at Harvard College in 1703. His father, William, was a Presbyterian minister, and was settled in England; his son, Capt. William, was a lawyer, and settled in Mendon, being the first one of that profession who settled in the town.

1737. March 7. Chose Benjamin Wheelock, William Torrey, Eleazer Taft, Robert Taft and Benjamin Darling Selectmen; William Rawson, Town Clerk; Daniel Taft, Esq., Town Treasurer, and Nathaniel Nelson and John French, Constables.

April 25. The Selectmen agreed with William Rawson to keep a grammar school for ten months at the rate of £50 per annum.

"Voted, that those people of y^e town who send their children to school shall also send wood."

Whether the town had heretofore provided a *Shepherd* to watch the sheep on the common land is not known for a certainty, but inasmuch as this year they voted not to choose one, it is presumed such had been the case heretofore.

May 18. Chose Capt. Thomas Thayer Representative.

At this meeting Mr. Dorr was allowed £25, old tenor, as an addition to his salary.

Raised £60 to pay the schoolmaster and town debts, and also £40 to let the fish up Pawtucket Falls, provided other towns will pay in proportion, and Capt. Nathan Tyler was chosen a committee to attend to that matter.

Dec. 6. The Selectmen laid out a road from the Falls (Woonsocket) to Bellingham, as prayed for by William Arnold, Esq.; "provided Ebenezer Cook, through whose land the road was mostly laid, would bind himself to pay back the £40, which was allowed him for damages, within a year after said farm shall fall into Rhode Island Colony, if it ever should be so."

This year, for the first time, we find roads laid out by any other authority than that of the town. This year the Court of General Sessions of the county of Worcester appointed a committee to view Ebenezer Cook's farm, in order to lay out a road across the same. The town chose Daniel Lovett, David Aldrich and Samuel Thayer to meet the Court's committee, and give in the reasons why the town is not willing to have a road laid out across said farm at the *town's cost*. This is the road that leads from Woonsocket to Bellingham by the Social factory. The location of this road was returned to the Court of General Sessions, at Worcester, and may be found in the Mendon Records, Vol. 2, p. 71. Whether Ebenezer Cook ever refunded the £40 allowed for damages, after the annexation of Woonsocket to Rhode Island, is a matter of doubt.

1738. March 6. Lient. Seth Chapin, Ensign Nathan Tyler, Deacon Jacob Aldrich, John Legg and Lt. Thomas Thayer were chosen Selectmen; Thomas Sanford, Town Clerk; Daniel Taft, Esq., Town Treasurer, and Benjamin Albee, Jr., and Samuel Thayer, Constables. During all these years the minor offices of

Surveyors of Highways, Tithing Men, Fence Viewers, Hog Reaves, &c., were always filled.

March 13. The road was laid over Dam Swamp, and James Muzzey and Joseph Verrey were allowed to put up gates where the road passes through their lands, for one year, "so that, in the mean time, they may have opportunity to measure how far said way runs through their land."

Josiah Marshall, A. M., was hired to keep school for six months "according to the direction of the Province Laws," for £30 old tenor, in bills of credit of the Province of the Massachusetts Bay.

May 22. Benjamin Wheelock was chosen a Representative to the General Court, and *refused to serve*. Mr. Ebenezer Merriam was then chosen, and there is no record that he *refused to serve*.

Thomas Sanford, Daniel Lovett and Seth Chapin were chosen a committee to settle the bounds of the Ministry home lot, and contest the same in law with the abutters, if they refuse to join, so that the bounds may be established and be put upon record.

Aug. 28. Nathan Tyler was chosen Grand Juryman and Thomas Thayer and John Legge for the Jury of Tryals, and the Town Treasurer's salary for the year was fixed at £1 10s.

Sept. 11. Allowed Rev. Mr. Joseph Dorr £75, *old tenor*, over and above his stated salary.

Among other bills that were audited and allowed by the town, at a town meeting held Sept. 18th—

Timothy Clark was allowed for carrying Mary Thoit out of town..	£00	10	00
Daniel Lovett, Seth Chapin and Thomas Sanford for services about the Ministry Land & Copies &c.....	05	11	06
Daniel Lovett and Samuel Thayer service and expense about Ebenezer Cook's Road.....	04	10	00
Town charges, the Schoolmaster & Ebenezer Cook.....	88	00	00

1739. Jan. 8. The town met and chose Capt. Daniel Lovett Moderator, and after some debate the meeting was adjourned to the 16th instant.

Jan. 16. Voted to sell that twenty acres of land that was the Ministry Home Lot, or first division in said town, to the highest bidder, but not under three hundred of the old tenor; and that

the money arising from said sale "shall Lye in bank upon interest for the ends and uses that the said land was granted for, forever. The interest to be paid out by orders from the Selectmen of the town, for the time being, to and for the support of a Congregational Minister or Ministers that are or may be regularly settled in said town of Mendon, forever, and to no other use forever; except the said town shall, hereafter, think it best to buy a piece of land with the principal and establish it for the ends and uses aforesaid, forever."

Thomas Sanford, Daniel Lovett and Seth Chapin were authorized to sell the land and to give a sufficient title thereto, by deed, in the town's behalf.

It is presumed that the burying place was not yet "fenced with a stone wall," pursuant to a former vote, as a committee was chosen at this time "to state and settle the bounds thereof."

March 5. Chose for Selectmen, Daniel Taft, Esq., William Torrey, Jonathan Hayward, Jr., Benjamin Wheelock and John French; for Town Clerk, Edmund Morse; for Town Treasurer, Daniel Taft, Esq., and for Constables, Uriah Thayer and George Bruce; for Schoolmaster, Josiah Marshall, A. M.

It was voted that town meetings be warned by posting up notices of the same fourteen days before the day of meeting, at the Meeting house, at Capt. William Rawson's and at Samuel Thompson's mill.

Aug. y^e 28th. Upon reckoning with Daniel Taft, Town Treasurer, it was found by the Selectmen that the town was indebted to him in the sum of £5.14.03, he having disbursed, on the town's behalf, that amount more than he had received.

May 21. Voted to repair the roads by a rate, and that a man should have six shillings a day, and a man and team twelve shillings per day, old tenor.

It was then voted that every man should have notice to work out his rate by the last day of October, and that the names of all those who had failed to do so on or before that day, should be reported to the Assessors; when they, the Assessors, should issue out their warrant on the back side of the rate list, and deliver the same to the Constables to collect the same in money.

May 21. It seems that Mendon was entitled to more than one Representative, as, at this meeting, it was put to vote whether

the town would choose more than one Representative, and they voted to send but one.

Ebenezer Merriam was chosen, "by a clear vote," Representative.

The petition of John Joans and others was presented to the town praying that the easterly side of Mill River be set off "a particular town by themselves," and it was voted in the negative. The vote being "scrupled," it was tried by dividing the House, and it *still* passed in the negative.

A motion was made to sell the remainder of the Ministry land, but the town voted it should *not* be sold.

Dec. 7. Lieut. Thomas Thayer and Ensign Nathan Tyler were chosen to take care for the preservation of deer, pursuant to Chap. 3, Sec. 4 of the Acts of 1739, passed July 10th. This act provided that whoever should kill any buck, doe or fawn, or having the flesh or raw skin of such, after the 10th day of December till the first day of August, shall for each buck, doe or fawn, and for each skin or flesh found in his possession, pay the sum of ten pounds. By Sec. 4, any town which neglected to choose two meet persons to enforce the law, was liable to a fine of thirty pounds. Make what laws we will, the deer, as well as the Indian, will always be found only in advance of the frontier line of civilization.

The Province Treasury, it seems, was bankrupt at this time, as, upon motion of Ebenezer Merriam, Representative at the General Court, the town voted to pay him, he promising to refund the amount, provided the General Court should make provision for the same.

Sixty pounds were granted this year for town charges.

The burying place, notwithstanding former votes, was not yet enclosed, as we find the Selectmen were ordered to let out the same "to some good man or Men," for a term not exceeding thirty years, providing he or they will "fence it with good stone wall according to law and erect a good gate with iron hinges."

Josiah Wilkson, his wife and children, were warned out of town, and Benjamin Thayer was warned "to entertain them no longer."

1740. March 3. Chose Deacon Jacob Aldrich, Capt. Robert

Taft, William Hayward, Lieut. Thomas Thayer and Jonathan Hayward, Selectmen; Edmund Morse, Town Clerk; Daniel Taft, Esq., Town Treasurer, and Samuel Torrey and David Thayer, Constables.

Capt. Daniel Lovett, Nathan Penniman, Joseph Chapin, Benjamin Green, John Fish and John Green, *Gentlemen were chosen to keep order on the Sabbath Days.* Mr. Josiah Marshall was chosen Schoolmaster, and William Torrey and Benjamin Darling, Deer Reaves.

Voted that those who were delinquent in working their highway rate last year may work them out this year, and that those who did overwork last year shall be abated the amount this year.

Voted that Doctor Samuel Morse have liberty to shut up the road between the land of Rev. Mr. Dorr's and Eliphalet Wood's land to Muddy Brook.

May. 19. Edmund Morse was chosen Representative to the General Court.

A motion was made to grant the petition of sundry inhabitants on the easterly side of Mill River, dated April 10, 1740, praying the town to set off the land east of the Mill River into a separate town; "those who were in favor of the motion having placed themselves, by direction of the Moderator, on the women's side of the house and those who were opposed on the men's side of the house and a count having been made, it was found there appeared a clear vote in Negative by 25 poles."

Aug. 26. Among other bills that were audited and allowed at this meeting, Mr. John Lyon had £8 for building a new pound; and the Selectmen 10s. for rum to raise the pound. Uriah Thayer for "taking men for the highway rate," had £1.

Raised and appropriated £75 as an addition to Mr. Dorr's salary, £70 to defray town charges, and £400 for highways.

The "taking for the highway rate," it seems, was a distraint for non-payment of highway taxes, and resulted in a complaint to the Courts, as we find that, Oct. 31, Samuel Thayer and Uriah Thayer (the Constable,) were chosen to answer and defend any case against the town in the next Superior Court, to be holden at Worcester, relating to a distraint made by Uriah Thayer.

1741. March 2. Selectmen, Lieut. Thomas Thayer, Lieut. Eleazer Taft, Capt. William Rawson, Capt. Robert Taft and Ebenezer Merriam; Town Clerk, William Rawson; Town Treasurer, Deacon Jacob Aldrich, and for Constables, William Sheffield and John Thayer. Josiah Marshall was chosen Schoolmaster.

At this time there appears to have been much dissatisfaction in the church, as an ex parte Council had been called and a judgment had been rendered against the minister relating to his administration.

At this meeting the two following votes were passed, being proposed by the Rev. Mr. Dorr.

“Gentlemen, In as much as an opposing party in this Town have Obtained a judgment of a Council Against the Minister of the Town, without a Tryal, Relating to his administration viz:—of a Council Chosen by them Selves in so private a manner that the Pastor of the Church had No Copy of the Letters Missive until after the Letters were Sent out to the Churches—If you Judge that the Minister of this Town Ought to be defended a gainst Such Proceedings and you will defend him Signify it by Lifting up your hands.

Gentlemen, if you will choose three persons as a Committee chosen by the Church, or by that part of it that adheres to the Pastor to advise and concur with them in the choice of a Council, if they shall think fit, to judge of the Result of the late Council Chosen by the opposite party here by Lifting up your hands.”

The foregoing votes both passed in the affirmative. The meeting was then adjourned to March 16, instant, the following persons protesting against the adjournment as well as against the votes passed upon the motion of the Rev. Mr. Dorr:

Daniel Taft Esq.,
 Capt. Daniel Lovett,
 Ens. Nathan Tyler,
 Samuel Thayer,
 Dea. Nathaniel Nelson,
 William Torrey,
 Jonathan Hayward,
 Josiah Adams,
 John Chapin,
 John Rockwood,

Samuel Rawson,

 Samuel Hayward,
 George Aldrich,
 Robert Aldrich,
 Ichabod Robinson,
 David Taft,
 Josiah Chapin.

Attest,

EDMUND MORSE, Town Clerk.

March 16. Y^e Rev. Mr. Dorr came into the Meeting and Proposed to the Town to choose three Gentlemen as a Committee to joyn with y^e

Church Committee in order to Choose a Council to judge of the Result of the Late Council, Relating to y^e Difference in y^e Church in Mendon &c.

Lient. Eleazer Taft, Lient. Thomas Thayer and Capt. Robert Taft were chosen as said committee.

What the troubles in the church were does not appear from the records, but as Mr. Dorr, continued the minister until his death, in 1768, the difficulties, whatever they were, were soon adjusted.

Voted, not to sell any part of the Ten Rod Highway or of any of the roads in town. Also voted not to sell the Ministry Land.

March 30. Voted that the money "Called Land Banck" should pay the interest that is due to the town for the school land, and town debts for this year.

This money called the "Land Banck" is supposed to be the proceeds of the sale of the ministry and school lands.

May 18. The town, as usual, voted to choose but one Representative, and Capt. Robert Taft was chosen to attend the General Court.

The inhabitants on the easterly side of Mill River (now Milford) again, by their petition of May 4, 1741, prayed the town to support their minister in a mutual way, (supposed by voluntary contribution,) or "give them leave to go off as a Particular Precinct;" but, although it must have been a hardship for the petitioners to attend public worship at Mendon, the town still refused either to relieve them from ministerial taxes or allow them to set up for themselves.

We have seen that Capt. Robert Taft was chosen Representative for *this year*, May 18, and June 29, under a new warrant, he was again chosen Representative for this year. No explanation is found in the town records of this procedure.

But, upon consulting the Province Laws of 1741, p. 1102, we shall find that the General Court, which was convened on the 26th of May, was dissolved on the next day by Gov. Belcher, no acts being passed, and a new assembly was called to meet on the 8th day of July. On this account another town meeting was called July 29, and Capt. Robert Taft was again elected Representative.

Court Records, 1741 to 1743, pp. 15 and 16.

July 16. A Petition of Thomas Tenney and a great number of other Inhabitants of Mendon, setting forth the Controversies they have had, and

still have, with their Minister, Mr. Joseph Dorr, upon which they have had the advice of an Ecclesiastical Council, which the said Mr. Dorr refuses to comply with or to do anything to give the Petitioners reasonable satisfaction, and therefore praying that they may be set off as a separate *Precinct* or otherwise relieved in the premises.

In the H. of R. Read and Ordered that the Petitioners serve one or more of the Selectmen of the Town of Mendon with a Copy of this Petition that they may shew cause, if any they have, on Tuesday the 28th. day of July current why the prayer thereof should not be granted.

In Council R. & C.

Consented to J. BELCHER.

July 18. The town chose Eleazer Taft, Nathan Penniman and Samuel Morse a committee to "Make Answer to a Petition put into the General Court by those who have stiled themselves A grieved in sd Mendon."

Court Records, 1741 to 1743, p. 42.

Wednesday, July 19, 1741. On the Petition of Thomas Tenney and others of Mendon praying as entered July 16 instant,

In the H. of R. read again, together with the answer of Samuel Morse and others, Agents for the Town of Mendon, and

Ordered that Mr. Speaker Fairfield, Capt. Choate, Dr. Hale, Capt. Watts, Mr. Walker and Col. Minot, with such as the Hon. Council shall join be a Committee to hear the parties and forthwith Report thereon.

In Council Read and Con. and John Jeffries, Anthony Stoddard, Jeremiah Moulton, Richard Bill and John Greenleaf are joined in this affair.

Court Records, 1741 to 1743, p. 68.

Aug. 8. 1741. On the Petition of Thomas Tenney and other Inhabitants of Mendon with the Report of a Committee of both Houses thereon,

In Council, Read and Ord. that this Pet. be accepted.

In the H. of R. Read and Non concented and Ordered that this Petition with the Report thereon be referred to the Fall Sessions for further consideration.

In Council Read, R. & Non Con. & the Council *adhere* to their own vote.

In the H. of R. Read, R. & Non Con. and the House *insist* upon their own vote.

In Council, Read and unanimously Non Con.

Sept. 14. Among other accounts audited and allowed was one of Uriah Thayer's of £3.09s. for time and expenses for distraining on some persons in the *Gore* for their rates. At this meeting it was also voted not to sell or let the ministerial land.

All the town lines were perambulated this year, and the several charges for the service were ordered to be paid.

Sept. 22. Voted to forego Richard Rubey's rate for 1739. Query. Did he marry Sherebiah, daughter of Grizzel Gurney, mentioned in her will. See 1675.

Voted not to allow David Thayer's account, it being £6.16.06, for carrying a certain woman and child out of this town, and delivering them to the Uxbridge constable.

Voted not to allow the accounts of Eleazer Taft, Nathan Peniman and Dr. Samnel Morse, for services at the General Court to answer Thomas Tenney's petition, it being £54.19.06.

At this meeting the town voted that the territory east of Mill River might be set off as a separate town, but that they would not allow the *new town* any portion of the ministry or school land or of the money accruing from the sale of any part of the same.

Mass. Archives, Ecclesiastical, Vol. 12, pp. 194, 5, 6, 7.

MILL RIVER MADE A PRECINCT.

Nov. 25. Sundry inhabitants of Mendon petitioned the General Court to be set off as a town or precinct, as follows:

To his Excellency William Shirley Esq, Capt. General and Governor in Chief in and over his Majesty's Province of the Massachusetts Bay &c. and to the Hon^{ble} the Council of the House of Representatives of sd Province in General Court or Assembly this 25th. day of November 1741.

The Petition of Sundry Inhabitants of the Town of Mendon in sd Province thereunto subscribing,

Humbly Sheweth,

That the said Town of Mendon, in answer to a Petition of Sundry Inhabitants on the Easterly side of Mill River in sd Town, at their meeting on Sept. 22, 1741, voted their consent that the land in sd Township lying on the Easterly side of Mill River to the County road by Sheffield's Mill, then bounding on said road to Bellingham & bounding on Bellingham, Holliston and Hopkinton, with all the lands and Inhabitants who dwell on those lands within said lines be a Township.

That the said Lands set off as a Town as aforesaid with the Polls and Estates ratable to the support of the Ministry & being within said boundaries are not (as your Petitioners Conceive) more than about one third part of said town considered as by the Polls and Estates.

That there are five families on the Westerly side of said Mill River who choose to Congregate with your Petitioners & to be laid to them, whose

Lands also, at least some of them, will be much incommoded by remaining in the old Town, which families, if Added to your Petitioners, as your Petitioners hope, will render the charge of maintaining the Gospel feasible.

Your Petitioners Are Nevertheless humbly of Opinion That it would be more conducive to the Peace and Welfare of the whole That y^r Petitioners & others living within the bounds as aforesaid, with the addition of these few families, be Enacted a Separate *Precinct* rather than a Separate *Township*; and that it would be more So if the Ministry of both the Churches & Congregations in said Town may be supported by a joint Stock & every one attend the Ministry that is the most Convenient and Agreeable.

Your Petitioners humbly Pray Your Excellency and this Hon^{ble} Court That the Inhabitants of Mendon, dwelling on the Easterly side of Mill River and adjoining as aforesaid to Bellingham, Holliston and Hopkinton with their lands in said Township with other lands on the westerly side of Mill River up to a Road called the Eight Rod Road and Including Nathan Tyler's House & Lands up to Upton Line may be Enacted a Separate Town or Precinct; Or That the public Ministry of both the Churches and Congregations in the Town of Mendon be supported by a Tax or Assessment upon the whole Town As Y^r Excellency & Hon^{rs} shall Judge most Meet and Convenient.

Upon a motion made by a Message from the Hon^{ble} House of R. that the Board would reconsider their vote above, the vote was accordingly reconsidered and the Question being put, whether the Board will concur with the vote of the House on this Petition, It passed in the Negative, and the Board adhere to their own Amendment.

J. HOBSON, Speaker.

The Amendment at A, is not found in the Court Records. It will be seen that the House voted the Petitioners liberty to bring in a Bill for a *Township*, and that the Town had not been heard. The amendment might have reference to one or both of these facts.

Dec. 14. The town having been cited to make answer at the General Court to a petition to make Mill River a *precinct*, chose Lieut. Eleazer Taft, Deacon Thomas Sanford, Mr. Joseph Johnson, Mr. John Jones, Jr., and Mr. John Fish a committee to draw up reasons why the prayer of the Mill River petition should not be granted, and directed that Lieut. Eleazer Taft and Mr. John Jones, Jr., should present said reasons to the General Court, and make answer to said petition.

In the H. of R. Dec. 22^d 1741. Read again with the answer of the Town of Mendon & thereupon voted that the prayer of the Petitioners be so far granted as that the Inhabitants of Mendon, with their Estates, lying on the Easterly side of Mill River and bounded by said River, Bellingham, Holliston and Hopkinton, including the Families, with their Estates, on the West side of said River to the Eight Rod Road as expressed and described in the Petition, together with Nathan Tyler and his lands, Samuel Rawson, Daniel Lovett, William Hayward, Thomas White, Danl. White, William Hovey, Josiah Adams, Benj. Green, Samuel Green and Ebenezer Albee, with their Estates in the old or standing part of said Town, or so

many of them as shall joyn with the Petitioners in building a Meeting House and settling a Minister, are hereby Erected into a Distinct and Separate Precinct, and the Inhabitants thereof be invested with the same Powers and Privileges as other Precincts do enjoy.

Saving Nevertheless that Jonathan Hayward, John Green, Obadiah Wheelock, Jas. Albee, Jos. Corbit, Thomas Beard, Benjamin Albee, Jr., Jno. Kilburn, Jno. Hayward, William Sprague Jr. and Jno. White, living within the above mentioned bounds, or so many of them as shall desire it, together with their Estates, may continue to the standing part of sd Town, so long as they attend the public worship there in a stated way and no longer. Also Provided that the said Inhabitants so set off shall, within the space of 2 years from this time, Erect a Convenient Meeting House & settle a learned and Orthodox Minister for the Public Worship of God.

In Council Dec. 23. 1741 Read and Con,

J. WILLARD, Secy.

Consented to, W. SHIRLEY.

This year Mr. Dorr was allowed an addition to his salary of £75, and £100 were raised to defray town charges.

The vote heretofore passed, appropriating the Land Bank money (the income from the sales of the ministry and school lands,) for the payment of town charges, was reconsidered.

1742. Jan. 4. Mr. Dorr was allowed £18, "over and above what had been paid him," being the income of the Ministerial land.

Eleazer Taft and Dr. Samuel Morse, with what had been allowed them before, were allowed a further sum, making in the whole £40:

March 1. Chose Nathan Penniman, Samuel Thayer, Uriah

Thayer, Capt. Daniel Lovett and Jonathan Hayward, Jr., for Selectmen; Edmund Morse, Town Clerk; Daniel Taft, Esq., Town Treasurer, and Daniel Hazeltine and William Hayward, Constables.

March 17. At a meeting held this day the following "Request" was presented:

"To the Freeholders & Other Inhabitants, of the Town of Mendon, Qualified by Law to Vote in Town affairs in Lawfull Townmeeting Assembled, by Ad jourment from March 17. 1742.

Wee the Subscribers Your Friends and Neighbors of the Society of People Called Quaquers for our Selves and Others of our Society finding the Yard belonging to our Meetinghouse Too Little for Our Conveniancy,

Request y^e favour of Some Enlargement, Particularly that you will please to Allow us Two Rod of y^e Ten (Rod) Road at the Front of Our sd Meeting house, to Run an equal length with Our Own Land to the same belonging, Or otherwise as, in your Judgement and good Neighbourhood you shall think convenient in; and Your Kindness to Us therein will Oblige Our Love and Gratitude.

The foregoing Request was granted by a Clear Vote Always Provided y^e Rod mentioned in width Doth not Extend More than fourteen Rod Long or fourteen Rod and a half in Length at Farthest."

Who the subscribers were to the foregoing request does not appear, as the names were not copied into the town record.

The yard that was enlarged by the above addition is still owned by the Friends, and within its inclosure are quite a number of graves, but except in one instance there are no monuments to designate the name or age of the sleeper beneath. The meeting house that stood in the yard has long since disappeared, having been taken down and removed in 1850.

July 5. Josiah Marshall, A. M., was hired by the Selectmen to keep school; "that is the Grammar School in said Town," for one year for £19 lawful money or in bills of the last emission or in other bills equivalent thereto. This contract is signed by Josiah Marshall and Daniel Lovett, Nathan Penniman and Samuel Thayer, Selectmen of Mendon.

May 21. Capt. Robert Taft was chosen Representative to the General Court.

At this meeting James Albee, Joseph Rockwood, Benjamin Rockwood, Nathaniel Thayer and others petitioned the town to be set off to Bellingham, they living in the south part of Mendon, but the town refused to grant their request.

Upon this, John Holbrook and others of Bellingham, and James Albee and others, of Mendon, appealed to the General Court.

Mass. Archives, Court 1741 to 1743, p. 395.

“A Petition of John Holbrook and others of the Town of Bellingham and James Albee and others of the Town of Mendon, Shewing that, by reason of the great number of *Sectaries** in Bellingham, the remaining part are not able to Support a Gospel Minister, and that the Petitioners of Mendon are commodiously situated for Bellingham, and therefore praying that part of Mendon, particularly described in the petition may be set off from that Town and joined to the said Town of Bellingham.

In the H. of R. Read and Ord. that the Petitioners serve the Town of Mendon with a copy of this Petition that they show cause, if any they have, on the first Tuesday of the next session of this Court why the prayer thereof should not be granted.

In Council Read & Con. June 8. 1742.

Consented to, W. SHIRLEY.

Court, 1743 to 1745, p. 143.

“Sept. 3. 1742, The Petition of John Holbrook, James Albee and others of Bellingham and Mendon, praying as entered June 8. 1742

In Council Read again together with the answer of a Committee of the Town of Mendon, and the matter being fully considered, the question was put, Whether the prayer of the Petitioners should be granted, and it passed in the Negative; Whereupon Ordered that the Petition be dismissed,

In H. of R. Read and Con.

Consented to, W. SHIRLEY.”

The committee appointed to settle with Ebenezer Staples, Town Treasurer for 1733 and 1734, reported that they “find difficulty” (what difficulty the record saith not), and that “he hath Complied to pay to the Town for a Discharge y^e sum of five pounds in the Old Tenor Bills of Credit, as is Complied with by both Parties.” The Treasurer having paid the five pounds, the town voted to confirm the settlement.

OLD AND NEW TENOR.

For some years past the General Court had issued Bills of Credit, as they were called, to serve for its present necessities, to be redeemed at a definite time. After paying its present indebtedness, the balance of the issue was loaned, in various sums, to the towns, and placed in the hands of trustees. The trustees

*The Anabaptists supposed to be the Sectaries.

again loaned it, but not in large amounts, to the inhabitants, taking security for the principal and interest. When a new issue was made it was called *New Tenor*, the one previously issued was called *Old Tenor*. When an issue of Bills of Credit was made the General Court fixed their value. Thus, in 1742, they issued £30,000, and by the second section of the act, they "enacted that any debt of four shillings, heretofore contracted, may be discharged by one shilling of the bills hereby to be emitted, specialties and express contracts in writing excepted, and so, pro rata, for a greater or less sum."

The bills were printed in the following form and signed by a Committee of the General Court appointed for the purpose. Their denominations ranged from two pence to forty shillings.

(No.) - - Twenty Shillings,

This bill of twenty shillings, due to the possessor thereof, from the Province of Massachusetts Bay, shall be equal to three ounces of coined silver, Troy weight, of sterling alloy, or gold coin at the rate of four pounds eighteen shillings per ounce; and shall be so accepted in all payments, and in the Treasury. Boston 1742. By order of the General Court or Assembly.

} Committee.

—and so, mutatis mutandis, for a greater or less sum."

Raised £45 to defray town charges this year.

1743. March 7. For Selectmen, Major Daniel Lovett, Daniel Taft, Esq., Mr. William Torrey, Mr. John Legg and Coroner William Rawson; Town Clerk, Edmund Morse; Town Treasurer, Daniel Taft, Esq.; Constables, William Hayward and Samuel Daniels, Jr.; Assessors, William Torrey, John Legg and William Rawson.

At this meeting the town voted to dismiss the article from the warrant, "Signifying they would Defend the Rev. Mr. Dorr against his opposers." It is not certain what the difficulty with Mr. Dorr was. The extensive religious agitation, the "Great Awakening," as it was called, of 1740, about which men were divided in opinion, may have given rise to the coldness of some of his parishioners, as it is related that Mr. Dorr strongly sympathized with that movement. The struggle, which resulted in the erection of the Mill River Precinct, may also have given rise

to or intensified the "recent unpleasantness," but, as we hear no more of the opponents of Mr. Dorr, it is presumed that the autonomy granted the Mill River people, in matters ministerial, or the subsidence of the Great Awakening, one or both, contributed to the return of a lasting peace.

Voted not to hire a Schoolmaster this year.

March 25. Maj. Daniel Lovett, Mr. Benjamin Wheelock and Mr. George Bruce were chosen a committee to treat with Uxbridge or their committee concerning the Ministry land. What was the question about the Ministry land does not appear.

May 16. Capt. Robert Taft was chosen Representative to the General Court.

Aug. 29. Daniel Taft, Esq., Major Daniel Lovett and Deacon Jacob Aldrich were allowed £1.15 each for five days work and Major Lovett and Deacon Aldrich 3s. 6d. each for half a day's work in selling the Ministry land. The surveyor of the Ministry land was allowed £1.05 for the survey, and Major Daniel Lovett, Mr. Benjamin Wheelock and Mr. George Bruce were allowed £1.10 for treating with the Uxbridge Committee. These several sums were to be paid out of the money arising from the sale of the land, or the interest due therefrom.

Among other accounts audited and allowed was one of £12 to Sergt. William Hayward, for a road through his land, bought of Dr. Wilson.

Raised £50 to defray town charges.

All the grants for this year were in Old Tenor.

There was an article in the warrant to see if the town will be at any charge in "Joyning to Lett up the fish in the Grate River," but it was not acted on, and the meeting was dissolved.

The East Precinct in Mendon was created by the General Court Dec. 23, 1741, and it was, without doubt, soon afterward organized. It seems that from some irregularities in the manner of voting the legality of the Precinct meetings were called in question, and we find that in 1743 they applied to the General Court for relief. To this end Deacon Daniel Corbett and Mr. Jonathan Hayward were chosen, on the 23d of August, 1743, "to the General Court to Desire Relief and Direction under our present Difficulties." They, in the behalf of the Precinct, petitioned the General Court as follows:

Mass. Arch. Towns, Vol. 115, p. 168,

“To his Excellency William Shirley Esq., Capt. General and Governor in Chief in and over his Majesty’s Province of the Massachusetts Bay, the Honorable his Majesty’s Council & House of Representatives in General Court assembled Sept. 1743.

The Petition of the Inhabitants of the Easterly Precinct in Mendon Humbly Sheweth,

That y^r Petitioners, at their General Meeting in March 1743 were so ill advised as to permit a considerable number of persons not duly qualified by Law to vote at that meeting & have so continued to do at all other meetings since, being induced thereto by an apprehension that it would be a means of preserving peace and unity among ourselves; but instead turns to the contrary, for now divers of our Society refuse to pay any of the taxes levied for building a Meeting house & Supporting a Minister, giving for reason that all the votes passed at said meeting and all other succeeding ones are null and void because passed by unqualified persons; so that, by this means, we are likely to be in the greatest confusion imaginable, without the aid of the Great and Honourable Court; Therefore Y^r Petitioners humbly pray Y^r Excellency and Honours would be pleased to confirm all the votes passed at said Meetings to this time and by y^r order make them as effectual as if all the voters were lawfully qualified, or otherwise relieve us in the premises as in your Goodness you shall think best & as in duty bound shall ever pray.

DANIEL CORBETT } In the Name & Behalf of the East

In the House of Representatives Sept. 9. 1743 Read and Ordered that the prayer of the Petitioners be so far granted as that the respective Parish Meetings held in the Easterly Precinct in Mendon since the year 1740 be deemed and hereby are declared Valid & Legal; and all affairs, votes, Grants, Assessments and other things passed or transacted at any such meeting, or in consequence thereof is declared good in Law, and all persons concerned are hereby required to conform themselves thereto any Defect in said Meetings to the contrary notwithstanding.

In Council Read & Concurred with the amendment as taken into a new draft, viz:—

Whereas it appears to this Court the irregular proceedings within mentioned were not in wilful Contempt of the Law, but through Inadvertance, and Inasmuch as rendering void the same would greatly perplex their Affairs, if not prove destructive to them in their weak and infant state.

Therefore Ordered that the several meetings held there & every thing done or in consequence thereof be & hereby declared valid & all persons concerned or that may be concerned are hereby directed to conform themselves thereto any defect in their proceeding notwithstanding.

Consented to W. SHIRLEY.

The *second* Precinct in Mendon (now Milford) was organized in 1741, and the Rev. Amariah Frost was ordained over the Church Dec. 21, 1743. He was the son of Samuel and Elizabeth (Rice) Frost, and was born in Framingham Oct. 4, 1720. He graduated at Harvard College in 1740, and continued in the ministry, at Milford, until his death, March 14, 1792, at the age of seventy-two.

Mr. Frost was thrice married, for his second wife, marrying Susanna, the youngest daughter of the Rev. Joseph Dorr, of Mendon.

Mr. Frost was reputed an excellent man, and one of the most popular preachers of his time. It is a sufficient indication of his reputation and of his attainments, to state that he was extensively resorted to as an instructor of young men, fitting for college and for the ministry.

1744. March 6. Major Daniel Lovett, Deacon Nelson, Daniel Taft, Esq., Jonathan Hayward and Lient. Thomas Thayer were chosen Selectmen; Edmund Morse, Town Clerk; Daniel Taft, Esq., Town Treasurer, and Daniel Taft, Jr., and John Chapin, Constables.

Daniel Taft, Esq., Major Daniel Lovett and Sergt. John Legg were chosen a committee "to order a Monument over y^e Grave of the Rev^d Mr. Grindal Rawson, Late Minister of Mendon."

Mr. Josiah Marshall, A. M., was again chosen schoolmaster.

A motion was made to build a *new* school house, but it passed in the negative. The next motion found more favor, as it was passed in the affirmative, being a motion that the Second Precinct (Milford) should have the *old law book* during the town's pleasure.

May 18. Chose John Tyler and John Thayer "to Take Care for the Preservation of y^e Deer."

Capt. Robert Taft was chosen Representative to the General Court.

It was voted that the amount of interest money derived from the sale of the ministry land, for the present year, shall be equally divided between the first and second Precincts.

Granted £30 in order to complete the Town's stock of ammunition.

Samuel Davenport's rates for 1741 were forgiven, he not having removed to this town at that time.

Aug. 31. Various bills were audited and ordered to be paid, among others, Peter Thayer's, for looking *after a child*, £15.00.00.

If the account of Peter Thayer could be found, perhaps we should get some further light upon the reasons of this extraordinary entry, and if the General Court would create a *new* office, the incumbent of which should be provided with suitable books of record, and whose duty it should be to note all events, other than official doings, occurring in the town or elsewhere, that would aid in elucidating the history of the town, we should have a far better understanding of our public records, and besides have our town histories, without any great labor at revision, ready at all times for publication.

The grant for the disbursement of town charges this year was £127.

The records says all the grants were to be paid in old tenor.

At the close of the town records for 1744 the following entry is made:—

MENDON, March 16. 1743, Then Received of the Town of Mendon such sums of Money which I accept in full satisfaction of my Salary and Profitts of Ministry Lands from the time of my first Settlement to the Date of these Presents. I say Received by the hands of Daniel Taft Esq. and Town Treasurer, by me

JOSEPH DORR,
Minister of the Town.

The town lines with Upton, Hopkinton, Holliston and Bellingham were perambulated this year, but the committee for Bellingham, for some reason which does not appear, refused to sign the certificate.

1745. March y^e 4. Chose for Selectmen Major Daniel Lovett, John French. William Thayer, Thomas Tenney, and

Nathaniel Nelson; for Town Clerk, Edmund Morse; Town Treasurer, Daniel Taft, Esq., and for Constables, Eliphalet Warfield and David Daniels.

THE TRAINING FIELD.

MENDON, April 13. 1744

Then the Selectmen mett and Measured the Training Field, beginning att a heap of Stones Bounded Northerly twenty Rods upon Major Daniel Lovett's Land; then Bounded Easterly Thirty five Rods on Phinehas Lovett's Land; Then Bounded Southerly Upon Ebenezer Merriam's Land Nineteen Rods; then Bounded Westerly Upon the Ten Rod Road Thirty five Rod to the first Bound, the whole containing four Acres and a Quarter and two Rod & a half.

DANIEL TAFT ESQ.,
JONATHAN HAYWARD, } Selectmen.
THOMAS THAYER.

March 19. Voted to sell to Phinehas Lovett a portion of the Training Field, on the east side, adjoining his other land, thirty-five rods in length, seven rods at the south end of the Training Field, and six rods at the north end, containing one acre, three score and eight rods. The consideration was £5.00.00, old tenor.

The interest of the ministry land was voted one half to the First Precinct and the other to the Second Precinct.

The bill of Dr. Daniel Hews for doctoring, and the bill of William Hayward for nursing Elizabeth Nox or Rose? was disallowed.

March 19. Voted, That all the roads that are reputed to be more than four rods wide in the town of Mendon, be reduced to four rods, and the Selectmen state the roads.

Sept. 23. The committee to reckon with Daniel Taft, Esq., Treasurer, reported that they find due him the sum of £36.13.11, old tenor. They also find in former constables hands £13, old tenor, and interest due on school money £13, old tenor—in the whole £33.10.02, and about £33 in last year's orders unpaid.

The committee to *review* Ebenezer Staples' account as Treasurer for 1733 and 4, find due him £1.15.7, and that a note of £5.00.00, given by him on a former settlement, should be given up to him.

1st Tuesday in October, Nathaniel Nelson was allowed £2.07

for a journey to Worcester to answer a *presentment* against the town, and for laying out roads. This presentment probably had its origin in an alleged claim of the town of Uxbridge that Mendon was held to contribute to the maintenance of a bridge over the Great (Blackstone) River.

William Hayward, Constable (collector) was allowed £0.11.08 for rates in 1743, "on Account of Men Living in y^e Gore."

Raised to pay town debts £150, old tenor.

1746. March 17. Daniel Taft, Esq., Benjamin Wheelock, Jun., Uriah Thayer, Jonathan Hayward and Samuel Seammell were chosen Selectmen; Edmund Morse, Town Clerk; Daniel Taft, Esq., Town Treasurer, and Samuel Rawson and Ichabod Robinson were chosen Constables.

The vote passed March 19th, 1745, to reduce the roads to four rods wide was reconsidered.

Crown^r (Coroner) William Rawson was chosen Grand Jurymen.

May 22. The Selectmen were instructed to hire a schoolmaster.

Samuel Thayer, Deacon Nelson, John French, Capt. Robert Taft, Jonathan Hayward, Thomas Thayer and George ——, were chosen a committee "to consider the affair of building a School House or School Houses and make a Report at the next Town meeting."

Capt. Robert Taft was chosen Representative to the General Court.

Voted, that "the interest of the money the Ministry Land sold for should be divided equally between the 1st. & 2nd. Precinct."

A committee was chosen to see "if any one wishes to buy any part of the Ten Rod Road And See what they will give for it," and report to the town.

Sept. 22. Voted to pay Dr. John Seammell £8.10 "for his Doctrin Bethiah Bridges."

Voted "to raise £133.00.00 to defray town Debts."

At the same meeting the following votes were passed:

“The Selectmen having reduced the roads more than four rods wide, by metes and bound, to the width of four rods, it was voted to accept of the Report of the Selectmen.

Voted that Nathan Penniman and Abraham Staples be a Committee to take an account of the land adjoining to each particular person that is adjoining to the roads or highways Reputed to be more than Four Rods wide, in order to Sell the same; that is all above four rods wide in said roads and report at the next town meeting.”

Voted that Mr. George Bruce and Cr. William Rawson be a committee to refer the said return of said road to the Court of the General Sessions of the Peace in and for the County of Worcester for a confirmation.

In December following, Capt. Nathan Tyler, William Torrey and Edmund Morse were chosen a committee to make a “Draught” of all land which is to be disposed of as above said, in order for the town to act on at their next meeting.

1747. March 2. Selectmen, John French, Maj. Daniel Lovett, Deacon Nathaniel Nelson, George Bruce, and John Chapin; Town Clerk, Edmund Morse; Town Treasurer, Daniel Taft, Esq.; Constables, George Aldrich and John Fish.

March 30. It seems that the town did not think it best to have any school this year; as they voted not to hire Mr. Josiah Marshall as Schoolmaster.

May 26. Maj. Daniel Lovett and Lient. William Sheffield were chosen a committee to assist Daniel Taft, Esq., Town Treasurer, “To Look After the Money, Both principal and Interest, Arising by virtue of the Saile of the Ministry and School Land in Mendon.”

Aug. 31. This meeting was occupied by auditing and allowing various bills and foregoing taxes, among which was one in the following words: “Voted to forego £2.14.05.3 New Tenor which is, in old Tenor, £10.17.11, in Constable David Daniels’ Rate in y^e year 1747, which was Rated to men in the Gore,” known afterwards as Attleboro Gore.

To defray town charges, £150, old tenor, was raised.

The Town Clerk was directed “to Send to the Selectmen of Bellingham to give the Reason, if any they have, why they will not sign the Preambulation between Mendon and Bellingham

According as the Line hath been Preambulated by both Parties for Several years past and that by fair Meets & Bounds."

The old school house was sold to Samuel Thayer for £14, old tenor.

The following record is found in the latter end of the second volume of the Town Records, the book being turned upside down:

January y^e 13, 1747. After choosing a Committee to audit the Treasurer's account the meeting was adjourned to the March meeting, then to the 23th. of May, then to the last Monday in August and then to the 21st day of September, no business being transacted until the last adjournment.

At this last meeting the town voted to build one new school house, and to set it "on y^e Training Field where it will be most Accommodable, that is at y^e North End of Said Training Field, adjoining to the road." It was also voted that "the School House should be twenty foot in Length and sixteen foot in width and Seven foot Studd betwixt Joyns." Major Daniel Lovett, Mr. Samuel Thayer and Capt. Nathan Tyler were chosen a committee to build the house.

This was the second and only school house in town, at the time, the old one having been sold to Samuel Thayer. The old school house stood on the road at the north side of the Friends meeting house. The new one was to stand near where the barn of Albert W. Gaskill now stands.

The money accruing from the sale of portions of the roads was to be paid into the Town Treasury, and so much as may be necessary was appropriated for building the school house.

1748. March 7. Chose for Selectmen, William Torrey, Nathan Tyler, Thomas Thayer, Daniel Corbett and Phinehas Lovett; Town Clerk, Edmund Morse; Town Treasurer, Daniel Taft, and Constables, Daniel Taft, Jr., and Joseph Corbitt.

March 21. Josiah Marshall was chosen Schoolmaster for the current year.

May 17. Deacon Nathaniel Nelson was chosen Representative to General Court.

Voted that the Assessors "for Time to Come Lodg the yearly valuations and other papers Serviceable to the Town's use in the Clerk's Office."

Aug. 29. Capt. Thomas Thayer, Ensign John Legg and Cr. William Rawson were chosen a committee "to Examine the Accounts of the Committee Chosen to Build a School house for y^e Town and report at the adjourned meeting; and also to reckon with the Treasurer."

The income from the Ministry land to be equally divided between the First and Second Precincts.

The town voted they would have but one school, and that but for four months. Raised £100, old tenor, for town charges, and £8 to mend Trask's bridge.

1749. March y^e 6th. Selectmen, Abraham Staples, William Thayer, George Aldrich, Ensign John Rockwood and Benjamin Wheelock; Town Clerk, Edmund Morse; Town Treasurer, Daniel Taft, Esq., and Phinehas Lovett and Moses Gage for Constables.

Ensign John Legg and Capt. Thomas Thayer were chosen "to take care of the Deer."

All the abutters on the roads had not yet agreed to purchase against their lands, and a committee was chosen to treat with them and agree with them, if they can, "according to the General Proceedings of the Town in that Affair."

In the early laying out of the divisions of land, in many places, a way for a road was reserved. Some of these reservations had been used and others had not. The town now voted that Capt. Thomas Thayer and Lieut. William Sheffield be directed "to sell the Allowance for Roads where there is No occasion for Roads."

They also voted "that the Grammar School should *not* be kept in the School House." This school heretofore had been kept a portion of the time in the old school house.

May 22. Nathaniel Nelson was chosen Representative.

Warrants for town meetings were to be posted at the meeting

house in Mendon; at the Second Precinct meeting house; at Sheffield's Mill, and at Trask's mill.

Voted to raise £300, old tenor, to defray town charges.

It will be remembered that, in the divisions of the common lands, the school and the ministry were both reckoned. For some reason laying out of some of the divisions of land belonging to the ministry had been neglected, and, at this meeting, Capt. Nathan Tyler and Deacon Jacob Aldrich were directed "to Lay out the Remainder of the Ministry Land."

Voted that, by and with the advice of the Rev. August y^e 24. 1749. As we hear no more about the school house, it is supposed the committee found it properly constructed. The settlement they made with the Treasurer is as follows, viz:—

MR. RAWSON'S FARM.

In 1685, Secretary Rawson bought of the Natick Indians a tract of land, afterward annexed to Mendon by the General Court, containing about 2,000 acres. The consideration in the deed was £14, lawful money.

The following document continues the history of this purchase, although we are still left in the dark how the controversy was finally adjusted.

Province of the Massachusetts Bay in New England.

To the Honourable Spencer Phipps Esq. Lieut. Governor and Commander in Chief in and over his Majesty's Province of the Massachusetts Bay, in New England, the Honourable his Majesty's Council and House of Representatives, in General Court Assembled at Boston this twenty second day of January A. D. 1750.

The Petitioners of The Proprietors of Rawson's Farm in Bellingham,
Humbly Sheweth.

That about Sixty years ago Mr. Rawson, a Secretary of this Province having a Grant of the General Court of 1840 acres according to a Plan drawn on Parchment, by Capt. Thomas Thurston of Medfield; sd Rawson and son sold sd Farm to William Haward, Thomas Sanford & others, who agreed each to Build a house and live therein, which they did after some time, & sd Purchasers formed themselves into a Propriaty, Chose a Clerk & a Committee to Devide said Farm not into Equal parts but according to the different sums Each Paid purchase money, from one acre lots to 100 acre lots; and from year to year, as the Committee made returns of their Devisions, the Clerk recorded them in a Book Provided for that end.

That about 20 years since James Smith, as he saies, was chosen Clerk & the Original Deed from sd Rawson & Plan Both drawn on Parchment & sealed and fashed together and sd Book of Records Came into said Smith's hands with the papers belonging to the sd. Propriaty, the Number of which is Uncertaine, the first Purchasers being all Ded but one & he is removed at a Distance from us, and sd Books & Papers &c. being very much Secreted by sd. Smith.

That about 15 years ago there were several Bounds of sd. Devison lost & there was like to have been a law suite by reason of one selling to Bounds contrary to sd. Records; sd Smith was applied to for cotypes, but he said he was chosen Clerk of sd. Proprietors, But his choice was not recorded neither was he sworn and that he could not attest cotypes.

That soone after the Proprietors met & chose Joseph Holbrook their Clerk who went to James Smith & Desired sd. Book &c. of him, but said Smith Put him off from time to time by saying he wanted to make him cotypes from said Book of his own Interest; at other times that he had the gout and Rumatism in his hand & as soone as he was well he would copy what he wanted and Deliver the Book &c. the above sd difference being made up & the Proprietors hoping he would Deliver the Book &c. and, being loth to see them out of his hands, let them remain there.

That last Winter sd Smith sold a number of pine trees to several Mendon people out of a lot of land claimed by another man. About that time trespasses were committed in another place on sd Farm, the lots not to be known but by sd Book, which said Smith secreted: which Drove the Proprietors to their action against said Smith. But in April he non suited them.

That in July his attorney made Several pleas in abatement which were Overruled in the Inferiour Court at Boston & a Plea in Bar (that the cause of action did not arise within three years of commencing his action) which was an action Detinu, the judges of the Inferiour Court, as we understand, were of opinion that the law of limitation referred to was not Intended to Extend to Real actions and they gave judgment that sd Smith Deliver the Book, Plan and Papers sued for in fourteen Days after entering up the same judgment & Pay Costs, or in Default thereof the Proprietors afore sd shall recover judgment against the said James Smith the sum of one hundred pounds, lawful money & Costs of sute; from which judgment sd Smith appealed to the Superior Court in August. When sd action was tried there were 4 judges Present who were unanimously of opinion that as the act of Detinue made no distinction between Real and Personal actions, that this action was Included and gave judgment that the action afore sd be barred and that sd Smith Recover his costs against sd Proprietors.

Which has put sd Proprietors into the utmost concern, for that there is now on sd Farm 16 or 17 families that sd Smith witholds from them the Original Title to their lands and all their bounds being no where recorded but in said Book of Records.

That sd Smith is by his indolence and Tavern-spending reduced from a fair Estate and that his Estate is accounted Insolvent.

That he has neither family nor any cattell—lives at a Tavern—kept said Book &c with him in Boston jail about 8 months, as he has told some of us lately & we fear is sullied if not spoilt alredy.

That he has threatened to burn said Book &c.

That we are without Relief at Common Law.

Your Petitioners therefore Repaire to this Honourable Court, Praying Relief as in such cases is Equitable & just, and that you would order the said James Smith to Deliver sd Book, Original Deed, Plan & Papers to Joseph Wight Jr. of sd Bellingham for the use of sd Proprietors and

That sd Proprietors may be released from paying to sd Smith the above sd Costs of sute, and

That your Honours would order said Proprietors to recover against said Smith their costs as if judgment had been for them at the above sd Superior Court; or, that you would grant the Proprietors a Review of the case at the Superior Court for Suffolk County in Feb. next, and said action to stand as though brought in due time & that execution be stayed in the mean time, or other waies Relieve us as in your Superiour Wisdom shall judge Best.

And Your Petitioners as in Dnty Bound shall Ever Pray.

The Subscribers interest is as follows.

Samuel Wiswall,	295 acres.
Elezer Hayward,	290 "
Peter Thomson,	130 "
Elnathan Wight,	100 "
Thomas Baxter,	60 "

March 27 (warrant says 28.) At a town meeting held this day, Capt. Thomas Thayer, William Torrey, David Taft, John Chapin and Jonathan Whitney were chosen Selectmen; Edmund Sanford, Town Clerk; Daniel Taft, Esq., Town Treasurer, and James Sumner and Samuel Green, Constables.

May 20. Voted "y^t Mr. Dorr's son should be the Town School Master as soon as he can be had, and when he cannot be had, then Mr. Taft's son to be y^e Town's School Master." Mr. Dorr's son was Joseph, who graduated at Harvard College in 1752, took an active part in the war of the Revolution, was afterwards Judge of Probate for the County of Worcester, and died at Brookfield. Mr. Taft's (Eleazer) son was Moses, who graduated at Harvard College in 1751, married Mary Dorr (sister to Joseph) Aug. 15, 1753, studied divinity, settled at Randolph, Massachusetts, and had four sons, who all graduated at Harvard College.

Elder (Nathaniel) Nelson was chosen Representative to the General Court.

Aug. 25. The following appropriations were made, viz:

To Daniel Taft Esq. services as Treasurer, for 1749 & 1750.....	£ 1 00 00
“ James Sumner, Constable, for carrying out of Town Robert Macfarling & Alex ^r Claton and their families.....	2 00 00
For Town Charges.....	15 00 00

These appropriations were in lawful (sterling) money, not old tenor.

Voted to forego Thomas Seaben's rate bills, being £1.07.04, for *double money*. By double money is meant that the property had been taxed to another person, as it is found more clearly expressed in other places.

Benjamin Wheelock, George Aldrich and David Taft were chosen "to reckon with the Committees formerly chosen to Sell

the Land Lying in the Reputed Ten Rod Roads or other Roads more than four Rods wide," and make a report at a future meeting.

If the accounts of our public servants were always subjected to as searching a scrutiny as was the committee for building this insignificant school house, we should hear little of ring thieves and less of pecculation from the public treasury.

THE MENDON ASSOCIATION.

Mr. Dorr, was, with three others, the founder of the Mendon Association of Congregational Ministers, as will appear by the

following extract from the record of the proceedings of its first meeting:

“A number of the Pastors of chhs. viz., of y^e 1st chh of Christ in Mendon, of y^e chh of Christ in Uxbridge, of y^e 2d Church of Christ in Mendon, of y^e ch. of Christ in Upton, being conven^d at y^e house of y^e Rev^d Mr Frost in s^d Mendon (now Milford) Nov^r y^e 8th. 1751

Being thotful that it might tend to the Advancement of y^e Glory of Christ and of his Kingdom and Interest in this Vicinity for them to Associate have thot it duty, and Accordingly

1st. Voted themselves associated, and

2nd. Voted y^e Rev. Mr. Dorr the Moderator of the Association.

3thd. Mr. Webb y^e scribe for the pres^t Meeting.”

At this meeting David Thurston, a graduate at Princeton in the Class of 1751, was licensed to preach, as will be seen by the following certificate:

“This may Certify that we, the Subscribers, Associated Pastors of chhs. of Christ, Have, upon the application of Mr. David Thurston, admitted him to examination in order to his Regular Introduction to the preaching of the Gosp^l; and upon a proper Examination Respecting his Moral Character, his Learning, his Orthodoxy in the Doctrines of the Gosp^l and Christian Experience in Religion are Well Satisfied as to his qualifications for or Entrance upon y^e Gosp^l Ministry, and can very freely recommend him to y^e churches and Poep^le of God as a suitable person to preach the Gosp^l, wheresoever he shall, by y^e Providence of God, be call^d.

Mendon Nov. 8. 1751.”

Thus Mr. Thurston was the *first* Licentiate of the Mendon Association. He was the son of David and Deborah (Pond) Thurston, of Wrentham, where he was born, May 9, 1726. He was ordained over the church in West Medway, June 23, 1752. After he had been settled seventeen years, owing to ill health and the troubles growing out of the revival of 1740, he asked a dismissal, and was never resettled.

The Mendon Association still keeps up its organization, and has occasional meetings.

1752. March y^e 2d. Anno Domini 175². Chose for Selectmen, William Thayer, Samuel Wheelock, James Sumner, Benjamin

Craggin and Ebenezer Chapin; Town Clerk, Edmund Morse; Town Treasurer, Lieut. William Sheffield; Constables, Samuel Penniman and Samuel Green. Deacon Jacob Aldrich was chosen *Clerk of the Market*. At this meeting it was voted that swine should not run at large, but March 16, they were allowed the *liberty of the town*.

“Mendon April ye 7. 1752. Taken up the fifth Day of April Instant A Leather Purs of Money amounting to Three pounds Fifteen Shillings and seven pence, Lawful Money, found in Mendon Streets, by Hannah Lovett, Daughter of Phinchas Lovett, of Mendon. Jonathan Foster owned the above mentioned money and had the same delivered to him.”

May 15. Chose William Torrey, Ens. John Legg, Phinehas Lovett, Samuel Thayer and Cor^t (Cornet) David Taft, a committee to settle and establish a line between the town of Mendon and Uxbridge, in conference with a committee of Uxbridge, according to the grant made to Uxbridge by the General Court; and the committee to be continued until the last Monday in October next.

May 18. Capt. Nathan Tyler was chosen Representative to the General Court.

The Ministry money, as usual, was divided equally between the First and Second Precincts. Daniel Taft, Esq., was allowed £3 for his services as Town Treasurer, and £20, lawful money, was raised and appropriated to defray town charges.

1753. March 5. Selectmen, Thomas Thayer, Ichabod Robinson, Samuel Hayward, Samuel Thayer, Jr., and Samuel Thayer; Town Clerk, Edmund Morse; Town Treasurer, William Sheffield; Constables, Josiah Chapin and William Hayward.

March 26. Voted to choose four more Selectmen, and chose Elder Nathaniel Nelson, William Rawson, Esq., Benjamin Wheelock and John French.

Trask's (formerly Samuel Thompson's) mill was situated on an island in the Great (now Blackstone) River, at what is now Millville, and, it seems, there were at this time no bridges connecting the grist mill with either bank of the river, or, if there were any, they had become unsafe for use.

At this meeting the town voted they would neither build a bridge over the Great River or erect more school houses. As there was no school house west of the Blackstone River, it seems probable that the people living there had asked for building the bridge over the river, and, in default of that, for a school house, as otherwise there would be no other way to go to mill or to school except by a ferry across the river.

Voted to raise £150, old tenor, to mend the highways, and that a man should have two shillings, and a man and team five shillings a day for labor on the roads.

Town meetings were to be warned by notices posted at the Town's Meeting House, at the East Precinct Meeting House, and at Cargill's Mill, now East Blackstone.

Capt. Robert Taft was chosen Grand juror man.

May 14. The town again voted against allowing the East Precinct to be set off as a distinct town, and, on the same day, chose Capt. Nathan Tyler, Representative to the General Court.

August 20. Raised, to defray town charges, £26.13.04, lawful money.

As usual, the income of the Ministry lands was equally divided between the two precincts.

William Sheffield, Town Treasurer, was instructed to collect the amount due for lands sold out of the highways, and convert the same to the town's use.

The above account stands, footed in the record, at £84.09.11. It is probable that an item of £8 was left out in copying.

The committee chosen to confer with the committee of Uxbridge in regard to the boundary line between the towns, finding they could come to no satisfactory settlement, petitioned the General Court for an adjustment of the controversy, as follows:

Mass. Archives, Towns, Vol. 116, pp. 509, 510 and 511.

"To his Excellency, William Shirley Esq. Captain General and Governor in Chief in and over his Majesty's Province of the Massachusetts Bay in New England and the Hon^{ble} his Majesty's Council and House of Representatives Convened and Sitting in General Court or Assembly for said Province December y^e 4. 1753.

The Petition of Samuel Thayer, William Torrey, John Legg, David Taft and Phinehas Lovett, a Committee for and in behalf of the Town of Mendon, in said Mendon,

Humbly Sheweth,

That whereas the Grant to the western Inhabitation of Mendon on their request to said Town in order to make a Township, which is now Uxbridge, was as followeth viz:—To Begin their Bounds at the Southwest Corner of Mendon at the Province South Line; Thence to Run four Milles East on sd Line; Then to turn a North Line parallel with the West Line of sd Town until that Line meett with a small Brook Called Mischo Brook, and so on said Brook and other Bounds Mentioned in said Grant to the North Line of said Town, The which Grant the Hon^{ble} Court was pleased to confirm to the Town of Uxbridge; whereupon the Town of Mendon Chose a Committee to joyn Uxbridge Committee in order to make and settle a Line Between The Said Towns According to said Grant, But said Committee Did not bring any return of what they Did Relating to sd Line to the Town of Mendon, for their Exceptance (acceptance) nor yet ever Signed any Return as we can find. But the Surveyor who was employed to assist sd Committees in Settling said Line was then Town Clerk of Mendon, who was pleased to make an entry of what the Committee Did (as he saith in his Entry) was according to said Grant. How Ever the sd Towns Made no fouthrer Search in that Day but since then Made Several Attempts

to preambulate according to said Entry or reputed Bounds But found Difficulty y^e said Bounds being uncertain.

And in the year 1750 Uxbridge Selectmen Denied the Old Reputed Bounds on the Spot.

And afterwards one of their Principle Gentlemen, then one of the Selectmen of Uxbridge, Come into our Public Towne Meeting and openly Declaired for him Self and the others of them Selectmen that they would Not Preambulate as heretofore and that there was no regular Bounds according to the Grant &c.

Thereupon wee were Oblidged to make further Tryal And that feeling in Deed there was not any just Line Betwixt said Towns Neither by Length of Lines nor by Point of Compass Wee friendly offered the Town of Uxbridge to Joyn and Measure and Settle a Line or Bounds Betwixt said Towns According to said Grant which they Utterly Refused although they first Denied y^e Line &c.

Wherefore in order to prevent any further Difference or Perplexing Law-sutes that might arise here after it is the Humble Request of your Petitioners That Your Excellency and Honors would Be pleased to take into your wise Consideration And Send a Committee in Order to make and Establish a Line or Bounds Betwixt the Town of Mendon and the Town of Uxbridge according to the Grant above said.

As your petitioners in Duty Bound shall ever pray.

WILLIAM TORREY,	} Committee for the Town of Mendon.	JOHN HARWOOD,	} Committee for the Town of Uxbridge.
DAVID TAFT,		JOSIAH TAFT,	
PHINEHAS LOVETT,		N BAYLIES.	

In Council April 10. 1754. Read and Ordered that the Prayer of the foregoing Petition be granted and that the Boundary Line between the Towns of Mendon and Uxbridge, as described in the afore written AGREEMENT, be and the same is hereby established to all Intents and Purposes whatever

Sent down for Concurrence

THOMAS CLARKE, Dep^{ty} Secy.

In the House of Representatives, April 10. 1754.

Read and Concurred,

T. HUBBARD, Spk^r.

Consented to W. SHIRLEY.

May 20. Voted to raise £100, lawful money, to mend the highways.

Capt. Nathan Tyler was chosen Representative to the General Court.

It will be remembered that the town had reduced the roads to four rods wide, and had, in many instances, sold to the abutters the quantity of land beyond the stipulated width. But others, it seems, had fenced in portions of the road without consent or purchase of the town, and the committees chosen by the town to negotiate with the trespassers had accomplished little or nothing in that direction; hence the town directed the Selectmen "to prosecute in a regular way or manner as may be advisable to get the said Roads so fenced up, opened to their former width and So to Ly open for the Town's use."

Voted to raise £70 to defray town charges.

1755. March 3. Chose Edmond Morse, Thomas Taft, Nehemiah Nelson, Capt. Robert Taft and Josiah Chapin, Selectmen; Edmund Morse, Town Clerk; George Aldrich, Town Treasurer, and Nathaniel Rawson and David Holbrook for Constables.

The Ministry money divided, as usual, between First and Second Precincts.

Voted "that Dea. Edward Rawson have Liberty to Shut up the Road between y^e Rev. Mr. Dorr's land and his land to Muddy Brook the Present Year for one dollar." This is the *first* time the word *dollar* occurs in the Town Records.

May 19. Capt. Phinehas Lovett chosen Representative to the General Court.

Aug. 25. Raised £50, lawful money, to defray town charges this year.

So far as the Town Records are to be relied on, no evidence is found that Mendon furnished any soldiers for the French war; and this seems the more strange, as it is found that, quite probable, Mendon furnished her full quota.

MENDON IN THE FRENCH WAR, 1755.

The war against the French, for this year, was known and recorded, in the Muster Rolls, as the Expedition to Crown Point. But one battle was fought, and that near the south end of Lake George. The campaign closed Sept. 8, when the French were sorely defeated, and Baron Dieskau, the Commander-in-Chief, was wounded and taken prisoner.

In this expedition the names of the following men, purporting to belong to Mendon, may be found upon the Muster Rolls in the State Archives:

This year another expedition was undertaken against the French in Nova Scotia. The Massachusetts troops were under the command of Gen. John Winslow, of Mansfield, great grandson of Gov. Winslow, His commission was dated Feb. 10, 1755.

By the middle of June the French forts were reduced, and the English were masters of the country. The inhabitants had been settled in the country of Acadie, as it had been called, for more than two hundred years. They were, originally, emigrants from France and were Roman Catholics. They were an agricultural people. They were represented by contemporary historians as a peaceable inoffensive race, and had taken no part in the present war, and were recognized by the English as

FRENCH NEUTRALS.

Even by the laws of war we do not see how the subsequent treatment of the Acadians could be justified. They had not resisted the conquest of their country—had not borne arms against their invaders, but remained in their homes, peaceable and quiet. Nevertheless, when the power of the French had been overcome, they were treated as captives, and their *forcible* expatriation was determined upon—they were not allowed the privilege of *voluntary* emigration. During the succeeding winter, to the number of seven thousand, they were distributed to the various sea ports on the Atlantic coast from New Hampshire to Georgia.

At the opening of winter about one thousand were landed at Boston, without the means of support, many of them being aged and broken down in health and spirits by the unjustifiable treatment to which they had been subjected.

The Colonial Legislature soon took the case in hand, as we shall see by the following:—

Mass. Archives, Court, Vol. 21, p. 51.

Dec. 29. 1755 Monday. In the House of Representatives. Whereas a considerable number of the inhabitants of Nova Scotia (Acadia) arrived the 26th. instant, being removed by the Governor and Council of that Province, for the security thereof, and no provision being made for their support here, they are in great danger of suffering during this rigorous season, without the interposition of this Court.

Ordered that Mr. James Russell, Mr. Cooper and Mr. Hall with such as the Hon^{ble} Board shall join, be a Committee to provide for the Support of such inhabitants of Nova Scotia, until advice may be had from Gov. Lawrence (of Nova Scotia) and his orders concerning them, or until there may be an opportunity of applying to his Excellency, General Shirley, Commander in Chief of his Majesty's Forces in North America, for his direc-

tions concerning them. And the Committee are to dispose of them, in the meantime, in such Towns, in this Province, as they shall judge least inconvenient to the public; and the Selectmen and Overseers of the Poor of the several Towns to which they may be sent as aforesaid, are hereby authorized and required to receive them and employ or support them in such manner as shall incur the least charge: and the said Inhabitants of Nova Scotia being so received and entertained in any town shall not be construed or understood to be an admission of them as inhabitants; the Court relying upon it that some provision will be made for them without any expense to this Government.

In Council R. & C. and Samuel Watts and William Brattle, Esqs are joined in the affair.

How many of the French Neutrals were assigned to Mendon, and how long any of them remained in town, the town records furnish no evidence. As late as 1764 five of them were still living in Mendon.

In 1761 there may be found in the
Mass. Archives, Court, Vol. 23, p. 725,

A Petition of the Selectmen of Mendon, Setting forth that the Committee appointed to Distribute the French Neutrals (so called) in the County of Worcester have (for want of due information as they apprehend) assigned to the Town of Mendon such only as are soon like to be a public charge, and praying that said Committee may be impowered to reconsider the matter and make such alteration in the distribution as they shall judge proper.

In the H. of R. Read and Ord. that the prayer of the petition be so far granted that the Committee mentioned in the petition be impowered, at the charge of the petitioners, to new apportion the French Inhabitants in the County of Worcester if they judge reasonable.

In Council R. & Con.

Consented to by the Governor.

So far as is known nothing came of this petition, and, as the petitioners were to pay the charges of a new distribution by the committee, and as some of the French neutrals were found here some years afterwards, it is quite probable nothing further was done.

Of the seven thousand that were taken away from Nova Scotia, many of them found their way to St. Domingo, while the balance of them settled in the Southern States.

1756. March y^e 1st. Chose for Selectmen, John French,

William Sheffield, Ichabod Amidown, Ichabod Robinson and Daniel Darling; Town Clerk, Edmond Morse; Town Treasurer, George Aldrich; Constables, Noah Cook and Nathaniel Jones.

The ministry money was divided equally between the two Precincts.

May 3. Capt. Phineas Lovett chosen Representative to the General Court.

Voted to raise £200, lawful money, to repair highways.

As yet it appears there were but two school houses in town, viz: one in each Precinct. At this meeting, upon motion made, it was voted to build no more school houses.

Aug. 30. Raised £8, lawful money, for town charges:

Josiah Ball is certified as belonging to the Anabaptist Church in Leicester, and Joseph Darling as "usually attending" the Anabaptist meeting in Bellingham.

Perambulation of town boundaries were made this year, between Uxbridge, Upton, Hopkinton, Bellingham and Mendon.

1757. March y^e 7th. Chose Daniel Taft, Jr., Joseph Jones, Samuel Green, Aaron Thayer and Nathaniel Rawson for Selectmen; Edmund Morse for Town Clerk, and Town Treasurer; David Daniels and Isaac Tenney were chosen Constables, but it is found that Jasper Daniels served the Selectmen's warrants as Constable. Robert Taft and Gershom Chapin were chosen *Deer Reeves*.

Voted to leave the "affair of a Schoolmaster," for this year in the hands of the Selectmen.

Voted to lodge indentures of children bound out by the town in the Town Clerk's hands for the future.

Voted that the Selectmen of Mendon, for the time being or time to come, shall not have liberty "to Draw Orders on the Town Treasurer of Mendon to pay Them selves as Selectmen."

John French was chosen Grand Juryman.

The road from the Ten-rod highway to Muddy Brook, between the lands of the Rev. Mr. Dorr and Deacon Edward Rawson, about which there seems to have been a long-standing controversy, was again brought before the town meeting, by a motion to open the same, but which motion was not carried. Upon this a motion was made and carried that Deacon Rawson have the use of the road the present year for eight shillings.

Upon this, James Lovett entered his protest against the vote, "and Declared he would apply to the Court for Relief if the Town did not open the Said Road Down to Muddy Brook for his Cattle to come at the water in y^e Summer."

Voted to raise £200, lawful money, to mend the highways this year.

Voted that a man shall have two shillings a day for work on the highways and a man and team four shillings per day, provided they begin their work by eight o'clock A. M.; and a certificate from the Surveyor that any one had worked out his rate, should authorize the Constable forthwith to cross out said rate.

A vote was passed to sell the remainder of the Ministry land, but the vote was afterward reconsidered on the 22d of August.

Voted to sell the pew in the Easterly Precinct Meeting house, which the town bought of Oliver Hayward, to Samuel Wheelock for the sum of £5.06.08, lawful money, in order to support said Oliver Hayward and his family, as the Selectmen shall order the same.

Aug. 22. Voted to dismiss the committee heretofore appointed to sell the Ministry land.

Last Monday in September Noah Cook was chosen "to serve on the Grand Jury the Next Superior Court."

Raised £20, lawful money, to defray town charges.

The war with France still continued, and, but for the Muster Rolls in the State Archives, we should not know that Mendon furnished any soldiers for this year's campaign. They saw no

active service, however, except a forced march for the relief of Fort William Henry, as far as Westfield, whence, learning that Col. Munro had been obliged to surrender the fort to the French, they were ordered home by Gov. Pownal, who was then at Springfield.

Muster Rolls, Vol. 95, p. 545.

Arrived at Westfield, they heard of the surrender of the fort to the French and Indians, and so returned home.

PHINEHAS LOVETT.

Suffolk ss. Boston Jan 3, 1759.

Capt. Phinehas Lovett made oath that the above is a True Roll of a company under his command, in the time of the Alarm.

Before me

JACOB WENDELL, Just. Peace.

The probable reason why the jurat was delayed so long was that the war expenses were to be discharged by the British Government; and so, after the expenditure of the necessary quantity of red tape, the voyage from Boston to London and back performed, the muster rolls properly made out and sworn to, the soldier finally got his pay.

1758. March 6. Chose for Selectmen, Daniel Taft, Jr., Jasper Daniels, Ebenezer Chapin, Ichabod Thayer and Peter Wheelock; Town Clerk, Edward Rawson; Town Treasurer, Edmond Morse; Constables, Joseph Bruce and John Thayer; Deer Reeves, Benj. Wheelock Jr., and Stephen Torrey.

HIGHWAY AND SCHOOL DISTRICTS.

Up to this time the town had not been divided into highway or school districts. At this meeting Edward Rawson, Daniel Taft, Jr. Samuel Penniman, James Sumner and Nathaniel Rawson were chosen a committee "to divide the whole Town into Districts To be Stated for the Better Convenience For Mending The Highways and Schooling."

Benjamin Merriam was chosen Grandjurymen.

May 8. Benjamin Craggin, Edward Rawson and Ebenezer Chapin were chosen a committee "to View the Burying Place by the Brook which Capt. Phinehas Lovett petitions to purchase of the Town of Mendon, and said Committee to view the Sir-

cumstance thereof and Sett a Value thereon and Report to the Town."

May 22. Voted to raise £150, L. M., to mend the highways this year.

Voted "to sell Capt. Phinehas Lovett fifteen Rods of the Burying Place Lying North of his own Land to the Bank of the Brook for the sum of £3.10.00 Old Tenor, the Said Lovett To Agree with Lieut. Ichabod Ammidown for the said Land During the term of Ammidown's Lease."

Lieut. John French was chosen Representative to the General Court.

May 31. Voted *not* to divide the town into districts this year.

Aug. 23. Voted, to raise £50, L. M. to defray town charges.

Chose Ichabod Ammidown Grandjuryman for the Superior Court.

The war with France still dragged its slow length along. Three expeditions for the reduction of Canada were inaugurated this year. In the one under the command of Gen. Abercrombie the muster rolls furnish evidence that Mendon furnished some of the soldiers for that unfortunate campaign. The following names, credited to Mendon, may be found in

BOSTON, Feb. 20, 1759. Sworn to

S. SLOCOMB.

The above, as will be seen by the muster rolls of 1759, does not include all the soldiers from Mendon, that were out in 1758. Although a search was made for the rolls containing their names, they were not found.

About this time, it will be seen by the following list, that the number of *non combatants* living in Mendon was on the increase:

THE QUAKER LIST.

Suffolk ss. Boston Dec. 7. 1758 The above Forty three meals sworn to by Mr. Ichabod Ammidown to be true.

Coram, JOHN PHILLIPS, Just. Pacis.

1759. March 5. Chose Capt. Robert Taft, Josiah Chapin, John Albey, Jonas Parkhurst and Peletiah Darling, Selectmen; Edward Rawson, Town Clerk; Edmond Morse, Town Treasurer, and James Sumner and Edward Rawson, Constables.

After the choice of Constables the meeting was adjourned to March 19, when the choice of Town officers was completed by the choice of Peter Wheelock and Eli Partridge *Deer Reeves*.

“Voted that the Destricts in the Town of Mendon be Sett of for School-

ing and Mending Highways as they are drawn by the Committee Chosen for That Purpose in the year 1758."

This is the first time we hear of school or highway districts. The committee who reported them undoubtedly fixed meets and bounds, but their report not being recorded, and the report itself lost, we know nothing of the number or size of each.

Raised £200 for highways and £60 to defray town charges.

May 21. "That the List Drawn for jury men and Read in Town Meeting shall be put into the Jury Box for jurymen." This is the first mention of a *list* of jurors or of a jury box.

Ebenezer Chapin was chosen Grandjurymen.

John French was chosen Representative to the General Court.

Although most accounts at this date were still kept in pounds, shillings and pence, we find that dollars and cents began to be mentioned occasionally. For instance, Samuel Thayer was allowed to have the use of a piece of road this year for fifty cents, and Nathan Tyler another piece for half a dollar.

Jacob Aldrich was appointed Sealer of Weights and Measures by the Selectmen, and sworn before Nathan Tyler, Esq.

The campaign this year for the invasion of Canada ended in the conquest of Quebec by the army under the command of Wolfe, on the 13th of September, and the capture of Ticonderoga and Crown Point by the forces under the command of Lord Amherst. The soldiers furnished by Massachusetts were attached to the army of the latter General. The names of Mendon soldiers are found in the

Muster Rolls, Vol. 97, the following on p. 95.

JACOB WENDELL, Just. Pac.

The commission of Gov. Pownall to Lieut. Hayward is inserted here as a *relic* of olden time. The original, of which the following is a true copy, was kindly loaned me by Mrs. Ariel Cook, a lineal descendant of the Lieutenant:

Province of the Massachusetts Bay,

THOMAS POWNALL, Esq; Captain General and Governor in Chief, in and over his Majesty's Province of the Massachusetts-Bay in New-England, and Vice-Admiral of the same &c.

To Samuel Hayward Gentleman Greeting.

By Virtue of the Power and Authority in and by His Majesty's Royal

Commission to Me granted to be Captain General, &c over this His Majesty's Province of the Massachusetts Bay aforesaid I do by these Presents (reposing especial Trust and Confidence in your Loyalty, Courage and good Conduct) constitute and appoint You the said Samuel Hayward to be Lieutenant of the second military foot Company in the Town of Mendon under the Command of Captain Samuel Wheelock in the third Regiment of Militia in the Counties of Middlesex and Worcester whereof Artemas Ward Esq. is Colonel.

You are therefore carefully and diligently to discharge the Duty of a Lieutenant in leading, ordering and exercising said Company in Arms both inferior Officers and Soldiers and to keep them in good Order and Discipline and they are hereby commanded to obey you as their Lieutenant and you are your self to observe and follow such Orders and Instructions, as you shall from time to time receive from Me or the Commander in Chief for the time being or other your Superior Officers for his Majesty's Service according to Military Rules and Discipline pursuant to the trust reposed in you.

Given under my Hand and Seal at Arms at Boston, the Seventeenth Day of October, In the thirty third Year of the Reign of His Majesty King GEORGE the Second, Annoq; Domini, 1759.

By His EXCELLENCY'S

Command,

THO^s. CLARKE Dp^{ty}. Secry.

T. POWNALL.

1760. March 3. For Selectmen, Capt. Phineas Lovett, Elder Nathaniel Nelson, Mr. John Fish, Dr. William Jennison and Lieut. Samuel Penniman; Town Clerk, Edward Rawson; Town Treasurer, Edmond Morse, and Joseph Bruce and Nathan Very for Constables.

Raised £200 for repairing the highways.

Voted to forego James Read's rates, *provided* if the Constable "can Git The Rates of said Read he shall pay them back again."

Aug. 25. Voted "that the Scholls in Mendon be Divided Into Districts as they are Stated for Mending the Highways, this Present year, and that Every District Shall have as Much Money Appropriated to them for the Use of Schooling as they Pay to the School Tax this Present year."

Aug. 25. Raised £50, lawful money, for schooling, and £100, lawful money, including the interest of the school money bonds, to defray town charges. The school money bonds were the notes of those persons who had bought portions of the school lands.

By the vote above recorded it is seen that the Highway Districts and the School Districts were identical, and if but one Surveyor of Highways was chosen to a District there were eleven School Districts, and Each District drew just the amount of money they paid to the appropriation for schools.

About this time the question of a workhouse, where the poor should be kept, began to be mooted; but a motion at this meeting to build a workhouse *passed in the negative*, as the phrase was in the olden time, when a motion failed to be carried.

The war with France still continued, and Mendon still continued to furnish her quota to the army under Lord Amherst. The campaign this year virtually closed the war, so far as America was concerned, and the surrender of Montreal, by the Marquis de Vaudreuil, completed the conquest of Canada.

The following copies from the Muster Rolls gives the number of men furnished by Mendon, in the campaign for this year:

T. HUBBARD.

1761. Jan 5. At a town meeting held this day the assessors were ordered, by a majority of *three* votes, to assess the soldiers that were out in the last campaign that belong to Mendon. "In The Taxes Laid on and Arising in this Town the present year."

Capt. Robert Taft and William Rawson, Esq., entered their protests with the Town Clerk that the proceedings were illegal.

March 2. Selectmen, Benjamin Wheelock, Daniel Chapin, Edward Rawson, David Daniels and Samuel Torrey; Town Clerk, Edward Rawson; Town Treasurer, Edmond Morse; Constables, Peter Penniman and Joseph Bruce; Joseph Darling

and Josiah Darling, Deer Reives; John French, Nathl. Nelson, Wm. Sheffield and Pelatiah Darling, *Wardens*.

Raised £150, "to be worked out on the Highways and £35 to defray the Charge of the Small Pox In John Gage's Family last year."

May 20. Nathaniel Nelson chosen Representative to the General Court.

August 31. Voted "to raise £70 L. M. to defray town charges and £30 for Schooling this year: and each District may draw out the amount they respectively pay to the amount raised, and may expend it for schooling in such manner as they shall see fit."

In case any person came into town to abide therein, the law was imperative that the Selectmen should be immediately notified by the person who entertained them. Robert Morton and family had removed to Mendon, and was residing with Eliphalet Wharfield, and he, having neglected to give notice to the Selectmen, the town voted that Lieut. John French, Edmond Morse, Elder Nathaniel Nelson, Edward Rawson and Nathan Tyler should be a committee "to proceed against the Estate of Eliphalet Wharfield, Dec^d for his bringing in Robert Morton and his Family and not giving notice to the Selectmen as the law directs, which family are now become a Town charge."

Although the law creating the office of Warden was enacted in 1700, the town of Mendon had never elected men to that office until this year. These Wardens were Overseers of the Poor, and formerly were appointed by a Justice of the Peace and the Selectmen. It was made their duty, by the law of 1700, to govern, inspect and take care of all persons of the same town employed at the work house, or sent thither by two Justices of the Peace, quorum unus, to be kept at work there, to be held and kept strictly to work; and that all idle and disorderly persons, and such as do not duly perform such reasonable task or stint as shall be set them, be punished by moderate whipping or setting in the stocks.

Although the whipping post and the stocks are no longer invoked in the administration of justice, still, if some means could be devised by which the *tramps* who now patrol the country by day and encamp in our poor houses by night, could be held to

the performance of some appropriate labor in exchange for the supper, lodging and breakfast, neither party would be the worse off.

Although the French war, so far as America was concerned, was virtually ended by the capture of Quebec and Montreal, still the war continued between England and France until the treaty of peace in 1763.

The forces which had been raised by the Colonies to aid in the conquest of Canada, were not entirely disbanded until the declaration of peace in 1763. So far as the muster rolls show, however, but few of the Mendon soldiers remained in the field after 1760. The following are found on the

Muster Rolls, Vol. 99, p. 113.

George Thayer, pr. . . . May 22, 1761 to Jan. 4, 1762 8 " 4 " 14 13 02

In the Massachusetts Archives, Court, Vol. 24, p. 92, may be found the following petition:

A Petition of Jacob Aldrich Jr. of Mendon, Setting forth That in the year 1758 he Enlisted as a Soldier in the pay of the Province, and carried his own gun with him, but that being taken sick he was sent to the Hospital, at Albany, where, being in a debilitated state, he could not take care of his gun and so lost it, and praying for an allowance.

In the H. of Rep. Read and Ordered that the sum of Two pounds be paid out of the Public Treasury to Mr. Nathaniel Nelson (Representative for the use of the Petitioner in full.

In Council July 10, 1761 R. & C.

Consented by the Governor.

1762. Jan. 25. At a town meeting held this day, *Messrs.* James Sumner, John French and Ebenezer Chapin were chosen a committee "to Reckon with Capt. Phineas Lovett and make a final settlement with him."

March 1st. Chose Peter Wheelock, Daniel Sumner, Joseph Benson, Capt. Samuel Wheelock and Josiah Adams, Selectmen;

Edward Rawson, Town Clerk; Edmond Morse, Town Treasurer, and James Lovett and Joseph Thayer, Constables.

This year perambulated town lines with Bellingham, Holliston, Hopkinton, Upton and Uxbridge.

Raised £150 "to mend the Highways this year; and that 2s. be allowed for a man and 4s. for a man and team per day and that the Highway Rate should be made in April."

Dr. Joshua Wood was allowed 20s, lawful money, for doctoring William Dolbear and his widow, in 1761.

David Daniels "may build a New Pound, Provided he will build it Thirty feet Square and according to law." According to law, it is supposed, meant that the pound should be so high that no animal could scale its walls, and the rails so close together that no animal could escape between them.

It seems that David Daniels was to build a pound at his own charge; and, once before, Ebenezer Chapin had liberty to build one, find the land for its site and take care of it for fifteen years, without charge to the town. The fees of the pound keeper for impounding stray animals, it is supposed, furnished satisfactory compensation to those who built the pounds.

May 15. Capt. Phineas Lovett was chosen Representative by a majority of one vote.

Oct. 25. Voted that the Selectmen of Mendon "Shall Lay Their Accounts Before The Town for their Acceptance for the future."

Aug. 30. Voted to raise £70, lawful money, to defray town charges, and £40 for schooling.

Voted to give the Town's Old Law Book "to the First Precinct in said Mendon for their Future Benefit." Some years before this the Old Law Book had been loaned to the Second Precinct for their benefit, but for some good reason the town now saw fit to reclaim it.

Some of the soldiers of Mendon still in the service.

The treaty of peace with France secured Canada to the possession of England, and henceforward the Indians, who had heretofore made frequent and bloody raids upon the frontiers of New England, became peaceable and quiet.

1763. March 7. The town meeting was opened, and Lieut. John French was chosen Moderator, and, without any reason mentioned, immediately adjourned to March 21, inst.

March 21. Chose Lieut. John French, Lieut. Josiah Chapin, Joseph Allen, Capt. Thomas Wiswall and Benoni Benson, Selectmen; Edward Rawson, Town Clerk; George Aldrich, Town Treasurer, and Moses Aldrich and Benjamin Wheelock, Constables.

Voted to build a Work House this year, but upon further consideration—

Voted “to hire a House for a Work House, in some Convenient place in town and put it in Repair fit for That Building;” and the subject was referred to David Daniels, George Aldrich, Ebenezer Chapin, Jasper Daniell and Samuel Torrey to report at the next town meeting.

Voted to raise £90 to repair highways this year. A man to have 2s. and a man and team 4s. a day from April 1 to Sept. 30.

The School Districts, it seems, did not always draw out their portions of the school money during the year in which the appropriation was made, and, from the following vote, it is supposed they sought to have interest allowed on the sums which had not been drawn from the Treasury; be that as it may, the town voted not to allow interest in such cases, intending the school money should be expended during the municipal year in which it was raised.

Raised £20, lawful money, “to Provide Stock, Tools and Material to Set the Poor at Work and that the rate be made forthwith.”

Aug. 29. Raised £70 for town charges and £40 for schooling.

As no record is found of the choice of a Representative it is presumed the town was not represented in the General Court this year.

1764. March 5. George Keith, Samuel Warren, Capt. Joseph Daniels, Dr. Samuel Scammell and Noah Cook were chosen Selectmen; Edward Rawson, Town Clerk; George Aldrich, Town Treasurer, and Ebenezer Holbrook and Moses Aldrich, Constables.

Raised £100 for mending highways this year.

Voted "to pay a debt for Oliver Hayward to Dr. Corbett upon a Note, of the sum of two pounds, which Note Corbett hath now against him." It will be remembered that the town, as trustees, held the estate of Oliver Hayward for the support of himself and family.

Voted to raise £20 to hire a house and buy materials "to set the Poor to work on."

Voted to buy a book for the Selectmen to keep the town's account in for the future.

May 23. Chose Joseph Dorr, Jr., Representative of the General Court, which, after being prorogued by Gov. Bernard, from month to month, was finally called to meet at Concord. The General Court held that the Court should have been held at Boston, and they denied the right of the Governor to change the place of meeting.

Aug. 30. Raised £60 for schooling and £40, lawful money, to defray town charges for the present year.

A list of jurors were accepted, and ordered to be put in the jury box.

The Selectmen who served last year were voted twelve shillings each, "tho there was Nothing in the Warrant for That business."

Pursuant to a vote of the town the Selectmen made the following return:

The Names of Persons that have been Warned out of Mendon.

John Wilson, Sarah his wife and two children from Wrentham; William Froleigh and his son Hezekiah from Boston; Charles Phillips from West-terly, in the Colony of R. 1765. March 4. Selectmen, Ens. Eben^r Chapin; Ens. Samuel Torrey, Lieut. Benjamin Wheelock and Peter Penniman; Town Clerk, Edward Rawson; Town Treasurer, George Aldrich, and Samuel Warren and Joseph Bruce, Constables.

May 20. Although but two school houses had, as yet, been built in the town (one in the First Precinct and one in the Second), and although nine of the eleven School Districts were without school houses, still the town, at this meeting, voted they would build no more.

Chose Joseph Dorr, Jr., Representative to the General Court.

Aug. 26. Raised £40 for defraying town charges and £40 for schooling.

Voted to build a new pound thirty feet square and seven feet high, and to be set on the Training Field, the location to be designated by the Selectmen.

Lieut. John French, George Aldrich and James Sumner were chosen a committee to build said pound, and were instructed as follows, viz:—

“To Build said Pound with sufficient large Stones six feet high and then put on a Chestnut Logg hewn one foot square and Locked in the Corners, and make a Good Gate and Mortis the Studs into the Loggs that are to be laid on said wall: and Build Said Pound at the Cheapest Lay or Rate it can be done, and Lay all the Charge of Building Before the Town, when said Pound is Finished For the Town's Acceptance.”

With instructions so full as these, the committee would be under no necessity to consult an engineer or architect.

To defray the cost of the pound, the town raised and appropriated the sum of £4, lawful money.

Some years before this time Abraham Fletcher leased a portion of the Ministry land for twenty years, conditioned to clear it and subdue the bushes. In the meantime he had died, and the probability is that his heirs found the bargain a hard one; and, at this meeting, the town released them from all obligations under the lease.

Voted that the Selectmen for 1764 shall have *two dollars* for their services.

The Stamp Act became a law on the 22d day of March of this year. In August, Andrew Oliver was appointed a Distributor of Stamps for Massachusetts, and on the 8th of the same month he was hung in effigy from a limb of the Liberty Tree, which stood at the corner of Washington and Essex streets, in Boston. This was followed, on the 26th, by the sack of Lieut. Gov. Hutchinson's house. From this time excitement ran high, not only in Massachusetts, but through all the Colonies.

Oct. 14. A town meeting was legally warned in Mendon to consider the subject of the Stamp Act and some part of Governor Bernard's speech.

Nathan Tyler, Esq., was chosen Moderator.

1. Voted to Give Mr. Dorr Jr. the Representative of said Town, Instructions Respecting his Conduct at the Great and General Court, Relating to the Stamp Act and some part of the Governors Speech.

2. The Town voted to stand by the Charter Priviledges.

3. Voted that they would not comply with the Stamp Act.

4. Voted they would not make any Compensation to the sufferers in Boston by Mobbs.

5. Voted to choose a Committee of Five men to draw up and put the Town's Instructions in order for the Representative:—The five men chosen were Edward Rawson, James Sumner, Ichabod Ammidown, Peter Penniman and Joseph Johnson.

This committee undoubtedly furnished the Representative with instructions pursuant to the above vote, but as they were not recorded, we can only judge of their tenor by supposing that the committee were in full sympathy with the sentiment of the meeting.

1766. March 3. Selectmen, David Daniels, Ebenezer Chapin, Samuel Torrey, Gershom Nelson and Benoni Benson.
Voted to raise £150 to mend the highways this year.

Voted to allow Abigail Wheat £1.18.08, being the amount
which the Selectmen took into their hands in 1764, when she
became a town charge. It is not often that paupers pay their
way and have a balance in their favor.

Voted to grant £3 towards building the bridge over the river
at Wilson's Mill, (now Millville). This was probably from the
island to the west bank of the river, as before this the town had
refused to build one there.

“Voted that the Highway Rates shall be made in the month of April
next and Committed to the Constables to Collect, but not to begin their
Collection until the 15th. day of October next following, and that each
Surveyor shall have a copy of his respective District Rates, and each of the
Inhabitants shall have liberty to work his respective proportion of sd
Assessment, Provided he or they shall faithfully work out the one half of his
proportion of said Assessment before the last day of June next, at such
place, on the Highways, where his respective Surveyor shall order him, at
3 shillings per day for a man with suitable tools for said work, and 3 shil-
lings per day for a team of 3 cattle and cart: And the other half by the
15th. day of October next, at 2s. 6d. per day for a man and 2s. 6. per day
for a Team as aforesaid, and that a receipt from his respective Surveyor
shall be accepted by the Constable for his proportion of said Assessment or
any part thereof: And that the Assessors shall deliver a Warrant to the
Constables to gather the sum of Said Rate Bills on or before the first day of
January next and pay the money that shall be gathered into the Town
Treasury, and that the same be drawn out and paid to the Surveyors, by

order of the Selectmen, to pay for what they shall hire in lieu of those that are delinquent & do not procure receipts of their Respective Surveyors."

May 26. Chose Joseph Dorr, Jr., Representative to the General Court, he having 112 votes, and Elder Nathaniel Nelson 44 votes.

Voted that they would not build, but would hire a work-house this year.

July 7. At a town meeting held this day, it is recorded that the town brought in their votes for a Register for the County of Worcester, but for whom or how many votes were cast does not appear on the record.

Voted they would have no more Pounds than one, even though "Particular Persons should build them at their own charge."

Aug. 25. Raised £30 for town charges and £30 for schooling.

Voted "that the Representative of this Town may act discretionary at the Great and General Court, Respecting the Sufferers in Boston."

The sufferers in Boston were Mr. Story, the Deputy Register, whose office was broken open, and from whence the records of the Vice Admiralty Court were taken and burnt; Mr. Hallowell, the Comptroller of the Customs, whose house was ravaged, and Lieut. Gov. Hutchinson, whose house was ransacked and whose furniture and plate was thrown into the street.

After many discussions in the General Court, a bill of indemnity for the sufferers was passed in December by a vote of 53 to 35, but in which bill was incorporated a full and free pardon to the rioters.

Sept. 1. At a town meeting this day it was voted "to Reconsider the vote passed at the last meeting, relative to Mr. Joseph Dorr, present Representative, acting discretionary at the Great and General Court, Relating to the Sufferers in Boston." This vote left the Representative instructed to vote against the indemnity bill which had been offered in the General Court.

Copies of this bill were directed to be sent to all the towns, and,

Oct. 27, the town of Mendon passed the following vote:—

That with regard to those Gentlemen who suffered by said disturbance on the 26th of August A. D. 1765, upon application of said Sufferers to

the General Assembly, in a parliamentary way, the Representative of the said Town of Mendon be directed and is hereby accordingly directed, in his best discretion, to use his influence that such losses be made up, as far as may be, in a manner the most Loyal respecting his Majesty and the most Constitutional and Safe with Respect to the Just Rights and Priviledges of British Subjects.

Dec. 24. Then it was put to vote "to See if the Town would vote off the Easterly Precinct, according to the bounds thereof, to be a Separate *Town* by Themselves," and there was but *one* hand held up.

The motion to allow the said Precinct to become a *District* was negatived by ten votes.

THE SOUTH PRECINCT.

Colony Laws, 1762 to 1770, Vol. II, p. 304.

By a vote of the General Court, passed Nov. 8, 1766, the south part of the First Precinct in Mendon was made a separate Precinct by the name of the South Precinct. Nathan Tyler was to call the first meeting.

1767.

PETITION OF THE EAST PRECINCT.

Court, Vol. 26, p. 355.

Feb. 3. 1767. A Petition of sundry Inhabitants of the Eastwardly Precinct in Mendon Setting forth That they have been set off as a Precinct about twenty-five years, but find it very inconvenient for them by reason of their distance and other reasons to remain a part of said Town and praying that they with their Lands and Estates may be erected into a separate District, agreeable to the boundaries of said Precinct and that they may be assigned to them their proportionable part of the Ministry Land and Money and Town Stock of Arms and Ammunition.

In the House of Representatives Ordered that the Petitioners notify the Town of Mendon, by serving the Town Clerk with a copy thereof, to shew cause, if any they have, on the last Tuesday of this instant February why the prayer should not be granted.

In Council Read and Concurred.

Feb. 16. Then the Town voted unanimously to Send Reasons into the Great and General Court to Shew Cause why the Prayer of the Petition of the Inhabitants of the Easterly Precinct in Mendon should not be granted.

Then, by a vote, chose Nine men for a Committee to draw up the Town's reasons, in the Town's behalf. The men chosen were Messrs. Edmond Morse, Edward Rawson, John French, Joseph Benson, William Torrey, Benoni Benson, George Aldrich, William Sheffield and Peter Penniman.

Then the town, by a vote, chose Edward Rawson, Samuel Green and William Sheffield for a Committee or Agents for the Town of Mendon, to carry in the Town's Reasons into the Great & General Court and make answer to a petition of a Number of the Inhabitants of the Easterly Precinct in said Town and Shew Cause in the Town's behalf why the Prayer thereof should not be granted.

March 6. 1767. The following Order passed on the Petition from Mendon which was recommitted the 4th inst. viz:—

In Council the Com. appointed upon the within petition reported that they had heard the parties and well considered the matter prayed for, and that, upon the whole, they were of opinion the Petition ought to be dismissed. Therefore Resolved that the said Petition be dismissed accordingly.

In the H of R. R & C.

March 2d. Chose Aaron Thayer, Ichabod Thayer, Benjamin Staples, Peter Darling and William Sheffield, Selectmen; Ed-

ward Rawson, Town Clerk; George Aldrich, Town Treasurer; and Joseph Bruce and Benoni Benson, Constables.

Voted not to build or hire a work house this year.

Voted to accept the new Pound in the place it is now built. By a former vote it was to be located on the Training Field, between the present barn of Albert W. Gaskill and the house of Austin A. Taft. John and Thomas Legg were allowed £5.17.04 for building it.

Voted "to *pass over* the article in the Warrant to see whether the Town would make the Country Road from Dr. Thomas Steel's to Uxbridge line, or to make the Bridge over the Great River by Wilson's Mill, a town charge for the future."

May 21. Chose Joseph Dorr, Jr., Representative to the General Court, to represent the town of Mendon at the Court House, in Boston, on the last Wednesday in May current.

Voted "to help the Inhabitants that Live near to Israel Wilson's Mills respecting the Charge of the Bridge for the future."

The subject of setting off the East Precinct into a separate town or district was again brought before the town, and, upon motion made to that effect, it was voted not to set off the said Precinct. The vote being *scrupled* the house was divided by the Moderator, and, upon a count, it was found that there were 57 in the affirmative and 64 in the negative.

The Selectmen were voted two dollars each as pay for their services for the year.

Lieut. Ichabod Ammidown, it will be remembered, some years before this had hired the burying yard of the town, and as some doubts had been raised whether he had fulfilled all the conditions of his lease, Edmond Morse, Edward Rawson and John Tyler were chosen a committee to treat with Lieut. Ichabod Ammidown "to See whether he had *kept close* to his Agreement with the Town of Mendon Respecting the Burying Place."

At this date the British Parliament were endeavoring to establish their claim to tax the Colonies without their consent. The Stamp Act had been repealed, as well as duties on all other articles except *tea*.

Upon this fact becoming known the leading merchants of Boston, in which they were joined by the great mass of the people, entered into an AGREEMENT that they would not sell or

use any article upon which the British Parliament should lay a duty.

Sept. 7. The town voted to concur with the Town of Boston in the foregoing agreement.

Voted to raise £60 for schooling, including the interest of the school bonds in the sum.

Raised £60 to defray town charges.

1768. March y^e 7. Peter Wheelock, Ensign Samuel Torrey, Benoni Beuson, Luke Aldrich and Joseph Penniman were chosen Selectmen; James Sumner, Town Clerk; George Aldrich, Town Treasurer, and Samuel Warren and Jonathan Wheelock, Constables.

May 16. Voted that the South Precinct in Mendon have the privilege of building a pound in said precinct, at their own cost, and "to be Stoiled the Town Pound."

Joseph Dorr, Esq., James Sumner and Dr. William Jennison were chosen a committee "to Give Reasons to the General Court why the Lancaster Petition Should not be Granted, with Respect to one half the Courts for the County of Worcester being held at Lancaster."

It was tried by a vote of said Town whether the town would send a person or persons to Represent them in the Great and General Court of this Province, and the town made no choice.

Aug. 29. Raised £60 for schooling, and allowed the accounts of Dr. Daniel Hews and Dr. John Corbett for doctoring Oliver Hayward.

June 27. In a settlement with some of the Selectmen there

was found due from Joseph Benson \$1 which was carried in the statement as £2 5s., old tenor, thus showing that the paper money of the Province had become so far depreciated that £2 5s. was only worth one dollar in silver.

Sept. 19. A motion to sell the Ministry land was again *passed* in the negative, as was also a motion to divide the Ministry money and bonds (notes for land already sold) equally among the *three* precincts.

Raised £100 to defray town charges the present year.

1769. March 6. For Selectmen, Lieut. Benjamin Wheelock, Dr. William Jennison, Benoni Benson, Lieut. Calvin Smith and Ensign Samuel Torrey; Town Clerk, James Sumner; Town Treasurer, George Aldrich, and Peter Penniman and Samuel Warren for Constables.

It seems there was much difference of opinion in regard to disposing of the Ministry land, for although a vote was passed at the last meeting not to sell the Ministry land, it was *now* voted to sell the Ministry land and meadow, not already sold, to the highest bidder or bidders, the principal to be kept in bank (at interest) forever and the interest to be paid annually for and toward the support of a Congregational minister or ministers that have been or may hereafter be settled in said town. Nathan Tyler, Esq., James Sumner and Pelatiah Darling were chosen a committee to sell the lands and also authorized, in behalf of the town, to make and execute a lawful deed or deeds to convey the same.

It was also voted to divide the interest money arising from the Ministry lands already sold, or that may hereafter be sold, equally among the *three* precincts.

REV. JOSEPH WILLARD, FIFTH MINISTER.

April 14, 1767. Mr. Dorr, being now well stricken in years, and of infirm health, gave his consent to the choice of a colleague, as will be seen by the following proposals made to the Precinct, and which proposals were duly accepted:

Mendon April y^e 14th. Anno Dom. 1767

To the First Precinct in Mendon, in Precinct meeting assembled by adjournment.

Whereas the Precinct at their meeting on the 6th. instant Chose a Committee to confer with me and to see what sum I would accept of annually during my Natural Life and to report to the Precinct at their adjournment, the said Committee having attended that Service and desiring me to Give in my Proposals to the Precinct in writing: I have Duly Considered the Same and accordingly Propose as follows, viz. Considering the difficulty you Labour under and to preserve Peace among you and to enable and encourage you to proceede with Unanimity and Chearfulness to the Settlement of another Gospell minister, I find in myself a freedom to accept of the sum of Thirteen Pounds, Six Shillings and Eight pence, Lawful Money, Annually, During my Natural Life, tho at the same time, as my Worldly Estate is small, Labour dear and I am unable by reason of my great age and Infirmittees to manage my affairs to advantage, I am apprehensive that said sum will fall short of a Necessary Support, yet Considering the Long Term of years I have Laboured among you in the Gospel of Christ, I am Persuaded, my Brethren, you will not See me suffer with Extreem want. I can therefore Trust in the Providence of God and Rely on your Generosity for what further support may be necessary: Now that the Spirit of Wisdom may rest upon you to Direct you and succede you in all your Important Transactions, and that the Redeemer's Kingdom may be Advanced and Abundantly flourish in this place is the Sincere Desire and Prayer of your Servant in Christ.

JOSEPH DORR.

Post-Script. Upon the Precinct Accepting this Proposal, that I Acquit the Precinct from my whole Stated Salary when they shall Improve another Minister in the Service with me.

June y^e 27, 1767, a Mr. Balch was hired to preach two or three months by 22 votes. He afterward was settled over the South Parish, now Blackstone.

March 11, 1768. There was an article in the warrant for a

precinct meeting, to see if they would hire Mr. Messenger to preach beyond the four Sabbaths already agreed for, and, upon this article, it was voted "not to act upon it."

At a precinct meeting held March 8, 1769, the nineteenth day of April next was appointed for the ordination of Mr. Willard, Mr. Edmond Morse offering "to dine the Council and ordained Ministers, Gentlemen of Liberal Education and Mr. Willard's Relations after the Ordination was over, upon his own cost and charge."

This decision of the Precinct was arrived at after a Mr. Messenger, a Mr. Penniman and Mr. Willard had been heard as candidates, Mr. Willard being chosen by "Thirty written votes" majority. From the Precinct Records, we learn that the contract with Mr. Willard was made two days before his ordination, as follows, viz:

MENDON First Precinct April y^e 17. 1769.

We, the Subscribers, being chosen a Committee to agree with Mr. Joseph Willard in the Precinct's behalf, Relating to his Settlement and Sallary so long as he shall Carry on the work of the Gospel Ministry in said Precinct, Do, in behalf of sd. Precinct, agree with sd. Mr. Joseph Willard to give him one hundred thirty and three pounds six shillings and eight pence, one half part thereof to be paid to him in one year from the time that his call was completed which will commence on the sixteenth day of November next in the year 1770, as an *encouragement* to settle among us in the Ministry.

And also to pay him annually from the Nineteenth day of April Current, the sum of Sixty pounds Lawful Money, and the Interest of the Ministry money and Lands belonging to this Precinct, for his stated Salary so long as he shall Carry on the work of the ministry among us in this Precinct, agreeable to said Precinct's votes on record Nov. y^e 16. 1768 and February y^e 6. 1769 and March y^e 8th. 1769, and Provided Mr. Willard should be taken off from his Ministerial Labours among us by sickness or any other Providence, in that case we will viz. that the sd Precinct will do what is or shall be Judged Just according to the Rules of the Gospel.

In witness whereof we hereunto Set our Hands the Day and year above written.

To the above written Agreement I, the Subscriber, do concur.

JOSEPH WILLARD.

The Rev. Mr. Dorr died March 9, 1768, and Joseph Dorr,

Esq., was the executor of his will. The length of Mr. Dorr's ministry was fifty-two years. At his decease, the Precinct was indebted to him in the sum of £31.2.7, and which was paid to the executor April 10, 1770.

As early as 1771, discontent began to show itself in the Precinct, by the number whose ministerial taxes were foregone, and by an action brought by Thomas Taft against the Precinct Assessors.

March 13, 1777. This day Rev. Joseph Willard, being present, freely gave ten pounds to the First Parish toward the war.

Oct. 19, 1778. At a Precinct meeting a motion was made to dismiss Mr. Willard from his pastoral relation with the Precinct, but the motion failed. A motion was then made and carried to give Rev. Joseph Willard three hundred pounds "to ease his grievances the present year." So the meeting broke up without acting on any other of the articles in the warrant or being dissolved by said Precinct properly. Edward Rawson, Levi Rawson and James Lovett, the Clerk of the Precinct, entered their protest against the proceedings, but without assigning reasons.

Nov. 2. It was voted "to recall all the votes Passed on the 19th of October Respecting raising Mr. Joseph Willard's Sallery. Then it was further voted further not to act any other matter or thing respecting Mr. Joseph Willard's Sallery, and so they *rapt* it up, and the meeting was Desolved."

The troubles with Mr. Willard, supposed to have arisen principally from the difficulty of raising his salary, were now, for a while, held in abeyance, as we find that, Jan. 23, 1780, the Precinct voted to raise twelve hundred pounds for Rev. Mr. Willard's support for the present year. This was undoubtedly in the depreciated Continental currency of the day, as in 1781, they raised sixty pounds of the new emission of this Commonwealth for Mr. Willard's support the present year. In 1781 sixty pounds "in hard money" was raised. It seems his salary for 1780 was not yet paid or collected, as Jan. 15, 1782 they voted that the sixty pounds for 1780 should be assessed with the sixty pounds for 1782.

The difficulties in the Precinct finally culminated in the dismissal of Mr. Willard, Dec. 4, 1782, when the Precinct, in concurrence with the church, accepted the result of the council

recommending the dismissal of Mr. Willard. On the same day the Precinct chose Ezra Whitney, Esq., of Douglass, Capt. Samuel Warren, of Milford, and James Hawes, Esq., of Westborough, as arbitrators "to settle all pecuniary matters between the Rev. Joseph Willard and the First Parish in Mendon."

The choice of arbitrators did not succeed in effecting a settlement with Mr. Willard, as we find, soon after, that he brought an action against the Parish (precinct) for the arrears of salary claimed to be due him. Aug. 14, 1783, the parish voted to defend the suit, and Capt. Peter Penniman, Capt. John Tyler and Levi Rawson were chosen a committee for that purpose. The Precinct Records furnish no information in regard to the suit of Mr. Willard, except that Sept. 3, 1785, it was voted to raise £16.10 to discharge Peter Wheelock's execution against the Precinct, and that the committee give orders to those persons "that paid in the average that was made to discharge the execution that Mr. Willard had against the Inhabitants."

May 22. Mr. Edward Rawson was chosen and deputed to represent the town at the Great and General Court of the Province of the Massachusetts Bay for the ensuing year.

The controversy about the road between the land of Deacon Edward Rawson and land improved by the Widow Mary Dorr (relict of Rev. Joseph Dorr), whether it be shut up or remain open down to Muddy Brook, was still unsettled. Having been shut, it was now voted that it should be opened. This road divided the lands now owned by Homer W. Darling and James J. Nutter.

The poll tax for the year 1768 was 3s. 8d., as we find that Israel Wilson's rate was foregone to that amount, he being rated for *one poll which he had not*.

It seems the road from Jacob Aldrich's, Jr., to Uxbridge line had been complained of to the Grand Jury, and, at this meeting, the town refused to raise any money to amend the same.

Aug. 28. Raised £40, lawful money, to defray town charges, and £60, lawful money, including the interest accruing from the school notes, for schooling.

The town again refused to raise any money to repair the road leading from Jacob Aldrich's to Uxbridge line.

The Selectmen of 1768 were allowed 12s. each for their services.

Sept. 14, 1768, the Rev. — Balch was settled over the South or Third Parish, which had been incorporated in 1766, at a salary of £100 a year, to which private persons made an addition of £20 a year, “to be paid in Provisions and other Necessaries of Life, to continue until he should have a Farm, and then to be done in Labour on his Farm till the Parish should raise his Salary to £50 L. M.”

Soon after his settlement, however, according to a pamphlet published by “an Inhabitant of said parish and printed in Boston in 1773,” troubles began to occur in the Parish. Mr. Balch demanded that his wood should be given him and brought to his door. This demand, so the pamphlet says, “was so extraordinary that it was very dissatisfactory to some of the principal Inhabitants, by Means of which there arose some Discourse between him and them, in which they say he said many Things they look upon not reconcilible with Truth.” From this time, during his ministry, there was but little concord between him and the Parish. His ministry closed in 1773. The pamphlet says:

“On Saturday Morning March 27. 1773 before it was Light (as it afterward appeared) Mr. Balch went off, carrying away one of his Children with him, and on Monday following he sent Teams to carry off his Goods to Dedham, having sold his House and Land to a Quaker.”

1770. March 5. Chose for Selectmen, Capt. Silas Wheelock James Sumner, Ens. Peletiah Darling, John Fish and Josiah Nelson; Town Clerk, James Sumner. No record is found of the choice of a Town Treasurer. John Tyler and Joseph Thayer were chosen Constables.

Dr. Aaron Wight was voted 12s. for doctoring Oliver Hayward, now dead.

Voted “to sell the Ministry Common Rights in said town, being a Twenty acre Right, from and after the Eleventh Division, and the money said Rights shall draw since said Division, to the highest bidder, and Mr. William Torrey, James Sumner and Ens. Peletiah Darling were chosen a Committee to Set up Said Rights, to vendue the same to the Highest bidder and to Report to the Town at the next town Meeting.”

Voted “that Mr. Benoni Benson have liberty to set up a Grist

Mill a little beyond the first Bridge over the Great River Near where Samuel Thompson's Grist Mill stood provided he doth not damnify the road, as said Mill will stand a Little part on the road." This *first* bridge was the one from the east bank of the river to the island at Millville.

About this time there was trouble again about Sheffield's grist mill, and a committee was chosen to inquire why Mr. Sheffield did not keep his mill in repair for the benefit of the town, agreeable to original agreement made with Benjamin Albee, his heirs and assigns. Once before Mr. Sheffield was complained of for not keeping his mill in order, but the matter, it is believed, was soon adjusted.

Then, upon complaint made to the town by Mr. John Hayward, that a Hogreave was very necessary in his neighborhood, Mr. John Hayward was chosen Hogrieve.

Lient. Ammidown's lease of the burying yard being about to expire, Capt. Silas Wheelock, Capt. William Torrey and Lient. Samuel Penniman were chosen a committee to consider of and report what method should be adopted in regard to its future care.

May 24. Edward Rawson was chosen Representative "*by a Clere Vote.*"

The committee on Sheffield's mill reported "that his Grist Mill is not in Repare to Grind the Town's Grain according to the former Contract; and then the Town voted to disist proceeding against Lt. Sheffield till an other Town Meeting in order that he may have convenient time to Repare said Grist Mill."

Dec. 3. The town meeting assembled at the Meeting House, but *immediately* adjourned to the house of Mr. George Keith, innholder in said Mendon, by reason of the *coldness of the weather*, having first chose Edward Rawson, Moderator.

The town then voted "to make Defence against the Petition of the Town of Brookfield, Relative to one Zebiah Allen." This is supposed to relate to the settlement of a pauper. The town then voted "to Send Two Agents to the Court of General Sessions of the Peace, and chose for sd Agents Mr. Edward Rawson and Joseph Dorr Esq. who were instructed to Give in the Town's reasons why the Petition of the Town of Brookfield should not be

granted." If they saw fit they were authorized to employ counsel.

1771. Selectmen, Caleb Taft, James Sumner, Joseph Thayer, Joseph Bruce and Nehemiah Nelson; Town Clerk, James Sumner; Treasurer, George Aldrich, and Joseph Benson and Joseph Bruce, Constables.

Chose Capt. Joseph Daniels, Lt. Benjamin Wheelock and Ens. Benjamin Merriam a committee "to Lease out the Burying Ground in the first Precinct, Not for a Longer time than ten years, and to let or lease it to the highest bidder, and that the walls be Kept up in Good Repair, the Bushes to be kept down & not to be fed for any other use than feeding Calves and Sheep."

The record says that the votes were then brought in for a County Register; but how many votes or for whom they were cast we have no information.

For two dollars, Benjamin Merriam was sold a strip of land at the south end of the Training Field, two rods wide on the road, and running to a point on the other end.

May 22. The warrant for the meeting to choose a Representative to the General Court was addressed to the "Freeholders and other Inhabitants of the Town that have an estate of freehold in land within this province or territory of forty shillings per annum, or other estate to the value of forty pounds."

Edward Rawson was chosen Representative by 108 votes to 7 scattering. The General Court was appointed to be kept, for his Majesty's service, in Cambridge, at Harvard College.

Voted "that the town would raise no more money, beside the £20 already voted, to repair the bridges at Benony Benson's Grist Mill, the bridge being Rifted or destroyed by the late rains last winter."

Sept. 2. Voted to raise £60, lawful money, to defray town charges the current year, and £60, including the interest of the school notes, for schooling.

There had been a long dispute about repairing the road over Pond Hill to Uxbridge, the town having refused to raise any money for that purpose. After an attempt to have the town

indicted, the Court of the General Sessions of the Peace new located the road or ordered special repairs, which, for a time, the town refused to make. At this meeting, however, the town withdrew its opposition by dismissing the article from the warrant relating to the laying out of a road from Thomas Rist's, in Uxbridge, to Ichabod Ammidown's, in Mendon.

A general perambulation of town lines was made this year.

Sworn to Sept. 9. 1771

Before JOSEPH DORR, Justice of the Peace.

At this meeting Edward Rawson and John Tyler, gentlemen, were chosen agents to take out an execution against the town of Brookfield for costs relating to the case of Zebiah Allen, a pauper.

Whether the Town Clerk had any misgivings as to the ballot at the next annual town meeting, we cannot say, but he closed his record for the year as follows:

“Finis! wishing Much joy to the Next Town Clerk.”

1772. March y^e 2. Chose for Selectmen, John Tyler, Daniel Sumner, Joseph Day, Peter Penniman and Seth Nelson; Town Clerk, (*notwithstanding his valedictory*,) James Sumner; Town Treasurer, George Aldrich; Joseph Benson, Joseph Bruce and John Jones, Constables.

March 16. Raised £200 for repairing roads, and the tax was to be levied on the valuation of 1771, as heretofore recorded, and made by April 1. Three shillings a day were allowed for a man and three shillings a day for cart and oxen before July 1,

and two shillings a day for a man and two shillings a day for a cart and oxen in September, work to begin at 8 A. M.

May 18. Edward Rawson was chosen Representative to the Great and General Court, to be held at Harvard College, in Cambridge, May 27th instant.

A list of jurors was accepted, and one quarter part to serve at the Superiour Court, were selected by the town and put in one box, and the remainder in another box, for the Superiour Court—one hundred and fifty in all.

The long controversy about opening or closing the road between the lands of Deacon Edward Rawson and the estate of the Rev. Mr. Dorr, quite probably gave rise to a petition to the Court of General Sessions of the Peace to lay out a road from near the house of the late Rev. Mr. Joseph Dorr through the East Precinct to Holliston line, and Peter Penniman and Joseph Dorr, Esq., were chose to oppose the location. The road was not laid out.

Sept. 7. Raised £60 for schooling, including the interest of the school money, and £80 for town charges.

Oct. 5. Voted that the Selectmen assist the Town Treasurer in renewing the bonds and notes due the town for Ministry lands and rights sold, and that they all be made payable or out on or about the first day of January, agreeable to a former vote of the town.

During the latter part of the winter of 1770 and 1771, the floods in the Great River had carried away the bridges near Benoni Benson's grist mill, and the town had voted £20 for new bridges. This sum, it is supposed, was not sufficient for the purpose, as the town was called upon for another appropriation. This they refused, and also voted that the inhabitants in the Sixth Highway District (in which district the bridges were located) should not be excused from other charges for bridges, provided they would build the bridges in the Sixth District, nor should they be relieved from paying their proportion of the £20 already appropriated. The bridges, however, were rebuilt.

1773. In a warrant for a town meeting to be held Feb. 10. 1773, the second article is in the following words, viz: "To see

what the town will act relative to the Letter of Correspondence from the Town of Boston to this Town."

At a town meeting of the freeholders and other inhabitants of the town of Mendon, legally qualified, warned and assembled, at the First Precinct Meeting House, in said Mendon, February y^e 10th, 1773, Mr. John Tyler was chosen Moderator.

Then was laid before the meeting the letter or pamphlet of the Committee of Correspondence of the town of Boston, "Shewing, in Sundry Respects, where sundry of our Invaluable Charter Rights and Privileges were Infringed upon, by sundry late Acts of the Parliament of Great Britain, Imposing Duties or Taxations on the Colonists in America and the Province or Colony of the Massachusetts Bay in particular."

It was tried by a vote if the town would act on the important matter, and voted in the affirmative.

Then voted to choose a committee of seven freeholders of said town "to Consider a matter of so Great Importance and prepare Resolves proper for said meeting to Act and Resolve on, at the adjournment of this meeting."

Chose for said committee Joseph Dorr, Esq., James Sumner, John Tyler, Deacon Edward Rawson, Lieut. Joseph Johnson and William Torrey, when the meeting was adjourned until the first day of March at 2 o'clock in the afternoon, at the meeting house.

March 1. At a town meeting by adjournment from Feb. 10, 1773, the chairman of the committee appointed to prepare resolves to be laid before the town for their consideration at this time, relative "to our Rights and Privileges as Men, Christians and Subjects, and the Infringement of them by Sundry Acts of the British Parliament, acquainted the Moderator that he was ready to make Report and read the same as follows, viz:

1. Resolved, That all men have naturally an Equal Right to Life, Liberty and Property.

2. Resolved, That all just and lawful Government must necessarily originate in the free Consent of the Poep^le.

3. Resolved, That the Good, Safety and Happiness of the Poep^le is the great end of Civil Government, and must be considered as the only rational object in all Original Compacts and Political Institutions.

4. Resolved, That a principle of Self Preservation, being deeply planted by the God of Nature in every human breast, is as necessary not only to the well being of Individuals, but also to the Order of the Universe, as Attract-

tion and Cohesion are to the preservation of material bodies and the order of the Natural World, Therefore

5. Resolved, That a Voluntary Renunciation of any Powers or Privileges, included or necessarily connected with a principle of Self Preservation is necessarily acting counter to the Great Author of Nature, the Supreme Legislator, Therefore,

6. Resolved, That a Right to Liberty and Property (which is one of the Natural Means of Self Preservation) is absolutely UNALIENABLE, and can never, *lawfully*, be given up by ourselves or taken from us by others.

7. Resolved, That the claim of the Parliament of Great Britain to the power of Legislation for the Colonies, in all cases whatever, is extremely alarming and threatens the total deprivation of every thing that is dear and valuable in life, and is, we humbly conceive, abhorrent from the spirit and genius of the British Constitution which is LIBERTY; destructive of the Immunities and Privileges granted us in our Royal Charter, which assures to the Inhabitants of this Province all the LIBERTIES AND IMMUNITIES OF FREE AND NATURAL BORN SUBJECTS OF ENGLAND; and in reality is not reconcilable to the most obvious principles of Reason, as it subjects us to a State of Vassalage and denies those essential NATURAL RIGHTS, which, being the gift of GOD ALMIGHTY, is not in the power of man to alienate.

8. Resolved, That the late Revenue Act, by which the Commons of Great Britain have assumed and exercised a Power of Giving and Granting to his Majesty the property of the Colonists, without their consent, is a grievous Infringement of the Right of disposing of our own Estates.

9. Resolved, That the unlimited power vested in the Commissioner of the Customs of creating inferior Officers and Collectors and the exorbitant power to these under officers and Ministers to enter, at pleasure, any houses or other places and to break open trunks, chests, &c. upon bare suspicion of goods concealed, is a grievous Violation of the Sacred Right of Domestic Security.

10. Resolved, That introducing and quartering Standing Armies in a free country in times of peace, without the consent of the People, is a violation of their rights as Free Men.

11. Resolved, That the enormous Extension of the Power of the Courts of Vice Admiralty, in a great measure deprives the People in the Colonies of the Inestimable Right to Trials by Juries.

12. Resolved, That the Act passed in the last session of Parliament, entitled "An Act for the better preserving his Majesty's Dock Yards, Magazines, Ships, Ammunition and Stores," by virtue of which Act the Inhabitants of the Colonies may, for certain supposed offences committed against said Act, be arrested and carried, from their families, to any part of Great Britain, there to be tried, is an Infringement not only of our Constitutional Privileges as Colonists, but of our Natural essential Rights as Men.

13. Resolved, That the Acts for prohibiting Slitting Mills for manufacturing our own iron and restraining the Manufacture and Transportation of Hats, as they deprive us of the natural advantages of our own climate, the

produce of our own country and the honest fruits of our own Labour and Industry are very unreasonable and injurious.

14. Resolved, That the Act restraining the transportation of Wool (the produce of our own Farms) *even over a ferry*, subjects the Inhabitants of this Province to a great and unreasonable Expense, and a violation of our Charter Privileges, whereby all Havens, Rivers &c. are expressly granted to the Inhabitants of the Province and their Successors, to their own proper use and behoof forever.

15. Resolved, That the fixing a Stipend to the Office of the Governor of this Province, to be paid out of the American Revenue, rendering him independent of the free Grants of the People, has a necessary tendency to destroy that Balance of Power which ought to exist between the several branches of the Legislature.

16. Resolved, That the affixing Stipends to the offices of the judges of the Superiour Court of Judicature and rendering them independent of the People and dependent on the Crown for Support may hereafter (considering the depravity of human nature,) be improved to purposes big with the most fatal consequences to the good People of this Province.

17. Resolved, That the wresting out of our hands Castle William, the principal fortress of this Province, and garrisoning it with his Majesty's regular Troops is a violation of our Charter Privileges.

18. Resolved, That it is the mind and desire of this Town that the judges of the Superiour Court of Judicature and all other Officers who receive grants from the Province should have an honourable support agreeable to the dignity and importance of their respective stations.

19. Resolved, That the Representative of this Town be and he is hereby instructed to use his utmost endeavours, in a constitutional manner, for the Redress of the aforementioned grievances; and that he in no wise consent to the giving up of any of our Rights, whether derived to us by nature or by Compact or Agreement.

Finally, When we reflect on the arduous enterprize of our Forefathers in transporting themselves to the wilds of America, the innumerable fatigues and dangers, the vast expense of treasure and blood that attended their beginning and carrying on a Settlement here among the Savages of the Desert and at the same time consider the prodigious accession of wealth and power to the mother Country from their extended settlements, it still sets a keener edge on a sense of our numerous grievances and we cannot help viewing the late rigorous and burdensome Impositions laid on us by the hand of the Parent country, as a departure from those truly noble and magnanimous PRINCIPLES OF LIBERTY which used heretofore to add a distinguishing Lustre and Glory to the British Crown.

Voted that the foregoing Resolves be entered in the Town Book that our Children, in years to come, may know the sentiments of their Fathers in Regard to our Invaluable RIGHTS AND LIBERTIES.

Voted that the Town Clerk be directed and he is accordingly directed to transmit a fair attested copy of the foregoing Resolves and proceedings of the Town to the Committee of Correspondence for the Town of Boston.

The committee heretofore chosen to report on the subject of a work house reported in favor of building one, and, upon the acceptance and adoption of their report, the vote was a *tie*, but, upon a second trial, 27 voted in the affirmative and 24 in the negative.

March 1. George Aldrich, James Sumner, Levi Aldrich, Abraham Staples and Samuel Warren were chosen Selectmen; Joseph Dorr, Esq., Town Clerk and Treasurer, and John Albee, Joseph Jones and Seth Kelly, Constables.

March 18. Voted to reconsider the vote passed Feb. 10, "to Build a Work House."

Raised £200 to repair highways, and that 2s. 6d. per day be allowed a man and the same for a team in the months of May and June, and that 1s. 8d. per day for a man and the same for a team in the months of September and October.

Voted not to grant Mr. Dix's petition, but neither the warrant or the proceedings inform us what Mr. Dix prayed for.

The road from the County Road to Muddy Brook, between the lands of Deacon Edward Rawson and the Rev. Mr. Dorr's heirs, came up again for consideration. A committee reported that since 1758, Deacon Rawson had had the use of the road, (the same being shut up,) and that for the rent he was indebted to the town five pounds. Deacon Rawson presented his account against the town and a balance of seven shillings and eleven pence was found due the town.

John Chapin, objecting to a road laid out by the Selectmen, from his house to Ellis's Mill, (recently R. G. Gaskill's) the subject was mutually referred to Timothy Rockwood of Bellingham, Deacon Samuel Scott of Bellingham, and Col. John Spring of Northbridge, who located the road, awarding John Chapin £11 and Stephen Chapin £1 10s. as damages.

May 7. Chose Deacon Edward Rawson Representative to the General Court.

Aug. 30. Voted to raise £120 for town charges, and £60, *exclusive* of the interest of the school fund, for schooling.

Committees were chosen to consider what repairs should be made to the bridge over Mill River, near Seth Kelley's, and also to the bridge near Eliphalet Wood's.

1774. March 7. Chose for Selectmen, Henry Penniman, Gideon Albee, Joseph Benson, Jr., Benjamin Wheelock, Jr., and Azariah Newton; Joseph Dorr, Esq., Town Clerk and Treasurer, and Peter Penniman, Samuel Warren and Joseph Benson, Jr., Constables. Benjamin Staples was chosen Tithingman for the First Precinct, Caleb Boynton for the second, and Aaron Everett for the third; Ens. Benjamin Merriam and John Crooks, Deer Reives.

Voted not to set off Ebenezer Hölbrook to Bellingham.

The road between Deacon Edward Rawson and widow Mary Dorr, is again up for consideration, and this time the town accepted the laying out a road four rods wide, located by the Selectmen Oct. 13, 1773, from the County Road across Muddy Brook to the Eight Rod Road, and voted not to rent the same to Mrs. Mary Dorr, who desired to have the same. This road, from the County Road to Muddy Brook, was between the farms at present owned by Homer W. Darling and James J. Nutter.

May 16. Upon a motion made, "Voted that the Inhabitants of Mendon do not approve of, but, to the utmost of their power, will discountenance all Mobbs, Riots and disorderly assemblies, and especially *night* mobbs." It is probable that the sacking of Governor Hutchinson's house in the night time by a mob, although it occurred eight years previous, must have been the occasion of the passage of this vote.

Deacon Edward Rawson was chosen Representative to the General Court.

July 14. A legal town meeting was held this day and Deacon Gideon Albee was chosen Moderator.

The following preamble and resolutions were then passed. By whom they were proposed the record does not inform us.

The Inhabitants of the Town of Mendon having taken into serious consideration the precarious state of the Liberties of North America, and more especially the present distressed condition of this Province, embarrassed as it is by several Acts of the British Parliament, tending to the entire subversion of our Natural and Charter Rights, among which is the blocking up the Harbor of Boston: and being fully sensible of our indispensable Duty to lay hold on every means in our power to recover and preserve the much injured Constitution of our Country, and conscious, at the same time, of no alternative between the Horrors of Slavery or the Carnage and Desolation of a Civil War, but the suspension of all Commercial Intercourse

with the Island of Great Britain, We the Inhabitants of said Town of Mendon do come into the following Resolutions:

1. Resolved, That from henceforth we will suspend all Commercial Intercourse with the Island of Great Britain until the said Act for Blocking up the said Harbor of Boston be Repealed and a Restoration of our Charter Rights be obtained.

2. Resolved, That we will not, knowingly, purchase or suffer any one under us to purchase or consume, in any manner, any goods, wares or merchandize we shall know or have good reason to suspect to be imported into America from Great Britain aforesaid from and after the last day of August next ensuing.

3. Resolved, That if any persons, preferring their own private interest to the Salvation of their now perishing Country, shall still continue to import goods from Great Britain or shall purchase of those who do import, they shall be looked upon and treated by us as persons inimical to their country.

Voted to choose a Committee of Correspondence to correspond with the Committees of Correspondence of the several towns within the Province, or with the Committees of Correspondence of other Governments.

COMMITTEE OF CORRESPONDENCE.

Capt. Nathan Tyler, Deacon Edward Rawson, Mr. James Sumner, Elder Nathaniel Nelson and Mr. Benoni Benson.

Voted that the Selectmen make such addition to the town stock as in their judgment they think necessary. By the town stock was undoubtedly meant arms and ammunition, thus getting ready for the 4th of July, 1776!

Sept. 28. Deacon Edward Rawson, was chosen Representative to the General Court, to meet at Salem, Oct. 5, but, before that day, the General Court was dissolved by Governor Gage. Notwithstanding this action of the Governor, those who had been chosen as Representatives met on the appointed day and resolved themselves into the *first Provincial Congress*. On the 7th, this Congress was organized by the choice of John Hancock as Chairman, and Benjamin Lincoln, Clerk, and provision was made to open the daily sessions with prayer. The Congress was then adjourned to meet the next Tuesday at Concord, being Oct. 11th.

It seems to have been determined, before the dissolution of the General Court, that a Provincial Congress should be held at

Concord on the 11th day of October, for on the same day (Sept. 28th), when Deacon Rawson was chosen Representative to the General Court, Joseph Dorr, Esq., was chosen a Delegate to attend the Provincial Congress to be held at Concord on the 11th of October next.

This Congress recommended the towns "to see that each minute man should be immediately equipped with an effective fire arm, bayonet, pouch, knapsack and thirty rounds of cartridges and balls, and be drilled three times a week." Before the adjournment, provision was made for calling a future Congress, and Henry Gardner was appointed Treasurer and Receiver General of the Province.

At this meeting Capt. Nathan Tyler, Doct. William Jennison and Mr. Benoni Benson (one from each Precinct) were chosen a committee to report what sum would be necessary for the public defence, *at this time*, and to report as soon as may be.

Then Doct. Jennison proposed to make a present to the town of a six-pounder field piece; the town voted to accept of the same, and also voted the thanks of the town to Doct. Jennison for his donation.

Voted to purchase a twelve-pounder field piece, with carriage for the same and equipments, and Doct. Jennison, Capt. Joseph Daniels and Mr. Henry Penniman were chosen a committee to procure the same.

The sixth article in the warrant was "to see if the Town will allow any that are or may be employed in the Town's service any wages therefor."

"Voted that the sixth article *subside*."

Elder Nelson, Joseph Dorr, Esq., Mr. James Sumner, Capt. Tyler and Ens. Peletiah Darling were chosen a committee to give instructions to the Representative to the General Court.

The vote to purchase a twelve-pounder field piece was reconsidered, and, in lieu thereof, to purchase two six-pounders, and Doct. Jennison, Capt. Joseph Daniels and Mr. Peter Penniman were chosen a committee to purchase the field pieces, fire arms and ammunition.

Voted that one-third part of the soldiers on the military list be enlisted as Minute Men, and that Lieut. Smith, Lieut. Warren and Mr. Henry Penniman be a committee to provide sup-

plies for the Minute Men, if called to march on an expedition.

Sept. 5. Raised £100 to defray town charges, and £60, including the interest of the school money, for schools.

The Treasurer was directed to collect the interest on the Ministry money, and, if payment was delayed, then to call in the principal.

The fifth article in the warrant for this meeting was dismissed, and which was, "to see if they would allow the South Precinct to draw their portion of the interest of the Ministry money when they do not have a minister."

Nov. 7. At a town meeting held this day for some reasons, which do not appear upon the record, after some "filibustering;" the meeting was adjourned "to this day come sev' night at 10 o'clock a. m."

At the adjourned meeting, although there was no article in the warrant for that purpose, Joseph Dorr, Esq., was chosen a Delegate to the Provincial Congress, which was to meet at Cambridge, Feb. 1, 1775. Deacon Edward Rawson was also directed to attend the Convention, agreeable to the instructions already given him as a Representative to the General Court, which met at Salem on the 28th of September last. This was the second Provincial Congress, and was soon adjourned to Concord.

The "filibustering" at the meeting Nov. 7 may have been occasioned by the efforts of Timothy Ruggles, of Hardwick, who was endeavoring to develop the loyal sentiment in the Province by circulating papers in every town, "calling upon the friends of Government to form Associations to counteract the designs of the Provincial Congress." The filibustering consisted in efforts to dismiss the Committee of Correspondence, to dissolve the meeting and to reconsider the votes passed at a former meeting; but, as the malecontents met with little success, no further attempt was made.

Nov. 14. At a meeting specially held to consider the recommendation of the Provincial Congress passed Oct. 28th ultimo, when Henry Gardner was appointed Treasurer and Receiver General, the town

Voted, That the public Provincial monies uncollected or such monies as are in the hands of the Constables of said town, be paid Henry Gardner, Esq., Receiver General, agreeable to the

resolve of the Provincial Congress, and that the sums of money as were granted at the last session of the General Court be assessed and paid in as aforesaid.

Voted, that the respective Constables (collectors) be directed, and they are hereby directed, to collect and pay in the Provincial tax to Henry Gardner, Esq., and that the town will indemnify the Constables, agreeable to a resolve of the Provincial Congress.

Dec. 27. Voted to order the present assessors to assess the sum of £113.10s, reported by the committee Sept. 28 last, to purchase field pieces, fire arms, &c., as expressed in said report.

Chose Deacon Edward Rawson, Col. Silas Wheelock, Capt. Gershom Nelson, Capt. Nathan Tyler, Capt. Jasper Daniels, Lieut. Samnel Warren, Capt. Samuel Green, Lieut. Benoni Benson and Capt. John Tyler, "to look into the state of the Soldiery with regard to arms and to view said arms."

In consequence of shutting up the harbor of Boston and other tyrannical measures of Gov. Gage, the inhabitants of Boston and Charlestown had come to be in straightened circumstances, some of them being in want of the necessaries of life. In consequence of the recommendation of the Provincial Congress, many towns took up contributions for their relief. Mendon made choice of Capt. Nathan Tyler, Doct. William Jennison and Capt. Joseph Daniels as a committee to receive the collection for the towns of Boston and Charlestown.

Voted that a Committee of Inspection of seven persons be appointed "to carry the Association Resolve into Execution, agreeable to the 10th. Resolve of the *Continental* Congress for Inventorying Goods imported from Great Britain from and after the first day of December current to the first day of February next, and to make sale of the same, if need be, agreeable to the Resolves of Congress respecting the same."

The following are the names of the committee, viz: Joseph Dorr, Esq., Mr. Josiah Wheelock, Lieut Benoni Benson, Deacon Edward Rawson, Mr. James Sumner, Capt. Nathan Tyler and Ensign Pelatiah Darling.

Voted to choose one delegate "to represent this town in a Provincial Congress, to be held at Cambridge on the first day of February next, or at such other time and place as the delegates

of Charlestown, Cambridge, Roxbury, Brookline and Dorchester, or a major part of them, shall appoint, agreeable to the recommendation of the last Provincial Congress."

Chose Deacon Edward Rawson, Delegate. But it will be seen that Deacon Rawson was unable to attend the Congress and another was chosen in his stead.

Voted unanimously "that the Town do approve of the Resolves of the Continental Congress passed at Philadelphia in September last."

In the journal of the Provincial Congress, p. 319, may be found the "Journal of the Convention of the Committees of Correspondence and Delegates of Worcester County, Aug. 9. 1774."

From Mendon were Capt. Nathan Tyler, Deacon Edward Rawson, Mr. James Sumner, Elder Nathaniel Nelson and Mr. Benoni Benson.

A committee of ten, of which Deacon Rawson was one, and Timothy Bigelow, of Worcester, was chairman, was chosen "to send a Letter to all the Towns and Districts in the County, which have not Chosen Committees of Correspondence; desiring them to choose such Committees or send Delegates to represent them at the adjournment of this Convention."

The following Circular Letter was their report:

Worcester August 9. 1774.

Friends and Brethren

The Committees of Correspondence from a majority of the Towns in this County have now convened at Worcester, in order to consult and determine upon the most regular steps to be taken and recommended, to the several Towns in this County, at this truly critical and alarming crisis; when it no longer remains a doubt that the acts annihilating our free Constitution are actually come authenticated, attended with three more transports and a ship of war, and the Council, appointed by his Majesty, are about to take the oaths required for that office.

In the first place we beg leave to observe that a considerable number of Towns, in this County, have not yet chosen Committees and by that means may not have received the letter notifying the Convention: therefore we earnestly recommend, as brethren and fellow-sufferers, when all that is valuable in this life is at stake, that you choose Committees of Correspondence, or such other Delegates as you may think proper, to meet this Convention at their adjournment, when the united wisdom and aid of the whole is wanting to oppose the torrent of tyranny rushing upon us.

In order to avoid a second disappointment, by having our Letters fall into unfriendly hands, and you thereby deprived of a proper notification, we shall be careful to have them transmitted by such of our members as live nearest those Towns which have not sent their Committees.

This Convention stands adjourned to the last Tuesday of August instant at the House of Mrs. Mary Sternes, Innholder, in Worcester, at 10 o'clock before noon.

By Order of the Committees of Correspondence in Convention.

TIMOTHY BIGELOW.

Jour. Prov. Congress, p. 643.

“At the adjournment every Town and District was represented by 130 members of Committees of Correspondence beside a number of Delegates and Gentlemen from several towns.

On the 31st. of August the Convention, prefaced by a stirring and eloquent preamble, setting forth the tyrannical attempt of the Parliament of the British Government to usurp absolute dominion over us—that no power on earth hath a right, without the consent of this Province, to alter the minutist title of its charter, or abrogate any Act whatever, and, as the sittings of the Courts in this County, conducted in conformity to the late Acts of Parliament may insensibly lead the good people of this County to submit to the chains of Slavery forged by our enemies; therefore

Resolved, that we recommend the people of this County to attend *in person* at the next sitting of the Court on the 6th. of September next;—that suitable and proper officers be chosen in each town to regulate the movements of the People on the occasion:—that they depute fit persons to represent them in One General Convention at Concord on Oct. 2d., Tuesday next, to devise ways and means to resume our original mode of government, whereby the most dignified servants were, as they ought to be, dependent on the people for their existence as such:—that the several Towns should indemnify their Constables for neglecting to return a list of jurors:—that, as the ordinary course of justice must be stayed, every inhabitant of this County should pay his just debts as soon as may be possible without any disputes or litigation:—that as the dark and gloomy aspect of affairs has thrown this Province into great convulsions, we recommend to every one and engage ourselves to suppress all riotous and disorderly proceedings in our respective towns.”

This Convention also voted that if any town should be attacked, the Committee of Correspondence should send, by *express, posts* to the towns adjoining that they come armed and accoutred to protect and defend the place attacked.

They also recommended the towns to pay no attention to the late Act of Parliament, which, among other things, undertook to regulate the calling of town meetings, but to proceed in their

usual manner; to detain all money due the Province Treasury until the public tranquillity is restored;—to ascertain what number of guns are wanting to arm the people in case of invasion, and that each member of this Convention will purchase at least two pounds of powder in addition to any they have on hand, and recommend his neighbor to go and do likewise.

In the Statutes at Large, British Parliament, Vol. 30, p. 381. to be seen at the State Library at Boston, may be found the *late Act of Parliament above referred to.*

An Act for the better regulating the Government of the Province of the Massachusetts Bay in New England.

Anno decimo quarto Georgii III.

1. After April 1. 1774 the Charter to be void.
2. Councillors to be appointed by the King, not more than 36 nor less than 12.
3. Councillors to hold office during the King's pleasure.
4. The Governor to appoint and remove judges and other officers.
5. The Governor to appoint Sheriffs without consent of the Council.
6. No Town Meetings to be called except for the election of Town Officers and Representatives to the General Court, without the consent of the Governor, or, in his absence, the Lieut. Governor, in writing, and then no business be acted on except what may be mentioned in the warrant.
7. Jurors not to be elected, nominated or appointed by the Freeholders or inhabitants, nor summoned or returned by the Constables, but to be summoned and returned by the Sheriffs, to whom all venires shall be issued.
8. Constables to return to the Sheriffs the names of all persons qualified to serve as jurors.

With such an act of tyranny hanging over their heads, is it strange that our fathers became rebels, or that Gov. Gage should write to the Earl of Dartmouth that in Worcester “they keep no terms, openly threatening resistance by arms—have been purchasing arms and preparing them, casting balls, providing powder and threaten to attack any troops that dare oppose them.”

Sept. 6. Pursuant to the recommendation the Convention met and

Voted that the Court should not sit on *any* terms.

Voted “that the body of the People, about six thousand, being now present in town, assemble on the Common.”

Then chose a committee of three to inquire of the Committees of Towns how long before the determination of the towns respecting the Courts and Judges would be known, and adjourned to the Green beyond Mr. Salisbury's.

They then chose a committee of three, viz: Capt. Mundell, of Hardwick, Deacon Rawson, of Mendon, and Samuel Jennison to inform the Grand Jurors of the determination of the Convention as to the Courts being held.

The Convention met in the afternoon and again adjourned to the Green "to attend the body of the Poepple."

Voted to choose a committee of three "to inquire of the occasion of the delay of the Judges in making their appearance before the body of the Poepple."

Voted to choose a committee of three "to acquaint John Chandler, Esq. and the other *protestors* that they must follow after the Judges, through the ranges of the body of the Poepple, and that they go immediately after the Judges and read their recantation." The *protestors* here mentioned were John Chandler, Esq., and forty-two others, of Worcester, who entered a protest against some resolutions of the town, and which was recorded by the Town Clerk without authority. The Clerk was afterwards compelled, in open town meeting, to expunge the same, and the pen marks, not being deemed sufficient, he dipped his fingers in the ink, and so completely obliterated the protest.

Voted "to thank the Rev. Mr. Chaplin of Sutton (the Rev. Benjamin Conklin prayed the first day); to recommend the Military officers to resign their commissions to the Colonells of Regiments; the Field officers to resign their offices and publish the same in all the Boston newspapers; to Towns to choose officers; to provide themselves with Field pieces, ammunition and gunners; to take notice of those Judges who aspersed the poeple in a late letter to Gov. Gage; that the recantation of the principals in the protest shall be accepted for those who signed them; that four men be desired to attend in addition to those who are to walk with Col. Gardner Chandler, Sheriff of the County, through the ranges of the Poepple."

Voted that Deacon Rawson, Mr. Asa Whitcomb and Dr. Crosby, a Delegate, be a committee to wait on a number of Justices and give them an opportunity to sign the Declaration which has been signed by the Justices and officers of the Inferior Court, and is as follows:

WORCESTER Sept 6. 1774.

Worcester ss. The Justices of the Inferiour Court and Justices of the

Court of the General Sessions of the Peace for the County of Worcester, to the People of the County now assembled at Worcester.

Gentlemen, You have desired, and even insisted upon, that all Judicial proceedings be stayed by the Justices of the Court appointed to be held this day, by law, in Worcester, within and for the County of Worcester on account of the unconstitutional Act of the British Parliament, respecting the administration of Justice in this Province, which if effected will reduce the Inhabitants thereof to mere arbitrary rule, do assure you that we will stay all such Judicial proceedings of said Courts and will not endeavour to put said Act in execution

We the Officers of the Court do for ourselves give the People the same assurance as above.

GARDNER CHANDLER, Sheriff,

RUFUS CHANDLER,

JOHN SPRAGUE,

NATHL. CHANDLER, Attornies.

Voted to choose a committee of nine to draw up a form of vote for administering justice and to protect the Justices in the execution of their offices.

Chose Capt. Samuel Ward, Lancaster; Capt. Joseph Henshaw, Leicester, Dea. Edward Rawson, Mendon; Rev. Joseph Wheeler, Harvard, Samuel Jennison, Douglass; Lieut. Joseph Baker, Delegate; Capt. Paul Mandell, Hardwick, Timothy Bigelow, of Worcester; and Lieut. Jona. Holman, of Bolton, as the aforesaid committee.

This committee was to confer with the Justices to-morrow, and to them was committed the Justices' address to Gov. Gage.

Thomas Steel, Joseph Wilder, Timothy Paine, John Chandler, Abel Willard, Joshua Upham, Duncan Campbell, Jedediah Marcy, Fras. Whipple, Ezra Houghton and Isaac Barnard, Justices, declared they precipitately entered into the measure, and were sorry for it.

The Justices of the Peace for the County, except Timothy Ruggles, John Murray and James Putnam are requested to continue in the discharge of their offices.

Gardner Chandler, Sheriff, was called upon and recanted his signature to the address to Gov. Gage.

The Convention adjourned to March 28, inst.

This account of the *mass* meeting at Worcester is introduced for two reasons. First, because it was, at the instance of the Worcester Committee, that the Boston Committee called a meeting of the different Committees of Correspondence to meet at Faneuil Hall in Boston, on the 20th of August, when it was resolved that a Provincial Congress was necessary "to counteract the system of despotism"—that, previous to the meeting of such Congress, the Courts ought to be opposed, and the officers holding them branded as traitors, and that the military art ought to be attentively practised. Second, because Mendon was fully represented in the Worcester Convention of Aug. 9, and one of its Delegates, Deacon Edward Rawson, was one of the leading spirits of the meeting.

1775. At a town meeting held this day, by adjournment, being Jan. 17th,

Voted that the Captains of the several companies in this town use their utmost endeavors that the delinquent men in their respective companies be speedily equipped with arms and ammunition.

Voted that the Committee to take up the Collection for the Towns of Boston and Charlestown be directed to convey the same to the Committee of the Town of Boston.

Henry Penniman having offered to present the town with a four-pounder field piece, the vote passed Sept. 28th to purchase two six-pounders was reconsidered, and the money then appropriated to pay for the six-pounders was now appropriated as follows, viz: £10.17.09 to pay for powder heretofore purchased, and the balance of the £113.10 was to be expended in purchasing, as *soon as possible*, firearms, lead, flints, powder, iron balls for two field pieces, and carriages to mount the same.

Voted to accept of a four-pounder field piece in lieu of a six-pounder, offered by Dr. Jennison.

Capt. Nathan Tyler, Capt. Nelson and David Daniels were chosen a committee to purchase small arms *as soon as may be*,

and that they procure carriages and mount the field pieces *as soon as possible*.

Feb. 6. Voted to send a Delegate to the Provincial Congress, now sitting at Cambridge, in the place of Deacon Edward Rawson, who is unable to attend by reason of sickness.

Chose Dr. William Jennison as a Delegate, and that Joseph Dorr, Esq., and Capt. Nathan Tyler should give him instructions the same in substance as those voted for Deacon Rawson.

March 6. Chose for Selectmen, Joseph Dorr, Esq., Lieut. Joseph Gibbs, Mr. Henry Benson, Ens. Seth Taft and Mr. Ichabod Thayer; Town Clerk and Treasurer, Joseph Dorr, Esq.; Constables, Darius Daniels, Joseph Benson, Jr., and Josiah Nelson.

Raised £100 for repairs of highways this year, and any rate not worked out by October 1, to be collected by the Constable in money. One shilling and six pence per day for a man, and one shilling and six pence per day for a team were allowed.

The meeting was then adjourned to the May meeting, when the votes relating to the highway were reconsidered; and then voted to allow the Delegates who attended the Congress at Cambridge and Concord four shillings per day for attendance, and five shillings for a journey to Concord and five shillings for a journey to Cambridge each session.

March 20. Under a new warrant Lieut. Benjamin Wheelock was chosen Moderator.

Voted "that this town's part of the Provincial Tax for the year 1774 be paid to Henry Gardner Esq. who is appointed Receiver General for the Province by the late Provincial Congress."

Voted that the Assessors for 1774 "be directed and they are hereby directed to make out warrants to the several Constables, in this town, to pay their respective collections of the Province tax to Henry Gardner Esq. Receiver General, recently appointed by the Provincial Congress."

Voted to choose a County Treasurer, but who he was or how many votes he had the record saith not.

Voted not to choose Overseers of the Poor.

BATTLE OF LEXINGTON.

April 19. This day occurred the Battle of Lexington, and, upon the general alarm which followed, Mendon furnished the following Minute Men. Their names may be found on the muster rolls in the State Archives, at Boston, and were copied by the late Maj. Dexter F. Parker, of Worcester, who was collecting materials for a history of the County of Worcester. By the kindness of Mrs. Parker, I am allowed the privilege of copying from his minutes.

May 29. Capt. Thomas Wiswall was chosen Delegate to the Provincial Congress, to set at Watertown May 31, current.

Capt. John Tyler, Mr. James Sumner and Lieut. Benson were chosen a committee "to inquire back as far as 1770 and ascertain what Province money, collected or uncollected, there may be in the hands of the Constables or Deputy Sheriffs, and report what measures may be necessary to compel said Constables and Sheriffs to pay the same to Henry Gardner Esq. the *present* Receiver General instead of Harrison Gray the Receiver General appointed by the Governor, under the late act of Parliament."

Adjourned to this day fortnight, (June 12.) at 2 P. M.

Met according to adjournment.

The committee chosen May 29th, report this day, June 12th, "that they find Monies in the several Constables hands and in the hand of George Bruce, Deputy Sheriff, together with money assessed and uncollected, to the amount of £291.17.04." whereupon,

Voted "that the several delinquent Constables, of said town, and George Bruce, Deputy Sheriff, pay in to Henry Gardner Esq., Receiver General for Massachusetts Bay, the several sums of the public monies, in their hands, without delay."

Voted "that said Constables and Sheriff paying the above-said monies as before expressed and producing said Receiver General his receipt therefor, be and hereby are indemnified, by said town, in so doing."

Voted that James Sumner, Deacon Rawson and Peletiah Darling be a committee to examine the accounts of sundry persons who found provisions for and were employed in the service of our soldiers who were called forth in *the late alarm*. *The late alarm* was undoubtedly the battle of Lexington, April 19th.

At a town meeting held July 10th, Deacon Edward Rawson, Capt. Nelson and Capt. John Tyler were chosen a committee "to repair to Mr. George Bruce and desire his attendance, *immediately*, in this meeting." Mr. Bruce attended accordingly, and offered to deliver up the notes which he had in his hands, for the Province money, to the town or their order.

Then Henry Penniman, Capt. John Tyler, and Peter Penniman were chosen a committee to receive the notes, collect the same as soon as may be, and pay it to Henry Gardner, Esq., or his successor or successors in the office of Receiver General, and to take his or their receipt for the same.

It seems that Sheriff Bruce hesitated about paying over the Province money, but whether on account of loyalist notions or fear of pecuniary accountability is not now known.

Sept. 4. Voted £100 to defray town charges, and £60, including the interest on the School bonds, for schooling the present year.

Deacon Edward Rawson was allowed £12.13.08 for his services at the General Court and at the Provincial Congress.

Dr. William Jennison was allowed £2.05.00 for his services at the Provincial Congress, and then the vote was immediately *re-considered*.

Capt. Wiswall was allowed £7.05.00 for his services at the Provincial Congress at Watertown.

Lieut. Benjamin Wheelock and Capt. Nelson were added to the committee "to examine the accounts of certain persons who found provisions for our soldiers *in the late alarm in April last*, and also for conveying said provisions to camp, and report at the next meeting."

Adjourned to the last Monday in October.

Voted that the committee last above chosen, when they shall have completed the accounts of certain persons, &c., transmit the same to the General Court for allowance, and to pray that what may be allowed may be made payable to the Selectmen of Mendon, or their order, for the Town's use.

Voted that the Selectmen, when they shall have received the abovesaid money, shall deliver the same to the abovesaid committee, and said committee pay out the same to those persons to whom it shall be found due.

The committee transmitted the accounts to the General Court, and in Vol. 205, p. 290, Revolutionary Resolves, may be found the following action of the Court:

In the House of Representatives, Watertown Sept. 27, 1775.

Resolved, that there be paid out of the Public Treasury fifteen pounds to Dea. Edward Rawson, for the use of the Selectmen of the Town of Mendon, in full for Six small Arms, delivered to the Committee of Safety, by the hand of Stephen Patridge for the use of the Army, as appears by the receipt of July 13. 1775, amounting to that sum.

This, it will be remembered, was just after the battle of Bunker Hill, when the whole country was in a state of great alarm, and hence the effort to strengthen the army by the accumulation of munitions of war and clothing for the soldiers.

Revolutionary Letters, Vol. 193, p. 88.

Circular Letter from the Provincial Congress to the Towns.
Gentlemen,

The barbarous Murders committed on our innocent Brethren on Wednesday the 19th. inst. have made it absolutely necessary that we immediately raise an Army to defend our wives and children from the butcher-

ing hands of an inhuman Soldiery, who, incensed at the obstacles they met with in their bloody progress and enraged at being repulsed from the field of slaughter, will, without the least doubt, take the first opportunity in their power to ravage the country with fire and sword.

We conjure you therefore, by all that is sacred, that you give all assistance possible in forming an Army; our all is at stake—Death and Devastation are the certain consequences of delay—every moment is infinitely precious—an hour lost may deluge your country in blood and entail perpetual Slavery upon the few of your posterity who may survive the carnage. We beg and intreat as you will answer to your country, to your consciences and, above all, as you will answer to God himself, that you will hasten and encourage, by all possible means, the enlistment of men to form an army and send them forward to head quarters, at Cambridge, with that expedition which the vast importance and instant urgency of the affair demands.

Mendon to take 30 of the people of Charlestown.

Rec. Prov. Congress, Vol. 31, p. 137.

The Prov. Congress adjourned this day from Concord to meet the *same* day at Watertown, at 4 o'clock P. M.

Dea. Edward Rawson was chosen to wait on the Rhode Island Congress to inform them of our Resolutions and request their concurrence.

In the H. of Representatives Nov. 8. 1775.

Resolved that there be paid, out of the Public Treasury of this Colony, to Edward Rawson the sum of £1.17.06 in full of his Account for a journey to Providence by order of Congress.

The following is an answer to the request of the Committee of Supplies appointed by the Provincial Congress:

MENDON June 15. 1775.

Honble. Gentlemen

Agreable to your Request we have collected and sent down a Load of Grain. Another load may be had but not without cash, which (as the times are) we are not able to command. If the Receiver General would order our Constables to pay us a sum of money for that purpose perhaps we may procure it. We have also sent 203 lbs. weight of gunpowder; more we could not well spare, as we have been obliged to furnish our Soldiers with a large quantity out of the town stock; two of the casks are new, for which the town gave 6s. which you may keep or send back as suits best.

The Selectmen live at a great distance from each other and could not be gotten together, without considerable trouble, in order to certify with respect to the price of the above articles and the carriage of them, but as the bearer is a Selectman and worthy of credit

I am Gentleman your very Humble and Obt. Servant

J. DORR, one of the Selectmen of Mendon.

COL. EZRA WOOD AND LIEUT. ELIJAH TAFT COMPLAINED OF.

At a meeting of the Committees of Inspection of Cumberland, Wrentham, Medway, Bellingham, Hopkinton, Holliston, Mendon, Upton, Uxbridge and Smithfield, convened at the House of Dr. John Corbett, in said Bellingham, on y^e 18th. day of September 1775, and continued by adjournments to the 16th. day of October 1775; upon the complaint of Col. Joseph Read against Col. Ezra Wood and Lieut. Elijah Taft for Carrying Provisions to Rhode Island, and said it was suspected that he sold the same to the Tories, whereby said Provisions were conveyed to the enemy at Boston, and said Read desired me to inform of the same to the Committee of Inspection *forthwith* that the affair might be inquired into.

EDWARD RAWSON.

Oct. 16, 1775.

On the Above Complamt,

Voted that it is the opinion of this Body that the said Wood and Taft have not done anything that is inimical to the American Cause.

Extract from the Minutes

NATHAN TYLER, Clerk.

The following letter is introduced in this place because its author was a native of Mendon, and because it belongs to the history of the times.

Alexander Scammell was born in Mendon and graduated at Harvard College, 1769. Studied law with Gen. Sullivan, and was appointed Brigade Major in New Hampshire in 1775, and Colonel of a New Hampshire regiment in 1776. He was wounded at the battle of Saratoga, in 1777, and became Adjutant-General of the Continental Army in 1780. In 1781 he was taken prisoner September 30, while reconnoitering, at the siege of Yorktown, mortally wounded after he surrendered, and died at Williamsburg, Va., Oct. 6. At the time of his death he was the confidential friend of Gen. Washington.

PORTSMOUTH, May 3. 1775.

Hon. Sir,

Your leaving New Hampshire at a time when your presence was so extremely necessary to cherish the glorious ardor which you have been so instrumental in inspiring us with, spread a general gloom in Durham and, in some measure, damped the spirit of liberty through the Province, and nothing but the important business in which you are embarked would induce to dispense with your presence, with any degree of patience or perseverance. But when the horrid din of civil carnage surprised us on the 20th. of April, the universal cry was, "Oh! if Major Sullivan was here—I wish to God Major Sullivan was here" ran through the distressed multitude.

April Court, which was then sitting adjourned immediately. To arms! to arms! was breathed forth in sympathetic groans. I went express to Boston, by desire of the Congressional Committee then sitting at Durham, proceeded as far as Bradford (Mass.) where I obtained credible information that evening. Next morning I arrived at Exeter where the Provincial Congress was assembling with all possible haste.

Here I reported what intelligence I had gained; that the American Army at Cambridge, Woburn and Charlestown was more in need of provisions than men; that fifty thousand had assembled in thirty six hours, and that the Regulars who had retreated from Concord had encamped on Bunker's Hill in Charlestown.

The Congress, upon this report, resolved that the Durham company, then at Exeter, (armed complete for an engagement, with a week's provision,) should return home and keep themselves in constant readiness. All the men being gone from the westward and southward of Newmarket, and Men-of-war expected hourly into Portsmouth, it was with the greatest difficulty your Durham soldiers were prevailed on to return.

Six or seven expresses arrived at Durham in the night after our return; some desiring us to march to Kittery, some to Hampton and some to Ipswich &c. which places, they said, sundry Men-of-war were ravaging. The whole country was in a continual alarm, but suspecting that the Marines, at Portsmouth, might take advantage of the confusion we were then in and pay a visit to Durham we thought proper to stand ready to give them a warm reception; and supposing that your house and family would be the first mark of their vengeance, I kept guard to defend your family and substance to the last drop of my blood * * * Men, women and children were engaged, day and night in preparing for the worst. Many towns in this Province have enlisted Minutemen and keep them under pay, and the Congress before this would actually have raised an army had they not waited for the General Court, which sits to-morrow, in order to raise as much money as they can to pay off their army when raised. I am extremely mortified that I am unable to join the Army at Cambridge.

The particulars of the skirmish between the Regulars and Americans will, long before this, have reached you. In longing expectation your safe, happy and speedy return is hoped for by all your friends, but by none more sincerely than

Your dutiful, humble servant

ALEX^R SCAMMELL

To John Sullivan Esq. Philadelphia or New York.

The four companies which responded to the alarm on the 19th of April from Mendon, except those who enlisted for three months, soon returned home.

The Muster Rolls at Boston credit Mendon with the following three months men, whose service expired in August, 1775:

Rev. Resolves, Mass. Archives, Vol. 209, p. 163.

In the House of Representatives May 9. 1776.

Resolved that it be and is hereby recommended to each Town in this Colony which shall send a member or members to the next General Assembly, fully to possess him or them with their sentiments relative to the Declaration of Independency of the United Colonies of Great Britain to be made by Congress, and to instruct them what conduct they would have them observe with regard to the next General Assembly instructing the Delegates of this Colony on that subject.

Passed. Sent up for concurrence.

SAMUEL FREEMAN, Secy. P. T.

In Council May 10. 1776.

Read and Non concurred,

PEREZ MORTON, Dep. Sec.

The warrant for the last town meeting was the last one called in his Majesty's name. His Majesty's name and the year of his reign had heretofore been inserted in every warrant for a town meeting, from the date of incorporation in 1667.

It now reads, "in the Name of the Government and Poep[le] of the Massachusetts Bay."

May 27th, being a meeting called, as above, for the choice of a Representative to the General Court, to meet at Watertown, May 29th inst., Joseph Dorr, Esq., was chosen Representative, and, notwithstanding the *non-concurrence* of the Council with the House of Representatives, as before recited, the town instructed their Representative in the following patriotic and eloquent terms:

"Voted that the town advise and instruct their Representative to acquaint the General Assembly, That if the Honourable the CONTINENTAL CONGRESS shall think it for the Benefit and Safety of the UNITED AMERICAN COLONIES, to Declare them INDEPENDENT of the Kingdom of Great Britain, said Town will approve the measure, and, with their Lives and Fortunes, support them therein."

Voted that Lieut. Joseph Bruce, Lieut. Joseph Gibbs and Lieut. Benoni Benson, as a committee, be directed to look after those persons who took ammunition out of the town stock, on the *alarm* of last year, and have not returned the same. This committee were allowed to compound with those who make no return of ammunition at 3s. per pound for powder and the common price for lead and flints.

Voted to allow those persons who transported provisions to Cambridge and Roxbury on the alarm in April, 1775, £2.01.10, which was deducted out of the Selectmen's account to the General Assembly for the same.

The evacuation of Boston by the British, on the 17th of March, transferred the theatre of war from Massachusetts to New York, and a new call was now made for reinforcements for the army.

As in all wars, the patriotic ardor which the first call to arms inspired in the masses began to cool, and volunteers came in slowly.

July 8. The following circular letter of the General Court was read in a town meeting this day. It may be found in the Massachusetts Archives.

CIRCULAR TO THE COMMITTEES OF THE SEVERAL TOWNS.

The General Court have received from his Excellency, General Washington a pressing Letter that the Troops destined for New York, may be sent with all despatch, as he is well informed that General Howe is arrived from Halifax at the Hook. You will please communicate this to your brethren that you and they, with all possible expedition, may raise and march the Troops going from your county. The General Court expect you will not let any thing prevent their marching *as fast as possible* as you see the emergency of the case requires.

By Order of the General Court.

To the Chairman of the Committe for raising men.

Upon this the town voted "to allow those persons who shall enlist in this Town into the service of the United Colonies, at New York, six pounds per man, except Commissioned Officers; also, that those now in the service, as well as those who served eight months last year, shall be exempted from a poll tax."

Here follows, in the Town Record, a copy of the Declaration of Independence. It is engrossed in the bold and beautiful hand writing of Joseph Dorr, Esq., the Town Clerk.

The following is a literal transcript from the Record:

In CONGRESS, July 4, 1776; A DECLARATION by the REPRESENTATIVES of the UNITED STATES of AMERICA in GENERAL CONGRESS Assembled: When in the Course of Human Events it becomes necessary for a Poeples to dissolve the Political bands which have connected them with another and to assume, among the Powers of the Earth, the separate and Equal Station which the Laws of Nature and Nature's God entitle them, a decent respect to the Opinions of Mankind requires that they should declare the Causes which impel them to the Separation.

We hold these Truths to be self-evident; that all Men were created equal; that they are indued, by their Creator, with certain unalienable Rights; that among these are Life, Liberty and the Pursuit of Happiness;—That to secure these Rights Governments are Instituted among Men, deriving their just Powers from the Consent of the Governed; that when any Form of Government becomes destructive of these Ends, it is the Right of the Poeples to alter or abolish it, and to institute new Government, laying its Foundation on such Principles and organizing its Powers in such Form as to them shall seem most likely to effect their Safety and Happiness.

Prudence indeed will dictate that Governments long established should not be changed for light and transient causes; and, accordingly, all Experience hath shown that Mankind are more disposed to suffer while Evils are sufferable than right themselves by abolishing the Forms to which they are accustomed. But when a long Train of Abuses and Usurpations, pur-

suing invariably the same Object, evinces a Design to reduce them under absolute Despotism, it is their Right, it is their Duty to throw off such Government and provide new Guards for their future Security. Such has been the patient sufferance of these Colonies, and such is now the Necessity which constrains them to alter their former systems of Government.

The History of the Present King of Great Britain is a History of repeated Injuries and Usurpations all having in direct object the Establishment of an absolute Tyranny over these States. To prove this let Facts be submitted to a candid world.

He has refused his Assent to Laws the most wholesome and necessary to the public good.

He has forbidden Governors to pass Laws of immediate and pressing importance unless suspended in their Operation until his assent should be obtained, and when so suspended he has utterly refused to attend to them.

He has refused to pass other Laws for the Accommodation of large Districts of Poeples unless those Poeples would relinquish the Right of Representation in the Legislature, a right inestimable to them and formidable to TYRANTS only.

He has called together Legislative Bodies at Places unusual, uncomfortable and distant from the Depository of their public records, for the sole purpose of fatiguing them into Compliance with his Measures.

He has dissolved Representative Houses repeatedly for opposing, with manly Firmness, his Invasions on the Rights of the People.

He has refused for a long time, after such Dissolution to cause others to be elected, whereby the Legislative Powers, incapable of annihilation, have returned to the Poeples at large for their exercise, the State remaining, in the meantime, exposed to all the Dangers of Invasion from without and Convulsions within.

He has endeavored to prevent Population, for that purpose obstructing the Laws for Naturalization of Foreigners; refusing to pass others to encourage their Migrations hither and raising the conditions of new Appropriations of Lands.

He has obstructed the Administration of justice, by refusing his assent to Laws for establishing judiciary Powers.

He has made judges dependent on his Will alone for the Tenure of their Offices and the amount and payment of their Salaries.

He has erected a multitude of New Offices and sent hither Swarms of Officers to harrass our Poeples and eat out our Substance.

He has kept among us, in times of Peace, Standing Armies without the consent of our Legislatures.

He has affected to render the Military independent of and superior to the Civil Power.

He has combined, with others, to subject us to a jurisdiction foreign to our Constitution and unacknowledged by our Laws, giving his assent to their Acts of pretended Legislation.

For quartering large Bodies of armed Troops among us.

For protecting them by a mock Trial from any punishment for any Murders they should commit on the Inhabitants of these States.

For cutting off Trade with all parts of the World.

For imposing taxes upon us without our CONSENT.

For depriving us, in many cases, of the Benefits of Trial by jury.

For transporting us beyond seas to be tried for supposed offences.

For abolishing the Free System of English Laws, in a neighboring Province, establishing therein an arbitrary Government and enlarging its boundaries, so as to render it at once an Example and fit Instrument for introducing the same absolute Rule into these Colonies.

For taking away our Charters, abolishing our most valuable Laws and altering, fundamentally, the Forms of our Governments.

For suspending our Legislatures and declaring themselves invested with Power to legislate for us in ALL CASES WHATSOEVER.

He has abdicated Government here by declaring us out of his Protection and waging war against us.

He has plundered our seas, ravaged our Coasts, burnt our Towns and destroyed the lives of our Poeples.

He is, at this time, transporting large Armies of foreign Mercenaries to Complete the Works of Death, Desolation and TYRANNY already begun, with circumstances of Cruelty and Perfidy scarcely paralleled in the most barbarous Ages and totally unworthy the Head of a Civilized Nation.

He has Constrained our Fellow Citizens, taken Captive on the high Seas to bear arms against their Country; to become the Executioners of their Friends and Brethren, or to fall themselves by their hands.

He has excited Domestic Insurrections among us and has endeavoured to bring on the Inhabitants of our Frontiers the Merciless Indian Savages, whose known Rule of Warfare is an undistinguished Destruction of all Ages, Sexes and Conditions.

In every Stage of these Oppressions we have petitioned for Redress in the most humble Terms; our repeated Petitions have only been answered by repeated Injury! A Prince, whose character is thus marked by every Act which may define a TYRANT, is unfit to be the Ruler of a FREE POEPL.

Nor have we been wanting in attention to our Brethren. We have warned them, from time to time, of Attempts by their Legislature to extend an unwarrantable jurisdiction over us; We have reminded them of the Circumstances of our Emigration and Settlement; We have appealed to their native magnanimity and we have conjured them by the Ties of our Common Kindred, to disavow these Usurpations which would inevitably interrupt our Connexions and Correspondence. They too have been deaf to the Voice of Justice and Consanguinity. We must therefore acquiesce in the Necessity which announces our separation and hold them, as we hold the rest of Mankind, Enemies in War, in Peace friends.

We therefore, the REPRESENTATIVES of the UNITED STATES OF AMERICA in GENERAL CONGRESS assembled, appealing to the SU-

PREME JUDGE of the World for the rectitude of our Intentions, do, in the Name and by the Authority of the good Poeples of these Colonies, solemnly publish and declare that these United States are and of Right ought to be FREE AND INDEPENDENT STATES: that they are absolved from all Allegiance to the British Crown and that all Political Connexion between them and the State of Great Britain is and ought to be totally dissolved, and that as FREE AND INDEPENDENT STATES they have full Power to carry on War, Conclude Peace, to Contract Alliances, establish Commerce and to do all other Acts and things which INDEPENDENT STATES may of Right do.

And for the Support of this Declaration, with a firm Reliance on the Protection of DIVINE PROVIDENCE, We mutually pledge to each our LIVES, our FORTUNE and our SACRED HONOR.

Signed by ORDER and in BEHALF OF CONGRESS.

JOHN HANCOCK, PRESIDENT.

ATTEST.

CHARLES THOMPSON, Secy.

In Council, Watertown, July 17, 1776.

ORDERED That the Declaration of Independence be printed and a copy sent to the Minister of each Parish of every Denomination within this State, and that they severally be required to read the same to their respective Congregations, as soon as Divine Service is ended in the afternoon, on the first Lord's Day after they shall have received it:—And after such Publication thereof to deliver the said Declaration to the Clerks of their several Towns or Districts, who are hereby required to record the same in their respective Town or District Books, there to remain as a perpetual MEMORIAL thereof.

At this time Congress had called for recruits for the expedition to Canada, but the enlistments progressed slowly; and contemporary historians tell us that one reason was that, in Massachusetts, they felt they were not secure from a return of the British, as a portion of their fleet were still at anchor in the lower harbor; and another reason, that weighed heavily with many, was that the troops east of the State of New York were not treated with the same consideration as those who were drawn from the Southern States.

The General Court had voted to raise five thousand men for six months, and, to encourage enlistments, offered a month's pay in advance.

The following items are considered of sufficient interest to merit an insertion in these annals:

Records of the Provincial Congress (Mass. Archives), Vol. 34, p. 765, April 17, 1776.

In the H. of R. Resolved that there be paid out of the Public Treasury of this Colony to the Selectmen of the Town of Mendon £38.04.04 in full of their account for provisions and transporting the same to Head Quarters, in April last for the use of the army.

Court (Mass. Archives), Vol. 34, p. 859, May 7, 1776.

In H. of R. Resolved that there be paid out of the Public Treasury of this Colony to Edward Rawson the sum of £6.00.00 for the use of Daniel Druce in full for his Pension granted to him by the General Court in the year 1772.

Court, Vol. 35, p. 109, June 29, 1776.

A letter was received from the Chairman of the Committee of Mendon, giving information against one George Gage, of Mendon for Mal Conduct &c.

Read and Committed, with the papers accompanying the same, to Joseph Cushing and David Sewall Esqrs. with such as the Hon^{ble} House shall join.

What became of this last matter is not now known.

July 22. The Town of Mendon voted to pay a bounty of £10 to each man who shall voluntarily enlist in the public service in the Northern or Canada Department.

The Selectmen were directed to borrow a sufficient sum of money to pay the bounties offered.

Sept. 11. Voted to raise £40 for schooling, exclusive of interest arising from the school bonds, and £380 to defray town charges, including bounties to the soldiers.

Henry Benson was chosen one of the Committee of Correspondence, &c., in the room of Deacon Joseph Day, *in the service*.

Up to this time recruiting for the army, as every fifth man enrolled in the militia was called for, was progressing at a tardy pace. To expedite the matter the town, Sept. 16, voted to allow each soldier and non-commissioned officer, who shall march to New York, on the *present alarm*, 20s. each, and 20s. per month so long as they shall continue in the service as militia.

Sept. 30. A County Register and County Treasurer were chosen, and, as usual, no record is made of the names of the successful candidates.

The subject of a State Government had by this time very gen-

erally engaged the attention of the people, and hence, in the warrant for a town meeting, to be held Sept. 30, the following article is found:

“To see if the Male inhabitants of twenty one years of age and upwards, *being free*, will give their Consent that the present Representatives of the Massachusetts Bay, together with the Council, if they consent in one body, may agree on a Form of Government for this State, pursuant to a Resolve of the House of Representatives of the 17th. instant.”

Upon the consideration of this article, the town voted in the negative, and chose a committee of nine persons to instruct our Representative (Joseph Dorr, Esq.) relative to the form of civil government.

Chose for the committee James Sumner, Edward Rawson, Esq., Ensign Pelatiah Darling, Mr. Ebenezer Holbrook, Capt. Peter Penniman, Mr. Aaron Everett, Lieut. Seth Nelson, Capt. John Tyler and Maj. Joseph Daniels.

This committee was to report a draft of their instructions at the next meeting. They made a report as directed, but it was not recorded, nor is the same to be found in the archives of the town.

At this meeting it was voted not to allow an Inoculating Hospital for the small-pox to be opened in the town.

Oct. 14. The town again voted they would not impower the present General Court to form and establish a Constitution of Government for the State.

After accepting the report of the Committee of Nine, chosen above, whatever it was, they voted an approval of the Resolves of the town of Stoughton relative to the manner of proceeding in forming a Constitution of Government.

The Resolves of the town of Stoughton are as follows, and for a transcript, from which they are a copy, I am indebted to the kindness of Henry C. Kimball, the Clerk of that town:

We the Subscribers being chosen, by this town, at a Town Meeting legally assembled at Stoughton on the 30th. of September last, a Committee to draft a vote upon an article in y^e Town Warrant respecting Choosing the Present General Court to form a Plan of Government for the State, have attended that service and beg leave to report the Following Resolutions, viz:—

1. Resolved, that Good Government is the Basis of Liberty and absolutely necessary to y^e safety and well fare of a poeple.
2. Resolved, that, as the End of Government is y^e happiness of y^e poe-

ple, so y^e sole power and right of forming and establishing a Plan thereof is Essentially in the poeple.

3. Resolved, that, as this State [is] at present Destitute of a fixed and Established form of Government, it is absolutely necessary that one be immediately formed and Established, agreeable to the Recommendations of the Grand Congress.

4. Resolved, that, as the present House of Representatives have passed a Resolve to see if the several Towns in this State would Empower them the sd House, together with the Council, to enact a form of Government for this State, it appears to us unadvisable and irrational and a measure that ought not, by any means, to be complied with, for these reasons, viz:— that we are totally unacquainted with the capacities and Patriotism and Characters of y^e members that compose the sd House and Council, Excepting our own members; also because they were never elected by the poeple for that purpose and also because the present Embarrassed state of our public affairs calls for the steady attention of every member of sd House.

5. Resolved, that it is the Duty and Interest of this Town immediately to Choose one or more members to join with the members of the other Towns in this State to form and publish a plan of Government for said State.

6. Resolved, that in order to Carry the foregoing resolution into execution as soon as the importance of y^e matter may admit, it appears to us best that the members of the several towns in each county in this State, chosen for the Express purpose aforesaid, should meet together in County Conventions and when so met should draft a form of Government for y^e whole State. Then that the members of the several Towns of this State should meet together by themselves, or by their Committees in a State Convention or Congress and compare the several forms of Government together whereby the wisdom of the whole State may be collected and a form of Government may be extracted.

7. Resolved, that it appears to us absolutely necessary for the Liberty and Safety of the State that the Plan of Government when formed and published should not be Established till the Poeples of this State have had time and opportunity of thoroughly examining the same and consent that it be established by the said State Convention or Congress. All which is humbly submitted by us.

Attest, HENRY C. KIMBALL, Town Clerk.

Stoughton, Aug. 9. 1875.

As near as can be ascertained the three months men recorded on page 340, remained in the service until January 1776, when, upon a new call for 4,368 men, the quota for Mendon was thirty-three for three months. In June another call was made for 1,136 men, and the quota for Mendon was set down at forty for eight months. The names of these last quotas are not found, as the muster rolls at the State House have been mislaid or lost.

During the latter part of the year 1775, it seems that there had been an election of field officers in the 3d regiment of the militia, and that the election of Joseph Chapin as Lieut. Colonel and Caleb Whiting as second Major, of Uxbridge, had given rise to great dissatisfaction, and, at last, resulting in the following appeal to the General Court:

Revolutionary Resolves, Vol. 209, p. 168, et sequitur.

The Petition, address and Remonstrance of the Freeholders and Inhabitants of the Town of Uxbridge, assembled this 8th. day of February 1776, at the House of Ezekiel Wood, Innholder, in said Uxbridge at the desire of Col. Wood.

To the Honorable Council and Representatives of the Colony of the Massachusetts Bay, now sitting at Watertown, We Humbly and Dutifully beg Leave to Lay before you our unhappy Situation Respecting the affair of Field Officers for the Regiment we belong to and to acquaint you with matters of fact Respecting the same. About the 19th. of October Last, a few of the Officers met at Mendon and went to Col. Wheelock and prevailed on him to Give out a Notification to assemble all the Officers of the Regiment. First: At Mendon at one side of the Regiment. 2ndly. Sd Notification artfully drawn for the Col. to Sign, Not setting forth one word, what the business of the day was to be, but in a private way inform Some So that their Clamor Gave Strength to the Designing party. 3dly. And, in order to carry their pint first, past a previous vote that he that had the most votes Should be the person to be Recommended Whether he had one quarter of the votes or not. 4thly. The Notification was not discovered to Some of the officers till it was time to set out for Mendon, for fear the minds of their constituents would be had; and it is easy to see that a few Designing persons beginning, and being Kerful to admit none but their own Seek, by taking a few at first and Gradually Growing Larger may prevail upon a large body at Last and Get the Greater part to Lean that way. If both branches of the Honourable Court have put in the Officers without their works of Recommendation and it had been Never So mortifying we should have endeavored to have been Submissive and Dutiful under it and with all Submission we humbly beg Leave to have the Man Commissioned from Uxbridge, which the Court has appointed, whome we understand is Capt. Joseph Chapin. If that is denied we pray that the

Town may have Liberty, by your direction, and so have a fuller attendance and Recommend one to be Commissioned—if that is denied we humbly pray we may be Laid to the Regiment that Sutton belongs to, and so be separated from Mendon, the cause of all our Difficulty, together with two of our pretended Officers who were Chose only for one year, which time expired Long ago, and we wholly Disown them and the hand bill Sent to our Town for a new Choice wholly secreted.

These matters we suppose to be the cause why the Men Lately sent for Did not Go, but if our humble Petition Can be Graciously Received and we Relieved. Send a new order for the Men, that was last sent for and you shall have them immediately. When the Last men were marched out of Uxbridge, which through a mistake was double our Shair, our two pretended abovesaid officers followed the Drum and used their influence and could prevail upon but [one] person to Go with them, but when Capt. Chapin, whose Circumstances would not allow him to be Gone from home, was desired to turn out the men to there full Number followed him Immediately. Respecting the man in Uxbridge that they Recommended, we humbly refer your Honours to Many of your brethering who are members of the House which belong Nither to Mendon or Uxbridge who attended the County Convention and heard what he had to offer, if they have forgot we will send you matters of fact Respecting the affair. If we are laid to Sutton, officer or no officer, we will be Content if you cannot be persuaded to relieve us no way, which [is] as Reasonable as any petition that Ever went from North America to Great Britain, then with the same Reluctancy that they Contend with Briton, we must with Sorrow and Grief inform you that Nothing is to be Expected from us but a passive obedience and Non Resistance.

Signed by Ezekiel Wood and 62 others.

COUNTER PETITION.

To the Honourable the Council and Honourable the House of Representatives for the Colony of the Massachusetts Bay in General Court assembled:—

We the subscribers, Members of the Third Regiment in the County of Worcester once more crave your Honour's indulgence to lay before you the present unsettled and unhappy State of our Regiment & pray that you will kindly exert the power and authority we acknowledge to be vested in you, to restore that Peace and Harmony among the Regiment with Regard to Field Officers, which we earnestly wish to enjoy. We humbly hope that your Honours will not impute it to a turbulent, factious disposition that we thus petition you: Such is the Difficulty if not impossibility of settling the Regiment in Peace and Quietness under the present arrangement of Field Officers and such the Exigency of the times and Necessity of every Regiment being in the best Posture for action and Defence, that we find ourselves under the disagreeable Necessity of doing what, in ordinary times, might be deemed a violation of the Rules of Decency, viz:—A Peti-

tioning for an Alteration in the Appointment of Field Officers for said Regiment even after Commissions are made out. We beg your Honours would permit us speak our sentiments freely—we mean to do it with Decency. The people of Uxbridge in the last remonstrance which they sent into the Court against the proceedings of the Regiment had the assurance to assert that all the uneasiness in the Regiment arose from the people of Mendon and one or two pretended Officers in Uxbridge, which (to say the best of it) is a barefaced misrepresentation. The truth is a little knot of Poeples in Uxbridge who, for years past, have been notorious for party spirit in Town affairs, and the set of poeple, actuated by the same Spirit, affect to take the lead in conducting the affairs of the Regiment. When the Militia Officers of the Regiment first met for the purpose of Recommending to your Honours such persons as they judged best qualified for Field Officers, these were the poeple who began the opposition and took it upon themselves to nominate persons according to their own humour. And it is to be regretted that the Honble. General Assembly have paid so much Attention to them, (we think more than they merit) while the repeated petitions and general voice of the Regiment has been disregarded. We will not however tell your Honours as the above said Remonstrants (we think indecently) did, viz: That unless you think proper to gratify us in this, that and the other particular, that nothing is to be expected but passive Obedience and non resistance, yet we are constrained to say, that while we possess the True Spirit and Liberal Sentiments of Englishmen, we can never contentedly submit to be led and governed by a junta of sixty six, which is about the fourteenth part of the Regiment. We think we merit as well of the Public as the persons who oppose us; we have been always ready to risk our lives and Fortunes for its defence in the present dispute. - We even vie with the most zealous in this matter which our ready obedience to the Requisitions of the Honorable Court and large drafts of our men, now in the field, clearly demonstrate, which our Neighbours, who would fain be thought so high in the cause of Liberty, have been greatly deficient in furnishing their Quota of Men for the Public Service at a time when they were greatly needed. As we are well acquainted with the Character and Abilities of Gentlemen in our own Regiment, we recommended those to your Honours, at first, of whose attachment to the General Cause of Liberty we have the most assured confidence, and in whose Military Abilities & Accomplishments we are entirely satisfied, and who, all things considered, we must believe are the most suitable Persons to fill the several Departments to which they were recommended. We still hope your Honours will be disposed to gratify the Regiment in this Regard, as we doubt not your wisdom will enable you to do it in a way consistent with your own Dignity. If your Honours still remain unsatisfied with our Representations of these, we would beg this favour viz:—That your Honours would appoint a Committee of Gentlemen from some other County, with orders to convene either the officers of the Regiment or the whole Regiment as may be thought most proper, in order to satisfy yourselves

more fully in Regard to its true State; or that your Honours, in your great wisdom, would devise some other way and means to restore peace and harmony to the Regiment. And as in Duty bound shall ever pray.

The Committee above mentioned forthwith made the following Report.

The Committee of both Houses appointed to take into consideration the foregoing Petition beg leave that they are of opinion that it would be expedient that a Committee of both Houses be appointed to repair to Mendon before the next meeting of the General Court and hear the Petitioners upon the subject matter of their Petition and that they take such measures as shall appear to them most salutary to Restore to the Third Regiment in the County of Worcester that Peace & Harmony which is necessary at all times and more especially at this time, when the aid of every member of this Community is needed to repel the force of our enemies. The said Committee to make a Report of their doings herein on the Second day of the next Session of the General Court.

REPORT OF THE COMMITTEE.

The Committee of both Houses appointed at the last Session of the General Court to repair to the Town of Mendon to hear a number of Petitioners on the subject matter of their Petition, Having attended to that service Beg leave to Report.

Notice being given to the Petitioners and all others concerned in the Regiment of our appointment and the Order of Court respecting the same, two Committees from the Company in the Town of Uxbridge and a Committee from each of the other seven companies in the Regiment were pres-

ent before your Committee and were severally heard fully; after which it appeared to your Committee that six of said Companies and, at least, one half of the Company in Uxbridge appeared much dissatisfied with y^e appointment of Mr. Joseph Chapin for Lieut. Colonel and Mr. Caleb Whiting for Second Major in said Regiment, who were recommended without the knowledge and contrary to the inclination of said Regiment.

The Officers had met and agreed to recommend Capt. Nathan Tyler for Lieut. Col. & Ezra Whiting Esq. for Second Major, which they appeared to be highly in favor of. The other part of the Company in Uxbridge appeared well pleased with the appointment of Messrs. Chapin and Whiting and doubtless will be uneasy should their appointment be superseded. The remaining eighth company, being the South Company in Douglass, it appeared to your Committee that they were somewhat divided but not strenuous. This being the state of the facts, as near as your Committee have been able to collect and there being more than seven to one dissatisfied with the present appointment of Lt. Col. and 2d Major, your Committee are humbly of opinion that the most likely method to restore harmony to the Regiment will be to indulge the petitioners with a new appointment of Lt. Col. and 2d Major agreeable to their request, and in case that part of the Company in Uxbridge who are against a new appointment, should renew their request to be joined to the Regiment to which Sutton belongs, that they be indulged in that request and be joined accordingly.

All which is humbly submitted

From Barry's History of Massachusetts, Vol. 3, p. 122, we learn that from June 10th to the 17th, privateers from Marblehead and elsewhere, had captured four or five transport ships, from England and Scotland, each having on board from eighty to one hundred Highlanders. Soon after this we find some Highlanders were sent to Mendon on parole, and, quite probably, they were a portion of those who had recently been captured at sea, as there had been no battle on the land where they could have been made prisoners.

The following extracts from the Massachusetts Archives and

Letters will furnish, if nothing more, an amusing account of their stay in Mendon:

Each officer to be accountable for the conduct of his servant.

MENDON 20th. of August 1776.

SIR,

Soon after the arrival of the Scotch Officers to this Town, pursuant to the Orders of the Hon^{ble} Board, we wrote a few lines to your Honor requesting a solution of certain questions relative to the manner of conducting ourselves with Regard to said Officers and their Servants. One of the Selectmen was ordered to sign said Letter in the name of the rest, but, it seems, inadvertently omitted it, and which, we suppose might be the reason of our not being favoured with an answer, and by way of excuse that we were not apprized of the abovementioned omission (at least most of us) till a few hours ago. And as the same difficulty still remains on our minds we are under a Necessity of troubling your Honor with another Epistle on the subject.

As we observed in our former Letter there are two large Roads pass through this Town, one leading from Worcester to Providence R. I., the other from New York and Connecticut to Boston. The latter of these has for many years been called the Middle Post Road. Now these Officers, at least some of them, are desirous of boarding in the center of the Town, where these roads intersect each other. The Selectmen were not willing to gratify them in this request, thinking it would not be altogether agreeable to the Spirit of the Resolves of Congress. The Officers take it as an abridgement of the Liberty granted them and insist that have a right to board where they like, in any part of the town. We beg to be instructed in this matter. Another difficulty has arisen with regard to these Officers. Servants or Waiters. They have brought five men servants and two women, wives, they say, to two of their men servants. The Resolves of Congress

make no provision for Servants, nor did your Honor mention anything concerning them in your Letter to the Selectmen. The officers refuse to pay for their board and we cannot find any one willing to trust to any other pay. A Difference having arisen between one of said Officers and his Servant, the Officer has left the house where he used to board and left his servant behind, refusing to pay his board. The Entertainer, to secure his pay, detains the Officer's Trunk and part of his clothing. We must entreat your Honor to explain our Duty to us in these matters.

We are, with the greatest, your Honor's most Obedient, humble servant,

PETER PENNIMAN, in the Name and by
Order of the Selectmen.

This letter was undoubtedly directed to John Lowell, Dep. Sec. P. T. of the Council. Rec. Council Papers, (Mass Archives) vol. 165, p. 143.

The following order was passed upon the reception of a letter (the first one lost) from the Selectmen of Mendon.

Council Chamber, Aug. 23, 1776.

The Board thinking it proper that the Officers, viz: Colin McKenzie, Capt., Colin McKenzie, Lieut., Peter Frazer, Ensign, and Colin McKenzie, Alexr. McTearish, Dugald Campbell and Donald McBean, Volunteers, with their Servants, Prisoners of War, who were sent to the Town of Mendon, in the County of Worcester, should be removed to the Town of Grafton in said County.

Ordered that the Sheriff of the aforesaid County be directed, Immediately, to remove the said Officers and their Servants, except the one who has been dismissed, to the said Town of Grafton and deliver them to the care of the Committee of Safety and Inspection; and he is further Ordered to deliver to said Officers their Parole for their residence in Mendon upon their signing a like Parole for their tarrying in Grafton.

For some reason, which does not appear, the order failed to reach the Sheriff, as will appear by the following:

MENDON NOV. 13. 1776.

Sir,

The Committee of Correspondence &c. of the Town of Mendon have recd. a Letter from the Hon^{ble} Council of this State informing us that they have ordered your Honor to remove all the Prisoners in Mendon to the Town of Grafton, and the Committee have been waiting impatiently for their removal, for the following reasons, that is that they have got acquainted with all parts of the town, or the people in all parts of it; and some persons in said town, seem to favour their cause, and further persons from different Neighboring Towns come lurking round them, for what reason we are not able, at this time, to assign, but we believe for no good intent,

and we think it best for the Good and Safety of the State that they be removed from this Town immediately, to some other Town. In so doing you will oblige yrs, &c.

To the Hon^{ble} Council of the State of Massachusetts Bay:

I send you Inclosed a letter I received from the Committee of Correspondence &c. &c. of the Town of Mendon wherein your Honors may observe that they Inform me that your Honors have Informed them, by a letter, that you have ordered me to remove the Prisoners in Mendon &c.

Rec. Council Papers (Mass. Ar.) vol. 166, p. 12.

Gentlemen

I take the liberty of appealing to your justice from the Ignorance and Brutality of the Committee and Selectmen of this Town which have reduced the British Prisoners on their Parole here to a situation which (to borrow an expression of your late proclamation) is less a favor than the Grave. Notwithstanding our utmost endeavours to live on good terms with the people we have been constantly insulted from the very day of our arrival. Their threats of Assassination we have overlooked as the least considerable in the whole Catalogue of our Grievances, the idea of Death being familiar to Soldiers. We have been restricted to houses unfit to provide for us and to bounds far narrower than those prescribed by Congress. I do not mean to involve all the Inhabitants in an indiscriminate censure. Some few there are of a more ingenuous nature, but they must be cautious of showing any symptoms of sympathy, unless they choose to be branded as Enemies of America. It is the conduct of our Prosecutors which militates, in every view, against the cause they pretend to support.

One of our Gentlemen was sent to jail the other day for saying, if he was clear of his parole and at the head of a thousand Tories and four hundred Highlanders that he thought he could force his way to a sea port; and even this expression (which never can be construed into a breach of his parole) he was provoked to by the most indecent reflections on the British Troops. Two soldiers were imprisoned at the same time for Crimes too trifling to be mentioned. Another of our Gentlemen had a narrow escape, having been accused of saying that he held fast his integrity and I was on

the Brink of being brought to Trouble for threatening to set the *North River on Fire*. Such are our judges! May they never be so judged.

A jail, such as the British jail at Quebec has been described to me by American prisoners, who have passed some time there, were a welcome Asylum to the miseries we feel; but Worcester Jail is only another name for Horror! A wretched pittance of the most wretched provisions, a total want of fire, bedding and every other comfort and deprivation, in some degree, of the blessed light of heaven, constitute only the most tolerable part of the accumulated calamities of those unhappy men who are on the Brink of falling victims to Barbarity in that Mansion of Despair. Reflect, Gentlemen, how hard such usage as we meet must bear on men fostered in the bosom of British Liberty. That you are ignorant of our sufferings, I firmly believe, nor is it to be supposed you could bear the thoughts of addressing the All Seeing Deity, on the approaching occasion* under the consciousness of so enormous a Breach of the Laws of God and Dictates of Humanity! We seek not to interest your passions—we implore not your Pity, but we appeal to your Justice—from that we expect an immediate alleviation of our Hardships.

I have the Honor to be with all due Respect,
Gentlemen

Your most obedient and most humble Servant,

COLIN MCKENZIE, Capt.
in the 71st Regt Foot.

Mendon, Nov. 3, 1776. The Pres. & Council.

Memorandum Rec^d by the Ticonderoga Post, Dec. 16, 1776.

STATE OF MASSACHUSETTS BAY,
Council Chamber, Dec. 17, 1776.

Ordered that the Secretary be and he is hereby directed to serve the Selectmen and Committee of Correspondence &c. for the Town of Mendon, with an attested copy of a letter, now before the Board, signed by Colin McKenzie, Captain in the 71st Reg. of Foot dated Dec. 3, 1776 and also a Copy of this Order, and said Selectmen and Committee are hereby directed, immediately, to make answer to this Board to the contents of said Letter.

Although nothing was found in the State Archives at Boston of the doings of the Council upon the appearance of the Selectmen and the Committee, still it is presumed a hearing was had, as may be inferred by the following letter.

Rec. Council papers, vol. 166, p. 170.

Gentlemen,

I yesterday received the Honour of your Letter of the 17th. and it is with pleasure I acknowledge the ready Condescension with which you have considered my complaint against the Selectmen and Committee

*Thanksgiving.

of this place. I might have greatly swelled the charge, by informing you of their confining, without any cause, the Master of a Transport* who came here to visit us, and sending him to Boston, under a Guard of their own Members, after having extorted money from him by threatening to commit him to Worcester Jail; of their searching the country, in the genuine spirit of the Inquisition, for Women whom they might persuade to swear a Rape against us; of their assaulting our Lodgings at Midnight with a Mob; of their obliging us to quit a house in which we were civilly treated for that of a Man whom they knew to be of an infamous character as well as to have constantly discovered a particular Inveterancy against us.

These and some further particulars of the same kind I might have enumerated, as well as added many aggravating circumstances; but I confined myself to what I judged sufficient to engage your Interposition in our Favour, and which we seem already to have experienced the good effects, for we have lately been Enlarged from close confinement to which we had been hauled away from our Lodging in the Night Time without any reason assigned for such usage. We have also obtained a privilege of which we apprehend neither the Congress nor you ever thought of depriving us, that of choosing our own Lodgings in which we have yet met no disturbance, so that, if the Selectmen and Committee abstain from further Injuries we are willing to forget the past.

Indeed I never meant to enter into any contest with such unreasonable Men, much less to trouble you with calling to an Account Men who seem not to have been designed by Nature for accountable beings. Some of the Excesses, they would have us believe, they were compelled to by the Inhabitants, but this wretched Apology of those unhappy men, is flatly contradicted by the respectable part of the Inhabitants, who entertain too great contempt for their Meanness and Incapacity to countenance their Proceedings. That men of their own stamp should concur in their Enormities is natural enough.

I now take the liberty of soliciting your Honorable Boards Approbation and concurrence upon a proposal which has just been made to me from Capt. Simeon Thayer of the Continental Troops, now on his Parole at Providence, of an exchange betwixt him and me. And that you may have no further Trouble in the Transaction I beg leave to propose that I may be permitted to go to Rhode Island, on my parole, in order to conclude it. If an exchange cannot be effected, my next wish is to be sent to Rhode Island, New York or Halifax, on the same terms on which so many American Officers have been dismissed by our Generals. Your extending this indulgence to the rest of the Gentlemen will be an additional obligation on all of us particularly on

Gentlemen

Your much obliged humble Servant,

COLIN MCKENZIE, Capt. 17th Regt. Foot.

The following extract from the "Record of the Boston Committee of Correspondence, Inspection and Safety, May to Nov. 1776," now (April, 1880,) being published in the N. E. His. and Gen. Register, will, at least, settle the matter that Hugh Walker and the Master of the Transport, mentioned in Capt. McKenzie's letter, was the same person.

Boston Com. of Correspondence &c. p. 58.

"The Committee of Correspondence, Inspection and Safety for the Town of Mendon, acquaints this Committee by a *printing* on file, that they had sent one Hugh Walker to this Town, who was taken up at Mendon as a Stroller & corresponding with Capt. McKenzie, an officer placed in that Town on Parole—and they pray that proper care may be taken of him by this Committee.

Mr. Thomas directed to order said Walker's attendance to-morrow Evening at this place.

At a Meeting of the Committee of Correspondence, Inspection and Safety, at the Council Chamber, September 24th.

Mr. Hugh Walker attended according to order, and, being inquired of respecting his business at Mendon; he assured the Committee that his being in that Town was in order to settle an Account and receive a balance to him from Capt. McKenzie. Mr. Walker was dismissed, being *first* cautioned against leaving this town without a *permit* for his doing it being obtained from this Committee."

JOHN AVERY, Depy. Sec.

STATE OF MASSACHUSETTS,

COUNCIL CHAMBER, Apr. 16, 1777.

Ordered that Capt. Colin McKenzie be and he is hereby permitted to go to New York to procure the Liberation of Capt. John Johnson in the service of the United States of America, detained a prisoner aforesaid, Giving his Parole and engaging to do all in his power to obtain the exchange or return himself within five weeks from the date hereof. Said Capt. McKenzie to go with Capt. Thomas Jenner Carnes to the Lines at or near New York.

STATE OF MASSACHUSETTS BAY,

COUNCIL CHAMBER, April 16, 1777.

I, Colin McKenzie, Captain of a Company in the 71st Regiment of Foot, a prisoner, being permitted to depart this State, by the Hon^{ble} Council to

go to New York to procure the exchange of John Johnson, Captain in the service of the United States, giving my Parole of Honor and engaging to do all in my power to procure the liberation of said Johnson, if he is yet detained as a prisoner in New York, if not, and he is already exchanged, I promise upon my Honor to procure the liberation of some other officer of equal rank with myself, or will return within the term of five weeks from the date hereof, and that I will not directly or indirectly give any intelligence whatever to the Enemies of the United States, or do or say any thing in opposition to or in prejudice of the Measures and proceedings of any Congress or Assemblies for the said States during the present war or until I am duly discharged.

COLIN MCKENZIE, Capt. 71s. Regt. British.

Wm. Greenleaf, Jr.

STATE OF MASSACHUSETTS BAY,

COUNCIL CHAMBER, Apr 16, 1777.

Ordered that the Sheriff of the County of Suffolk be and he is hereby directed to take into custody and safely keep the body of Colin McKenzie, now a prisoner in this State and upon his parole of Honor, so that he may be had before this Board tomorrow morning at ten o'clock to answer for his conduct.

It is presumed that the Colin McKenzie who was ordered under arrest by the Sheriff of Suffolk County, to be produced before the Council the next day at ten o'clock in the forenoon, was the Colin McKenzie, Captain, who had just given his parole in the Council Chamber. Something had come to the knowledge of the Council, after the acceptance of his parole, which led to the order for his arrest.

What became of the matter, or how long any of the prisoners remained at Mendon is not known.

March 3. Chose for Selectmen, Edward Rawson, Esq., Lieut. Seth Nelson, Jonathan Cass, Maj. Joseph Daniels and Moses Chapin; Town Clerk and Treasurer, Joseph Dorr, Esq.; Samuel Fairbanks, Eben'r. Sumner and Seth Taft, Jr., for Constables; Committee of Correspondence, Edward Rawson, Esq., Capt. Samuel Warren, Ens. Henry Benson, Maj. Joseph Daniels and Ebenezer Holbrook. Deer Reeves and Wardens still chosen.

Voted that each military company shall have the disposal of the fines incurred during the late levy. From this it would seem that there had been a draft, and that the service required could be commuted by the payment of a fine.

At this meeting it was voted to grant every non-commissioned officer and soldier who shall voluntarily enlist into the Continental service, for the defence of the American States, the sum of £12 until the town's quota be completed.

Voted that Capt. John Tyler, Capt. Peter Penniman, Capt. Samuel Warren, Mr. Henry Benson, Lieut. Seth Nelson, Mr. James Sumner and Lieut. Philip Ammidown be a committee "to inquire what persons in the town have done more than their proportion towards the War and make an average between them and those who have done less. And that said Committee use their utmost endeavours to Inlist soldiers into the Continental Service upon the additional encouragement voted by the town."

March 12. Voted that the Selectmen borrow £12 for each man who shall enlist to make up the town's quota in the Continental Army, and to pay that sum upon their passing muster, and take their receipt for the same.

Voted to pay the Soldiers that marched in the Militia to New York, in the month of September last (1776) for two months and eight days, at the rate of 20s. per month, and the Selectmen to borrow the money.

March 17. Voted to pay Henry Benson for *extraordinary* services on the Committee of Correspondence for 1776, £2.07.07.

March 31. It seems recruiting went on a slow pace, as, at a town meeting held this day, it was voted to add £18 per man to the £12 already granted to encourage soldiers to enlist into the Continental service for three years or during the war.

Voted that the Militia officers be desired to convene their respective companies, and to do all in their power to promote the enlistment of their men.

In the olden time, before vaccination had been introduced, hospitals would be opened for inoculation for the small-pox. At this time Dr. Samuel Willard, of Uxbridge, and his brother, Dr. Levi Willard, of Mendon, had opened a hospital in Mendon, located, as learned from tradition, a little way north from the house of Thomas J. Nugent. It seems, however, the town was averse to a *pest house*, as the hospital was called, and at this meeting it was

Voted "that the Inoculating Hospital carried on by Dr. Samuel Willard and Dr. Levi Willard be immediately discontin-

ued," and to make the matter sure, voted not to have an inoculating hospital.

May 23. Lieut. Seth Nelson and Capt. John Tyler were chosen Representatives to the General Court.

The second article in the warrant for this meeting reads as follows, viz:—

"To choose by ballot some meet person, who is firmly attached to the American Cause to procure and lay before the Court (described in An Act, entitled an Act for securing this and the other United States, against the Dangers to which they are exposed by the Internal Enemies thereof) the evidence that may be had of the Enemical Disposition toward this army of the United States, of any Inhabitant of this town who shall be charged by the Freeholders and other Inhabitants of said Town, in manner mentioned in said Act, of their being persons whose Residence in this State is dangerous to the public Peace and Safety."

Under this article Maj. Joseph Daniels was chosen by ballot, as the *meet* person to procure evidence, if any there be, to lay before the Special Court of Sessions.

At this time we find the first *recorded* petition for a town meeting, praying the town to put a stop to any further inoculating for the small-pox in the Widow Rachel Taft's house; to prevent any who may have been inoculated from being kept in any other house in town except the Pest House and to put a stop to any one frequenting the Pest House except on *particular* business. At the town meeting the prayer of the petition was granted.

At a town meeting June 30, the second article in the warrant was in these words: "To choose 3, 5 or 7 persons to be put under oath to Prosecute all Breaches of the Acts, made by authority of the State, for Preventing Monopoly and Oppression that shall come to their knowledge."

Upon this article the town voted "to suspend action for the present."

The town again voted they would not have a work house.

Sept. 1. Voted that Joseph Dorr, Esq., Capt. John Tyler, Coroner James Sumner, Mr. Aaron Everett and Capt. Gershom Nelson be a committee to draft a petition to the General Court to give reasons why the town should not be held to raise an addition of men to those raised for one-seventh part of the militia last summer, 1776.

At the time of the call for one-seventh of the militia in 1776, there were four companies in Mendon, commanded respectively by Captains John Albee, William Jennison, Joseph Daniels and Gershom Nelson, and numbering one hundred and sixty-three men. One-seventh of this number is twenty-three, and which number, it is supposed, had been duly mustered into the service.

Sept. 15. Voted to raise £2,000 to pay the soldiers and other town charges for the present year.

Voted to raise £60 for schooling, exclusive of the interest of the school bonds.

Voted to allow Capt. John Tyler £1 for his expenses for two journeys, viz:—One to Worcester and one to Watertown on account of the British prisoners.

Nov. 24. Voted, as the minds of the town, that the late act of the General Court for calling in the State money and issuing Treasury notes on interest ought to be repealed; and Maj. Daniels, Ens. Pelatiah Darling, Lieut. Joseph Johnson, Mr. Nehemiah Nelson and Mr. Samuel Fairbanks were instructed to draw up a remonstrance against said act, and present the same to the General Court.

Chose Capt. John Albee, Lieut. Seth Thayer, Mr. John Benson, Mr. Samuel Fairbanks and Mr. Ebenezer Read to provide for the families of the officers and soldiers now in the army.

Voted to raise £600, in addition to the sum already raised, for the disbursement of town charges.

MENDON SOLDIERS.

The following are the names of Mendon men who enlisted for three years. Second Company (Mill River) 19:

Joseph Passmore	James Battles	Amariah Albee
Joel Thayer	Henry Nelson	Boyce Kimball
Phineas Tanner?	Isaac Chapin	Eben ^r Thompson
John Brown	Jona ^a Whitney	Oliver Chapin
Wm. Lesure	Josiah Chapin	Simeon Smith
Stephen Lesure	John Hayward	Silas Brown
	David or Daniel Cutler.	

Note. The above said Oliver Chapin is one of Gen Washington's Life Guards, and the above said Simeon Smith is in the Corps of Artillery under Lieut. Thomas Bailey.

The following men enlisted in the cavalry: Ezra Marshall, Elijah Stodder, Wm. Taylor, Noah Smith, Thomas Goodwin, Thomas Welch, Jack Allen, Joshua Dix or Dise, and Eben^r Wheelock.

On the roster containing the above names is the following entry: "John or Jacob East, seaman, taken prisoner in the Vixen and brought into Boston 1777."

On another roster, the following names are found, being "the names of men whose terms of service will expire in 1780, viz:—Benj. Hayward, Gustavus Aldrich, John Albee, Levi Darling, Peter Darling, Jona. Boyce, Jabez Albee or Allen, and Wm. Phillips."

1778. Jan. 6. Maj. Joseph Daniels, Joseph Dorr, Esq., Coroner James Sumner, Mr. Joseph Benson, Jr., and Edward Rawson, Esq., were chosen a Committee to instruct each of the Representatives in the General Court, in regard to each article in the Confederation proposed by Congress, and sent by the General Court to each town in the State; and report to the town at the adjournment of this meeting.

At the adjournment of the meeting held Jan. 12, the Committee probably made a report although none appears on the record.

The town then voted to approve the thirteen articles of Confederation proposed to the United States for a perpetual Union, and also of eight resolves passed in Congress. The Representatives were instructed to vote for the articles whenever they came up in the General Court, and the Clerk was directed to furnish each Representative with a copy of this vote.

Voted that the town would assess themselves with their proportion of the £400,000 voted by the General Court, and the Assessors were directed to assess the same forthwith. Instead of £400,000 the sum raised, as may be seen in a foot note in Barry's History of Massachusetts vol. 3, p. 147, was £314,526.01.09 of which sum £8883.07.06 was appropriated to pay the Representatives to the General Court for 1776.

Valuations vol. 161, p. 158, Mass. Ar.

Worcester ss. 11th Feb. 1778.

I certify that the above named Selectmen of Mendon for the year 1776, previous to making the above Return of the Number of Male Inhabitants in said Town of Mendon which were Sixteen years old and upwards on the first day of January 1777, personally appeared and made oath, that in the performance of said trust they acted with faithfulness and impartiality, and that the foregoing Return, according to the best of their knowledge contained a true account of the number of Male Inhabitants in said Town which were Sixteen years old on the first day of Jan. 1777.

JOSEPH DORR, Justice of the Peace.

March 2. Chose for Selectmen Joseph Dorr, Esq., Dea. John Chapin, Mr. Stephen Benson, Mr. John Penniman and Mr. Ichabod Thayer, Jr.; for Town Clerk and Treasurer, Joseph Dorr, Esq.; Constables, Levi Rawson, Jonathan Jones and Ens. Peletiah Darling. Dea. Josiah Adams was chose Grand Juryman.

March 16. Voted that the Assessors and those chosen to assist them in taking the valuation should have 10s. per day.

Voted not to build a Work House, but to hire one, and chose Maj. Joseph Daniels, Capt. Samuel Warren and Mr. James Blake, Overseers of the Poor. This is the first election of Overseers of the Poor, the Wardens, heretofore, performing that duty.

Maj. Daniels, Capt. Warren and Mr. James Blake were chosen a Committee to provide for the families of the Continental soldiers that went out of this town.

By the following vote we shall learn that, at this time, Mendon had *seventy-five* men, in *actual service*, in the Continental army.

Voted to procure one pair of shoes, one pair of stockings and one shirt for each Continental soldier for this town, viz: 75 pairs of shoes, 75 pairs of stockings and 75 shirts, and then voted to double the number of shirts and stockings.

Lient. Philip Ammidown, Mr. Josiah Wheelock and Mr. John Benson were chosen a Committee to procure the aforesaid articles and bring in their account to the Selectmen who were instructed to allow and pay the same.

The shirts were to be made of good tow cloth, whitened, seven-eighths in width, three and one half yards in a shirt. The stockings to be made of good large size white yarn and well knit. The shoes to be made of good neat leather and soles of well tanned leather with straps for buckles. The articles were to be got ready by April 1, and the Committee was to agree with some one to convey them to the soldiers.

Mass. Arch. Rec. and Miscel', vol. 141, p. 232.

May 1, 1779, the following account of the town of Mendon for supplies was allowed and paid to the Selectmen, viz:

75 Shirts at 43s.....	£161.05.00
75 Prs. of Shoes at 48s	180.00.00
75 " " Stockings at 33s.....	123.15.00
40 Miles transportation.....	6.00.00
	Total £471.00.00

Received for by JOSEPH DORR.

Nov. 26, 1779. The following account was directed to be paid, viz:

75 Shirts	at 120s.	£450.00.00
75 Prs. Shoes	“ 144s.	540.00.00
75 “ Stockings	“ 80s	292.00.00
12 Miles transportation		15.00.00
Allowed Selectmen		33.00.00
			£1330.00.00

It is presumed that the difference in price of the same articles from May to November was the rate of the depreciation of the Continental currency between the two periods.

April 13. The steel belonging to the town was sold this day by public auction to Capt. Philip Paine at 8s. 6d. per lb. Capt. Paine, it is presumed, lived at Woonsocket, as he was taxed in Rhode Island.

At the same time the town voted that they would not insist on his paying a tax for £800 in this town for which he is taxed in Providence, R. I.

The subject of a Hospital for Small-pox was again brought up for consideration, but the town adhered to their former refusal.

May 11. Joseph Dorr, Esq., James Sumner, Peletiah Darling, Edward Rawson, Esq., Samuel Jones, James Lovett, Aaron Everett, Nehemiah Nelson and Levi Aldrich were chosen a Committee to make an estimate of the service of all the men who have *done a Tour in the War*, since the commencement thereof.

Capt. Samuel Craggin, Nelson and Penniman, Samuel Green, Levi Aldrich, Samuel Warren, John Tyler, and Lieuts. Seth Nelson and Abraham Staples were chosen a Committee to hire the several quotas of men the town may be called to furnish from time to time.

Voted that the Selectmen be authorized to borrow money to supply said committee in the town's behalf.

Voted to raise £2000 to defray town charges and that the same be assessed immediately.

May 21. A meeting of the male inhabitants, twenty-one years of age and being free, was held this day to take into consideration the draft of a constitution which had been framed by the General Court of May 28, 1777. At a previous meeting a committee, of which Joseph Dorr, Esq., was Chairman, was chosen to consider the subject and report to the town at the May meeting.

The report of the committee having been read, but of which

no copy is found, the Moderator, Edward Rawson, Esq., took a vote on the Constitution, as follows: "Those members of the meeting who approve the Constitution or form of Government are desired to repair to the west end of the Meeting House, and those who do not approve of the Constitution or Form of Government are desired to move to the east end of the Meeting House;" and upon counting the members upon each side it appeared there were two members who approved and fifty-seven who disapproved said Constitution.

Voted that the Town Clerk attest the report of the committee, and that the same be sent to the General Court, that the Court may be informed in what particulars the town dislike said Constitution. Just what the town's objections were we have, at this day, no means of knowing, as the Town Clerk (Joseph Dorr, Esq., and who was also chairman of the committee, and very probably drew up the report) failed to enter it in the record of the meeting. In this regard the Town Clerks of later days are, in most cases, equally at fault. The reading of the report served its purpose at the time, but, considering the subject and the ability of its probable author, it would undoubtedly have been an interesting document for the reader of the present day.

May 21. Edward Rawson, Esq., was chosen this day Representative to the General Court.

Voted to raise £15,000, including £2,000 raised before for town charges, and £300 for schools. These sums were undoubtedly in the depreciated Continental currency of the day.

Chose Capt. John Albee, Deacon Albee (supposed Gideon) and James Sumner a committee to look up the matter of Puffer's land and grist mill.

It will be remembered that there was an original grant of fifty acres of land to Benjamin Albee, his heirs and assigns, provided he or they should always keep up a grist mill for the town's use. The probability is, that at this time the present owner had let the mill fall out of repair, and hence the present action of the town.

Sept. 21. Voted to accept the estimate and average last prepared by the committee, of the time served by the soldiers in the war, &c.

Dec. 16. Voted that the committee who formed the last aver-

age of the services done (by the soldiers) and money paid by individuals since the commencement of the present war be ordered to furnish the several [Constables] in the town with a list of the names of all the persons who are entitled to receive their part of the estimate or average and what part each individual is to receive.

Voted that the Constables [collectors also] in the town be and they are hereby directed to pay each individual or order the sums set against their names respectively in said lists delivered to them by the committee.

Voted that the Selectmen purchase what guns the town is allowed to purchase of the Board of War and sell them to the inhabitants, but not more than one gun to any one man.

THE TORIES.

For the better understanding of the following petition, it should be stated that the British were in possession of Newport, in Rhode Island, and, without doubt, there were some persons in the towns adjacent to Rhode Island who still remained loyal to the British Crown, and, when occasion offered, might sometimes furnish aid and comfort to their friends. We believe, however, that there were but few in Mendon, as tradition has brought down the names of only one or two who were suspected of dealing with the enemy.

Rev. Petitions, Vol. 184, p. 338.

To the Honorable the Council and House of Representatives of the State of Massachusetts Bay in General Court assembled.

We the subscribers, Committees of Correspondence, Inspection and Safety of the Towns of Mendon, Hopkinton and Holliston, Beg leave to represent to your Honors that, in the course of their Inspection they have conceived strong suspicions that sundry persons (either Inimically disposed to the Freedom of the United States, or who, for the sake of Aggrandizing themselves with a little Sordid gain, tho' perhaps, at the expense of their own and their Country's Freedom) have, in a Traitorous, Clandestine manner (as we have reason to fear) carried on a Commercial Correspondence with our most cruel, Insidious and Merciless Enemies, by purchasing and Conveying, all the Necessaries of life that lie in their power, to the Towns and places near Rhode Island, and other parts of this State, which, we have too much reason to fear are conveyed from thence to our Cruel and Merciless Invaders, thereby not only encouraging and Feeding those who are, by every artifice and low cunning in their power, endeavouring to

carry Fire and Sword into the Bowels of these Infant States, but, as we fear will, if not speedily prevented, prove very distressful, if not destructive to the good people of this State, not only by advancing the price of provisions at an enormous Rate, but, in our opinion, Highly Threatens Poverty and Famine to the good people of this State.

Whereupon your Informants have been frequently called upon, by well Affected Persons and by their own observation to exert themselves in their capacity to the utmost of their Power to put a stop to such pernicious practices. But upon due examination of the Resolutions of the Legislature of this State thereon, cannot find the Laws of this State do afford your Informants sufficient Support therefor; Wherefore as friends to our much injured and bleeding Country whose Distress loudly calls on all her Friends and Servants to use every precaution in their Power to save her from Impending Ruin, and, as we esteem Freedom far Superior to any other earthly enjoyment, we do now appeal to your Honors as the Chief Guardians (next under Heaven) of our Liberties and privileges and in whose hand are intrusted the most weighty affairs of State, Humbly Pray your Honors would take this Information into Consideration and enact such laws or give such directions to your Informants and others in like capacity as your Honors in your great wisdom shall judge proper to prevent such Dangerous practices from being carried any Further into Execution, and your Informants as in Duty bound shall ever pray.

This petition, it appears was referred by the General Court to a committee, who made the following report:

BOSTON Feb. 1778.

The Committee on the Petition of Jacob Gibbs and others, Beg leave to Report that it is their opinion that a bill should be brought in to prevent the carrying on a Commercial Correspondence with persons inimical to the United States. It is our opinion that no person or persons should have liberty to purchase any of the necessaries of life in any Town within this State without first obtaining a Certificate from the Selectmen or Committees of Correspondence, Inspection and Safety of the Town to which they belong that they are Persons Friendly Disposed to the United States.

(Warrant drawn.)

It seems the town had some doubts whether the estimate and average which had been made, of money advanced and personal service rendered, could be maintained by existing laws and hence they petitioned the General Court to recognize their doings as valid and legal.

Rev. Petitions vol. 184, p. 269.

To the Hon^{ble} the Council and the Hon^{ble} House of Representatives of the State of Massachusetts Bay in Gen. Court Assembled.

The Petition of us the Subscribers, Selectmen of Mendon Shews,

That the said Town of Mendon having considered that many of its Inhabitants, who, in the course of the present war, have been called forth as

Soldiers into the service of this and the other United States, and have, in conjunction with others, been exposed to great Perils, fatigues and Hardships and performed great and Essential services for their Country, whose wages and pay (by Reason of the advanced price of the various Articles of Commerce, especially of the Necessaries of Life) have fallen far short of an adequate reward.

The town having considered further the great Inconveniences and unequal Burthens that many Individuals have been subjected to by being drafted to serve in the War, especially, in some instances, where heads of families have been drafted and obliged to procure others to serve for them, or to be considered Soldiers themselves; which reduced them to the unhappy alternative either of leaving their families or of giving an exorbitant sum demanded of them to hire others to serve in their stead.

To prevent which Inconveniences the Town came to a Resolution that all Men that should be sent for in future and ordered into the service as the Town's quota of Soldiers should be hired at the expense of the Town, by a Committee appointed for that purpose.

But it was perceived that from this Measure another Inconvenience would result viz That those who had done already more than their proportion either in personal service or by their money would be involved, in common with others, in supporting the expense.

To the Intent therefor, that the Burden of War should bear as nearly as possible, with equal Weight on all the Inhabitants, the Town, at a regular meeting for that purpose on the 11th day of May last, appointed a Committee to consider of and Estimate the services of all who had done duty in the war since the commencement thereof, either by personal service or by money, so that a tax might be granted and levied in order that those who had done more than their proportion might receive an equivalent for their service and those who had been deficient might be brought upon an average.

Said Committee have carefully attended to the subject, have made an Estimate or Average of said services and Reported the same to the town which Estimate was, at a meeting on the 21st day of September last accepted by the Town, and at said Meeting a Tax was granted to be levied on the Inhabitants of the Town for the payment of the same.

But inasmuch as Doubts have arisen whether said Estimate or Average falls fully within the Intent and Meaning of the Resolve of the General Assembly for enabling Towns to grant money to tax themselves for hiring Soldiers to carry on the war, and to prevent any Disputes or Difficulties that might otherwise arise in collecting said Tax, the Town thought it convenient that application should be made to the Great and General Court to establish the doings of said meeting, and have directed us, the Selectmen of said Town to make application accordingly.

We Therefore, the said Selectmen, in behalf of said Town, Pray that your Honors would take the matter into your wise Consideration, and would be pleased to confirm and Establish the Doings of said Town at

their meeting on the said 21st day of September last, relative to said Estimate and the Tax granted to pay the same.

And in Duty bound shall ever pray.

JOHN PENNIMAN

Mendon Oct. 14. 1778.

MENDON SOLDIERS.

Although the rosters in the State Archives make no mention of Mendon soldiers in the year 1776, the Town Records attest that during that year there were many persons from Mendon in the army. During the year indicated there were two special calls for troops, one for New York and one for the Northern Army, to both of which the Town Records show Mendon responded.

For 1778 the rosters give the names of eight and nine months' men, and also of those serving during the war, but of these last, it is not certain whether they enlisted in the army in 1778 or before that time.

The following are set down as nine months' men for the Rhode Island service, viz:—

John Brown	John Howard*	Abijah Legg
Joseph Chapin*	Samuel Holden	Ezra Haskell*
Isaac Chapin	Boyce Kimball	Elijah Stodder*
David Cutler	David Legg	Jared Smith
Zelek Darling	Nathan Legg	Eben ^r Thompson
Laban Fairbanks	Wm. Lesure	Benj. White.

The following are also nine months' men, without designation as to their place of service, probably to reinforce the Northern Army:

Calvin Smith	Darius Holbrook	Jona ⁿ Pickering
Wm. Foster	Asa Albee	Artemas Cheney
Moses Lovett	Caleb Holbrook	John Dewing
John Torrey	Jona ⁿ Kimball	Wm. Cutting
Joel Legg	John Pickering.	

The following are eight months' men, and were *drafted*:

Levi Darling	Joel Aldrich	John Phipps
Jesse Darling	Thomas Taft	John Wilson.

The following are the names of those who had enlisted for service during the war:

*Dead in Service.

Gustavus Aldrich	Benj. Hayward	Jonathan Rawson
Jona ^a Boyce	Nathan Jackson	Samuel Ramsdell
Silas Brown	John Martindell	Jona ^a Taft
John Clark	Henry Nelson	Joel Thayer
Aaron Davis	Amariah Partridge	Samuel Thayer
Paul Davis	Joseph Passmore	Jona ^a Whitney (killed).
	Solomon White	

Besides the foregoing, on the same page, the following names are found:

Amariah Albee, 3 yrs. dead. Oliver Chapin, Dragoons; Amariah Vose, Art. and Amasa Aldrich.

The following served as three months' men at Dorchester:

Serg. Benj. Pickering, Corp. Levi Albee, Barak Bullard, Josiah Nelson and Samuel Twiss.

The following names are set down as serving in 1778, at Rhode Island, but the time of service not stated:

Jesse Davis	Drum. George Staples	Stephen Torrey
Douglass Marsh	Silas Aldrich	Samuel Tucker
Jesse Darling	Eleazer Daniels	Joseph Torrey
Serg. Elijah Darling	Elias Jones	Jona. Holbrook
Serg. Artemas Taft	Nat Torrey	Jona. Hayward.

In the Sixth Massachusetts Regiment were the following men from Mendon, viz:—Capt. John Holden, John Clark, Jared Smith, Samuel Ramsdell, Calvin Smith and Serg. Samuel Holden? No date was given of this entry. It must have been later than 1778, as Calvin and Jared Smith both served in the nine months service of that year.

The men, who enlisted to reinforce the Northern Army, were in the company of Capt. March Chase, of Sutton.

An extract from the Rev. Council Papers, Vol. 174, p. 375, will complete the record of the year:

Boston July 13. 1778, Errors Excepted		

JOHN MARSTON.

1779. March 1. Chose for Selectmen Capt. John Tyler, Samuel Jones, Deacon Aaron Everett, Jesse Wheelock and Obadiah Wood; Joseph Dorr, Esq., Town Clerk; Peter Penniman, Town Treasurer; John Albee, Joseph Cody and Joseph Southwick, Constables. Jonathan Jones was chosen Grand Juryman.

Captains John Albee, Samuel Warren, Gershom Nelson, Levi Aldrich and Samuel Craggin were chosen a committee to revise the School Districts and report necessary alterations.

The eighth article in the warrant for this meeting was "to see if the Town would order the Selectmen or Treasurer to refuse payment of certain Notes given to certain men who engaged as part of the Town's quota for six weeks service in Rhode Island and who deserted."

Voted that the committee chosen last year to hire soldiers be a committee to report on this article.

Voted March 15. That the notes which the Selectmen gave to James Sprague and Joseph Pierce in 1778, for engaging as part of the town's quota for the *six weeks'* service in Rhode Island in August last, be not paid, and that the town will indemnify and save them harmless against any suits which may be brought against them, as these men were probably deserters. Thus we see there were bounty jumpers in y^e olden time as well as in modern times.

Voted that the Easterly Precinct (now Milford) may be set off as a separate town, there being 67 in the affirmative and 60 in the negative.

Voted not to set off the South Precinct (now Blackstone) into a separate town.

The Overseers of the Poor, Maj. Joseph Daniels, Capt. Samuel Warren and Mr. James Blake, were allowed £6 each for their services.

The Assessors were allowed 20s. per day for taking the valuation; Capt. John Tyler twenty-four days, and James Sumner and Aaron Everett eighteen days each, at 12s. per day. For assessing tax each ten days.

Allowed the Committee who formed the Average or Estimate 15s. per day each.

Nehemiah Nelson, 8 days..	£6 00 00	Aaron Everett, 8½ days..	£6 07 06
Peletiah Darling, 6½ “ ..	4 17 06	James Lovett, 7½ “ ..	5 12 06
Samuel Jones, 8½ “ ..	6 07 06	Joseph Dorr Esq. 7 “ ..	5 05 00
Levi Aldrich, 6½ “ ..	4 17 06		
			£39 07 06

The report of the above committee must have been an interesting paper, but as it was not recorded, and if filed, long since lost, we can only conjecture the value of its contents. It was plainly an effort to adjust the burdens of the war so that they should bear equally upon all.

Voted that the Selectmen shall constitute the Committee of Correspondence, Inspection and Safety for the present year.

March 22. Met by adjournment from March 15th, but there being a severe storm and few in attendance, the meeting was again adjourned to the 29th inst.

March 29. Voted to allow—

Capt. Green for going to Northbridge twice and to Providence once	£9 00 00
Capt. Tyler for going to Worcester with the Continental men....	5 10 00
Capt. Penniman do. “ “	3 00 00
The Committee for hiring men the year past.....	5 00 00
The Selectmen for 1777, <i>except John Cass</i> , £15.00.00. each	
“ “ for 1778, £7.00.00 each.	

Chose Lieut. Philip Ammidown, Abraham Jones, Daniel Taft, Samuel Fairbanks, Caleb Cheney and Moses Thayer a committee to hire soldiers the ensuing year; and the Selectmen were instructed to furnish the committee with money, if needed.

April 12. The second article in the warrant was “To see whether the town, in consideration of the People called Friends or Quakers, their paying their part of the Average or Assessment (for equalizing the cost of the war) for the year 1778, will, in case of said Quakers, should hereafter be assessed or taxed, as a Distinct body, by a Resolve of Congress or an Act of the

General Court or Assembly, towards defraying the expenses of the war prior to this day, that in such case the Town will bear an equal part with said Quakers in the payment of such Continental or State tax."

Upon this article the town voted in the affirmative.

William French, Daniel Corbett and Benjamin Boyce were chosen a committee to provide for the families of the soldiers in the service.

Capt. John Tyler, Peter Penniman and Deacon Aaron Everett were chosen a committee to confer with a committee of the Second Precinct (Milford), to see how and in what manner said Precinct shall be set off as a town.

The Second Precinct chose Jonathan Jones, Seth Nelson and Ichabod Thayer, Jr., as a Committee of Conference on their part.

May 3. The Joint Committee made the following

Precinct, then the said 2nd. Precinct shall receive and maintain them as their poor.

Article 4. That the said 2nd. Precinct pay their equal proportion of all the charges that have or shall arise within the Town of Mendon prior to their being incorporated as a separate Town, of whatever name or nature.

JONATHAN JONES	} Committee of the Second Precinct of Mendon.
SETH NELSON	
CHABOD THAYER, Jr.	

Mendon May 3, 1779.

Voted that the boundary line between the town of Mendon and the Easterly Precinct, when set off into a separate town, be the middle of the Eight Rod Road (so called) to Upton line.

June 21. Voted to raise £3000 to hire soldiers, and for other town charges.

Voted that the average money (being a tax granted to equalize the burdens of the war) be paid in by the Constables to the Town Treasurer, and the Treasurer to pay such sums as are allowed to any of the soldiers to their wives, or any part thereof as they stand in need of, taking their receipt.

TROUBLE WITH AN INFLATED CURRENCY.

Voted that the inhabitants of this town are determined, to the utmost of their power, to support the credit of the Continental currency, and are desirous to come into any salutary measures that may be adopted by the community in general for that purpose, and earnestly wish that such measures may speedily take place; and, for the present, we are resolved that no kind of produce or article of commerce shall be sold at a higher price than has hitherto been usually given for such article or produce; and that said inhabitants will exert themselves to carry into execution "An Act of this State entitled an Act against Monopoly and Forestalling;" that the practice of buying and selling silver and gold at such discount [premium?] as to disparage and lessen the credit of the Continental currency shall be effectually discouraged among us.

Voted to choose a committee of nine to see the foregoing vote and resolution put in execution, and Joseph Dorr, Esq., Capt. Gershom Nelson, Lieut. Benoni Benson, Capt. Albee, Capt. Samuel Penniman, Capt. Aldrich, Lieut. Philip Ammidown, Samuel Jones and Capt. Read were chosen as the committee.

July 28. Voted to accept the Resolves of the State Convention held at Concord, July 14, 1779.

The Convention was held at the request of the inhabitants of the town of Boston, "to take into consideration the present distressed situation of the people at large; and especially the excessive high prices of every article of consumption, and, by tracing to their causes these evils, to discover and point out the safest and best remedies."

This Convention was composed of 27 members from the county of Suffolk, 19 from Essex, 65 from Middlesex, 5 from Hampshire, 6 from Cumberland, 10 from Plymouth, 8 from Bristol and 34 from Worcester, being 174 in all. The Hon. Azor Orne, of Marblehead, was chosen President, and Mr. Samuel Ruggles, of Boston, Secretary.

This Convention fixed the *highest price* for which twenty-four of the leading articles of produce and merchandise were to be sold in the *sea ports*, and the tenth day of August was fixed as the day when the regulation should go into effect. Capt. John Tyler was the delegate from Mendon.

The Convention resolved that those who should refuse to accept its recommendations, “*under any pretense whatever*, should be held and deemed as enemies to this country, and treated as such.”

But it seems the Resolves of *this* Convention failed of their intended effect, and Capt. John Tyler was chosen a delegate to attend the Convention to be held at Concord in October next, and Dea. Aaron Everett, Capt. Peter Penniman and Mr. Jonathan Jones were chosen a committee to give him instructions.

This Convention met October 6, and by adjournment, October 14, added 110 articles to the 24 to which they had affixed the *highest prices*, at which they should be sold, in July. A few examples, with the *highest prices* attached, will answer for the whole: Indian corn or meal was to be sold not higher than £4.04s. per bushel, rye and rye meal at £5.14s., wheat flour at £80 per hundred, beef at 5s. per pound, butter at 12s. per pound, W. I. rum at £5.14s. per barrel or hogshead, per gallon, and a single gallon at £6.06s. Of this Convention, W. Spooner was President, and Thomas Lloyd Halsey, Secretary.

August 3. A County Convention was held at Worcester, “for the purpose of carrying into effect the several interesting and important measures first recommended by Congress to the inhabitants of the United States, and since to the inhabitants of this State by a Convention of their delegates at Concord, on the 14th of July last.” Col. Joseph Reed, of Lancaster, was chosen Chairman, and Capt. Phineas Upham, of Brookfield, Clerk.

This Convention, in the main, adopted the prices agreed upon by the Convention. A few new articles, however, are introduced. Lodging was to be charged not exceeding 3s. per night, West India flip, 15s. per mug, West India toddy, 15s. per bowl, New England flip or toddy, 12s. per mug or bowl, cider, 3s. per mug, &c., &c.

The third resolution of this Convention was in the following words: “Resolved, that it be recommended to each town to choose large committees in their respective towns, and, by all means, such men as have ever proved themselves the most firmly attached to the cause of liberty, to see that these resolves be *effectually* carried into effect.”

Lient. Seth Nelson was the delegate to this Convention.

May it not be safely inferred that the high prices, for everything, which ruled in 1780, was the legitimate result of a redundant paper currency, then known by the name of Continental money? Have we not reason to fear that an unlimited issue of paper money in 1880 would react to the same calamitous result which the experiment did a hundred years ago? If, in 1780, the *fiat* of Congress could not keep the Continental money at par with gold, what reason have we to believe that the *fiat* of any future Congress can float an unlimited issue of paper money, at par with gold, with the word *irredeemable* printed across its face?

Voted to choose a delegate to meet in County Convention, at Worcester, on the first Tuesday of August next, in order to regulate the price of labour, &c., and chose Lieut. Seth Nelson, delegate.

Voted to choose a committee of nine to assist the Committee of Correspondence, Inspection and Safety, to put said Resolves (resolves of the Concord Convention it is supposed) into execution. The committee chosen were Joseph Dorr, Esq., Capt. Samuel Warren, Capt. Read, Lieut. Philip Ammidown, Mr. Caleb Cheney, Lieut. John Benson, Capt. Albee, Ichabod Thayer and Asa Thompson.

Voted that three of the committee chosen above, or three of the Committee of Correspondence, Inspection and Safety, when the committee in general are not together, or cannot conveniently be called, be a quorum to act to put the Resolves into execution.

DELEGATES TO THE FIRST CONSTITUTIONAL CONVENTION.

Voted to choose two delegates to attend the Convention at Cambridge, on the 1st day of September next, for the *sole* purpose of forming a new Constitution, and the votes being brought in, sorted and counted, it appeared that Joseph Dorr, Esq., and Capt. Peter Penniman were chosen delegates.

August 30. Voted to raise £5000 to defray town charges the present year, and £600, exclusive of interest on the School bonds, for schooling.

Capt. John Tyler was chosen delegate to the Convention to be held at Concord on the first Wednesday in October next, and

Dea. Aaron Everett, Capt. Peter Penniman and Mr. Jonathan Jones were chosen a committee to give him instructions.

Voted to accept the regulations that were drawn up by the committee to be additional regulations for the town. These regulations had reference to the act against Monopoly and Fore-stalling. Through the neglect of the Clerk to record the committee's report, or its loss if put on file, we know not what the regulations were.

Oct. 27. Voted to accept the Resolves of the late Convention at Concord, Oct. 6, instant, and chose Lieut. Seth Chapin, Capt. Gershom Nelson, Capt. Levi Aldrich, Mr. Otis Whipple, Dea. John Chapin, Mr. Benjamin Blake, Samuel Fairbanks, Elijah Thayer and John Darling.

Rev. Council Papers, vol. 170, p. 413.

JOHN AVERY, Depy. Secy.

The following vote was quite probably plain enough to those who were present at the meeting, but, at this late day, we are left somewhat in the dark as to the precise amount voted.

Voted to raise a sum of money which shall amount to as much as the sum of the late State tax, including what is already raised in said town and county tax.

Voted to allow Ichabod Thayer, Jr., £15 for transporting the soldiers clothing to Brookfield, in 1778.

It seems quite probable that Mendon furnished more soldiers for this year than are enumerated above, although the Rosters at the State House give only the above names as being in the service. The Rosters, it should be remembered, are imperfect, some of them missing, and others without date and without specifying the date, time or place of service.

The following Act of the General Court will complete the memoranda of the year.

At the appointed time the inhabitants met and the Constitution being taken up, the following votes were passed:

At this point we find, by a reference to the meeting of June 19th, that the meeting was adjourned to June 1. As there is no record of any meeting on June 1st, it is not known what business was then transacted; but, it is supposed, the remaining chapters of the Constitution were acted on, and that there was no record by the Clerk remains a mystery.

May 25, held under a new warrant, Ebenezer Thompson, Esq., was chosen Representative to the Great and General Court or Assembly appointed to be convened, held and kept for the Government service at the State House in Boston, in the County of Suffolk, on Wednesday the thirty first day of May current and so de die in diem during their Session or Sessions.

Chose Edward Rawson a Delegate to the Constitutional Convention to attend, at their next session, in the room of Joseph Dorr Esq. and Peter Penniman who have hitherto attended. No mention is made of the declination of Messrs. Dorr and Penniman. The coming session of the Convention is supposed to be held simply to count the votes which had been given for and against the Constitution.

Chose Capt. John Tyler, Ens: Peletiah Darling, Capt. John Albee, Capt. Levi Aldrich and Capt. Peter Penniman a committee to settle and adjust matters between this Town and the Town of Milford.

Voted to allow Constable John Albee seventy dollars to make up his loss sustained in receiving counterfeit money for taxes.

June 19. Voted to leave it discretionary with the Committee for hiring Soldiers, how much to give or engage to give in Paper, Silver or Produce as they can agree with the soldier.

Voted to raise £10,000 to defray town charges, and that the same be assessed immediately. The *immediate assessment* was probably directed on account of the rapid depreciation of the Continental currency.

June 29, 1780. This day the committees of Mendon and Milford met and agreed on a division of the roads between the two towns, as to what parts each town should mend and keep in repair for travelling, viz:—

Mendon's part beginning at Bellingham Line at the middle of the bridge upon the Country road between Dr. John Corbett's and Lieut. Samuel Penniman's and so the whole of the road till it comes opposite to Lieut. Samuel Penniman's house.

Then Milford to keep the whole of the Country Road and bridge over the Mill River, so called, till it comes to a large Rock near John Sprague's house.

Then Mendon to mend and keep in repair the Country Road until it comes to the Eight Rod Road.

And the Division of the Eight Rod road is as follows viz: Mendon to begin at Upton line by the east corner of the land belonging to the heirs of Micah Bates, late of Upton, deceased; thence to mend the road until it comes to where the Eight Rod Road (so called) meets with the road that leads from Milford to Upton.

Then Milford to take and mend the road from thence until they shall complete one half of the said Eight Rod Road; that is to say, one full half of the distance from Upton line to the above said Country Road.

Then Mendon to mend the remainder of the sd Eight Rod Road, after Milford's part ends.

Oct. 11. Edward Rawson, Esq., was chosen Representative to the General Court.

Voted to pay the men who went to Tiverton on the Alarm eighty dollars per day, exclusive of State pay.

Voted that the Militia officers return the number of men who went, in order for an assessment for the money.

Voted to raise £13,000 to purchase the town's quota of beef for the Army. As the requisition for this beef was probably issued before Milford was set off, it will be understood that both towns were to be held for the supply. The quota of beef for Mendon to furnish, as is found among the Revolutionary archives, was 26,962 pounds. Levi Rawson and Increase Thayer were a committee to purchase this beef; the first was allowed eighty dollars per day for services and expenses, and was em-

ployed for ten days. Mr. Thayer was employed two and a half days, at seventy dollars per day.

Dec. 4. Town meeting by an adjournment from Nov. 27. Met and adjourned to Landlord John Hill's (Tavern), to meet in one quarter of an hour.

In the meantime, a new warrant was issued for a meeting on Dec. 25, and under that warrant it was voted to raise £25,000 to purchase beef, pursuant to a requisition of the General Court of Dec. 4, 1780.

Capt. Philip Ammidown and Capt. Benj. Read were chosen a committee to purchase the beef, or pay the money to the Superintendent of Purchases, as shall appear most to the advantage of the town. The £25,000 was to be immediately assessed and collected, and no town orders were to be received by the Collector for any part of the tax.

Chose a committee of sixteen, to hire men for the town's quota of soldiers to fill up the Continental battalions. The names of the committee are as follows, viz:—

Capt. Amidown,	Lieut. Increase Thayer,
Capt. B. Read,	Col. Craggin,
Capt. John Tyler,	Mr. Nahum Taft,
Mr. Henry Penniman,	Mr. Joseph Thayer,
Lieut. John Benson,	Ens. Turner Ellis,
Capt. Levi Aldrich,	Mr. Peletiah Penniman,
Mr. Stephen Torrey,	Mr. Levi Rawson &
Mr. John Hill,	Mr. Benj. Thayer.

As this Committee was instructed, each one, to procure a soldier, it is supposed that 16 was the quota for Mendon. Massachusetts was called on for 4240 men for 3 years; and Dec. 2, the quotas were determined and the different towns notified to fill up their respective quotas. The number set down for Mendon was 27; but, as in war matters, the separation of Milford was not yet recognized, we may suppose that of the 27, Mendon was to supply 16 and Milford 11 men.

The Committee was chosen Jan. 1, 1781, to which day the meeting of Dec. 25 was adjourned.

MEMORANDA FOR 1780.

Court (Mass. Ar.) vol. 40, p. 232.

Resolved that John Caldwell, Theodore Hopkins and George Merrill be and they hereby are permitted to Transport out of the State from Otis Whipple's Store in Mendon, 3 tierces of N. E. Rum, 1 do of salt, and from Peter Reeds store in Douglass, 12 tierces and 2 hhds, of N. E. Rum and 2 Casks of salt into the State of Ct. for the reasons mentioned in the Petition, any Act or Law of this State to the contrary notwithstanding.

In Council R. & C.

Consented to by 15 of the Council.

As the Council "concurred," it is evident that the House of Representatives had previously granted the prayer of the petition.

At this time Councillors were chosen by the Legislature from those who had been elected Senators by the people. Joseph Dorr, Esq., having been chosen a Councillor, the following is a copy of his letter of acceptance of that office.

Mass. Arch. Rev. Letters vol. 202, p. 245.

MENDON, 5th of June 1780.

Sir,

By your Official Letter of the 1st. inst. I am informed of my having been elected a Member of the Hon^{ble} Board of Councillors for the year ensuing.

I am very sensible of the dignity conferred upon me by this Election, and feel the warmest emotions of Gratitude to the Hon^{ble} Gentlemen of the General Assembly for their suffrages on the occasion; at the same time, conscious of my Inability to discharge the important Duties of this elevated station with that benefit and real service to the public as I could earnestly wish, I shall enter upon this arduous business with great Diffidence and some degree of Reluctance.

The circumstances of my Family & domestick Affairs are such as will render my Constant attendance at Court extremely inconvenient. I doubt not therefore that the Hon^{ble} Board will readily grant me all reasonable Indulgence, and excuse my absence when the urgency of my affairs shall require my Particular attention. The next week, being the term of holding the Court of Common Pleas, at Worcester, will prevent my giving so early an attendance at the Board as I should otherwise have done.

I have the Honor to be Sir,

With every sentiment of Duty & Respect

To the Hon^{ble} General Assembly

Your most Obed^t. Humble Serv^t,

JOSEPH DORR.

HON. SAMUEL ADAMS Esq., Secretary.

HON. JOSEPH DORR, JR.

Hon. Joseph Dorr, Jr., was born in Mendon May 24, 1730. He was the only son of Rev. Joseph Dorr. He graduated at Harvard in 1752 and received the degree of A. M. in course. He preached occasionally for several years but was never ordained. He early turned his attention and energies to the political affairs of the times and became an earnest, unceasing and vigorous co-laborer with the earliest patriots of the Revolution. It was said of him that he devoted himself three hundred days of each year, from 1773 to 1780, to the public service, and without compensation.

Mr. Dorr filled many important offices. He was Town Clerk and Treasurer, Justice of the Peace, Member of the Committees of Safety and Correspondence, one of the Committee chosen to call upon the Mandamus Councillors and demand the surrender of their commissions. He was a member of the Legislature and of the Governor's Council, a Justice of the Court of Common Pleas (was a Justice of the Court of Common Pleas at the time of his election as Councillor) and Judge of Probate, which latter office he held to near the close of life. Judge Dorr died in Brookfield, Dec. 6, 1808, to which town he had, a few years before, removed, aged 78 years.

SETTLEMENT WITH THE TOWN OF MILFORD.

We the Subscribers, being Committees chosen by the Towns of Mendon and Milford to settle sundry affairs between said Towns have attended that service and have divided the Poor Peopel, which were supported by the town of Mendon before the Town of Milford was incorporated into a town, to each of said Towns their proportionable part of said Poor. Also we have divided that part of the Country Road and the Eight Rod Road (so called) which is between the said town of Mendon and Milford to each town their equal half, to mend and keep in repair forever and have committed a written division of said Poor (not now found) and said Roads with Town Clerks of each town, to be recorded, they being signed by the Chairman of each of the abovesaid Committees.

We the Committee of Mendon have delivered said Committee of Milford their part of the Arms and Ammunition belonging to said town of Mendon before said Milford was set off and have taken their receipt therefor

We have also found that the Town of Mendon owes the Town of Milford the sum of two thousand pounds old emission and also said Town of Milford's proportionable part of two State Notes, one dated Dec. 1, 1779 for £1169.09, two years' interest paid, the other, dated April 1, 1778 for £1234.04, one year's interest paid, they the said Town of Milford paying or discharging the said Town of Mendon from the several debts which said Town of Mendon owes to the several persons hereafter named, viz:

Mr. Ichabod Thayer's	Note dated Aug. 19, 1776	for	£15 00 00
Capt. Ichabod Thayer's	" " Apr. 25, 1779	"	30 00 00
Elijah Stoddard's	" " May 23, 1777	"	18 00 00

Ebenezer Read's	" " Aug. 1, 1778	"	20 00 00
Obadiah Wood's	" " May 1777	"	30 00 00

We say that in case said Town of Milford discharged the abovesaid debts, then the Town of Mendon owes the Town of Milford Two Thousand Pounds, Old Emission, to be on interest until paid, and also their proportionable part of the abovesaid State Notes,

And in case there should any more debts appear against said Town of Mendon that were due before said Town of Milford was incorporated into a Town then said Milford is still held to pay their proportionable part save that there is in the Treasury of said Town of Mendon six hundred pounds to be adjusted.

And also we have delivered to the said Town of Milford their proportionable part of the Ministry Money and School Money which formerly belonged to the said Town of Mendon before Milford was set off as a town.

The Town of Mendon is to pay and discharge the following debts that were contracted before the Town of Milford was incorporated viz:

May 14. Capt. Benjamin Read was chosen Representative to the General Court.

The warrant for this meeting (which was held at Chestnut Hill,) was to see if the town would elect one good and lawful man to represent the town in the General Court, "agreeable to the Directions given in the Constitution." This warrant was dated in the fifth year of American Independence.

fidelity of Dan Aldrich and Lt. Reuben Thayer, to whom the oath of allegiance was tendered, and said Aldrich put it off for further consideration, but said Thayer took the oath.

Then Lt. Reuben Thayer, Jesse Tourtelotte, William Darling, Peletiah and Gideon Thayer, of Mendon, freeholders, questioned the fidelity of Capt. Tyler, Capt. Amidown and Capt. Benj. Read, and they took the oath; and Dan Aldrich being disqualified, Turner Elis was chosen Moderator and took the oath, and then the town went on business.

Sept. 10. Voted to raise £520, silver money, to discharge old debts the town owed, £40 for the support of the poor the present year and £54 for the support of the soldiers' families, being £614 in the whole, all in "silver or gould."

Voted that the committee for settling affairs with Milford make a final settlement with them of the £2000, old emission, due said Milford.

MENDON 19th. of Dec. 1781.

In Council Feb. 7, 1782, Read and advised that a Warrant be drawn on the Treasurer for £10.04.08 in full for the above Aect.

Voted that the Selectmen, for the future, shall make a fair record of all the orders they shall draw on the Town Treasurer, setting forth who they are to, what they are for and when given; and that they transmit to the Town Treasurer once every three months a list of all the orders they have given out, setting forth who they are to, the date and the sum of each order.

April 1. Voted that the town would not act anything for taking off the Excise (tax) on spirituous liquors.

Voted that the annual March meetings, for the future, be held at the First Precinct Meeting House, and that one third of all other meetings be held at the Second Precinct Meeting House, adjournments excepted.

Voted to *pass over* the 6th article in the warrant, which was, "To see if the Town will bring in their votes, for any person in town, for a Justice of the Peace, and order the Selectmen to recommend the same to the Governor and Council for a Commission."

Also voted to pass over the 8th and 9th articles. The 8th was to see if the town would choose a Committee to audit accounts before they were laid before the town; and the 9th was to see if the town would allow the Constable to receive orders on the Treasurer, in payment of rates.

Voted that the committee to settle accounts between Mendon and Milford shall have 2s. per day for their services while on that business, viz:—

May 29. Voted that the Selectmen 1781 have *two silver dollars* each for their services.

Voted to forego Michael Callum's rates in Mr. Levi Rawson's rate bills for 1780, which is 10 shillings *silver money*, and 99 pounds 8 shillings in *paper money*, old tenor.

March 25. Voted that Capt. Peter Penniman, Capt. Philip

Amidown, Capt. Levi Aldrich be a committee to hire the five men for the Continental Army, pursuant to a resolve of the General Court, passed March 8, 1782.

Capt. Peter Penniman, Capt. John Tyler and Lieut. John Benson were chosen a committee to make inquiry why there is so much old Continental money in the hands of Mr. George Aldrich, and in the hands of the last year's Selectmen.

Voted to choose one Delegate to join in Convention at Worcester on the second Tuesday in April next, pursuant to a Circular Letter from the town of Hardwick, and Capt. Peter Penniman was chosen Delegate.

This Convention met April 9th, and was organized by the choice of Caleb Curtice as Moderator and Timothy Whiting as Clerk.

The Convention complained that they were not satisfied with the manner the *numerous sums* of public money which have been assessed upon the people have been disposed of. Among the remedies they proposed, they urgently recommended that an *immediate* settlement should be made with the State Treasurer and all other disbursing officers, and *immediate* measures adopted to recover all monies found in the hands of delinquents. They recommended to the several towns in the county to instruct their Representatives to bring the matter to the notice of the General Court, and should no *effectual* methods be taken to accomplish the above purposes, the Representatives were to be instructed to withdraw from their attendance on the Court.

The Convention resolved that those in the public service should not receive extravagant compensation, and that the fees of the *gentlemen* lawyers should be reduced; that the Court of Probate should be held in *four* different places in the county; that justices may be empowered to determine all actions of twenty pounds and under; that the people could supply beef and other articles for the support of the army easier than to be assessed in money; that the State should urge a settlement with Congress, and that in future we should not be called on for more than our just proportion for the support of the Government.

Voted that Mr. Isaiah Thomas, printer of the Massachusetts Spy, be requested to publish them in his next paper.

After choosing Peter Wheelock, Lieut. Jos. Johnson and John Brooks to give the Delegate instructions, it was then voted that the Delegate's attendance at the Convention should be free of charge to the town.

STATE ELECTION.

April 1, 1782. After the meeting was called to order by the Selectmen, "they *repeatedly* called for votes for Governor, Lt. Governor and Senators & Councillors, but no votes were brought in when called for."

May 13. The first business of this meeting was for the choice of a Representative to the General Court, but as no votes were brought in when repeatedly called for, the meeting proceeded to the consideration of the other articles in the Warrant.

After excusing Capt. Peter Penniman from attending the Convention at Worcester, and choosing Lt. Joseph Johnson in his stead, a committee consisting of Joseph Dorr, Esq., Lieut. Joseph Johnson, Capt. Peter Penniman, Dan Aldrich and Capt. Benjamin Read, were chosen to render reasons why the town did not choose a Representative the present year. What the reasons were neither the record or tradition furnish any intimation. Neither do we learn from any source why, at the State election, in April, no votes were given in for Governor, Lieut. Governor, Senators and Councillors.

Voted that Philip Amidown, Jr., Town Treasurer, with the advice of the Selectmen, issue executions against the delinquent Constables, and also call in all other debts due the town as *conveniently* may be.

Nov. 18. Voted to act upon a Circular Letter from the town of Boston.

Voted to choose a committee of three men to assist the Committee of Correspondence, Inspection and Safety in detecting all illicit trade with our present enemy.

The committee chosen were Philip Amidown, Capt. Benjamin Read and Capt. John Albee.

Voted that we will exert ourselves individually to detect and

bring to due punishment all persons who trade or import goods or any manufactures from any post held by the British, our enemies.

It is not known that Mendon furnished any men for the Continental Army in 1782, other than those who had enlisted for service during the war, and whose names are as follows, viz:—

Gustavus Aldrich,	John Clark,	Benj. Hayward,
Jonathan Boyce,	Aaron Davis,	Nathan Jackson,
Silas Brown,	Paul Davis,	John Martindale,
Henry Nelson,	Saul Ramsdell,	Jon'th'n Whitney (killed),
Amariah Partridge,	Jonathan Taft,	Solomon Whitney,
Joseph Passmore,	Joel Thayer,	19.
Jeduthan Rawson,	Samuel Thayer,	

It will be remembered that some of the Rosters are supposed to be lost, and thus it is not absolutely certain that the names of all the men who served in the different quotas for Mendon have been preserved.

The war being virtually ended in 1782 may account for the fact that Mendon was called upon for only five men. It is supposed they were furnished, although a *second* committee of five men was chosen to fill the quota, the five first chosen having failed to do so.

So far as may be learned from the Archives at the State House, the following are the names of those who died in the service, viz:—

Amariah Albee,	John Hayward,	Elijah Stoddard,
Joseph Chapin,	Ezra Marshall.	Jonath'n Whitney, (killed)
Joseph Wood, died July 21, 17— in Capt. Batcheller's Co.		7.

The old emission of Continental money having become worthless in March, 1781, a new emission was made, which however, almost immediately fell below par. For a better understanding of the state of the currency at this time, the following table is introduced. It may be found in the Massachusetts Archives, Rev. and Mis., Vol. 141, upon the last page.

Voted to forego part of Nathaniel Ingraham's rates for 1780, £66.00.00.

Voted to *scale* Nathan and Nehemiah Beals' rates according to the *scale* for the month of September, 1780; that is, £100 silver worth £7100 currency, old emission.

Last Monday in March, by adjournment.

Voted to allow each of the Selectmen and Assessors \$2.00 for their services in 1782.

It may not be uninteresting to state, in this place, that no person could be elected to the offices of Governor and Lieutenant Governor unless they had been inhabitants of the State for seven years preceding, and unless, at the same time, they were seized, in their own right, of a freehold within the Commonwealth of the value of one thousand pounds, and unless they declare themselves to be of the Christian religion.

Senators were to be seized in their own right of a freehold within the Commonwealth of three hundred pounds at least, or possessed of personal estate to the value of six hundred pounds at least, or of both to the amount of the same sum, and to have been an inhabitant of the Commonwealth for five years preceding their election, and at the time of their election an inhabitant of the district for which they shall be chosen.

Representatives were to be inhabitants at least one year preceding their election, be seized in their own right of a freehold of the value of one hundred pounds within the town they should be chosen to represent, or any ratable estate to the value of two hundred pounds; and they shall cease to be representatives immediately on ceasing to be qualified as aforesaid.

To be qualified as voters, every person must be twenty-one years of age, a resident of the town where he claims the right to vote for one year preceding, have a freehold estate within the same town of an annual income of three pounds, or any estate of the value of sixty pounds.

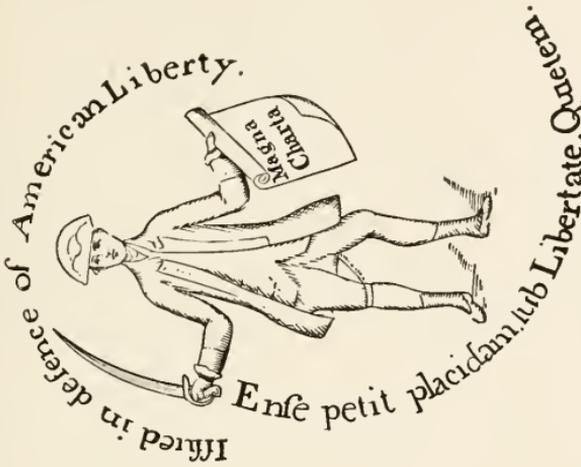

The qualification of voters will, in a measure, account for the thin vote at the election of State officers, as above.

May 14. Dan Aldrich, Nathan Very, Levi Aldrich, Capt. John Albee, Philip Amidown and Lieut. Benoni Benson were chosen a committee "to look into the circumstances of certain persons of whom, it is said by the Constables, they cannot pay their Rates."

"Voted to allow Samuel Fairbanks for a *counterfeit* thirty six shilling bill *Sword in Hand Money*."

Why called sword in hand money will be seen by an inspection of the plate on next page. It was first issued in 1775. An emission in 1776 differed from the first only that the word *Independence* was substituted for the word *Magna Charta*. I am indebted to Mr. Barton, Assistant Librarian of the Ameri-

May 14. Chose Peter Penniman, Representative to the General Court; and Capt. John Tyler, Capt. Benj. Read, Benjamin Smith, Peletiah Darling and Nathan Verry were chosen a Committee to give him instructions.

This meeting was adjourned to meet May 26th inst. at the house of John Hill, Innholder, at which place, without the transaction of any business, the meeting was dissolved. John Hill's tavern stood upon or near the site now occupied by David Adams' house.

June 16. Voted to forego John G. White's Rate in Constable, Wm. Thayer's rate bills for 1782. This is the first instance, since the settlement of the town, when any person was recorded as having more than one given name.

July 7. Philip Amidown, Capt. John Tyler and Capt. Benj. Read were chosen a Committee "to prosecute and recover of James Lovett and other Selectmen for 1781, all the securities which they *unjustly* withhold from the said Town of Mendon."

Sept. 1. At this time, as appears by the record, the School and Highway Districts were identical, and were seven in number. A Committee of fourteen was chosen to new arrange them, but no report is found of their doings.

Sept. Voted to raise \$30 to build a *Trussell* under the Great Bridge, near Nahum Taft's Mill (Millville); and \$15 to repair the road over Pond Hills.

Oct. 6. Voted to raise £200 including £13.10 already raised, to defray town charges this present year.

Joseph Dorr and others having petitioned the General Court to be incorporated as the First Congregational Society in the First Parish in Mendon,

Nov. 10. The Town voted "that the Town of Mendon have no objection to the prayer of the Petition being granted," and, on the same day, the Parish also voted their consent.

Voted that the Town Clerk record all the warrants given out to warn persons out of the Town of Mendon and also the services of said warrants.

Voted that the care of the action commenced by James Lovett, against the Town of Mendon, be committed to the care of the Selectmen.

MEMORANDA.

Mass. Archives, Court vol. 45, p. 162.

In the H. of R., July 17. 1783. On the Petition of Joseph Dorr and others, Inhabitants of the First Parish in Mendon, praying, amongst other things to be incorporated into a Society by the name of the First Congregational Society in Mendon.

Ordered, that the prayer of said Petition be so far granted that the Petitioners be and are hereby authorized to notify the Inhabitants of the Town of Mendon, by serving the Town Clerk of the said Town and the Parish Clerk of the 1st Parish in said town of Mendon, to appear on the second Tuesday of the next sitting of the General Court (the said Notice to be given 15 days before said Tuesday) and shew cause, if any they have, why the prayer of said Petition should not be granted.

In Senate Read & Concurred.

Laws of Mass. vol. 1, p. 100.

March 16, 1784. Joseph Dorr, Peter Penniman, John Tyler, Henry Penniman, John Albee, John Penniman, Zebulon Goss, William Thayer Jr., Increase Thayer, Calvin Smith, Josiah Adams, Samuel Fairbanks, Stephen Torrey, Abraham Staples, Jacob Ellis, Andrew Peters, Hezekiah Hayward, John Hayward, Levi Rawson, William Torrey, Joseph Adams, John Hayward Jr., Philip Amidown, Otis Whipple, Joseph Adams Jr., Seth Wheelock, John Crooks, Josiah Penniman, Saul Ramsdell, Moses Smith, Calvin Smith Jr., Peter Thayer Jr., Aquilla Robbins, Matthew Hill, Alexander Thayer, Stephen Wood, Grindall Wood, David Ellis, Barlow Carpenter, Thomas Rawson, Nathaniel Torrey, Stephen Johnson, Seth Davenport, Samuel Fairbanks Jr., Elijah Hayward, George Staples, John Craggin, Seth Taft, Artemas Taft, John Torrey, Benjamin Staples, Jacob Aldrich Jr. and John Hill, together with their estates which they now have or may hereafter have and possess in their own right in the First Parish in Mendon be and are hereby incorporated into a Society, by the name of the FIRST CONGREGATIONAL SOCIETY IN MENDON.

In the act Peter Penniman, John Tyler and Henry Penniman were made Trustees of the Fund, which, at the time of the incorporation, was £1324.

The interest of the Fund, or so much as the Society may direct, to be paid to "a minister of the Congregational Church, resident and officiating in the work of the Ministry in said Town forever."

The town and the parish granted the Meeting House and ground properly appertaining thereto to the Society, reserving the right of all "to meet in said Meeting House for Public Worship and also for Town Meetings."

The Ministry Money (so called, arising from the sale of the Ministry Land) was granted to the Society by the Town, of which however they could only expend the accruing interest.

By the terms of the act, if, at any time, the annual income of the fund should be more than enough to pay the minister then the overplus was to be put at interest to repair or build a new Meeting House; and if the annual income should be more than enough then the overplus shall be for the support of a school for the benefit of said Society. The 3th. Wednesday of May to be the annual meeting.

For some reasons, it seems, after a few years, the corporators became dissatisfied with the transaction of business under the act of incorporation, and finally, in 1792 petitioned for its repeal which was accomplished by An Act to repeal an Act entitled An Act for incorporating a number of the inhabitants of the First Parish in Mendon, in the County of Worcester, into a Society by the name of the "First Congregational Society in Mendon," passed March 16, 1784.

Whereas the Act above mentioned "does not produce those salutary effects which were expected," therefore the same is hereby repealed and made null and void.

The Society was held to pay all its debts heretofore contracted, and the subscribers to the fund to pay the interest due on their obligations at the first day of June, 1792.

Samuel Fairbanks, Joseph Adams and Stephen Johnson, the present Trustees of said Society, or any two of them were authorized to collect all debts due from persons, not members of the Society, for the use of the members; and directed to return to the Members of the Society the bonds, notes or other property they may have or receive into their hands belonging to said Society; and the said Society shall account with the First Parish in Mendon, or any individual thereof for any monies or property which said Society have received, and which did belong to them before the act of incorporation.

This Act may be found in the Mass. Special Laws, vol. 1, p. 393.

1784. At this time, the war having just come to an end, and, by the treaty of Paris of Sept. 3, 1783, the Independence of the United States having been acknowledged by Great Britain, we find the country deeply in debt and suffering under the evils of a depreciated paper currency. The old emission of Continental bill had become worthless and the new emission was fast following in the footsteps of its predecessor. Relieved from the pressure of the war and struggling along under the Articles of Confederation, the General Government could do little or nothing to relieve the general distress. With such a state of affairs it was not strange that the prevalence of a general feeling of discontent should soon manifest itself; culminating, at last, in 1786, in Massachusetts, in the Shay's Rebellion.

The good people of Mendon were not exempt from this wide spread dissatisfaction with the condition of public affairs, and hence,

Jan. 22. They voted "that it is the opinion of this Town that the pay of the Commutation (so called) will, if taxed on the people, be an insupportable burden, together with other burdens already laid upon us; and we think (it) unconstitutional, and not supported by Confederation: and it is further

Voted, that our Representative use his utmost endeavours that the Resolve of Congress of the 22d. of March last, so far as it respects the Commutation be repealed, and that he use his utmost endeavours to obtain an Act of restriction, or a total repeal of the impost Act; and also use his endeavours that no money be granted into the Fund of Congress whereby the said Commutation may be paid.

Not satisfied with the preceding Protest and Instructions, the town, in May afterwards, petitioned the General Court for a redress of grievances.

Mass. Ar. Mendon, p. ⁶⁴ 1322, Case H. L.

COMMONWEALTH OF MASSACHUSETTS.

To the Hon. the Senate and House of Representatives in General Court assembled:—

The Petition of the Inhabitants of the Town of Mendon, Humbly Sheweth:

That notwithstanding the good people of this Commonwealth have [by the hand of a kind Providence] been preserved through a long & distressing war, which is now happily terminated, and the Blessings of Peace restored to our borders. Although partaking of divers other Blessings,

both public & private. Yet there are certain matters of grievances which we labor under and look up to this Honorable Court for a redress of some, among which we beg leave to mention the following viz:

1. The granting an Impost to Congress for their sole use and improvement, and paying the same into their hands, we conceive to be unconstitutional and dangerous.

2. We conceive the half pay or commutation to the officers of the Continental army, to be a public grievance, and pray that the Honorable Court will take every constitutional measure to prevent the payment of the same.

3. The burden of large sums of Continental Currency, lying on the hands of the good people of this Commonwealth in general & the neglect of other States to redeem their proportion of the same we regard as a grievance and pray that this Court will still continue their exertions to have it taken off our hands, and, if further neglected, to stop a sufficiency of appropriations to Congress for the redemption of the same.

4. The good people of this Commonwealth are greatly distressed for want of a circulating medium, by means of which a part of the community become a prey to the avarice and extortion of others; we therefore pray that every possible means may be used to increase the quantity of circulating medium to prevent the mischief that will otherwise come.

In the name, and by order of the Inhabitants of the Town of Mendon.

PHILIP AMIDOWN, Town Clerk

Mendon, May 24. 1784.

March 1. Chose for Selectmen, Capt. John Tyler, Capt. Benjamin Read, Philip Amidown, Lt. John Benson and Lt. Increase Thayer; Philip Amidown, Town Clerk; Capt. Peter Penniman, Town Treasurer; Benjamin Thayer and David Daniels, Constables; Seth Chapin and John Darling, Wardens, and John Crooks, Deer Reave.

Upon a report of Peter Penniman, Benjamin Read and John Albee, (all Captains,) a committee chosen for the purpose,

“The Town voted to raise £150 for the purpose of mending Highways, building and repairing Bridges and keeping the Roads and Bridges in good repair through the present year; and that the Assessors of the Town assess the Inhabitants on or before the first day of May next in the sum abovesaid, and that lists of said assessment be committed to the respective Constables of the town, with a Warrant to collect the same, each Inhabitant having liberty to work out the sum assessed on him at the prices hereafter set, viz. each man to be allowed 3s. per day until the first day of Sept. next and 3s. for a team, and from that time 2sh. per day until the first day of Nov. next and the same for a team, viz: a yoke of good Oxen and cart. Each person so assessed and producing a certificate from the Surveyors of the sum or sums they may have worked out as abovesaid, shall discharge so much of said tax, and said Surveyors are directed to give said certificates

as abovesaid: and in case said Inhabitants shall refuse or neglect to work out their rates as aforesaid by the first day of November and the said certificates shall not be produced and delivered to the said Constables, then the said Constables shall proceed to collect and pay in, as their warrant directs, all and every part of the assessment not worked out as aforesaid."

Voted that Capt. John Tyler be a Delegate to attend the Convention at Worcester on the 3d Tuesday of March, inst.

Capt. Benjamin Read and Dan Aldrich were chosen a committee to settle all matters in dispute between James Lovett and the town of Mendon. This dispute was about the settlement of his account as a former Treasurer, and Lovett had commenced a suit at law against the town.

The committee, it appears, immediately entered upon the duty assigned them, and soon brought the matter to a final settlement, as the following receipt will show:—

MENDON, March 8. 1784.

Received of the Town of Mendon two pounds four shillings and eight pence, in full of all demands, accounts, debts, dues or services done for said town at any times before this date, especially for all services done, as a Selectman, for said Town in the year 1781, and cost brought of any name or nature soever from the Beginning of the World to the End thereof

Witness my hand,

JAMES LOVETT.

JOSEPH SIBLEY

ROBERT TAFT.

N. B. Mr. Lovett's part of pay for hiring a three years man is not included in the above receipt.

March 9. Voted to allow Amariah Vose forty-five dollars as Town's Bounty, due him for enlisting into the army in the late war.

Voted to allow Jonathan Boyce forty-five dollars upon his giving up a note he holds against the town, given him by the Selectmen. This was probably a note given him at the time of his enlistment in the army.

It seems that, at this time, there was some dispute about the line between Mendon and Milford and Upton, as

Capt. John Tyler, Dea. Josiah Adams and Stephen Johnson were chosen a committee to settle the line at and near the northerly part of Mendon with Milford and Upton. The matter was probably amicably adjusted, as no further mention is made of the subject.

Capt. Peter Penniman, Capt. John Tyler, Capt. Benj. Read and Lt. Renben Thayer were chosen a committee to divide the Bonds for the Ministry money between the First Congregational Society and the South Precinct in said Mendon.

STATE ELECTION.

Capt. Peter Penniman was chosen Representative to the General Court, and Joseph Dorr, Esq., Capt. John Tyler, Capt. Benjamin Read, Dan Aldrich and Peletiah Darling were chosen a committee to give him instructions.

By the following vote we learn that certain suits at law had been brought against the town, but for what reasons or by whom the record is silent:—

Voted that the Selectmen take care of the suits brought against the Town tryable at the June term next.

August 24. Voted to allow Joseph Southwick the value of \$58, paper money, which he took when Constable that proved to be counterfeit.

Voted to forego David Killey's rates in said Southwick's bills, in paper £2.05.00, or in silver £0.06.09.

Voted that the Selectmen wait on Mr. Abraham Redwood* and desire him to pay the money or work out his highway rate on the Pond Hills, (so called) and that Ensign Seth Taft take charge of the workmen while employed.

Voted to raise £200 to discharge town debts and support the poor of the town the present year.

Sept. 13. Voted that Daniel Kalham (Callum) may give his note of hand, payable in one year, for his rates in Daniel Taft's and David Daniels' bills.

Voted that Reuben Legg, procuring a note against Benjamin Smith, or any other good man, to the satisfaction of Daniel Taft, payable in two months, said Taft shall cross out said Legg's rates.

Voted that Daniel Taft shall cross out John King's rate, provided said King shall procure Jonathan Cass' note for the amount, payable in six months.

Vote for County Register:

Jos. Dorr Esq., had	1 "
Capt. Benj. Heywood, had	1 "

Oct. 18. Voted that Dr. Joseph Adams and Dan Aldrich be a committee to examine Dr. Dupee's account for doctoring the poor of the town.

Capt. John Tyler, Capt. Levi Aldrich, Philip Amidown, Dan Aldrich and Capt. Benjamin Read were chosen a committee to meet a committee from Uxbridge and Douglass, in order to petition the General Court for a lottery to defray the expense of repairing the road through said towns.

It seems there was no choice for County Register, (Register of Deeds) and hence a new choice was ordered, with the following result:—

Capt. Benjamin Read, had	44 votes.
Timothy Paine Esq., had	2 "

* Mr. Redwood removed to Mendon from Newport, R. I., during the war. He finally returned there, and founded the "Redwood Library" in that city.

Dec. 6. George Aldrich, Capt. Peter Penniman and Capt. Benjamin Read were chosen a committee to make a settlement with Philip Amidown, former Treasurer.

1785. The committee chosen Oct. 18, ultimo, to consult with committees of the towns of Uxbridge and Douglass in regard to a lottery for repairing the road through said towns, met and agreed upon the following petition to the General Court, and which petition may be found in the

COMMONWEALTH OF MASSACHUSETTS.

To the Honourable the Senate and House of Representatives in General Court assemble.

The Petition of the Subscribers a Committee appointed by the Towns of Mendon, Uxbridge and Douglass for the purpose of preferring a Petition to your Honors in behalf of said Towns for the Grant of a Lottery,

Humbly Sheweth,

The Inhabitants of said Towns have been and still (every year) at great expense in mending the Road and repairing the bridges which leads from Boston, through said Towns, to Hartford, called the Middle Post Road, it running nearly 20 miles through the abovesaid towns, and a great part of said road unfit, at present for travelling; and the said Towns having large roads leading through them to Providence, with great expense in building and repairing other large bridges; and, wishing to accommodate every part of the public, are desirous to mend said Post Road and build and repair such bridges, over the rivers crossing said Road, as to make it safe and easy for travellers to pass them at all seasons of the year (as some of them, at this time, are unsafe and almost impassable) and our resources are so much exhausted in supporting our part of the late cruel war, that we feel ourselves unable to make such reparations on said Road as, otherwise, we should feel a willingness to do:—and being unwilling the Publick should suffer the loss of such an extensive benefit, as such a road being rendered unfit for travelling, are bound in duty to ask the assistance of the Honorable, the Legislative Authority of the Commonwealth that they would be pleased to grant us the sum of £750, to be raised by a Lottery, for the sole purpose of mending and repairing said Road from Bellingham Line, through said Towns to Connecticut Line, and building such bridges over the rivers crossing said road as shall make the travelling safe and easy, which sum, we think, (with such assistance as the Inhabitants of said towns are able to afford) will be adequate to make the reparations thereon, and paying the charge and expense of said Lottery; and also to appoint such Gentlemen, Managers of said Lottery, as you in your wisdom

shall see meet; or make such other grants or provisions for mending or repairing said Roads and Bridges as you, in your great wisdom, shall think best for the public good.

All which your Humble Petitioners, as in duty bound, will ever pray,

Mass. Ar. Mendon, p ⁷²/₂₂ 1613, case H. 4.

HOUSE OF REPRESENTATIVE Feb. 17, 1785.

On the Petition of John Tyler and others, committee of the Towns of Mendon, Uxbridge and Douglass, praying for leave to raise £750 by a Lottery for the purpose of repairing their Roads and Bridges.

Resolved, that the Petitioners have leave to bring in a Bill agreeable to the prayer of said Petition.

As nothing more is heard of this lottery it is supposed the project was abandoned.

Jan. 3, Capt. Peter Penniman, Capt. John Tyler and Capt. Benjamin Read were chosen a committee to confer with a committee of the town of Milford "in order to settle matters in regard to the Poor brought into Milford and this town, and to settle the cost that has already risen with those Poor that have already been brought into the abovesaid towns."

January 18, 1785.

The Committees appointed by the Towns of Mendon and Milford to settle all disputes between said Towns respecting the Poor that have been brought back to said towns from other towns; have agreed that the town of Mendon should take and maintain Luther Easting, son of Rhoda Easting as their poor and pay to the town of Milford forty five shillings, and acquit the town of Milford from all the charge the said town of Mendon has been at in supporting and transporting the said Rhoda Easting and her children, at any time before this date: and the town of Milford to take the daughter, or other child, of the said Rhoda Easting and support it as their poor, and to acquit the town of Mendon from all costs and charges they have been at in supporting and transporting the said Rhoda and children at any time before this date.

And that Priscilla Dolbear be supported by the said town of Milford, and that Hannah Arnold and Abigail Hews be supported by the town of Mendon.

And it is the opinion of this Committee that the original Agreement made between the towns before the town of Milford was set off, be and remain in full force with this explanation thereon, that is to say, that all persons brought back to either town of said towns, those born in either town shall return to the town in which they were born; and those brought back which have otherwise gained a residence in either of said towns, then they shall return to the town in [which] they last gained a lawful residence and to be accordingly maintained, and also all persons, old and young, shall be supported in and by the town in which they lived or had their home when the Town of Milford was set off into a separate town.

SETH NELSON,	} Com. for Milford.
SAMUEL JONES,	
SAMUEL WARREN.	

PETER PENNIMAN,	} Com. for Mendon.
JOHN TYLER,	
BENJ. READ.	

Adopted by Milford.

Voted to accept the above report provided the town of Milford has or shall accept of the same and that it be so understood relative to the supporting Hannah Arnold that the town of Mendon shall be at all the cost the said Towns of Mendon and Milford has or may be at for her support.

March 7. There being no choice for Register of Deeds at the last trial, a ballot this day resulted as follows, viz:

Capt. Benjamin Read 105 vote being all the votes cast.

Chose for Selectmen, Luke Aldrich, Daniel Taft, Seth Davenport, Jonathan Cass and Benjamin Thayer; Seth Chapin, Town Clerk; Capt. Peter Penniman, Town Treasurer; Constables, David Daniels and Benjamin Thayer.

Voted that Capt. John Tyler and Stephen Johnson have 12s. each for burying William Kenny, who died of small pox in the year 1777.

April 4. Voted that David Daniels be a Selectman in the room of Jonathan Cass.

April 4.

STATE ELECTION.

For Governor, James Bowdoin had 26 votes.

“ Thos. Cushing had 16 “

Lieut. Gov., Thomas Cushing had 22 “

Senators, Artemas Ward, Moses Gill, Samuel Baker, Jonathan Warner and Seth Washburn had 29 votes each and Israel Nichols 2.

April 25. Voted to accept of the report of a committee chosen to “ new lay out ” the districts for work and for schooling, and

that the same be entered in the town book. By this report we find the town was divided into thirteen districts, the highway and school districts being identical.

May 11. Chose Capt. Peter Penniman Representative to the Great and General Court.

As the lottery scheme for repairing the road through Mendon, Uxbridge and Douglass had failed to become a law, we learn by the following vote that application had been made to have it relocated as a county road, for, at this meeting,

George Aldrich, Capt. John Tyler and Nathan Very were chosen a committee to meet the Committee of the Court of the General Sessions of the Peace at the house of Ezekiel Wood, in Uxbridge, who were deputed "to view a place for a new County road."

Sept. 5. Moses Smith, it seems, had money in his hands belonging to the town, which he is unable or unwilling to refund, as it is found this day Capt. John Tyler, Capt. Peter Penniman and Capt. Benjamin Read were chosen a committee to hear any proposals said Smith shall see fit to make to the town.

Whether Moses Smith was, at this time, in jail or not cannot now be determined, but we find that he was there retained in the December following, as there was an article in the warrant for a meeting Dec. 12, "To see if the Town will do any thing relative to releasing Moses Smith from jail, upon the conditions mentioned in said Smith's letter, dated the first day of December instant, or any other way that shall or may be proposed at said meeting." At the meeting, however, the subject was not acted upon.

At this meeting, Sept. 5, it was voted to raise £80 to defray town charges, and £40 for schooling.

Dec. 12. The Representative was instructed to use his endeavours that the General Court pass "An Act, making Real and Personal estate a tender for the settling of Executions and other debts."

1786. March 6. Chose for Selectmen, Stephen Johnson, John Darling, Seth Wheelock, Joseph Thayer and Simeon Fish;

Seth Chapin, Town Clerk; Capt. Peter Penniman, Treasurer, and Dan Aldrich and Benjamin Blake for Constables.

Voted to *hire* the Constables the present year, they procuring bondsmen to the town's satisfaction.

Voted that the Selectmen hire a Workhouse the present year to put the poor of the town into, and for the Selectmen to take care of them and set them to work.

Voted that Joseph Taft have liberty to put his son out to learn a trade if the Selectmen think it best.

The Selectmen were voted 12s. each and the Assessors 9s. each for their services in 1785.

Voted to raise £150 for repair of highways and bridges the present year.

Voted that the Town Treasurer put off the old Continental money now in his hands to the best advantage for the town he can.

Capt. Benjamin Read, Capt. John Tyler, Col. Andrew Peters, Dan Aldrich and Edward Thompson, Esq., were chosen a committee to see what sum Moses Smith can make out towards discharging the taxes due from him to the State and to the town. The taxes were undoubtedly the State and town taxes committed to him to collect.

March 20. Voted that the Selectmen be a Committee of Correspondence for the present year.

Voted that all delinquent highway taxes of this year shall be added to the highway taxes of the next year.

Dan Aldrich was voted two pence on the pound for collecting the taxes this year, he procuring his father and Edward Thompson, Esq., for his bondsmen.

Benjamin Blake was allowed the same commission for collection, he procuring Stephen Benson and Lt. Peletiah Darling as bondsmen.

A ballot was taken this day for Register of Deeds, and

Daniel Clapp had 42 votes.

April 3.

STATE ELECTION.

For Governor,	James Bowdoin	24	votes.
“ do.	Samuel Holton	3	“
“ Lt. do.	Thomas Cushing	22	“

For Senators, Moses Gill, Seth Washburn, Abel Wilder and Samuel Curtis had twenty two votes each, Amos Singleterry eight and Artemas Ward 14.

April 12. REV. CALEB ALEXANDER, SIXTH MINISTER.

Mr. Alexander was born in Northfield July 22, 1755. He graduated at Yale College in 1777, and studied Theology with Rev. Ephraim Judson, of Taunton. He was ordained at New Marlborough Feb. 28, 1781, and dismissed June 28, 1782, and was installed at Mendon April 12, 1786. In 1801 he was appointed by the Massachusetts Missionary Society to visit the churches and Indians in Western New York. Upon his return he was dismissed from his charge in Mendon Dec. 7, 1802, and re-entered the western field as a teacher, for which work he was eminently fitted. He was first located in Fairfield, Herkimer County, N. Y., where he was elected Preceptor of Fairfield Academy, which had recently been erected. Under his direction the Academy soon became a prominent resort for education. In 1812 he removed to Onondaga, Onondaga County, and took charge of a newly established academy there. He was also greatly instrumental in founding Hamilton College and Auburn Theological Seminary. During all this time he preached almost every Sunday in the adjoining towns, and gathered many now flourishing churches in that region.

Mr. Alexander died at Onondaga, N. Y., April 12, 1828, aged 72 years, 8 months and 20 days. His epitaph is as follows:—

His Industry and Zeal,

IN THE CAUSE OF LITERATURE AND RELIGION

were untiring and benevolent.

“Precious in the sight of the Lord is the death of his saints.”

Mr. Alexander published many books. Among these are an Essay on the Deity of Christ, with strictures upon Emlyn, 1791; Translation of Virgil, Latin, Greek and English Grammars, and several Occasional Sermons.

May 13. The ballots for a County Treasurer this day were as follows, viz:—

Samuel Flagg and Nathan Perry each had 18 votes.

The second article in the warrant was, “To see what measures

the town will come into in order to obtain the Estate of Robert Trask, an Absconding Person, supposed to be in the hands of Jesse Darling."

Upon this the town chose Edward Thompson, Esq., and Nathan Very a committee "to see if they can accomodate a settlement with Jesse Darling."

What the claim was which the town had upon Robert Trask's estate does not appear.

Col. Benjamin Read having been chosen this day, May 15th, Representative to the General Court, Capt. John Tyler, Capt. Peter Penniman, Edward Thompson, Esq., Capt. Philip Ammidown and Capt. Levi Aldrich were chosen a committee to give him instructions, and report at an adjourned meeting.

May 22. This committee made a report, which was adopted, and the Town Clerk was directed to sign it. When the measures to come before the Legislature are definitely known, would not a revival of the practice of instructing the representative, inasmuch as he would thereby learn the will of his constituents, be of no inconsiderable aid in the matter of legislation?

Voted to raise £80 to defray town charges.

Voted that the Selectmen provide a Grammar School *so far as to clear the town from any fine.*

The committee respecting the matter of Robert Trask (the absconding person,) were instructed to prosecute the matter in the law, unless it could be settled some other way, and Col. Benjamin Read was added to the committee for that purpose.

May 9. Then voted to choose two more members "to join the County Convention to meet at Leicester on the 15th inst."

Although no record is found that a Delegate had already been chosen to the Leicester Convention, still such had been the case, as we find afterwards that Capt. John Tyler was paid £2.14s. and Edward Thompson, Esq., £2.12s. for attending the *former* Convention, (the one at Leicester,) as an adjournment was afterwards held at Leicester the last Tuesday in September. Edward Thompson, Esq., and Lt. Joseph Johnson were chosen as the "two more members."

A committee of five were chosen, of which Col. Benj. Read was chairman, to give instructions to the Delegates.

The Convention at Leicester was composed of Delegates from

thirty-seven towns, who, after voting that their meeting was "a lawful and constitutional affair," set forth in a memorial issued to the public, a list of grievances which they desired to have abated:

1. The sitting of the Gen. Court in Boston.
2. The want of a circulating medium.
3. The exorbitance of the lawyers' fee table.
4. The present mode of administration by the Court of Common Pleas.
5. The appropriation of the impost and excise duties to the payment of the interest of the State debt.
6. The grants made by the Gen. Court to the Attorney General & others.
7. Too many office-holders and their salaries too large.
8. The State furnishing money to Congress while our account with Congress remains unsettled.

This Convention was adjourned until the last Tuesday in September, and,

Sept. 18. The town voted that the Delegates which attended the first Convention should also attend at the adjournment, viz: Capt. John Tyler and Edward Thompson, Esq.

The town voted to approve of the doings of the Convention, and Col. Benjamin Read, Capt. Levi Aldrich, Ens. Peletiah Darling, Capt. Peter Penniman and Dan Aldrich were chosen a committee to give the Delegates to the Convention and the Representative in the General Court instructions.

What these instructions were are neither found on record or on file, and hence we are left in ignorance of the mode or manner by which the committee proposed to redress the grievances complained of by the Convention.

Voted to indemnify and keep harmless the Assessors of the town in case they are presented by the Treasurer of this Commonwealth for neglecting to assess the inhabitants for money due from Moses Smith to said Treasurer.

Chose Col. Benj. Read, Capt. Peter Penniman and Capt. John Tyler a committee to take care of the matter of the execution which the Town Treasurer has issued against Moses Aldrich. It seems Moses Aldrich, as Constable (Collector) had become a defaulter in the matter of the State tax, and that the Town Treasurer had issued an execution against him, and that the Assessors were threatened by the State Treasurer for neglect of duty, as understood by that officer.

SHAYS' REBELLION.

Although the town sent Delegates to the conventions at Leicester, which put forth a list of grievances under which, in their opinion, the country was suffering, it is not known that any citizen of the town was engaged in any of the overt acts which constituted what is called Shays' Rebellion.

The fifth day of September was the day appointed for the sitting of the Court at Worcester; but, on that day, the Court House was surrounded by a mob of two hundred persons, with arms in their hands, who debarred the entrance of the judges. The Chief Justice (Ward) remonstrated in vain, and the Court was compelled to adjourn.

Dec. 3. The Court House, at Worcester, was again taken possession of by the disaffected. The judges met at the Sun Tavern, but could not proceed to business. The Governor had previous to this issued his orders to the officers of the militia to have their men armed and equipped to take the field at the shortest notice. Troops were called into service at once upon this new outbreak.

1787. Jan. 11. At a town meeting held this day a committee was chosen to give the Representative in the General

Court further instructions. The committee were Edward Thompson, Esq., Capt. John Tyler, Daniel Aldrich, Lt. John Benson, and Capt. Levi Aldrich.

This meeting was opened at the South Parish Meeting House, but was immediately adjourned to Lieut. John Benson's house, being, it is presumed, on account of a cold day.

Jan. 22. The second article in the warrant for this meeting was, "To see if the Town would choose a Committee to treat with General Linkham (Lincoln) to inform him of the sentiments and disposition of the inhabitants of this town respecting the requisition of Government for a number of militia that were conformable to order." The Selectmen, with Lt. Joseph Johnson, Lieut. William Thayer and Dr. Joseph Adams were constituted a committee to treat with Gen. Lincoln.

As this committee made no report, (or if they made one it escaped record,) we have no means of knowing the result of their labors with the General.

It seems they did not have a personal interview with General Lincoln as, immediately upon the passage of the vote choosing the committee, it was voted that Lieut. Daniel Taft be *desired* to carry whatever the committee shall see fit to send.

Jan. 29. Edward Thompson, Esq., was chosen to attend as a Delegate the County Convention, which stands adjourned to meet at Mr. Patch's, in Worcester, on the first Friday in February next.

Voted to allow Capt. John Tyler for his time and expenses in attending the former Convention £2.14.00, and Edward Thompson, Esq., for the same service, £2.12.00.

Voted to postpone the reading of the address of the General Court to the next meeting.

This address was an appeal to the people to refrain from violence, and assuring them that in case of resistance, all the insurgents would be dealt with in a summary manner. The rebels under Shays had just, by force of arms, prevented the sitting of the Court at Springfield, and the Government hesitated no longer. Orders were at once issued to raise 4400 men, with four regiments of artillery, to be commanded by Maj. Gen. Lincoln. Twelve hundred of these troops were called for from the

County of Worcester, and Mendon had been called to furnish her quota.

From the fact that the address of the General Court was refused a reading, and that a committee was chosen to treat with Gen. Lincoln, it may be presumed that the people of Mendon were not exempt from the very general discontent which pervaded the Commonwealth. But the repulse of Shays, in his attack upon the Springfield Arsenal, by the troops under Gen. Shepard, and the general dispersal of the insurgents by Gen. Lincoln in January and February, put an end to the insurrection. That the people had a just cause of complaint, and that there were grievances which should be redressed, there was no doubt.

As Mendon, as will be seen, furnished her quota of men, it is presumed that the inhabitants were averse to the endeavour to procure a redress of the grievances under which they labored by an appeal to the arbitrament of arms.

At this meeting, Jan. 29, voted to choose a committee to meet and consult with a committee from Uxbridge, Upton and Milford, and report at an adjournment of the meeting. As there was no article in the warrant authorizing the choice of this committee, and as the committee (Stephen Johnson) made no report, we are left in the dark about the whole matter.

The committee heretofore chosen to give instructions to the Representative to the General Court made their report, and the same was accepted. These instructions may have been directed to Col. Benjamin Reed, Representative for 1786, and we find they were also directed to Edward Thompson, Esq., who was not elected Representative until the May following, as will be seen. These instructions, it was voted, should be signed by the Town Clerk in behalf of the town.

It was also voted to accept of the instructions reported by a committee chosen for that purpose to the Delegate to the County Convention. As the Town Clerk failed to record the instructions, and, in that regard, failed as we think, to discharge his *whole* duty, we are left in ignorance of their import.

April 2.

Chose for Selectmen, Dan Aldrich, Darius Daniels, Moses Daniels, Lt. John Benson and Dr. Joseph Adams. Dan Aldrich and Darius Daniels neglecting to take the oath of allegiance, Israel Mowry and Oliver Carpenter were chosen in their stead. This oath was an oath of allegiance to the Commonwealth of Massachusetts, and was designed by the General Court to secure the magistracy from the feigned repentance of those who had been compromised by Shays' Rebellion. Edward Thompson, Esq., was chosen Representative to the General Court and May 28, was instructed by the town as follows, and which instructions may be found in the Massachusetts Archives "Mendon, V. ¹³⁰/₂₀ 2708, Case H. 4." They were not found in the town record:—

To Edward Thompson Esq.

Your constituents having chosen you to represent the Town of Mendon in the General Court the present year, think fit to give you some hints (by way of instructions,) of what we apprehend might be beneficial to the public.

1st. To use your influence to have the General Court removed out of the Town of Boston to some convenient inland town as soon as may be.

2nd. That you use your influence that the Troops raised by order of the Government and now under pay, be immediately discharged.

3dly. That you use your influence that a free pardon and indemnity be granted to all those that have been any ways concerned in the late Insurrection in this Commonwealth, so long as they demean themselves quiet and peaceable subjects, without exception.

4thly. That you use your influence to have all those acts repealed known by the name of Disqualifying Acts, as we conceive they are unnatural, unjust and oppressive.

5thly. That there be a Bank of paper money emitted upon as good footing as can be.

7thly. That you use your influence that all Courts of Common Pleas be entirely abolished and some other mode be adopted in lieu thereof that is more agreeable and less chargeable.

8thly. That the Probate business be done in each Town and likewise a Register of Deeds be appointed in each of said Towns; also that all licensed persons obtain their licenses in the towns where they dwell, from the Selectmen.

9thly. That there be a large Duty or impost laid on all foreign articles imported, except Salt, Cotton, Wool and Warlike Stores, and that all excise be collected by the respective towns where such excise shall become due, free from any charge to the State.

12thly. That all encouragement be given to raising Sheep and Flax and Manufacturing the produce of our own Country.

13thly. That a settlement of accounts with Congress be obtained as soon as possible, so as this State's Quota of the Continental debts may be ascertained.

14thly. That some other mode of taxation be adopted, and that the tax be not laid so high on the landed interest, and that all Polls under the age of 21 years be exempted from taxation.

15thly. That there be a completion of the Revision of the Laws so that we may have a code of laws of our own.

We further instruct you to move for leave that the instructions given by each town be read in the House of Representatives in order that the Court

may know what are the minds of the people at large, and you give your constant attendance while the Court sits and not depart without said Court is Prorouged, adjourned or dissolved.

Signed by order of the Town.

Moses Smith had been a Collector of Taxes, and having failed to account for the proceeds, was in jail on that account in Dec. 1785. The town records furnish no evidence of the character of this suit, but it is supposed to be connected in some way with Smith's defalcation and imprisonment.

Dec. 17. Edward Thompson, Esq., was chosen a Delegate to the State Convention, to be held at Boston on the second Wednesday in January next, for the purpose of ratifying or rejecting the Continental Constitution, or Frame of Government, agreed on by the late Federal Convention.

Instead of auditing accounts against the town in town meeting, as had usually been done heretofore, the Selectmen were instructed to examine and allow the accounts against the town.

May 11. The report of the Committee on the new arrangement of the School Districts was recommitted for further examination and amendment should the Committee think necessary, and the meeting was adjourned to Aug. 22.

April 2. Voted to raise one hundred pounds to repair highways and bridges in said town the ensuing year.

Voted that Dr. Joseph Adams, as a Selectman, together with the Town Clerk, be directed to search the records to see if there was any allowance for a road through the land of Ensign John Legg, late of ———, deceased, that has been taken up by the town, and make report at the adjournment of the meeting.

The reason of this vote was that, in the original laying out of lands to individuals, reservations for roads were sometimes made, should the town see fit at any time to locate a road over the grant.

At this time the Highway and the School Districts were identical, and as at this meeting the Seventh District was divided, there were fourteen Highway and School Districts in the town at that time.

Made choice of Levi Albee as Pound Keeper, being the first person chosen to that office.

Voted to give the powder that was drawn out of the town's stock by the militia officers of this town, and burnt by the soldiers at the general muster in September last.

Dr. Joseph Adams was chosen agent to carry on a suit against the town of Uxbridge for the support of Job Keith's family.

Samuel Lyman, for the County of Hampshire, had 36 votes.

Dwight Foster, for the District at large, had 35 votes.

It is presumed that this meeting was to fill vacancies by failure to elect at the first election, as Samuel Lyman was a candidate at both elections.

March 4. Chose Seth Chapin, Town Clerk; Dan Aldrich, John Benson, Seth Chapin, Benj. Thayer, Jr., and Oliver Carpenter, Selectmen; Andrew Peters, Esq., Town Treasurer; William Torrey and Benj. Blake, Constables.

May 6. Raised £120 for town charges, £80 for schooling, and £150 for highways and bridges. Work to be three shillings per day until Oct. 1; after that to be two shillings per day.

Voted to hire a house for the poor the ensuing year.

May 6. Chose Benjamin Read, Representative to the General Court.

May 26. Chose Seth Chapin and Col. Philip Ammidown a committee to present a petition to the General Court for the alteration of the Mendon and Upton line.

August 26. Voted to raise £15 to make the road recently laid out by the Court's committee, by Col Peters'.

Voted to raise £60, £25.13s. to be assessed on the polls and estates of the inhabitants, and the balance to be taken out of the interest money due the town. By a note upon the back of the warrant it is found that this sum of £60 was to pay Mr. Ellery and George Aldrich for land damages by reason of the location of the road. This road extended from nearly opposite the old house of N. R. George to opposite the house of Austin A. Taft, and is the present travelled road.

Benjamin Read was chosen agent to settle with Dr. Richardson for the support of Lyman Thayer, one of the poor.

Taxes against Nathaniel Scott, Isaac Lawrence, Wheelock Wood and Daniel Cook to the amount of £1.10s.7d. were foregone.

Voted to raise £600 to build a school house in each District, and that the Selectmen shall order the Assessors to assess the same immediately.

Seth Davenport, Philip Ammidon. Oliver Carpenter, Moses Daniels, Aaron Thayer, Ichabod Cook, Saml. Fairbanks, Enos Taft, Darius Daniels, Benj. Read, Esq., Lt. John Benson, George Gaskill, Eben^r. Taft, Alexander Wilson and Asa Smith were chosen a committee "to inspect the School houses that are

Lt. Gov. Moses Gill, Esq., had 45.

“ Samuel Adams, Esq., had 10.

Senators—Moses Gill, 44. Samuel Baker, 61. Jona. Warner, 61. Josiah Sterns, 61. Benj. Read, 55. Andrew Peters, 5. Bezadeel Taft 1, and Daniel Bigelow 17.

Voted then to raise £300 for the purpose of building or repairing school houses.

Voted not to sell the old road from the *Potash* up to George Aldrich's, Jr., being the road on the south side of the Friends' Burying Yard. The *Potash* was at the east end of this road, on land now owned by Albert W. Gaskill, where the site can be plainly distinguishd. By the word *Potash* was meant a manufactory of that article.

Aug. 22. In a warrant for a town meeting this day, the second article in the warrant for the meeting reads thus: "To see if the town will pay their quota of men ordered to be raised by Congress, the ninth of May last, any thing in addition to their Continental pay."

Upon this article it was "voted to make each man's pay three pounds pr. month, with their Continental pay, provided they march."

It was also "voted to allow each soldier twelve shillings that

will enlist into the service of the United States for three months.”

No cause can be assigned for this call of troops by the General Government, unless it was the fear that the whiskey insurrection, then in progress in Pennsylvania, should extend to other sections of the country.

Sept. 11. Chose Benj. Read, Esq., Seth Chapin, Lt. John Benson and Benj. Thayer, Jr., a committee “to carry into effect the Resolve of the General Court of the 26th. of June last respecting making a Survey of the Town of Mendon.”

At this meeting a committee was chosen to fix on the site for a Pound, and agree with some person to build the same. After seven adjournments, finally, on May 6, 1795, the town voted to raise £10 to build a Pound.

Nov. 3. Voted to give the powder that the soldiers drew out of the town’s stock for the General Muster on the 8th of October last.

For Representative to Congress—Levi Lincoln, Esq., had all the votes, 40.

Luke Aldrich, Seth Chapin and Col. Philip Ammidon were chosen a committee to join with a committee that may be chosen by the Town of Milford, to establish the line and set up bounds between the two towns, and Nov. 27 the two committees met (the committee of Milford being Ephraim Chapin and Ichabod Thayer.) and agreed to the following

REPORT.

Voted to reconsider the vote passed March 2d last for raising £150 in addition to £600 for building school houses.

REVISION OF THE CONSTITUTION.

Upon the question “of the necessity and expediency of revising the State Constitution,” there were 60 yeas, and no nays.

May 6. Benjamin Read, Esq., was chosen Representative to the General Court.

It seems the road from near William French's to Muddy Brook had, for some time, been a source of contention, and that, at this time there were fears that the town would be indicted. The road had been made but not accepted, and hence the report of the Committee which follows, viz:

“Mendon Nov. 27, 1795. The Committee appointed to view the road by William French’s house have attended that service and are of opinion that the road now made is good and will be accepted by the public, if applied for, and their opinion is to apply to the Court of Sessions for a committee to view the same at the expense of the Town, and prevent, if possible, any presentment against the town, and that a Committee or Agent be appointed for that purpose.”

BENJAMIN READ
 BENJAMIN THAYER JR } Com.
 BARUCH PENNIMAN }

Pursuant to the report Benjamin Read was chosen agent.

Voted that the town consent that the town of Harvard be taken from the County of Worcester and set to the County of Middlesex.

1796. March 7. Chose Seth Chapin, Town Clerk; Ebenezer Chapin, Jr., John Benson, Aaron Thayer; Benjamin Thayer, Jr., and Samuel Fairbanks, Selectmen; Oliver Carpenter, Treasurer; John Darling and Benjamin Blake, Constables.

THE FIRST SCHOOL COMMITTEE.

Peter Penniman, Seth Hastings, Benj. Read, Esq., Joseph Thayer and Baruch Penniman.

Voted to raise \$400. to defray town charges, \$400. for schooling, \$500 for roads and bridges.

Voted to raise one thousand dollars in addition to the sum of £600 already raised, to be immediately assessed upon the *old* valuation.

Voted that one quarter part of the money belonging to the town be called in, at the close of this year, and loaned to other inhabitants as the Selectmen may direct.

This “town money” was what the town had taken at the different issues of Bills of Credit, as they were called, which were loaned by the State to the towns, the interest of which was to be appropriated to defray town charges.

Old tenor money was when the General Court enacted that an ounce of silver should be reckoned 6s. 8d. or an English crown, and that fifty shillings should be equal to 6s. 8d. or an ounce of silver. After March 3, 1750, it was established that all business transactions should be conducted upon the basis that three

ounces of silver should be reckoned as £1 or twenty shillings. This was called *lawful money*.

April 4.

STATE ELECTION.

For Gov. Samuel Adams had 55 votes.
 " Increase Sumner, " 1 "

Voted to forego Simeon Hayward's rate 5s. 7d., Isaac Adams Greene's rate 2s. 2d. and John Green White's rate 1s. 7d.

Benjamin Blake chosen *Collector of Taxes*, and to collect the same for \$15.00 for the present year, provided he procure sufficient bondsmen.

Benjamin Blake was also chosen *Constable*.

Voted that the Selectmen settle with Benj. Blake for collecting the *loan*.

This loan money was money received from the State to be loaned to the inhabitants, the interest of which could be used to defray municipal charges.

May 11. Benj. Read, Esq., was chosen Representative to the General Court.

The second article in the warrant was in these words:

"To see if the Town will petition the Representatives in Congress to carry the Treaty made by the Supreme Executive of the United States with the King of Great Britain into fair and honorable effect, agreeable to a request of a number of the Inhabitants of the town of Boston."

Upon this article it was voted to *pass it over* which was equivalent to its rejection, as it was not again called up.

After an adjournment of *ten minutes* it was voted to raise £30 in addition to what had already been raised to defray town charges, and that the Selectmen, at their discretion, might shut up any part of the road from William French's to the house where Israel Hill lives; and then the meeting was dissolved.

August 8. Chose Philip Ammidon and Seth Hastings Esqrs. to proceed to Ashford in the State of Connecticut or elsewhere in said State to meet the Commissioners appointed by that State to survey and lay out a road from Hartford to the line of this Commonwealth or to the State of Rhode Island. This was the

beginning of the Boston and Hartford Turnpike, which was afterwards continued in this State pursuant to the petition of Philip Ammidon, Benj. Read, Aaron Marsh, James Mellen, Moses Whitney, Samuel Willard, Benj. Adams, Paul Dudley, Benj. Craggin, John Miller, David Farnum Jr., Adolphus Spring, Samuel Read, John Capron, Asa Thayer, Job Knapp, Seth White, Timothy Craggin, Ebenezer Spring, Peter White, Fred-eric Taft, Daniel Carpenter, Daniel Tillinghast & Co., Israel Aldrich, John Whiting, Daniel Day, Benj Thayer, Abijah Keith, Benj. Wood, Obadiah Wood, Seth Rawson, Ezekiel Wood, Asa White, Abel Aldrich, Benj. Thwing, Benj. Thwing Jr., Stephen Williams, Joel Sibley, Joseph Rist, Benj. Legg, Benj. Thayer 2d, Amory Wood, and their associates who were organized under the laws of this State, as the "Ninth Massachusetts Turnpike Corporation," to build a road from the Connecticut line, at Thompson, to the east line of the Town of Bellingham, with the privilege of two toll-gates, one near the house of Dr. John Scammell in Bellingham, east of the Taunton road, and the other a little west of the meeting house in Douglass.

It will be remembered that in the year 1785 the towns of Douglass, Mendon and Bellingham petitioned the General Court for the grant of a lottery to repair the Hartford road through those towns. That project failed, for although the petitioners, at a General Court held Feb. 17, 1785, had leave to bring in a bill, it is not learned that they did so. It was proposed to raise £750 by this lottery.

The Boston and Hartford Turnpike (the 9th Mass. Turnpike) was built about this time, but it is understood that the stockholders never received a dividend in Massachusetts. In 1826 there was a toll gate near the house where Moses Aldrich now lives, but as the turnpike was not kept in good repair, travellers sometimes failed to pay the toll, and the franchise was soon afterwards abandoned and the road was laid out by the County Commissioners of Worcester County as a county road. As the town of Milford was not notified when the turnpike was laid out and accepted as a county road by the Commissioners, that portion of the turnpike within the limits of that town is supposed to be all that is left of the Boston and Hartford Turnpike in Massachusetts.

Oct. 3. A town meeting was called to see if the town would furnish powder to the militia to be used at the regimental review, to be held October 6th.

Peter Penniman was chosen Moderator of this meeting, and the town voted that each soldier should have six ounces for the occasion.

Nov. 7. *For an Elector of President and Vice President*—Levi Lincoln had 44 votes. Joseph Allen had 1 vote.

For Representative to Congress—Levi Lincoln had 41 votes. Dwight Foster had 3 votes.

At this meeting Benj. Thayer, Jr., was chosen to expend \$20 in repairing the bridge by Jesse Darling's mills.

Ownership in a pew in the church can now be transferred by an ordinary bill of sale. It was not so, however, eighty years ago, as may be learned by a perusal of the following Deed:

“ Know all People to whom these Presents shall come:—Greeting.

April 3.

STATE ELECTION.

For Governor, James Sullivan had 38 votes.

In years past appropriations had been made for building school houses in the several districts, and it is supposed they were nearly or quite completed. Enos Taft, Peter Penniman and Benjamin Thayer, Jr., were chosen a committee to audit the accounts of the committees in the several School Districts, who have built the school houses in the same, and also to see whether the money has been laid out in a proper manner, and to report to the town at the next meeting what further sum may be necessary to complete them.

Voted to give Benjamin Blake twenty-five dollars for collecting the taxes the present year, he procuring sufficient bondsmen for the faithful performance of that service.

Voted to raise \$400 for schooling the present year.

Voted to raise \$500 for repairs of roads and bridges.

FOR REPRESENTATIVE TO THE GENERAL COURT.

Benjamin Read had 53 votes.

Philip Ammidon had 38 “

This is the *first* instance when there was more than *one* candidate for Representative, so far as the record shows.

Voted that the Selectmen be directed to view the several roads in the town that are encroached by the inhabitants of the town, and proceed so far in the matter as they shall think best.

Oct. 6. The second article in the warrant was as follows, viz:

“To see if the town will vote to give any sum or sums of money to the soldiers now to be ‘draughted,’ by order of the President of the United States, as wages or bounty, to encourage them to march or hold themselves in readiness to march.”

John Adams was at this time President of the United States, and our relations with France were so uncertain, especially after Jay’s treaty with England, that it was thought best to be prepared for the belligerent attitude of the French Directory. Hence this call for men; but, so far as is known, none were called to march.

Upon this article the town first voted its indefinite postponement, but afterwards, at the same meeting, that vote was reconsidered, and it was voted “to give each soldier that shall muster, on muster day, one dollar, and nine dollars to each soldier that shall march into actual service.” At this time party feeling ran high. Mr. Adams was supposed to be more favorable to England, although he had issued the call for troops, than to France, and, upon this point, the country was divided. The first vote of indefinite postponement was probably carried by those favorable to France, but, upon further consideration, the vote was reconsidered and the bounty and pay was agreed to.

1798. March 5. Seth Chapin was chosen Town Clerk; Philip Ammidon, John Benson, Luke Aldrich, Jr., Seth Kelley, Jr., and Ezra Allen, Selectmen; Oliver Carpenter, Treasurer;

Benjamin Blake and Doct. Joseph Adams, Constables; Dr. Joseph Adams, Collector, and to be paid for that service twenty-four dollars.

Voted that the school money be divided in each district according to the number of scholars in each district.

Voted that all persons chosen and employed by the town shall exhibit their accounts to the town for allowance.

Voted that any person having any of the town's money in their hands, who shall neglect to pay in the annual interest and such part of the principal as the town shall see fit to call in at the day the year is out, the Treasurer shall be ordered to prosecute said bonds and collect them in and loan to other persons; and said persons so prosecuted are to be prohibited from ever having any of said money afterwards.

Voted that town meetings shall hereafter be warned by posting up notifications at each parish meeting house.

Voted that every person having demands against the town shall apply for settlement within one year.

April 23. At a town meeting held this day, the second article was—

“To see if said Inhabitants will express their minds on the Great Question before Congress respecting arming merchant ships, and to supplicate Congress to pass an act against arming merchant ships, as your Petitioners deprecate the Horrors of War.”

Voted to adopt the Lancaster petition and the memorial to Congress respecting arming merchant ships, and Peter Penniman, Benj. Read, Dr. Joseph Adams, John Benson and Capt. William Torrey were chosen a committee to forward the same to Congress.

It seems that the petition of Lancaster and Mendon did not prevail with Congress, as by a vote, on page 344 of Barry's History of Massachusetts, it is found that Congress, about this time, ordered the building of three frigates, (the Constitution, United States and Constellation,) and that letters of marque had been issued to 365 private armed vessels, mounting 2,723 guns and manned by 6,874 seamen.

The “Horrors of War” were happily averted by a successful negotiation with France, she agreeing to indemnify the United States for the spoiliations she had made upon our commeree. France was dilatory in the settlement of the claim and they were not liquidated until the administration of Gen. Jackson.

The doings of the town, in this matter, were directed to be published in the Boston Chronicle and the Worcester papers.

Voted that the Selectmen should get a guardian appointed over Jonathan Pickering.

east road, and including all the land southward of the above mentioned line and between the said East and West road, containing, by the estimation of your Committee, one hundred and nine rods.

In exchange for the above piece of land your Committee conceive it expedient that the town should convey to the aforesaid James Mellen a piece of the north part of the *Training Field*, bounded as follows, viz: Beginning at the southwest corner of said Mellen's land on the east road, thence running southwardly nine rods and three feet to a stake and stones, thence eastwardly thirteen rod to a stake and stones adjoining said Mellen's land northwardly then and bounded on said Mellen's land seven and one half rods, thence westwardly and bounded on said Mellen's land thirteen and one half rods to the first mentioned bound."

Which is submitted by

PHILIP AMMIDON, }
PETER PENNIMAN, } Committee.

Upon this report the Selectmen, by a vote of the town, were empowered to give said Mellen a quit-claim deed of the above mentioned piece of land and also take a quit-claim deed of said Mellen's land.

Another road from Quisset brook (so called) to the road leading by Ezra Allen's.

Another of two rods wide from Asa Fletcher's to the road leading over Wigwam Hill (so called).

June 5. The only article in the warrant was—

The bridge at Darling's Mills, (now Millville), notwithstanding the examination and report of two or three committees, and notwithstanding the town had voted to have "the string pieces cut in the winter," still remained unbuilt. A new committee, consisting of Darius Daniels, Ezra Allen and John Benson, were directed "to make some proposals to some person or persons to repair the bridge by Darling's Mills and report to the town at some future meeting." It seems this committee failed to accomplish anything, at any rate they failed to build the bridge, and August 30, the town chose a new committee by an addition to the old one of Enos Taft, Benjamin Read, James Paine and Moses Daniels, who were instructed to view the bridge, make an estimate of its probable cost, get the lowest terms they can, and report to the town.

the County Commissioners,) to grant that further time be allowed for opening the *new* county road (to Milford) just established, and Peter Penniman and Benjamin Read, Esqrs., were chosen agents for that purpose.

Nov. 1. The committee, it seems, did not succeed with the Court of Sessions, as on this day the town

Voted to take \$500 of the money the town has on loan to pay for the damages assessed for the New County Road, and that the Treasurer be directed to call upon individuals to each pay in his proportion of that sum, according to their bonds.

An election for a Representative in Congress from the *Worcester South* District took place at this time. The State having been redistricted during the administration of Gov. Gerry, the *Fourth Western* District had become the *Worcester South* District. This revision of the Congressional Districts was claimed, by the opponents of Governor Gerry, as a device to increase the Democratic vote in Congress, and hence, by way of derision, the State was said to have been *Gerrymandered*. The vote at the election was as follows, viz:

Edward Bangs, Esq., had 60 votes. Seth Hastings, Esq., had 46 votes, and Mr. Bangs was elected, there being a Democratic majority in the District.

1803. March 7. Chose Seth Chapin, Town Clerk; Joseph Adams, Ichabod Cook, Ahaz Allen, Caleb Thayer and Baxter Johnson, Selectmen; Oliver Carpenter, Treasurer; Benj. Blake and Nahum Wheelock, Constables.

Voted to choose a committee "to look into the state of the School Districts" in the town, and report at the adjournment of this meeting.

One from each District was chosen, viz: Joseph Adams, Ahaz Allen, Aaron Thayer, Nahor Staples, Caleb Thayer, Nathan Very, Benj. Read, Moses Daniels, James Paine, Solomon Wood, Jacob Southwick, George Gaskill and Nathl. Capron.

REV. PRESERVED SMITH, THE SEVENTH MINISTER.

The Rev. Preserved Smith succeeded Mr. Alexander, and was installed Oct. 2, 1805, over both Parishes, preaching alternately at the old meeting house, (which was sold to Holland Allbe, Sept. 20, 1843, and taken down by him soon afterwards,) and at the meeting house at Chestnut Hill, now in Blackstone.

He was born in Ashfield, Mass., June 25, 1759, and was the son of Elder Ebenezer Smith, who was for many years pastor of the Baptist Church in that town, and died at the advanced age of 90.

At the age of 16 he entered the army and served five campaigns during the war of the Revolution, and was at the surrender of Burgoyne. Leaving the army at the age of 19 he bought his time of his father and set out in the world for himself. Purchasing a few acres of land, he was enabled to pay for the same from the proceeds of his first crop of grain, and soon after sold it at a handsome advance. He now commenced preparing himself for college under the tuition of the Rev. Mr. Hubbard, of Shelburne, and the Rev. Mr. Murdock, of Pawlet, Vt., teaching school in the winter and working for his board in the summer.

He had not only to struggle with penury, but with the opposition of his parents and relatives, who belonged to the Baptist denomination—a denomination which, at that period, believed that preaching was a special gift, not to be acquired by "college larnin'." They used to say that they who wrote their sermons went to college to learn that r-e-a-d spelled preach. Our Baptist friends have long since outgrown this idea, and no longer disregard the advantages of the academy and the college in their preparation for the ministerial office.

He entered Dartmouth College in 1782, and at the close of the

academic year dissolved his connection with that institution, and entered a year in advance at Rhode Island College, (now Brown University), graduated in 1786, and commenced the study of divinity with the Rev. Mr. Emerson, of Conway, Mass. It is probable that the Baptist dogmas, in which he had been educated under the parental roof, had been gradually losing their influence over him during his collegiate course.

In the spring of 1787 he was appointed to preach by the Hampshire Association, and in November following was settled in the ministry at Rowe, Mass. In January, 1788, he married Miss Eunice Wells, daughter of Col. David Wells, of Shelburne. Of this lady it is sufficient to say that all who knew her could bear a willing testimony to her social and domestic virtues and her Christian character.

In the summer of 1789 Mr. S. made a visit to Niagara Falls on horse back. This journey occupied six weeks, and sixty miles of the way was made through an unbroken forest, fording rivers, encamping on the ground at night, and often meeting the wild deer and wilder savage. On his return he published an account of his trip in the Greenfield Gazette.

Mr. Smith remained at Rowe as the minister until May, 1804. One of the deacons became estranged from him, and, although a large majority of the church adhered to him still, he thought best to sever his pastoral connection with the people with whom he had so long labored. His farewell discourse was preached from the 19th verse of the 15th chapter of Proverbs, which is in these words, "Better is a dinner with herbs where love is, than a stalled ox and hatred therewith." In this discourse something was said which irritated the good deacon, who afterwards sought his revenge, while Mr. S. was preaching in Mendon, by causing a pamphlet, containing slanderous accusations against him, to be distributed there. Whatever the libels were, they failed of disturbing the kindly relations subsisting between Mr. S. and the people of Mendon.

During Mr. Smith's residence in Mendon, besides a prompt attention to all his parochial duties, he taught school and fitted a number of young men for college.

In 1812, after a service of eight years here, the people of Rowe gave him a unanimous call to return and be resettled with them.

This rare and novel circumstance in the history of New England churches may properly be quoted as an ample refutation of the charges made by his quondam deacon, who died soon after their publication. This invitation he was led to accept in consideration that the pastoral care of two parishes was becoming too onerous for its faithful discharge, and that if he resigned one of the parishes, the other did not have the means to provide the necessary support for himself and family.

Mr. Smith, while in Mendon, was an Arminian, although he did not reject the Divinity. He afterwards, about 1820, rejected that doctrine and became a Unitarian, though he preferred the simple name of Christian.

After sustaining the relation of pastor to the people of Rowe a second time, for the period of twenty years, and having completed a ministry, at Rowe and Mendon, of forty-five years, he felt God, in his providence, had called him, like Aaron of old, to lay aside his sacerdotal robes to be worn by another. He was succeeded by the Rev. W. L. Stearns.

Although Mr. S. was an industrious student and an independent thinker through life, he committed but very little to print. He published a farewell sermon and two Masonic discourses.

A distinguishing feature of Mr. Smith's character was his love of truth. So strong was this element developed that he seemed instinctively to revolt from anything like hypocrisy and cant. With his cordial and affectionate nature, the shake of the hand and the friendly salutation meant what they ought to mean, as outward tokens of inward feelings.

After the close of his resettlement at Rowe in 1832, the following spring he went to reside with his son in Warwick, Mass., the Rev. Preserved Smith, who was then pastor of the First Congregational Church and Society in that place. Here he continued to reside until August 15, 1834, when,

" Like him who wraps the drapery of his couch around him,
And lies down to pleasant dreams,"

he quietly, at the age of 75, yielded up his spirit to God who gave it, with the assured faith in the blessedness of the new life to come.

The fourth article in the warrant was, "to see if the town will encourage the uniforming the militia in said town."

Voted "not to do anything to that end."

May 4. *For Representative to the General Court*—Dr. Joseph Adams had 80 votes. Nathan Very, Esq., had 12 votes.

1808. March 7. Chose Joseph Torrey, Town Clerk; Joseph Adams, Seth Kelley, Aaron Thayer, John Southwick, 2d, and Warren Rawson, Selectmen; Ahaz Allen, Treasurer, and John Thayer Constable and Collector.

The eleventh article in the warrant for this meeting was as follows, viz:—

"To see if the town will grant to the soldiers of the two companies in this town, who volunteered their services for the support of their country on the late requisition a sum of money and, if any, what sum, out of the money remaining in the treasury unappropriated or otherwise?"

Upon this the town

"Voted that every person who volunteered his services on the late emer-

gency of our country, to march at a moment's warning, who shall personally appear, shall be entitled to receive three dollars, as a bounty out of any unappropriated money now in the treasury."

For some time past the relations between the United States and England had assumed a somewhat belligerent character, especially after the unprovoked attack made upon the frigate Chesapeake by the British frigate Leopard, June 23, 1807. In November, 1807, Congress made a requisition for 100,000 men to be held in readiness when wanted. The volunteers here spoken of were a part of that call. This alarm soon subsided, in a measure, and the war was put off until 1812.

April 4. Voted that the Collector, John Thayer, be paid ten dollars for his services. As twenty-four dollars and fifty cents, for collecting the year before was paid, it is supposed, as now, (1880) the collection of the taxes was given to the one who would collect them for the least sum.

Voted to raise \$500 for town charges the present year.

Voted to raise \$500 for schooling, reserving \$33.33 to be distributed as before provided.

“ To see if the town will vote to give Nahum Taft seventy dollars by his giving bonds sufficient to indemnify the town against his or his wife ever coming to said town for any further support hereafter.”

For some reason the proposed arrangement of Nahum Taft did not succeed; but, could satisfactory indemnifying bonds be furnished the town at this time (1880), seventy dollars per capita, we think, would be considered a profitable investment by the town to be relieved from all further support of its poor.

THE WAR OF 1812.

War was declared by the United States against Great Britain July 18, 1812. William Pinckney, then Attorney General, drew up the declaration, and for which the following reasons were assigned:

4. An unsatisfied demand for remuneration for depredations on the lawful commerce of the United States.

The quota of Massachusetts of the 100,000 men ordered to be raised by Congress was 10,000. Caleb Strong, then Governor of Massachusetts, declined to call out the militia, at the requisition of Gen. Dearborn, who commanded the United States troops in Massachusetts, but issued orders that they should be in readiness to march for the defence of the inhabitants, agreeable to the direction of their *immediate officers*. In consequence of this decision of the Governor it was only after a negotiation of many years that the account for the services of the Massachusetts soldiers was allowed by the general government. At the settlement the rosters of the Massachusetts soldiers were taken to Washington and lodged in the office of the Third Auditor of the Treasury, by whom the following list is certified to be correct:

“List of names of a company of Massachusetts Militia in the war of 1812, commanded by Capt. Wright Curtis, in the Regiment commanded by Lt. Col. Valentine, in service Sept. and Oct., 1814.

Voted to accept the report of the committee heretofore chosen to consider the subject of supporting the poor, and which is as follows, viz:—

The Committee to whom was referred that Article in the warrant of last year respecting the Poor of said town, have attentively considered the subject committed to them and beg leave now to Report, that they find the expenses of supporting the Poor have been rapidly increasing for a number of years and have, for the year past, arisen to a most enormous sum. In searching for the causes of this great and growing evil they are of opinion that the principal one is the present method of supporting the Poor. Now they are boarded out separately, by individuals, each at a weekly sum. This mode your Committee conceive is liable to many weighty objections. It tends to increase the number of paupers, and, as they increase in town, boarding will then consequently be higher. They therefore are strongly of opinion that some other way of supporting them be adopted, at least, to try the experiment for one or two years. Among the number of opinions that have been suggested no one, at this time, presents fewer objections and difficulties than that of putting out all the Poor, collectively, to the person in town who will take them at the least sum by the year.

The Committee think this way will not only lessen the number of paupers but will also deter others from asking assistance from the town, and will also, as is believed, diminish the expenses of supporting them one third or one half. The Committee therefore recommend that the town direct their Overseers of the Poor, for this year, to enter into contract, under the direction of the town, with some person, at the best terms they can, to provide for and support all the Poor of the town for one year; the said person to have suitable accommodations for all the poor—to be obligated to take good care of them in sickness and in health—to furnish them sufficiently with fire wood and good wholesome provisions—to provide them with comfortable lodgings and clothing; and also, if thought best and finally, said Overseers to make such rules, regulations and conditions as they may judge most proper for the benefit of the town and the comfort of the Poor.

All which is submitted

JOHNSON LEGG,
WARREN RAWSON.

Chose Warren Rawson, Esq., as agent to oppose the contemplated new road “in every stage of it.”

June 8. Voted that Warren Rawson, as agent to oppose the location of the road from Skull Rock, at Uxbridge line, to Blackstone Factory, be authorized to state, to the locating committee of the said road, that Darling Hill shall be reduced to the same grade as the Southwick Hill.

Dec. 15. The committee heretofore chosen made a report, but as the same was not recorded and the copy said to have been placed on file, cannot be found, its purport cannot be now ascer-

Voted to dismiss the sixteenth article in the warrant, which was, "to see how much money the town would raise to build the road from Uxbridge to Blackstone Factory."

Adj. to May meeting.

May 1. Voted to raise \$3000 to defray town charges this year.

Chose for Representatives to the General Court—Esek Pitts, Esq., Dr. Daniel Thurber.

Voted to choose a committee of five persons to attend to the duties required by a late school law passed by the Legislature of this Commonwealth, and the following persons were chosen as said committee, viz: Caleb Hayward, Dr. Daniel Thurber, George Wall, Dr. Abel Wilder and Dan Hill.

May 27. Voted that the Selectmen be directed to allow and settle all claims against the town upon the principles of justice, equity and law.

Voted that the town continue to oppose a division of said town, and that the Hon. Jonathan Russell, their agent, take the necessary and proper measures to that effect.

Voted that the town's two Representatives use all honorable means to oppose the division of said town.

The history of this attempted division of the town is as follows:

June 30, 1825. Seth Hastings and 118 others, petitioned the General Court for the incorporation of a new town to include the first or north parish in Mendon.

On the 19th, 20th and 21st of October, 1825, a hearing was had before a special committee who had visited Mendon and viewed the premises. This committee reported to the Committee on Towns Feb. 7, 1826, with the recommendation that the prayer of the petition should be granted.

March 2. The petition was referred to the next General Court.

Dec. 17, 1825. Joseph Adams and 61 others remonstrated against granting the prayer of the petitioners.

Dec. 20. James S. Warner and 72 others and Rufus Aldrich and 72 others also remonstrated.

Jan. 9, 1826. Jesse Tourtelotte and 30 others remonstrated as "centre inhabitants."

The subject of a division of the town was, at this time brought to a close, as will appear by the following record:

COMMONWEALTH OF MASSACHUSETTS,
IN SENATE, June Session, 1826.

Upon the suggestion of the Committee on Towns that the Petition of Seth Hastings and others for a new town, *cannot be found*, it was

Ordered, that the Committee have further time allowed them until the next Session of the Legislature to report on the subject matter of said Petition and that the Petitioners have leave to file a new Petition, in the mean time.

Attest: PAUL WILLARD.

Tradition affirms that this petition was *stolen*, but whether stolen or not, it was not found, nor did the petitioners file a new one, and so the subject of a division of the town was postponed for twenty years.

No new petition was filed; but as opportunity had been granted to do so, should the petitioners see fit, the subject was not wholly put at rest until the beginning of the coming year, as will be seen by the following proceedings.

1827. Jan. 12. A town meeting was called "To see if the town will agree upon any and, if any, what measures, respecting a division of the town and the Petition therefor, with a view of saving any further unnecessary expense in relation to that subject."

Hon. Jonathan Russell was chosen Moderator.

A motion to adjourn without day was then made and carried, by a vote of 91 to 22.

Another meeting was immediately called, "To see if the town will adopt any further measures in relation to the proposed division of the town or give any instructions to their Agent or Representatives respecting the Petition therefor, now pending before the Legislature."

Jan. 20. At a town meeting held this day Mr. Nathan Tyler submitted the following motion: "That a Committee, consisting of an equal number from each Parish be raised to take into

consideration the article above quoted and report at an adjourned meeting."

After some discussion, Col. Warren Rawson offered the following motion, as a substitute: "Inasmuch as the town, at a legal meeting held in June last, by their vote, directed that their Agents and Representatives should take the necessary and proper measures to oppose a division of the town, therefore voted that it is unnecessary, at this meeting, to take any further vote on the subject."

The motion to substitute was carried, and with it the agitation on the subject of dividing the town at this time was brought to a close.

March 5. Chose Andrew Penniman, Town Clerk; George Wall, Amariah Taft, Joseph Ray, Arnold Taft and Jared Benson, Selectmen; Aaron Burden, Constable; Dr. Abel Wilder, Collector, and to be paid \$28.00 for collecting the taxes, and Caleb Hayward, Dr. Abel Wilder and Samuel Allen were chosen School Committee.

Notices for town meeting were directed to be posted at the store of George Wall, at the store in Blackstone village and at George Bates' store.

Voted to send three Representatives.

Dr. Daniel Thurber was chosen a Representative.

Voted to reconsider the vote to send three Representatives, so far as that it shall be understood that we send but one.

Voted to purchase a farm whereon to support the poor of said town.

Richard George, Ahaz Allen, George Wall, Washington Hunt and Obadiah Wood were chosen a committee "to look out said Farm and report at the next meeting."

Warren Rawson, Esek Pitts and Obadiah Wood were chosen a committee to oppose the location of a road from Horatio Stone's Inn to John Thompson's, near the Five Corners.

June 30. Chose Esek Pitts first committeman on the committee to purchase a poor farm, in place of Richard George, who resigned.

Aug. 25. *First* choice of Prudential School Committees, viz:

1st District, Benj. Davenport,	8 District, Simon Thornton,

Oct. 6. Voted to purchase the farm of Anson Aldrich whereon to support the poor, provided it shall not cost more than \$24.00 per acre.

Voted to hire the money to pay for said farm.

Voted that Esek Pitts, Ahaz Allen, George Wall, Washington Hunt and Obadiah Wood be a committee to buy said farm and hire the money to pay for the same.

At this stage of the proceedings, Caleb Hayward offered the following protest to the Town Clerk, viz:

"In behalf of my absent fellow citizens and myself, I do hereby solemnly protest against the proceedings of a town meeting of the town holden

by adjournment this day and of all the acts and proceedings of the Committee appointed at said meeting for the purpose of making a purchase on behalf of the town of the Farm belonging to Anson Aldrich, of said Mendon, and of hiring the money on behalf of said town for the payment of the purchase money of said Farm.

Because said meeting was very small, containing but about forty-five voters out of a number of more than four hundred who have a legal right to vote in our town meetings.

Because after many efforts to procure an adjournment of said meeting, upon the ground of being so thin and of giving all the voters of the town an opportunity to better understand and to act upon the important subject, the most important in a pecuniary view, that was ever agitated in this town, the vote in favor of purchasing, &c., by the declaration of the Moderator stood twenty-two in favor and fifteen against.

And because the said proceedings were ex-parte, unjust and oppressive. To the Town Clerk of the Town of Mendon.

CALEB HAYWARD."

Oct. 20. Voted to reconsider the votes passed at the last town meeting respecting purchasing Anson Aldrich's farm and hiring money for said purchase.

Voted that the authority of the committee chosen at the last town meeting be revoked and that said committee be discharged from any further duties.

Voted to dissolve the meeting.

1828. Feb. 9. Benj. Davenport, George Wall and Elijah Thayer were chosen a committee to consider the expediency of dividing the Sixth School District, and report at the next town meeting.

March 3. Upon the report of the above committee the sixth district, after many trials, was finally divided.

Under an adjournment from Feb. 9 ultimo,

Voted that the deed of the Anson Aldrich farm be produced in town meeting. (Deed not produced.)

Voted not to keep the Anson Aldrich farm.

Voted that Amariah Taft be and is hereby appointed agent for the town of Mendon to deliver to Anson Aldrich aforesaid the deed said Anson has made to said town of Mendon of the farm upon which he now resides, situated in said Mendon, *if said deed can be obtained by said agent* and to receive of said

Anson Aldrich the note or notes made to him by Esek Pitts, Esq., and others, in behalf of said town, the same being made and given to the said Anson for the consideration named in said deed.

And the said agent is also hereby fully authorized and empowered in the name and on behalf of the inhabitants of the town of Mendon, to make, execute and deliver to the said Anson Aldrich, upon the delivery to said agent said note or notes, a deed of release and quit-claim, of all the right, title, interest and estate which the said inhabitants of said town of Mendon now have or ever had to the said Anson Aldrich's farm aforesaid in and by virtue of his deed to said inhabitants as aforesaid; provided nevertheless that the said Anson Aldrich shall pay the said committee for their services about said purchase, and also for surveying said farm, and all the necessary expense that the town has been put to relative thereto, not exceeding twenty dollars.

Voted to dissolve the meeting.

March 3. Chose Andrew Penniman, Town Clerk; Aaron Burden, Benj. Davenport, Joseph Ray, Amariah Taft and Joseph B. Cook, Selectmen; Andrew Penniman, Treasurer; Willard Wilson, Constable and Collector, and Dr. Abel Wilder, Dr. John G. Metcalf and Dan Hill, School Committee.

Samuel Mixer 98. John W. Lincoln 86. Josiah Howe 12. Charles Allen 8. Silas Holman 13 and Joseph Willard 1.

In the warrant for the State Election was also an article to see and “ascertain the sense of the town” whether the towns of Royalston, Winchendon, Leominster, Lunenburg, Princeton, Hubbardston, Phillipston, Lancaster, Bolton and Harvard in the County of Worcester, and Groton, Shirley, Pepperill, Ashby and Townsend in the County of Middlesex, should be made a new county, as prayed for in the petition of Ivers Jewett and others, and the vote was directed to be taken by yeas and nays.

The records furnish no evidence that this article was taken into consideration by the town. Considering its importance it seems hardly probable that it should be overlooked. Possibly, if any vote was passed it might have been unintentionally left out when the Clerk made up his record.

May 5. The Prudential School Committees were again chosen by the town.

Voted not to send any Representative the present year, but the vote was immediately reconsidered and William S. Hastings was chosen Representative.

Voted that the territory east of the Blackstone bridge and between the Rhode Island line and the Blackstone River together with ten acres on the north side of the river be a new School District.

Voted to oppose the contemplated road about to be laid out from near Bezaleel Taft’s house, in Uxbridge, to the Rhode Island line, near the factory of W. & D. D. Farnum, and that

the Selectmen be constituted agents for this purpose. This location has, once before, been before the town and was then known as the Skull Rock route.

Voted that the Highway Surveyors exhibit their bills to the Selectmen on or before the first day of October next, and in default thereof shall be subject to a fine of 20s.

Jared Benson, Esek Pitts, Nahum Bates, Benjamin Davenport and Abel Wilder were chosen a committee to report whether any alteration in the mode of dividing the school money is expedient.

Voted that the School Committee be entitled to the same pay that the Selectmen have for their services and all other committees to have nothing.

THE NORTH CONGREGATIONAL CHURCH.

In 1828 two members of the First Church in Mendon, three members of the Second Church in Mendon, together with seven others, members of other churches, organized themselves into a church by the name of the North Congregational Church in Mendon.

Before this they, with others, not members of churches, had, for some time, held meetings and Rev. Thomas Riggs had been employed as their spiritual teacher. They adopted the shorter Covenant which had been used in the First Church for near half a century.

An Ecclesiastical Council, convened at the Old Meeting House Aug. 13, 1828, duly recognized Dea. Seth Chapin, Br. Nathan Tyler and others associated with them as a regular Congregational Church, when a Confession of Faith and Covenant was adopted. The Confession of Faith was very plainly Calvinistic.

Meetings were held until Nov. 1831, when, on the 9th day of that month, Rev. John M. S. Perry was ordained as pastor; his father, Rev. David L. Perry, of Sharon, Ct., preaching the ordination sermon.

June 13, 1834, the church voted to admit no person to its membership who should refuse to sign a pledge of total abstinence from the use, manufacture or sale of intoxicating liquors. July 5, 1834, they also voted to use pure water at the communion. Jan. 2, 1835. Learning that Messrs. Pomroy & Bull, of New York, were importing pure wine, expressly for the communion, they directed their Deacons to procure such wine immediately.

May 11, 1835. Mr. Perry (having concluded to enter into the field of missionary labor) by the advice of a Mutual Council, was dismissed from his charge at Mendon.

Mr. Perry and his wife soon afterwards sailed for Ceylon, where, after a short residence, they both died of cholera and both in the same hour.

Dec. 28, 1836. Rev. Thomas Edwards was ordained over the church and Evangelical Society, the Rev. Dr. Jacob Ide preaching the ordination sermon. Mr. Edwards was dismissed, at his own request, Feb. 15, 1840.

He was born in London, England, and was the son of Miles and Ann (Debenham) Edwards. He was afterwards installed over the church in Aworth, N. H., Aug. 19, 1841, and dismissed Feb. 13, 1843. Since then he has preached in Salem and other places.

March 18, 1841. The Church and Society unitedly gave Rev. Andrew H. Reed a call to the ministry here, at an annual stipend of three hundred and fifty dollars, and the use of the parsonage. Mr. Reed accepted the call April 17, and a note of the same date says "owing to particular circumstances the question of Installment was postponed for a year." During his ministry, Mr. Reed was never installed but continued to preach until he closed his labors April 1, 1848.

Since then he has continued to reside in Mendon, having purchased the parsonage of the Society. He was born in Rutland and is the son of Silas and Elinor (Hunter) Reed, and graduated at Amherst College in 1826 and at Andover Theological

Seminary in 1829. He was first settled at Raymond, N. H., in 1834 where he remained until 1837, and was installed the same year at Mason, N. H. From this place he removed to Mendon.

From this time, for nearly six years, no minutes are found in the church records, "owing," as the records say, "to the neglect and carelessness of those in whose hands the Book of Record was."

From memory, as the subsequent record says, the following facts are put down. The Rev. Mr. Dwight supplied the pulpit for about three months.

Rev. Chas. Chamberlin remained nearly three years, until April 1, 1851.

Mr. Chamberlin was born in Holliston, Mass., and was the son of Enoch, Jr., and Lucy (Holbrook) Chamberlin. He graduated at Brown University in 1836, and was a tutor in that institution during the years 1837 and 1838. He fitted himself for the ministry at Andover, in part, and with Rev. Dr. Ide of Medway, and completed his course of study at the Union Theological Seminary.

After laboring two years at the West as a missionary, he returned to Massachusetts and was ordained over the church in Berkley, Mass., July 8, 1842. He was dismissed in 1844 and afterwards preached in New York, Freetown, Mass., and Mendon. July 9, 1851, he was installed at Auburn, Mass.

Then a majority of the *Society* voted to supply the pulpit with a *Methodist* minister. Against this act the Trustees of the meeting house remonstrated as a violation of the Deed of Trust; but the Society continued to occupy the same until May 28, 1853, when the trustees took legal possession of the house and closed its doors. They then granted the use of the house "to those who wished to have orthodox preaching." June 5, 1853, the Church and Society commenced to hold meetings, the Rev. Mr. Dennis supplying the pulpit for a few Sabbaths.

From this time a few of the members of the church, at various times withdrew from the communion; some of them to join the Methodist church which, in the meantime, had been organized.

Sept., 1855. The Standing Committee were instructed to hire the Rev. E. Demond for six months. He continued to

preach until Oct. 31, 1858, when he was dismissed at his own request.

From this time but few meetings were held, and the meeting house was finally sold to the Methodist Society, which had been some time organized, at \$650.00.

The meeting house was built in 1830 and dedicated in December of that year.

1829. Jan. 31. The Selectmen of Bellingham and Mendon, this day, perambulated the line between the two towns. From Cumberland line to the stone monument upon the south bank of Charles River, near Ellis Bullard's house (formerly the Dedham tree) the parties were agreed. From the stone monument to the bridge over Charles River, near the Bellingham Cotton and Woolen Manufactory, at Milford line, the Selectmen of Bellingham claimed a straight line, while the Selectmen of Mendon claimed that the river should be the line.

The perambulation was signed by Hamblet Barber, Stephen Lievett, for Bellingham, and by Aaron Burdon, Benj. Davenport, Amariah Taft and Joseph Ray, Selectmen of Mendon. As will hereafter be learned, the General Court finally established the river as the boundary between the towns.

March 2. Chose Andrew Penniman, Town Clerk; Aaron Burdon, Benj. Davenport, Joseph Ray, Jabez Aldrich and James S. Warner, Selectmen; Andrew Penniman, Treasurer; Willard Wilson, Constable and Collector, without compensation, and Dr. John G. Metcalf, Amos W. Pitts and Dr. Phineas W. Leland, School Committee.

Voted to rescind all the votes about the road from George Gaskill's to road near Fox Brook.

April 6. Voted to raise \$1800 to defray town charges.

Voted to raise \$1100 for schooling.

Voted to raise \$1500 to repair highways and bridges.

Aldrich, Anson Aldrich, Leonard W. Darling, Arnold Taft, Lendol Staples, Benj. Davenport, George Wall, Elbridge G. Daniels, Caleb Mowry, Joseph B. Cook, Henry Goss, Charles A. Dec. 2. At a meeting this day, "to see what further opposition the town would make to the new County road recently located by the County Commissioners by Pont Rock, being the road last mentioned," it was voted to dismiss the warrant.

Dec. 16. At this meeting the vote for Moderator stood as follows, viz:

For Dr. Abel Wilder there was 130 votes. For Benj. Davenport there was 190 votes.

At this time there was quite an excitement about building the Pont Rock road, and, as will be seen by the vote for Moderator, the meeting was very fully attended. The meeting was held at the hall at the inn of Laban Bates in the South Parish, now Blackstone.

The first action of the town was to vote the meeting should be held out of doors, as there was not sufficient room in the hall to transact business correctly.

It was then voted that Darling Hill, (on the old road from Millville to Blackstone Factory) be reduced to $4\frac{1}{2}$ degrees — that public notice shall be given to all who will volunteer their services with their teams, that ten cents an hour will be paid for a man and the same for an able yoke of oxen with a cart or drag. Washington Hunt was chosen agent and was authorized to buy powder, procure drills and such things as may be found necessary to complete the work.

Voted that the agent (William S. Hastings) continue to prosecute the application for a jury with power to substitute a committee instead of a jury.

Voted that a committee of three be chosen to meet and confer

with the General School Committee of the present year relative to the financial concerns of the town with said General School Committee and with the booksellers up to the first day of April, 1829, and that said committee file immediately a statement of the state of the accounts with the Town Clerk.

Caleb V. Allen, Amariah Taft and Johnson Legg were chosen as the committee.

It will be remembered that the first General School Committee, under the then recent law of the State, was chosen in 1827, and that it was a part of their duty to determine what books should be used in school and to furnish them to the scholars at prices barely remunerative.

Somehow reports were put in circulation that the matter of the purchase of school books had got into confusion, that the committee had been careless in keeping their accounts and were probably in debt to the town in considerable sums.

Pursuant to a notice from the Investigating Committee, John G. Metcalf, of the School Committee, met in conference, and, upon due investigation, it was shown that there was no defalcation as had been reported, but that there was a credit to the town, over and above all indebtedness for school books, in the sum of \$4.40.

1830. March 1. Chose Andrew Penniman, Town Clerk; Aaron Burdon, Benj. Davenport, James Comstock, Jabez Aldrich and William Legg, Selectmen; Andrew Penniman, Treasurer; Willard Wilson, Constable and Collector, and Dr. John G. Metcalf, Amos W. Pitts and Arthur Cook, Jr., School Committee.

He shall report the same to some one of the Overseers within twenty-four

“The rule as it now stands (in which an alteration is asked) is that “no district shall draw more than 12 per cent. of the whole sum granted by the town.” This rule, we suppose, was made expressly for the 14th School District (Blackstone.) Taking into consideration the great number of scholars in that District, which is about 400 that draw school money, and about 200 who actually attend school; and considering that the same advantages cannot be derived from their present proportion of the school money that other districts draw, we recommend that this rule be altered so as to read thus, “No District shall draw more than 14 per cent. of the whole sum granted by the town, for the support of schools.”

JOHN G. METCALF, for the Com.

This vote to take effect next Monday and continue for one year.

Bernard Whitman, of Waltham, preaching the installation sermon. Before Mr. Ballou's removal from Milford he had begun the publication of the Independent Messenger, a paper devoted to the maintenance and propagation of liberal views of Christianity. Upon his coming to Mendon the paper was removed and, during its continuance, was printed by George W. Stacy, now of Milford.

During his pastorate in Mendon, Mr. Ballou published an address on the subject of Slavery, which was republished in England.

At the close of his ministry in 1842, he, with others, removed to a farm on Mill River, in the westerly part of Milford, where he was the leading spirit in the organization of the Hopedale Community. Although the Community principle has been aban-

doned, Hopedale has grown to be one of the largest and most prosperous *villages* in the southern part of the County of Worcester.

Dec. 23. The meeting was held this day at the South Parish Meeting House.

Votes for Representative in Congress for the 5th District—Isaac Davis, of Worcester, had 116 votes. Charles Hudson, of Westminster, had 111 votes. Rodolphus B. Hubbard, of Worcester, had 13 votes.

Voted to build a Town House.

Voted to build a Town House on Southwick's Hill, near Ab-salom Daniels' house, if a site can be had free of expense to the town.

Millins Taft, Obadiah Wood, Stephen J. Shearman, Aaron Burdon and Willard Wilson were then chosen a committee to obtain the site, make all necessary contracts and build said Town House.

Voted to hold one-third of the town meetings in Harrison Hall in the North Parish.

Voted to forego the taxes in the Second School District to the amount of \$9.03.

Voted to adopt the following resolutions offered by John G. Metcalf:

1. Resolved, that we view the Annexation of Texas to the United States. as involving most awful consequences; that it is calculated to extend and perpetuate Slavery, opposed to Republican institutions and subversive of the foundation principles of our government.

2. Resolved that we earnestly request our Legislature to renew its protest, in more emphatic terms, if possible, against the annexation of Texas.

3. Resolved, that our Representative be instructed and our Senators in the General Court requested to use all their influence, by vote or otherwise, against the foul scheme of uniting Texas to the Union.

As will be seen, these resolves were rescinded at the next town meeting.

1845. Jan 9. The committee to build a Town House, having, by its Chairman (Millins Taft), made a verbal report,

Voted that the town do rescind, revoke and annul the votes of the town passed on the 23d day of Dec., 1844, whereby it was voted to build a Town House on Southwick's Hill, near the house of Absalom Daniels, and that the committee chosen at that meeting to fix upon a site for said house, and to contract for building the same, be and are hereby wholly discharged from any further service under said vote.

A motion was then made to adjourn without day, but, by a yeas and nays vote, the motion was defeated, when it was

Voted to instruct our Representative in the General Court to oppose a division of the town before the Legislature, if a petition should be presented for that purpose, and the Town Clerk is directed to transmit a copy of this vote to our Representative.

Voted to rescind the resolutions, passed at the last town meeting, respecting the annexation of Texas to the Union.

Inasmuch as the Democratic party of the nation had, by the election of James K. Polk to the Presidency, committed itself to the annexation, and as the Democratic majority in this town was amply sufficient, it was not strange that the vote to rescind should be carried.

Jan. 30. The petition for a division of the town having been presented to the General Court, and the order of notice, usual in such cases, having been served upon the town, it was then

Moved and seconded that the town do oppose a division of said town and choose an agent for that purpose, and it was directed that the question be taken by yeas and nays, with the result that 239 were opposed and 168 in favor, so the motion was lost.

Voted to choose four agents, by nomination, to defend the petition of Joseph G. Davenport and others for a division now pending before the Committee on Towns of the Legislature.

Washington Hunt, John G. Metcalf, Aaron Burdon and Henry A. Aldrich were then chosen agents.

Voted to reconsider the vote passed at a former town meeting, directing our Representative (Welcome Staples) to oppose a division of the town.

Voted to instruct our Representative in the General Court, to vote for a division of the town of Mendon.

The following is the petition for the division of the town.

To the Honorable Senate and House of Representatives of the Commonwealth of Massachusetts to assemble in Legislature on the first Wednesday in January, A. D. 1845.

The petition of the undersigned, qualified voters in the Town of Mendon, in the County of Worcester, respectfully represent that the population of the town, by the last census, was 3524, since which time it has greatly increased; that the town is divided into two Parishes, viz: the First, or North Parish and the Second or South Parish by a territorial line running nearly east and west; that the principal portion of the population is located at the extreme north and south parts of the town; that the town has no Town House nor any convenient place near the centre of the town to hold town meetings or to transact Town business; that the town is well located to divide into two towns, there being a thin population along the dividing line of the Parishes, and a range of hills and wild, uncultivated land; that the inhabitants of the two parishes have different interests and are engaged in different occupations, and that it will greatly accommodate the inhabitants if the town was divided into two towns.

Wherefore your Petitioners pray that the Legislature will cause a division of said town to be made by setting off the Inhabitants and their estates of said Second or South Parish into a separate town by itself, and as in duty bound will ever pray.

The whole number of the petitioners was 767.

The remonstrance of Obadiah Wood and others was as follows, viz:

To the Honorable Senate and House of Representatives of the Commonwealth of Massachusetts, in General Court assembled:

The undersigned, freeholders and legal voters of the Town of Mendon, do respectfully and urgently remonstrate against the division of the town of Mendon into two towns by your honorable body on the petition of Joseph G. Davenport and others, or on any other petition, present to your honorable body the following reasons for so remonstrating:

1. The geographical dimensions of the town is not above the average of towns in our county of Worcester, being 21060½ acres within its claimed boundaries.

* Dead. † Stricken from Petition.

2. Rhode Island claims a part of our territory, and which claim is now pending for adjudication in the Supreme Federal Court.

3. The division of the town will cause great inconvenience in the School Districts, viz: Between numbers three and five, six and seventeen, and seven and nine.

4. The town has an almshouse establishment amply sufficient for the town, as it now is, with paupers, which may lead to expensive and vexatious litigation if the town is divided.

5. The petitions have been prematurely presented to your honorable body, as we understand the Revised Statutes, Chap. 2, sections seven and eight. There has never been any notice served upon this town, up to this day. Some of the petitioners for a division (we understand), have stated that unfair means were used to obtain their signatures. Almost all our transient male population (if our information is correct), from twenty-one years upward, have been induced to petition for a division of the town, and whether they are all voters is very questionable; and we think that more than one-third of the population of Mendon are transient people, leaving a large proportion of the freeholders to defend themselves against a measure in which these can have but little interest.

Wherefore your petitioners pray that the prayer of said petition to divide the town of Mendon may not be granted.

The Committee on Towns, after visiting the town, reported a bill for its division, Feb. 26, 1845, and which was passed by the General Court and became a law by the signature of the Governor, March 25, 1845.

March 3. Voted to pass over choosing Town Clerk, Treasurer and Collector until the adjourned meeting.

Arnold Taft, Daniel Southwick, Andrus Wheelock, Hezekiah Harrington and James Comstock were chosen Selectmen and Rufus Hayward, Constable.

The vote for County Treasurer was for Anthony Chase 87.

But little other business was transacted, and the meeting was adjourned to the first Monday in April, to meet at the South Parish Meeting House, at 2 o'clock P. M.

The town having been divided by the act of March 25 (the South Parish having been made a town by the name of Blackstone) it became necessary to call a new meeting; and as there was but one Constable and one Selectman chosen at the March meeting, living in Mendon, Arnold Taft the Selectman chosen, upon a petition, directed his warrant for a meeting to be held April 17, to John G. Metealf, one of the petitioners, to warn the meeting.

The meeting was held at Harrison Hall at the time appointed and Arnold Taft, Esq., was chosen Moderator.

Chose Stephen Taft, Town Clerk and Treasurer; Arnold Taft, Willard Chilson and Leonard Taft, Selectmen; James Grady, Constable; Amariah Taft, Collector, and to be paid \$14.00; Rev. Linus H. Shaw, Andrew H. Reed and Samuel W. Doggett, School Committee. S. W. Doggett declining, Chas. C. P. Hastings was chosen in his stead, and June 14, Rev. Linus H. Shaw, having removed from town, John G. Metcalf was chosen to fill the vacancy.

Voted the Selectmen be a committee to make all necessary settlements with the town of Blackstone, resulting from the division of the town.

Voted that warrants for town meetings, in future, be posted at the Post Office.

April 21. Voted to accept the following list of Jurors, viz:

Moses T. Chapin,* Jason Staples,* Abram Staples,* Stephen Taft,* Thomas Taft,* Fras. E. Wheelock,* Jesse F. Aldeman, Otis Thayer,* Silas Dudley, Nathan George,* Welcome Staples,* Ezra Leland,* Elijah Dewing,* Olney Cook, Lewis Stone,* Scammell Aldrich.* Nathan Hayward,* Alex^r H. Allen,* Andrus Wheelock.*

Chose Charles C. P. Hastings as agent to convey the real estate of the town (the Poor Farm) when sold.

Voted to add four more persons to the committee (the Selectmen) chosen at the last meeting, to make all settlements with the town of Blackstone.

Chose Amariah Taft, Joseph G. Davenport, Scammell Aldrich and Welcome Staples as additional members of the committee.

Voted that the committee be instructed to sell, at auction, all the property directed to be sold by the act incorporating the town of Blackstone, to the highest bidder, on or before the third Monday in May next and that the town will hold them harmless for all acts done in good faith.

mittee on Towns at the General Court made a report which was read, accepted and put on file.

The reports of the Treasurer and Selectmen were then read, accepted and placed on file.

The report of the School Committee was read, accepted and placed on file.

Voted that the agent to sell the town's real estate be held harmless for all acts, in relation thereto, done in good faith.

Voted to raise \$600 for the support of schools.

Voted to raise \$600 for the repairs of highways and bridges.

Voted to raise \$500 for the support of the poor.

Voted to raise \$500 for incidental expenses.

Voted that the Surveyors of Highways be a committee to bound anew the Highway Districts.

Voted that the Prudential Committees be a committee to bound anew the several School Districts.

The enrolled militia were found to be 202.

June 14. Voted that the Assessors be directed not to assess the State and County tax and that the town will hold them harmless.

Voted that the Town Clerk be directed to notify the State and County Treasurers of the foregoing vote and the reasons *given by the meeting* for passing the same.

What these reasons were does not appear, as none were entered in the record and no copy of the Town Clerk's letter was preserved. They probably had reference to the recent division of the town.

Voted that the Town Clerk shall open all future town meetings *punctually* at the appointed hour named in the warrant, and that the Selectmen shall insert the word "punctually" before the hour named in their warrants.

Voted that John G. Metcalf, Stephen Taft and Alexander H. Allen be a committee to examine the town records, and transcribe or cause to be transcribed such of said records as they shall think best, and that the town of Blackstone be invited to join in doing the same.

The town of Blackstone declining to join, nothing further was done in the matter. Since this time the first six volumes of the records have been substantially rebound, and thus their preservation has been assured.

Abram Staples, Leonard Taft and Scammell Aldrich were chosen a committee to view such farms as may be offered for a Poor Farm and report on or before the last Saturday in September next.

Voted that town meetings be warned in future by posting up copies of the warrant at the Post Office and at the school houses, except in District Number Two.

Voted that the committee heretofore chosen to sell the property of the town, be directed to sell the Training Field and give a warranty deed of the same.

Sept. 6. Charles C. P. Hastings, for the committee, reported a new arrangement of the School Districts, made necessary by the division of the town. His report may be found in vol. VII, p. 475.

Voted that the school money be divided as follows, viz: One-third equally among the districts and two-thirds equally among the children between the ages of three and twenty-one.

Benjamin Davenport and Welcome Staples were chosen a committee to purchase a hearse and harness.

Voted that the Selectmen tender to the agents chosen to defend the petition of Joseph G. Davenport and others, for a division of the town of Mendon, before the Committee of the Legislature on Towns, ten dollars each, for attendance before said committee and to each a travelling fee, equal to a Representative's travel, to and from Boston.

These terms the agents did not accept, and finally an action was brought against the town, and the agents recovered the full amount of their claim, with costs.

Town lines were perambulated with Uxbridge, Blackstone, Bellingham, Milford, Upton and Northbridge.

By the terms of the division of the town, Mendon and Blackstone were to vote together for a choice of Representative until 1850.

Blackstone, Nov. 10. This day the voters in the towns of Mendon and Blackstone met at the Town House in Blackstone, for the choice of a Representative to the General Court, at 10 o'clock A. M. The result of the ballot was as follows, viz:

Rufus Hayward of Blackstone had 163. Alanson S. Freeman of Mendon had 96. Charles L. Harding of Blackstone had 75. All others had 6.

There being no choice, the meeting was dissolved.

Mendon, Nov. 10. The voters of Mendon met at Harrison Hall, to vote for the remaining State officers, at 2 o'clock P. M., and with the following result, viz:

For service out of town, not to exceed one dollar per day, and five cents a mile for travel. The Selectmen may allow indispensable, necessary cash expenses, consisting only of food and lodging for himself, and feed and stabling for his horse; and furthermore, all persons serving the town are to consider themselves bound by the above vote, the same as though it was a contract made at the time of their election.

For Senators—Democrat—Otis Adams had 104 votes. Francis Howe had 104 votes. Ivers Phillips had 104 votes. Seth Hapgood had 104 votes. Alfred Bragg had 104 votes. Whig—Stephen Salisbury had 43 votes. James G. Carter, R. B. Hubbard, Joseph Griggs, Gilman Jones and Charles Adams, Jr., (Anti-Slavery) had 23 votes each.

The voters of Mendon and Blackstone met this (Nov. 9) at Harrison Hall, in Mendon, to vote for Representative to the General Court, and voted as follows, viz:

Benjamin Davenport had 40 votes. Josiah Webster had 77 votes. Arnold Taft had 56 votes. Sumner Ballou had 99 votes. All others had 16 votes. No choice.

For Representative in Congress, Fifth District.—Walter A. Bryant of Barre had 104 votes. Charles Hudson of Westminster had 43 votes. R. B. Hubbard of Worcester had 23 votes.

Charles Hudson (Whig) was elected in the District.

Nov. 23. At a meeting held this day at Harrison Hall,

Voted not to choose a Representative to the General Court, and then

Voted to dissolve the meeting.

1847. Jan. 4. The committee heretofore chosen to examine farms that may be offered for a Poor Farm, made a written report, and which, being accepted, the committee was discharged. As the report was not recorded nor can be found, its contents are not known.

Charles C. P. Hastings, Olney Cook, Silas Dudley, Henry Wheelock and Carlile W. Capron were then chosen a committee to view and examine any farm which may be offered for a Poor Farm, and report at the annual meeting.

March 1. This committee reported that no farm had been offered for their examination for the above purpose, whereupon
Voted to dissolve the meeting.

Under a new warrant for the annual meeting,

Putman W. Taft was chosen Town Clerk and Treasurer; Leonard Taft, Abram Staples and Welcome Staples, Selectmen; Aaron C. Cook, Constable; Obed P. Thayer, Collector, and Andrew H. Reed, Putman W. Taft and Joseph Thayer, School Committee.

Voted to raise \$800 for incidental expenses.

Voted to raise \$600 for the support of the poor.

Voted to raise \$600 for the support of schools.

Voted to raise \$400 for repairs of roads and bridges, and to be assessed separately, in money, and each Highway Surveyor to draw the portion assessed in his district.

Voted to discontinue the road from the brick house (formerly the school house) in the direction of Verville Taft's house.

Alexander H. Allen, Amariah Taft and John G. Metcalf were chosen a committee to ascertain if the town has any claim upon the mill privilege on the Alvin Allen place, on Mill river.

It will be remembered that Benjamin Albee, in 1664, had granted him a twenty acre house lot and fifty acres on the Mill Plain, if he would build a corn mill for the use of the town. The "Corne mill" was built and improved for many years, but about this time, the mill having got out of repair, was neglected and soon became a ruin. Its last occupant was Alvin Allen. Considering the lapse of time since the town had taken any action in the matter, it was deemed that the interest of the town would hardly warrant any extended litigation in the case.

Anthony Chase had 85 votes for County Treasurer.

Taxes were foregone to the amount of \$25.20.

Voted to pass over the tenth article in the warrant relating to the paying the Selectmen and others their charges for appearing before the Committee on Elections of the Legislature, in the case of Dan Hill, claiming to have been elected a Representative from this town.

At the November meeting in 1846, the meeting being held in Mendon, (as, by the act incorporating Blackstone, both towns were to vote together for Representative to the General Court until 1850,) after the choice of a Moderator, a motion was made and carried to dissolve the meeting. Those who remained chose a new Moderator, reconsidered the vote dissolving the meeting, and voted for Dan Hill, Esq., as a Representative to the General Court. A hearing was had before the Committee on Elections, and upon their report Mr. Hill was denied a seat.

The dissolution of the November meeting, it must be confessed, must be regarded as rather sharp practice, as but *few* of the voters from Blackstone had arrived. By a previous vote of the town of Mendon the Selectmen had been instructed to insert the word "punctually" before the hour appointed for town meetings in their warrants, and the Town Clerk was directed to call the meetings to order "punctually" at the hour named in the warrant. These facts were sufficient warrant for opening the meeting *punctually*, but proper courtesy would have extended the time for taking the vote for dissolution.

At an adjourned meeting, the "Selectmen and others" were allowed \$49.50 for their services in this matter.

April 5. VOTES FOR COUNTY COMMISSIONERS.

Commissioners—Nathaniel Wood, D., had 40 votes. Wm. P. Marble had 39 votes. Warren Humes had 38 votes. Wm. Crawford, W., had 22 votes. Jerome Gardner had 21 votes. Joseph Bruce had 21 votes.

All others had 4 votes.

Obed P. Thayer was excused from serving as Collector, and Perry Wood was chosen in his place, and agreed to collect the taxes for \$29.00.

Voted that the Highway Surveyors render their accounts to the Selectmen on the first day of September, and that the Selectmen issue no orders for labor on the roads and bridges but

upon satisfactory evidence that the money has been properly expended.

Voted that the Selectmen be authorized, at their discretion, to liberate William G. Fry from jail, for the non-payment of a poll tax.

Sept. 14. Voted to forego taxes to the amount of \$18.45.

Nov. 8.

For County Treasurer, (the poll having been previously opened,) it was found that Anthony Chase had all the votes, sixty-three in number.

The usual vote that Prudential Committees may contract with teachers was then passed.

Voted to forego taxes to the amount of \$20.79.

April 3. Chose Andrew H. Reed, John G. Metcalf and Putman W. Taft, School Committee.

Voted that the Selectmen and Overseers of the Poor be paid six dollars a year for their services.

Voted to raise \$600 for the support of the Public Schools.

Voted that the Selectmen procure a place in which to hold the town meetings.

*Dead in 1880.

Failing of any choice on the last mentioned day, the towns of Mendon and Blackstone were not represented in the Legislature of 1849.

Dec. 9. Voted that the Treasurer take possession of all property (mortgaged) within thirty days after the annual interest has become due.

Voted that Nathan George and Benjamin Davenport be added to the committee having in charge the settlement between the towns of Mendon and Blackstone (growing out of the division of the town).

In the meantime the committee had purchased an engine of Hunneman & Co., Boston, and so another meeting was called and an effort made to raise the money, but with no better success.

Hunneman & Co. now commenced a suit against the town, and the town, Sept. 13, voted to instruct the Treasurer to take the advice of counsel, and if it should be found the proceedings of the committee were legal, then to consult Hunneman & Co. and learn upon what terms they will take back the Engine.

Hunneman & Co. refused to negotiate with the Treasurer, and

The third article in the warrant was “to see what measures the town will adopt in regard to the bill now pending before Congress to organize the Territories of Kansas and Nebraska.”

The following preamble and resolutions, offered by Dr. John G. Metcalf, were unanimously adopted:

Whereas, a Bill is now pending before the Congress of the United States organizing the Territories of Kansas and Nebraska; and whereas, by a provision in said Bill, it is proposed to open a vast extent of territory, *once consecrated to Freedom*, to Slavery; and whereas, no free man can absolve himself from the obligation, to *remonstrate* against the consummation of a measure which deliberately violates the solemnly plighted faith of the nation and, by its reckless disregard of the common laws of humanity, invites the scorn and contempt of the civilized world, therefore

1. Resolved, that we, the Inhabitants of the Town of Mendon, in the county of Worcester and Commonwealth of Massachusetts, in legal and open town meeting assembled, do hereby solemnly and earnestly PROTEST against the passage of the proposed Bill, while it retains any provision that disregards the treaty obligations of the United States; or that, by inference or implication or cavil can be tortured, by the most subtle ingenuity, into a *permission* even for the *possible* extension of Slavery.

2. Resolved, that we dare not subject ourselves to the hazard that our *silence* may be construed into a *consent* to its iniquitous propositions, when it is openly and shamelessly conceded that this Bill necessarily involves the *repudiation* of our national obligations to the Indians, and the violent infraction of the most solemn agreements deliberately made with that noble though abused and down-trodden race.

3. Resolved, that the COMPACT made between the North and the South (usually termed the Missouri Compromise,) that no portion of the territory, acquired by the purchase of Louisiana, north of the latitude 36° 30', should ever be given up to Slavery, shall never be surrendered, by any consent of ours, to any argument of political expediency, any requirement of party necessity or to any threat of the dissolution of the Union.

4. Resolved, that while we *demand* that the law admitting Missouri into the Union (known as the Missouri Compromise,) shall be acknowledged by the South as a sufficient GUARANTY that Freedom shall be held sacred according to the cotemporaneous and universal exposition of that agreement at the time of its completion; still our allegiance to truth and our convictions of duty do not allow us to withhold the declaration that our utter and uncompromising abhorrence of Slavery would be a sufficient reason, alone, for the rejection of this Bill of abominations.

5. Resolved, that should the measure, against which we remonstrate, become the law of the land, and thereby our doubt be ripened into conviction that Freedom can have no surety from Slavery for the fulfillment of its recorded obligations, thenceforth REPEAL shall be the watchword for the rescue of Freedom, until that institution, for the security of which,

even a slaveholder has confessed, "no attribute of God Almighty could be invoked," shall cease to be protected by Constitution and Laws, and our Country, our whole country, become in deed as in name, the land of the Free.

6. Resolved, that we urgently recommend that meetings in every town, holden according to the forms and solemnities of law, and mass meetings in every Congressional District in every State yet free from the curse of Slavery, be forthwith convened, so that one united and potential voice of remonstrance and warning shall be heard in the Halls of our National Legislature against this fearful and disastrous measure.

7. Resolved, that a copy of these Resolutions, together with the Preamble, signed by the Moderator of this meeting and attested by the Town Clerk, be forthwith transmitted to the Hon. J. Wiley Edmunds, our Representative in Congress, and that he be requested to bring them to the notice of the House of which he is a member.

8. Resolved, that the Clerk be directed to enter these Resolutions and Preamble "In the Town Book, that our children, in years to come, may know the sentiments of their fathers" in regard to this momentous issue, and thereby be strengthened in their LOVE OF LIBERTY and HATRED OF SLAVERY.

May 1. The enrolled militia, between the ages of 18 and 45, was found to be 178, as by the return of the Assessors.

Whereas, the States of North Carolina, South Carolina, Georgia, Alabama, Florida, Louisiana, Texas, Arkansas, Mississippi, and portions of Tennessee and Virginia are now in open and flagrant rebellion against the

* Dead in 1880.

Government of the United States, with the avowed intention of substituting in its stead a government based on Human Slavery; and

Whereas, the President of the United States (Abraham Lincoln), in the discharge of his official duty, and for the purpose of bringing said Rebellion to a speedy close, and thereby re-establishing the supremacy of the Government over those portions of the country now held by the armed occupation of Rebels and Traitors, has issued his call for three hundred thousand volunteers, to reinforce the armies of the Union now in the field; and

Whereas, a prompt, unhesitating and patriotic response to the call of the President will be the surest means to accomplish the certain and triumphant overthrow of the present wicked and inexcusable rebellion, therefore

1. *Resolved*, that the Inhabitants of the Town of Mendon, in town meeting legally assembled, do hereby solemnly and unitedly, with all the means which God has placed in our hands, pledge ourselves to sustain said call; and, to that end, will use our utmost endeavors to furnish the quota of volunteers allotted them by Order No. 26, of the Governor of this Commonwealth, in the shortest possible period of time.

2. *Resolved*, that, having the fullest confidence in the patriotism of its citizens, but taking into consideration the great and increasing demand for labor at the present juncture, and as the present is a season of the year when, especially in an agricultural community, men cannot so readily forego their ordinary avocations, the Town do hereby promise to pay a Bounty of one hundred and fifty dollars, each, to such able bodied volunteers as shall promptly enlist into the Army of the United States, pursuant to the call above mentioned.

3. *Resolved*, that the Treasurer of the Town, in its behalf and upon a pledge of its credit, be and he is hereby authorized, empowered and directed to hire a sufficient sum of money, not exceeding twenty-seven hundred and fifty dollars, for the purpose of paying the bounties as provided in the preceding section.

4. *Resolved*, that when any number of persons, not exceeding eighteen in number, shall volunteer their services to make up the quota required of this town, by the order before mentioned, and it shall be made to appear to the Selectmen that such persons have been duly mustered into the service of the United States, they are hereby directed to make out and give to each of such persons as shall volunteer on or before the 10th day of August next, or to some one by them, in writing, authorized to receive it, an order on the Treasurer for the sum of one hundred and fifty dollars; and to such as shall volunteer after that date, to fill up the quota required, or to any one, by them, in writing, authorized to receive it, an order on the Treasurer for one hundred dollars.

5. *Resolved*, that the Selectmen of the town are hereby requested to communicate, if necessary, with the proper authorities, and to use their best endeavors to place in Camp John E. Wool, at Worcester, at the earliest practicable day, the full complement of volunteers allotted to this town.

6. *Resolved*, that we remember with emotions of the profoundest gratitude, the unselfish and patriotic sacrifices of those who have gone out from our midst, to do battle with traitors, for the preservation of our dearest rights as freemen; and, as the most significant and practical expression of that gratitude, we hereby pledge our utmost and united efforts until the speedy and efficient reinforcement of the armies in which they are serving shall be fully accomplished.

7. *Resolved*, that we affectionately tender to the relatives and friends of George W. Wilcox, Samuel Hall, Juba F. Pickering and Alanson Bathrick, Volunteers from this town, and who have laid down their lives in the present conflict, the warmest expression of our condolence and sympathy, commending them, in their bereavement, to the care and keeping of Him who doeth all things well.

8. *Resolved*, that we heartily endorse the recent legislation of Congress, whereby a bill "To suppress insurrection, to punish Treason and Rebellion, to seize and confiscate the property of Rebels and for other purposes," has become the law of the land; and believing it can be used as the most efficient means to overthrow rebellion and restore peace to the country, we hereby invoke the President of the United States to carry the same into full and immediate effect.

Voted, on motion of Alexander H. Allen, that out of the money appropriated by the town, by a vote passed June 11, 1861, (for raising five thousand dollars,) to aid the families of volunteers from this town, the Selectmen pay the widow and children of any deceased volunteer the sum per month they would be entitled to receive under said vote, and the Treasurer be directed to provide funds to pay the same as specified in said vote.

Voted that the Selectmen be directed to issue their order to the Treasurer of the Town, to pay the sum of \$200 to each person who may volunteer to fill up the quota as mentioned in the preceding vote, upon satisfactory evidence that such volunteer has been mustered into the service of the United States.

October 1. It having been now ascertained that the quota for Mendon, in the draft for \$300,000 men, ordered by the President, was twenty-eight in number, and inasmuch as it was intended to pay bounties only to those who should be credited to the town of Mendon, the following votes were now passed:

REV. WILLIAM TATE PHELAN, THE SIXTEENTH MINISTER.

The Rebellion breaking out in 1861, the people finding themselves heavily, though willingly, taxed for the support of the

government, abated somewhat in their customary support of public religious worship, and for three years the pulpit was supplied only occasionally.

The list of Jurors was adopted by the town as follows, viz:

*Alanson S. Freeman, *Andrus Wheelock, Gilbert Cook, Putman W. Taft, *Laban Bates, *A. J. Dawley, Andrew H. Reed, John S. Gaskill, *Wm. T. Metcalf, Willard Wilcox, David Adams, D. W. Upon this motion a point of order was raised by Alexander H. Allen, that inasmuch as the motion, as well as the article in the warrant, affirmed that the town had voted \$125 to each volunteer, when they had not done so, therefore the motion was not in order, and upon this asked for the decision of the Chair. The Moderator (John G. Metcalf,) decided that the point was well taken, and ruled that the motion was not in order. Upon this decision an appeal was taken, when the decision of the Chair was *unanimously* sustained.

Voted that the town do pay the families of persons not residents of said town, mustered into the service of the United States as a part of the town's quota, a sum not exceeding twelve dollars per month for each family; and that the Treasurer be directed to hire such sums of money as may be required to carry out said vote.

Metcalf were chosen a committee to confer with a committee of the Second School District to consider and determine, first, whether the Town or the District is, at present, legally obliged to keep the roof over the Town Hall (being the second story of the school house,) and School House in repair. Secondly, if the District is so obliged, then for them to consider whether, upon the principles of justice and equity, the town should not assume some part, or all, of the expense of repairing said roof; and, thirdly,

Whereas, Abraham Lincoln, the beloved, honored, and faithful President of the United States, while in the discharge of his constitutional duties, has fallen by the hand of an assassin; therefore, we, the Inhabitants of the Town of Mendon in public town meeting assembled, desiring to place upon permanent record our condemnation of the horrible crime which has filled the whole land with the voice of lamentation and mourning, do hereby adopt the following Resolutions:

1. Resolved that Slavery is justly chargeable with the inauguration and continuance of the present most wicked and inexcusable rebellion, that has brought desolation to every household in the land, and to which no dark page in the annals of history can furnish a parallel to its crimes and enormities.

2. Resolved that the assassination of President Lincoln and the attempted murder of William H. Seward, Secretary of State, is but the natural outgrowth—the legitimate and logical sequence of that covert treason, in the loyal States, which has been allowed to arraign every effort of the Government to put down the rebellion, as unconstitutional and wicked and to denounce its chief executive magistrate as a tyrant.

3. Resolved that, as the armies of the United States, by God's blessing, have overthrown the Rebellion in the conflict of arms, to which it was challenged by traitors, we confidently trust that no act of the civil government, in any possible contingency, will recognize the rebel as a party to be consulted in the reinstatement of its authority over the rebel States.

4. Resolved that the demands of impartial justice to the living and to posterity; the memory of Abraham Lincoln and that noble company of martyrs who have freely offered up their lives upon the altar of patriotism, that we might enjoy the blessings of free government, require that traitors should not be allowed to escape that condign and certain punishment justly due to the enormity of their crimes.

5. Resolved that every pardoned rebel will owe his enjoyment and exercise of any future political rights, not to any claim, either in law or equity, which may be set up in his behalf, but wholly to the clemency of the government and the humane spirit of the loyal people.

6. Resolved that though the President dies the Republic still lives; and as Andrew Johnson has become its constitutional representative, having full faith in his unimpeachable loyalty, in his undoubted integrity and his

acknowledged firmness of purpose—praying he may be imbued, in full measure, with the practical wisdom of his thrice honored and immediate predecessor, and that God will support and protect him in the discharge of all duty, we hereby pledge ourselves to stand by and sustain his administration as becomes an intelligent and loyal people.

May 30. Voted that the town do raise and appropriate such sums of money as may be necessary to pay and refund any money which has already been paid and applied by this town, or contributed by individuals, in aid of and for the purpose of filling its quotas or furnishing men for the present war under any requisition, order or call of the President or War Department of the United States during the year 1864.

The vote having been taken by a show of hands, it was declared, by the Moderator, that there were eighty-four in the affirmative and eighty-four in the negative.

It was then ordered by the Moderator (Nathan George) that the vote be taken by written ballots, yea and nay, and it was found that there were eighty-six in the affirmative and eighty-four in the negative.

The flight of Jeff. Davis from Richmond, April 2, and the surrender of Lee at Appomatox Court House, on the 11th, virtually brought the war to an end. In the following pages I propose to give some account of the men who filled the various quotas of the town during the Rebellion.

The following is a complete roster of the names whose residence was credited to Mendon in the "Record of the Massachusetts Volunteers," published by the authority of the General Court, under the supervision of the Adjutant General of the State.

In the first column will be found the page in the "Rebellion Record" (in the Town Clerk's office,) where the date of the enlistment, &c., &c., may be found, and in the second the page in "the Record of the Massachusetts Volunteers," where the name may be found with the corps to which the party belonged, &c., &c.

12. *Patrick Wallace* was born in Ireland. While relieving a picket in the night, got lost and went beyond the picket line, and finally approached the picket he was to relieve from the direction of the rebels. C., on his return to be exchanged. During the night on which he died he gave a diary, which he had kept during his imprisonment, to a fellow prisoner, with a request that he should endeavour to place it in the hands of some Massachusetts soldier. As the train stopped for a moment at Annapolis Junction, Md., the diary was given to William D. Cole, a member of the same company and a neighbor of Smith, and by him was transmitted to Mrs. Smith. This was sometime in the spring of 1865, and was the first tidings that had been received from Smith since he was taken prisoner, May 16, 1864. The Commissioner of Pensions, not being satisfied with the proof of the death of Smith, upon her petition, the name of Nancy Smith, his widow, was put upon the pension roll by a special act of Congress. Body not recovered.

19. *Antho'n C. Taft* was the son of Putman W. and Hannah Taft. He was mustered into service Aug. 1, 1864, in the 60th Regiment for one hundred days, and died Nov. 19, 1864, of typhoid fever, at Indianapolis, Ind. He held the warrant of a corporal. Body recovered and buried in Mendon.

Rev. Nahor Augustus Staples, although not serving in the quota of Mendon, in the war, was a native of the town, and deserves a place on the roll of those who gave up their lives for the salvation of their country.

He was the son of Jason and Phila (Taft) Staples, and was born in Mendon Aug. 24, 1830. He was a lineal descendant from Sergt. Abraham Staples, one of the first settlers of the town. After attending the district school and a few terms at the Uxbridge Academy, he entered the State Normal School at Westfield, from whence he graduated in 1850.

In the autumn of 1851 he entered the Meadville Theological School, Pa., and graduated in 1854. He was soon afterwards called to the pastorate of the First Congregational Church in Lexington, Mass. In the fall of 1856 he was called to the newly organized Unitarian Church in Milwaukee, Wis., and soon drew around him a strong and enthusiastic body of people, giving himself to his duties, as pastor and preacher, with ardent devotion.

Upon the breaking out of the Rebellion, being chosen Chaplain of the Sixth Wisconsin Regiment, he gave up the charge of the church and marched with the regiment to the battle fields in Virginia. Here he showed the same earnestness and enthusiasm in his work as characterized his labor in the ministry. But the exposure and hardships of camp life proved too severe for a constitution which, though originally strong, had already begun to show symptoms of breaking down. After a long and severe illness, from which he never fully recovered, he resigned his commission and accepted a call to the Third Unitarian Church

in Brooklyn, N. Y. A most inviting field of labor was opened to him here, and his life was bright in promise and achievement. But the dark shadow of disease was silently and steadily deepening upon him. While his intellectual and spiritual life glowed with intense fervor, his physical life was gradually fading away. In the third year of his ministry his physical energies became utterly prostrated, and, his devoted people granting him a leave of absence, he began to make preparations for a sea voyage. But it was too late, and he quietly passed away at his house in Brooklyn, Feb. 6th, 1864, in the 33d year of his age.

His body was brought to Mendon, where funeral services were held in the Unitarian Church, Revs. Robert Collyer and Samuel Longfellow officiating. He was buried in the Neeropolis, (new Cemetery) and a simple and appropriate monument was erected to his memory by his Brooklyn friends.

Rev. Carlton A. Staples, an elder brother of the deceased, is pastor of the First Congregational Church in Providence, R. I., while Henry E. Staples, a younger brother, resides on the old paternal homestead.

STATE AID.

Seventy-eight families have received State Aid to the amount, at this time, (Sept. 17, 1880) of \$18,602.67. At present but four families are receiving the bounty of the State, to the extent of \$20.50 per month.

Of those who served in the quota of Mendon, all were honorably discharged, except

Edward McKenney, who was *dishonorably* discharged, March 1, 1865, and

Henry F. Jacobs, who deserted Aug. 30, 1863,

Ferdinand A. Bent, who deserted Aug. 30, 1862, and

Geo. O. Shore, who deserted Oct. 17, 1862.

I have now brought the history of "Mendon in the Rebellion" to a close. Although the war entailed a burdensome debt upon the town—although it caused the voice of lamentation and mourning to be raised in many of its households, still, its crowning success in the overthrow and abolition of American Slavery is accepted as a compensation for its manifold privations and sufferings.

1866. March 5. The annual reports of the several town officers were presented in print, and after consideration were severally accepted.

David Adams was chosen Town Clerk; Alexander H. Allen, John S. Gaskill and William H. Aldrich, Selectmen; John G. Metcalf, Treasurer; George W. Thayer, Constable, and Calvin Butler Collector of Taxes, at \$35.00.

Voted to raise and appropriate \$1200 for the support of schools.

Voted to raise and appropriate \$550 for the support of the poor.

Voted that upon all taxes remaining unpaid after the 10th day of September, one per cent. per month shall be added thereto until paid.

The committee heretofore chosen, to whom was referred the subject of celebrating the Bi-Centennial Anniversary of the Incorporation of the Town, submitted the following recommendations:

1. That the town designate the 15th day of May, 1867, to be observed with appropriate festivities and exercises, for celebrating the Two Hundredth Anniversary of the Act of Incorporation of the Town.

2. That a Committee of Arrangements be now chosen whose duty it shall be to consider what appropriate exercises and festivities will be proper for celebrating the Two Hundredth Anniversary of the Incorporation of

the Town, and to recommend what, in their judgment, will be a sufficient sum of money to meet the expenses of the same, and report at an adjourned meeting.

JOHN G. METCALF,
SILAS DUDLEY.

Voted to accept and adopt the foregoing report.

Voted that the Committee of Arrangements consist of twenty-five members, two of which, at least, shall be chosen from each School District.

The committee chosen were as follows, viz:

District 1, Putman W. Taft and Charles A. Davenport; 2, John G. Metcalf and Silas Dudley; 3, Samuel G. Wilcox and Andrus Wheelock; 4, Laban Bates and John R. Hayward; 5, Clark Cook and Adoniram J. Dawley; 6, Perry Wood and Davis Bills; and 7, Alanson S. Freeman and Arnold Taft.

April 7. Voted that the town accept the bridge over the trench near Samuel G. Wilcox's box shop, built by him, and keep the same in repair.

A committee heretofore chosen to consider the subject of the division of the school money, made a report and the same was rejected.

Voted that the School Committee be authorized to divide the money raised and appropriated for schools the present year, together with the interest of the surplus revenue and the dividend from the State School Fund, among the several School Districts in such a manner that the school or schools in Districts No. 2 and No. 7 shall be kept seven months, and all the other schools six months; and that, should there be a deficit after making the

*Dead. 1880.

division as hereby provided, the Selectmen are authorized to draw their order on the Treasurer for a sufficient sum to cover it.

At this meeting, under an article in the warrant, the question came up whether the town would vote to reimburse, to individuals, such sum or sums of money as they had contributed for the purpose of filling the quotas due from Mendon, under any call of the President or of the War Department, during the year 1864, pursuant to Chapter 152 of the Acts of 1865.

After a lengthy and at times an acrimonious discussion, without coming to a direct vote, the meeting was adjourned sine die, by a vote of 129 in the affirmative to 92 in the negative.

June 23. The second article in the warrant for this meeting was in these words:

“To see if the Town will vote to raise and appropriate any money pursuant to Chap. 172 of the Acts of 1866, for the aid of disabled Soldiers and Sailors and their Families and for the Families of the slain.”

Voted that the town do appropriate money for the purpose mentioned in the foregoing article, and that the Treasurer be authorized and empowered to raise the same, by borrowing from time to time upon the credit of the town, upon the best terms he can, and for a term of time not exceeding two years, such sums as may be required for the purpose aforesaid, the whole sum to be borrowed under this vote not to exceed fifteen hundred dollars.

Nov. 6. Voted that the further sum of \$300 be appropriated for the support of the schools the present year, provided the Second and Seventh Districts have seven months only, and the other Districts have six months only for the length of the schools.

Voted that Gustavus B. Williams, John S. Gaskill and Perry Wood be a committee to buy a hearse, reported to be for sale in Woonsocket, R. I., or repair the hearse now owned by the town, as they shall judge will be for the best interest of the town.

BI-CENTENNIAL CELEBRATION OF THE INCORPORATION
OF MENDON.

March 25, 1865. It will be remembered that the town chose John G. Metcalf, Nathan George and Silas Dudley a committee to make arrangements for celebrating the Two Hundredth Anniversary of the Incorporation of the Town.

March 17, 1866, the committee made a report recommending

“May 15, 1867, as the day for the celebration, and that a committee of arrangements be chosen, which shall have the charge of all matters pertaining to the celebration.”

The following persons were chosen as the Committee of Arrangements, viz:

Putman W. Taft, Chas. A. Davenport, Austin D. Davenport, John G. Metcalf, John S. Gaskill, Henry A. Aldrich, Lysander Grow, Gilbert Gaskill, Willard H. Swan, Samuel Gaskill, Laban Bates, Perry Wood, Austin Wood, Silas Dudley, Jr., Gustavus B. Williams, Olney Cook, Scammell Aldrich, Alanson Taft, Edward B. Taft, John R. Hayward and David Adams.

At a meeting of the committee, the Rev. Carlton A. Staples, of Milwaukee, Wis., was chosen to deliver an address, and the Hon. Henry Chapin, of Worcester, a poem on the day of the celebration.

Mr. Staples was a native of Mendon, and Mr. Chapin of Upton.

In the discharge of their duties the committee held meetings, from time to time, at which the various arrangements were made and the sub-committees, for their execution, designated.

Mr. William Tufts, of Boston was engaged to furnish a tent for twelve hundred persons. During a squall, on Sunday, the tent blew down and another was substituted in season for the celebration on Tuesday.

The committee completed their labors in the matter of arrangements by the following election of officers of the day, viz:

President—Dr. John G. Metcalf.

Vice-Presidents—Ebenezer W. Hayward, Uxbridge; William Knowlton, Upton; Paul Whitin, Northbridge; John S. Gaskill, P. W. Taft, Perry Wood, Asa Pickering, Bellingham; Aaron C. Mayhew, Milford; James K. Comstock, Blackstone; Laban Bates, Henry A. Aldrich, Lysander Grow.

Toast Master—Henry A. Aldrich.

The early morning, on the day of the celebration, opened with a clouded sky and prospects of rain, Very soon, however, the

clouds broke away and the appearance of the sun gave assurance of the propitious day which followed.

Large delegations, with bands of music, soon began to arrive from Bellingham, Uxbridge, Upton, Milford, Northbridge and Blackstone, which, with those outside of the *family* circle, swelled the number of those present until by the estimation of competent observers, from four to five thousand had arrived.

At 10 o'clock, A. M. a procession was organized by the Chief Marshal and his Aids, and marched through some of the principal streets to the Unitarian Church, where the address was to be delivered. The programme of the procession was as follows:

American Brass Band, of Providence, R. I.

The church, having been recently thoroughly repaired, seated among the stately elms and evergreens with which it was surrounded, presented a pleasing prospect. Its interior was decorated with beautiful flowers and evergreens. The words "Welcome Home," in large letters, inscribed upon the arch in the rear of the pulpit, furnished a felicitous motto for the opening address by the President of the day.

At the close of the services in the church the procession was then reformed and marched to the spacious tent opposite the cottage of Amariah A. Taft, where twelve hundred persons sat down to a substantial repast. A proper discussion of the various items in the bill of fare having been accomplished, the Hon. Henry Chapin, of Worcester, then read a poem, carrying us back in verse, as the orator of the day had in prose, through the two hundred years of our municipal life.

The address of Mr. Staples was replete with matters of historic interest, interspersed with suggestion and sentiment, kindling, it is hoped, in all our hearts a more persistent and reverent love of home.

Short addresses, in response to sentiments, were made by Rev. Adin Ballou, of Milford, Francis Deane, Esq., of Uxbridge, Hon. E. B. Stoddard, of Worcester, (for Upton,) Rev. Lewis F. Clark, of Northbridge, M. D. Southwick, M. D., of Blackstone, Gen. John M. Thayer, Senator in Congress from Nebraska, (for Bellingham), Hon. Ira M. Barton, of Worcester, and Dr. George B. Loring, of Salem.

In answer to the toast, "The early settlers of Mendon," response, in a humorous and witty poem, was made by Putnam W. Taft, of Worcester.

Letters excusing their absence were received from Gov. Bullock, Ex-Govs. Lincoln, Boutwell, Washburn and Clifford, Judge Devens, Isaac Davis, Benj. F. Butler, Stephen Salisbury, J. S. C. Knowlton, Enos N. Taft and Samuel P. Bates, Esqrs.

The proceedings at the celebration were published, and copies may be found in the libraries of the American Antiquarian Society, the Massachusetts Historical Society, the N. E. Historical and Genealogical Society, and the Worcester Society of Antiquity.

REPORT OF A COMMITTEE.

The committee chosen at the March meeting "to consider what measures, if any, should be adopted for the preservation of the Town Records, and for authenticating, legally, any transcripts of such portions of the same as have been heretofore made," respectfully submit the following report:

The *first* volume of the records beginning with the first town meeting in 1667, though with some loose leaves and one cover gone, is still complete, with the exception of a few words at the bottom of the first four leaves, and, when one has mastered its quaint chirography, may be readily read.

The *second* and *third* volumes are getting somewhat loose in their covers and, if much longer neglected, will require rebinding. To guard against the contingency of loss or mutilation, by a longer delay, your committee

recommend that volumes *one, two* and *three* be suitably and substantially rebound and lettered.

In regard to the *first* volume although we have a transcript which is believed to be a true copy, still it has never been legally authenticated. The transcript of Births, Marriages and Deaths is in the same category. These transcripts may be authenticated by the oath of the Town Clerk, by comparing the blind and antiquated hand writing of the original, in many instances to be deciphered with great difficulty, with the copy. This mode will require much time and, consequently, be attended with considerable expense.

Your Committee have supposed that, upon the oath or affidavit of the persons employed for the purpose, that the transcripts were true copies of the original records, they might be authenticated by a special act of the Legislature. This would be a more expeditious and less expensive mode of procedure than that by comparing the copies with the originals by the Clerk.

In regard to the first volume, although it has been copied and, when duly authenticated, will be a legal record of the town, we nevertheless regard it as a treasure of great value on account of its antiquity. We should remember that its initial record was made more than two hundred years ago; that it was preserved through the disasters and casualties of King Philip's War, when the town was deserted and burned; that it was carried away, in the autumn of 1675, when the inhabitants, for the safety of their lives, returned to Braintree and Weymouth, and brought back in season for the record of the *next* town meeting, July 19, 1680.

It is presumed that few towns, whose acts of incorporation date back one hundred and fifty years, have preserved their records so complete as ours, and when we remember that their loss or mutilation would, in various ways, result in pecuniary loss, beside the break it would make in the historical chain which connects the present with the generations that have gone before us, we cannot be too careful of their preservation.

The fourth section of Chap. 29 of the General Statutes makes it imperative upon the Selectmen to provide suitable fire-proof safes, at the expense of the town, of sufficient capacity to hold all its records and valuable papers. In the opinion of the committee the present fire-proof safe has not sufficient capacity to hold all its records and papers, which, by law, are required to be secured from the contingency of loss by fire.

We feel it a duty to bring this subject to the notice of the town, believing there can be no difference of opinion in the matter of the safe-keeping of the public records. It should also be borne in mind that, by the thirteenth section of the chapter before quoted, of the General Statutes, towns are liable to a fine of twenty dollars per month for each and every month they may neglect to provide suitable fire-proof safes for the purpose above mentioned.

In conclusion the committee recommend that the town choose a committee to procure the authentication of such portions of its records as have

been transcribed; and also consider and report, at the next town meeting, such measures as they shall judge meet and proper in the matter of providing additional room for the safe-keeping of its records and papers of value.

Voted to adopt the following Report of a Committee chosen March 18, 1871, relative to a school house at the north part of the town, formerly the First School District.

REPORT OF A COMMITTEE.

The committee chosen at a former meeting to which was referred the subject of building a school house at the north part of the town, formerly known as the First School District, have attended to that duty and now respectfully ask leave to submit the following report:

The committee recommend that the town erect a school house near the site of the present house, thirty-seven feet long and twenty-eight feet wide, and that it be set on underpinning stone, split one foot and six inches wide. That the posts be eleven feet long; that it be a studded house and be set with the end to the road, with a suitable jet upon the rafters facing the road. That there shall be four windows upon each side, to be placed and

of the size as represented in the accompanying plans, and which plans are to be received as a part of our report. That the partitions, platforms, doors, desks and seats, shall be arranged as set forth in the plan of the ground floor beneath herewith submitted, and which will furnish desks and seats for fifty-six scholars. That the chimney shall be built at the farther end of the house. That the outside covering of the house shall be of the first quality of lumber, and that for the inside shall be of a quality suitable for the several purposes for which the house is designed. That the outside of the house shall be painted with two coats of white lead paint, and the inside with paint of suitable shade.

Mr. Joseph Albee having offered to sell the town one-quarter of an acre of land adjoining the site of the present house, for ten dollars, the committee recommend that an additional quarter of an acre, should the town conclude to build the house upon the location proposed, be purchased of Mr. Albee at such equitable terms as may be agreed on.

Having now stated such leading points as have occurred to the committee, in the erection of the proposed school house, and presuming that the town would hardly find time to settle the various matters of detail in regard to its construction, they recommend the passage of the following vote:

Voted a Committee of five persons be now chosen whose duty it shall be, after completing the specifications necessary for carrying out the plan hereby proposed, to contract with some competent and suitable person or persons for the erection of the School House hereby proposed; the same to be completed and finished to the acceptance of the Committee on or before the 1st day of November, 1872.

REPORT OF A COMMITTEE.

Heard the report of the committee to which was referred the matter of the custody, preservation and safe keeping of the Town Records, which was accepted and adopted by the town, and which is as follows, viz:—

The Committee chosen at the Annual March meeting, “to take into consideration the custody, preservation and safe keeping of the Town Records,” respectfully submit the following Report:

Upon examination they find that the present Safe will not contain all the Records of the Town, and, in their opinion, should the Town Hall (where the Safe is now kept) be destroyed by fire, the heat would be sufficient to destroy the contents of the Safe. Chap. 29, Section 4, of the General Stat-

utes, makes it imperative upon the Selectmen of towns to provide, at the expense of the town, fire proof Safes, of ample size for the preservation of books of Record or Registry and other important documents or papers belonging thereto; and Section 13, of the same Chapter, provides that "for each month it neglects or refuses to provide suitable Safes for the safe keeping of its Records the town shall forfeit twenty dollars."

The safe keeping and preservation of the Town Records, liable as they are, at any time, to be destroyed, while they remain in their present location, is a subject which we think the Town cannot longer, for prudential reasons, neglect to consider. The loss of our Records, as all must agree, would be an irreparable misfortune, inasmuch as they could never be replaced. The pecuniary loss which their destruction might entail especially in determining the settlement of paupers, in certain cases, might and very likely would, before the lapse of many years, far exceed the amount of any present outlay which the town may be disposed to authorize for their safe keeping.

Believing that all will agree that the present location of our Records does not insure their safety from the hazard of fire, and assuming that no one can doubt the importance of their preservation, the Committee report that they have carefully examined the building (formerly the Mendon Bank) now owned by Mrs. McCarty, with a view to the expediency of its purchase by the Town as a safe place for the custody and preservation of its Records. They found the building in good repair except the roof which requires shingling. The cellar is of the size of the building and its walls, originally strongly built, still remain in proper position. The vault, formerly used by the Bank, has been removed down to its foundations which remain intact. There are brick walls upon three sides of this foundation, and, in this space, should the future necessities of the town require, a brick vault, fire proof, might be erected sufficient to hold the archives of the town for a long series of years. The Committee learn from Mrs. McCarty that she will sell the building and lot for the sum of four hundred and seventy five dollars and will accept in payment the town's note with interest at six per cent. per annum. Should the town conclude to accept the offer of Mrs. McCarty, the Committee believe that from one to two hundred dollars would pay for slating the roof and putting the building in suitable repair for its future use.

They close their report by offering the following motion:

"That the town do purchase the estate of Mrs. McCarty for the sum of four hundred and seventy five dollars and that that sum be raised and appropriated to defray the cost of the same."

Signed

JOHN G. METCALF,
MICAJAH C. GASKILL, } Committee.
SAMUEL H. TAFT,

Voted that the Treasurer be authorized to borrow the sum of

four hundred and seventy-five dollars to pay for the estate of Mrs. McCarty, (formerly the Mendon Bank,) which the town have voted to buy.

Voted to raise and appropriate one hundred and fifty dollars for the repair of said building.

Voted that John G. Metcalf, Micajah C. Gaskill and Samuel H. Taft be a committee to carry the above report into effect.

Heard the report of the committee chosen at the March meeting, "relative to purchasing one or more Fire Engines for the town," and the same was accepted and adopted.

REPORT OF A COMMITTEE.

The Committee chosen by the Town at the Annual March meeting "to investigate the subject of Fire Engines using Carbonic acid as an extinguishing power" and to report at an adjourned meeting, having attended to the duty assigned them, respectfully submit the following Report:

Your Committee did not deem it necessary for the purposes of this investigation to visit personally any of the towns where Engines using Chemicals were in use, but considered the object for which the Committee was chosen could be attained by corresponding with prominent gentlemen in those towns. We accordingly addressed letters of inquiry in some cases to Postmasters and in others to some leading citizen, and, in almost all cases, receiving a prompt reply.

Your Committee considered all of the machines, for the use of chemicals in the extinguishment of fire, which they could obtain any knowledge of.

1st. We would mention the so called Gardner Fire Extinguisher, made in Philadelphia. Your Committee found this to be only another form of the common Portable Extinguisher, at least no better, costing the same and having the decided objection attached to it, that its proprietors are now engaged in a lawsuit, brought against them by the American Consolidated Extinguisher Company, for infringement of its patent, and should this suit be decided against the Gardner Company, all purchasers would, of course, be liable for damages.

2nd. The so called Chemical Engine, they find, does not meet with so much favor where it has been used or exhibited as they were led to believe from the representations of its agents, and it is open to the same objections as the last, that is, if the Carlier's Patent is sustained in the present suit, all purchasers of this too will be liable for damages.

3d. The Portable Extinguisher No. 2, the same as exhibited on the day of the March meeting, hardly needs commendation from this Committee. Gentlemen of good standing in their communities, all over this and other States testify to its merits and many of them have seen for themselves that it is effectual for extinguishing fire. The large cities and towns of this State are using them in connection with their other Engines with good suc-

cess. The city of Boston runs to fires express wagons loaded with these machines, and they often put out a fire before the arrival of any engine and prevent a serious conflagration.

They are made and sold by the American Consolidated Extinguisher Company, who are the owners of the Carlier patent so that no one incurs any legal risk by using them. These can be obtained at 20 per cent. less than the usual prices, that is for iron \$40 and for copper \$44.

4th. The Self-Acting Fire Engine made by the New England Fire Extinguisher Company, we find to be in successful use in several towns. The replies to our letters of inquiry (any and all of which will be read) fully confirm the claims of the Manufacturers and the good opinion your Committee had previously entertained.

In view of all the facts your Committee recommend that the town do procure for the use of the town one Self Acting Fire Engine at a cost of not over \$800, to be located in the centre of the Village provided that the citizens will provide suitable care and storage for the same without expense to the town. Also that the town procure a number of Portable Extinguishers the whole cost of which shall not exceed five hundred dollars; and that the same be distributed under the direction of the Selectmen, or of a Committee at convenient points in the outskirts of the town, provided that suitable persons will guarantee to take charge of and be responsible for the same.

JULIUS A. GEORGE,	} Committee.
S. C. TAFT,	
G. W. CROMB,	
J. R. HAYWARD,	
AUSTIN WOOD,	

Voted that the above committee be a committee to purchase and locate one Self-Acting Fire Engine in the centre of Mendon village, at a cost not to exceed \$800, and twelve of the small portable extinguishers, to be located by said committee over the said town of Mendon, at different and convenient points, as they in their judgment may think best.

Voted that the Treasurer be authorized to borrow the sum of thirteen hundred dollars for the pay of said machines.

Voted that the School Committee be authorized to make such repairs of the school houses as they may deem necessary.

Voted that the Treasurer be directed to pay a bounty of ten cents per head for all woodchucks, he having satisfactory evidence that such woodchucks were caught and killed in the town of Mendon.

The committee chosen to contract for the erection of a school house in the former First District, reported that Perry Wood,

the contractor for said house, had failed to complete said structure in accordance with some of the specifications contained in said contract. This report was accepted, and then

Voted that the Building Committee be instructed, Mr. Wood consenting, to refer the difference between them to the Selectmen, as referees, each party to abide by their decision.

The Selectmen and Mr. Wood met, next morning, at the school house, and the objections of the Building Committee were not sustained by the referees.

The number of persons liable to enrollment, as returned by the Assessors, was 156.

The subject of the publication of a Town History was referred to a committee, and Micajah C. Gaskill, Putman W. Taft, Gustavus B. Williams and Julius A. George were then chosen as the committee.

March 13th. The committee above chosen made a report recommending the publication of a Town History, and were then instructed to ascertain the terms and conditions on which Dr. John G. Metcalf's manuscript, entitled "Annals of Mendon," can be procured for publication by the town, as well as the total cost of publication, and report at an adjourned meeting to be held April 3, proximo.

April 3. The committee made a verbal report that the manuscript history of the town by Dr. John G. Metcalf could be had for the sum of two hundred dollars, and the total cost for the printing, binding and selling four hundred copies would be about eight hundred dollars more; whereupon the town passed the following votes viz:—

Voted—that the Treasurer be authorized and directed to borrow, on the credit of the town, at the lowest possible rates of interest, the sum of one thousand dollars to meet the expense necessary for the purchase and publication of four hundred copies or more of the manuscript history of Mendon of Dr. John G. Metcalf, entitled, by him, "Annals of Mendon;" and said sum, or so much as may be found necessary is hereby appropriated for that purpose. The note or notes issued under this vote to run one year from the date thereof, and before being issued, to be approved by a majority of the Selectmen and certified by them to come within the limit of the sum hereby voted.

Voted, that the Committee on the Town History be authorized and directed to purchase the Manuscript History of Mendon, of Dr. John G.
